(References in brackets [ ] are to title 42, United States Code)

TITLE I—SHORT TITLE AND DEFINITIONS

SHORT TITLE

SECTION 1. [201 note] This Act may be cited as the “Public Health Service Act”.

DEFINITIONS

SEC. 2. [201] When used in this Act—

(a) The term “Service” means the Public Health Service;

(b) The term “Surgeon General” means the Surgeon General of the Public Health Service;

(c) Unless the context otherwise requires, the term “Secretary” means the Secretary of Health and Human Services;

(d) The term “regulations”, except when otherwise specified, means rules and regulations made by the Surgeon General with the approval of the Secretary;

(e) The term “executive department” means any executive department, agency, or independent establishment of the United States or any corporation wholly owned by the United States;

(f) Except as provided in sections 314(g)(4)(B), 318(c)(1), 331(h)(3), 335(5), 361(d), 701(9), 1002(c), 1401(13), 1531(1), and 1633(1), the term “State” includes, in addition to the several States, only the District of Columbia, Guam, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands.

(g) The term “possession” includes, among other possessions, Puerto Rico and the Virgin Islands;

(h) [Repealed.]

(i) The term “vessel” includes every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on water, exclusive of aircraft and amphibious contrivances;

(j) The term “habit-forming narcotic drug” or “narcotic” means opium and coca leaves and the several alkaloids derived therefrom, the best known of these alkaloids being morphia, heroin, and codeine, obtained from opium, and cocaine derived from the coca plant; all compounds, salts, preparations, or other derivatives obtained either from the raw material or from the various alkaloids; Indian hemp and its various derivatives, compounds, and preparations, and peyote in its various forms; isonipecaine and its derivatives, compounds, salts and preparations; opiates (as defined in section 3228(f) of the Internal Revenue Code);
(k) The term “addict” means any person who habitually uses any habit-forming narcotic drugs so as to endanger the public morals, health, safety, or welfare, or who is or has been so far addicted to the use of such habit-forming narcotic drugs as to have lost the power of self-control with reference to his addiction;

(l) The term “psychiatric disorders” includes diseases of the nervous system which affect mental health;

Drug dependence is characterized by behavioral and other responses which include a strong compulsion to take the substance on a continuous basis in order to experience its psychic effects or to avoid the discomfort caused by its absence.
The organizational units specified in this section, other than the Agency for Health Care Policy and Research, were all abolished as statutory entities by Reorganization Plan No. 3 of 1966. Although the Reorganization Plan abolished the National Institutes of Health as an agency, it did not abolish the individual research institutes. In 1985, Public Law 99–158 added title IV of this Act, which provides that the National Institutes of Health is an agency of the Public Health Service. See section 401(a). Other laws have established additional agencies within the Service. Section 501(a) of this Act provides that the Substance Abuse and Mental Health Services Administration is an agency of the Service. Section 901(a) establishes the Agency for Healthcare Research and Quality within the Service (formerly designated as the Agency for Health Care Policy and Research). Although not established in this Act, the Centers for Disease Control and Prevention, the Health Resources and Services Administration, and the Agency for Toxic Substances and Disease Registry are agencies of the Service.

†The organizational units specified in this section, other than the Agency for Health Care Policy and Research, were all abolished as statutory entities by Reorganization Plan No. 3 of 1966. ‡So in law. See section 2008(g)(2) of Public Law 103–43 (107 Stat. 212). The term “the Agency” probably should be preceded by “(5)”, and the “and” before “(4)” probably should be struck. Further, Public Law 106–129 redesignated the Agency for Healthcare Research and Policy as the Agency for Healthcare Research and Quality (see 113 Stat. 1653).

[207] (a) The Surgeon General during the period of his appointment as such, shall be of the same grade as the Surgeon General of the army; the Deputy Surgeon General and the Chief Medical Officer of the United States Coast Guard, while assigned as such, shall have the grade corresponding with the grade of major general; and the Chief Dental Officer, while assigned as such, shall have the grade as is prescribed by law for the officer of the Dental Corps selected and appointed as Assistant Surgeon General of the Army. During the period of appointment to the position of Assistant Secretary for Health, a commissioned officer of the Public Health Service shall have the grade corresponding to the grade of General of the Army. Assistant Surgeons General, while assigned as such, shall have the grade corresponding with either the grade of brigadier general or the grade of major general, as may be determined by the Secretary after considering the importance of the duties to be performed: Provided, That the number of Assistant Surgeons General having a grade higher than that corresponding to the grade of brigadier general shall at no time exceed one-half of the number of positions created by subsection (b) of section 205 or pursuant to subsection (c) of such section. The grades of commissioned officers of the Service shall correspond with grades of officers of the Army as follows:

(1) Officers of the director grade—colonel;
(2) Officers of the senior grade—lieutenant colonel;
(3) Officers of the full grade—major;
(4) Officers of the senior assistant grade—captain;
(5) Officers of the assistant grade—first lieutenant;
(6) Officers of the junior assistant grade—second lieutenant;
(7) Chief warrant officers of (W–4) grade—chief warrant officer (W–4);
(8) Chief warrant officers of (W–3) grade—chief warrant officer (W–3);

(10) Warrant officers of (W–1) grade—warrant officer (W–1).

(b) The titles of medical officers of the foregoing grades shall be respectively (1) medical director, (2) senior surgeon, (3) surgeon, (4) senior assistant surgeon, (5) assistant surgeon and (6) junior assistant surgeon.

(c) The President is authorized to prescribe titles, appropriate to the several grades, for commissioned officers of the Service other than medical officers. All titles of the officers of the Reserve Corps shall have the suffix “Reserve”.

(d) Within the total number of officers of the Regular Corps authorized by the appropriation Act or Acts for each fiscal year to be on active duty, the Secretary shall by regulation prescribe the maximum number of officers authorized to be in each of the grades from the warrant officer (W–1) grade to the director grade, inclusive. Such numbers shall be determined after considering the anticipated needs of the Service during the fiscal year, the funds available, the number of officers in each grade at the beginning of the fiscal year, and the anticipated appointments, the anticipated promotions based on years of service, and the anticipated retirements during the fiscal year. The number so determined for any grade for a fiscal year may not exceed the number limitation (if any) contained in the appropriation Act or Acts for such year. Such regulations for each fiscal year shall be prescribed as promptly as possible after the appropriation Act fixing the authorized strength of the corps for that year, and shall be subject to amendment only if such authorized strength or such number limitation is thereafter changed. The maxima established by such regulations shall not require (apart from action pursuant to other provisions of this Act) any officer to be separated from the Service or reduced in grade.

(e) In computing the maximum number of commissioned officers of the Public Health Service authorized by law to hold a grade which corresponds to the grade of brigadier general or major general, there may be excluded from such computation not more than three officers who hold such a grade so long as such officers are assigned to duty and are serving in a policymaking position in the Department of Defense.

(f) In computing the maximum number of commissioned officers of the Public Health Service authorized by law to serve on active duty, there may be excluded from such computation officers who are assigned to duty in the Department of Defense.

For the purpose of this subsection the number of original appointments authorized to be made during a fiscal year shall be (1) the excess of the number of officers of the Regular Corps authorized by the appropriation Act or Acts for such year over the number of officers on active duty in the Regular Corps on the first day of such year, plus (2) the number of such officers of the Regular Corps who, during such fiscal year, have been or will be retired upon attainment of age sixty-four or have for any other reason ceased to be on active duty.

(2) In addition to the number of original appointments to the Regular Corps authorized by paragraph (1) to be made to grades above that of senior assistant, original appointments authorized to be made to the Regular Corps in any year may be made to grades above that of senior assistant, but not above that of director, in the case of any individual who—

(B) does not come within clause (A)(i) and (ii) but was on active duty in the Reserve Corps continuously for not less than one year immediately prior to his appointment to the Regular
Corps and has not served on active duty continuously for a period, occurring after June 30, 1960, of more than three and one-half years prior to applying for such appointment.

(3) No person shall be appointed pursuant to this subsection unless he meets standards established in accordance with regulations of the President.

(c) Commissions evidencing the appointment by the President of officers of the Regular or Reserve Corps shall be issued by the Secretary under the seal of the Department of Health, Education, and Welfare.

(d)(1) For purposes of basic pay and for purposes of promotion, any person appointed under subsection (a) to the grade of senior assistant in the Regular Corps and any person appointed under subsection (b), shall, except as provided in paragraphs (2) and (3) of this subsection, be considered as having had on the date of appointment the following length of service: Three years if appointed to the senior assistant grade, ten years if appointed to the full grade, seventeen years if appointed to the senior grade, and eighteen years if appointed to the director grade.

(2) For purposes of basic pay, any person appointed under subsection (a) to the grade of senior assistant in the Regular Corps, and any person appointed under subsection (b), shall, in lieu of the credit provided in paragraph (1), be credited with the service for which he is entitled to credit under any other provision of law if such service exceeds that to which he would be entitled under such paragraph.

(3) For purposes of promotion, any person originally appointed in the Regular Corps to the senior assistant grade or above who has had active service in the Reserve Corps shall be considered as having had on the date of appointment the length of service provided for in paragraph (1), plus whichever of the following is greater: (A) The excess of his total active service in the Reserve Corps (above the grade of junior assistant) over the length of service provided in such paragraph, to the extent that such excess is on account of service in the Reserve Corps in or above the grade to which he is appointed in the Regular Corps or (B) his active service in the same or any higher grade in the Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he would have had the training and experience necessary for such appointment.

(4) For purposes of promotion, any person whose original appointment is to the assistant grade in the Regular Corps shall be considered as having had on the date of appointment service equal to his total active service in the Reserve Corps in and above the assistant grade.

(e)(1) A former officer of the Regular Corps may, if application for appointment is made within two years after the date of the termination of his prior commission in the Regular Corps, be reappointed to the Regular Corps without examination, except as the Surgeon General may otherwise prescribe, and without regard to the numerical limitations of subsection (b).

(2) Reappointments pursuant to this subsection may be made to the permanent grade held by the former officer at the time of the termination of his prior commission, or to the next higher
grade if such officer meets the eligibility requirements prescribed by regulation for original appointment to such higher grade. For purposes of pay, promotion, and seniority in grade, such re-appointed officer shall receive the credits for service to which he would be entitled if such appointment were an original appointment, but in no event less than the credits he held at the time his prior commission was terminated, except that if such officer is re-appointed to the next higher grade he shall receive no credit for seniority in grade.

(3) No former officer shall be reappointed pursuant to this subsection unless he shall meet such standards as the Secretary may prescribe.

(h) Persons who are not citizens may be employed as consultants pursuant to subsection (e) and may be appointed to fellowships pursuant to subsection (f). Unless otherwise specifically provided, any prohibition in any other Act against the employment of aliens, or against the payment of compensation to them, shall not be applicable in the case of persons employed or appointed pursuant to such subsections.

(i) The appointment of any officer or employee of the Service made in accordance with the civil-service laws shall be made by the Secretary, and may be made effective as of the date on which such officer or employee enters upon duty.

(d) Field employees of the Service, except those employed on a per diem or fee basis, who render part-time duty and are also subject to call at any time for services not contemplated in their regular part-time employment, may be paid annual compensation for such part-time duty and, in addition, such fees for such other services as the Surgeon General may determine; but in no case shall the total paid to any such employee for any fiscal year exceed the amount of the minimum annual salary rate of the classification grade of the employee.

(e) Any civilian employee of the Service who is employed at the Gillis W. Long Hansen’s Disease Center on the date of the enactment of the Consolidated Omnibus Budget Reconciliation Act of 1985 shall be entitled to receive, in addition to any compensation to which the employee may otherwise be entitled and for so long as the employee remains employed at the Center, an amount equal to one-fourth of such compensation.

(f) Individuals appointed under subsection (g) shall have included in their fellowships such stipends or allowances, including travel and subsistence expenses, as the Surgeon General may deem necessary to procure qualified fellows.

(g) The Secretary is authorized to establish and fix the compensation for, within the Public Health Service, not more than one hundred and seventy-nine positions, of which not less than one hundred and fifteen shall be for the National Institutes of Health, not less than five shall be for the National Institute on Alcohol Abuse and Alcoholism for individuals engaged in research on alcohol and alcoholism, not less than ten shall be for the National Center for Health Services Research, not less than twelve shall be for the National Center for Health Statistics, and not less than seven shall be for the National Center for Health Care Technology, in the professional, scientific, and executive service, each such position being established pursuant to the provisions of this subsection shall not be less than the minimum rate of grade 16 of the General Schedule of the Classification Act of 1949, as amended, nor more than (1) the highest rate of grade 18 of the General Schedule of such Act,

or (2) in the case of two such positions, the rate specified, at the
time the service in the position is performed, for level II of the Ex-
cutive Schedule (5 U.S.C. 5313); and such rates of compensation
for all positions included in this proviso shall be subject to the ap-

such officers or agents as it may designate for this purpose.

PROFESSIONAL CATEGORIES

SEC. 209. [(210b)] (a) For the purpose of establishing eligibility
of officers of the Regular Corps for promotions, the Surgeon Gen-
eral shall by regulation divide the corps into professional cat-
egories. Each category shall, as far as practicable, be based upon
one of the subjects of examination set forth in section 207(a)(1) or
upon a subdivision of such subject, and the categories shall be de-
digned to group officers by fields of training in such manner that
officers in any one grade in any one category will be available for
similar duty in the discharge of the several functions of the Serv-

(b) Each officer of the Regular Corps on active duty shall, on
the basis of his training and experience, be assigned by the Sur-
geo General to one of the categories established by regulations
under subsection (a). Except upon amendment of such regulations,
no assignment so made shall be changed unless the Surgeon Gen-
eral finds (1) that the original assignment was erroneous, or (2)
that the officer is equally well qualified to serve in another cat-
egory to which he has requested to be transferred, and that such
transfer is in the interests of the Service.

(c) Within the limits fixed by the Secretary in regulations
under section 206(d) for any fiscal year, the Surgeon General shall
determine for each category in the Regular Corps the maximum
number of officers authorized to be in each of the grades from the
warrant officer (W–1) grade to the director grade, inclusive.

(d) The excess of the number so fixed for any grade in any cat-
egory over the number of officers of the Regular Corps on active
duty in such grade in such category (including, in the case of the
director grade, officers holding such grade in accordance with sec-
tion 206(c)) shall for the purpose of promotions constitute vacancies
in such grade in such category. For purposes of this subsection, an
officer who has been temporarily promoted or who is temporarily
holding the grade of director in accordance with section 206(c) shall
be deemed to hold the grade to which so promoted or which he is
temporarily holding; but while he holds such promotion or grade,
and while any officer is temporarily assigned to a position pursuant
to section 205(c), the number fixed under subsection (c) of this sec-
tion for the grade of his permanent rank shall be reduced by one.

(e) The absence of a vacancy in a grade in a category shall not
prevent an appointment to such grade pursuant to section 207, a
permanent length of service promotion, or the recall of a retired of-
ner to active duty; but the making of such an appointment, pro-
motion, or recall shall be deemed to fill a vacancy if one exists.
(f) Whenever a vacancy exists in any grade in a category the Surgeon General may increase by one the number fixed by him under subsection (c) for the next lower grade in the same category, without regard to the numbers fixed in regulations under section 206(d); and in that event the vacancy in the higher grade shall not be filled except by a permanent promotion, and upon the making of such promotion the number for the next lower grade shall be reduced by one.

PROMOTIONS AND SEPARATION OF COMMISSIONED OFFICERS IN THE REGULAR CORPS

SEC. 210. [211] (a) Promotions of officers of the Regular Corps to any grade up to and including the director grade shall be either permanent promotions based on length of service, other permanent promotions to fill vacancies, or temporary promotions. Permanent promotions shall be made by the President, by and with the advice and consent of the Senate, and temporary promotions shall be made by the President. Each permanent promotion shall be to the next higher grade, and shall be made only after examination given in accordance with regulations of the President.

(b) The President may by regulation provide that in a specified professional category permanent promotions to the senior grade, or to both the full grade and the senior grade, shall be made only if there are vacancies in such grade. A grade in any category with respect to which such regulations have been issued is referred to in this section as a “restricted grade”.

(c) Examinations to determine qualification for permanent promotions may be either noncompetitive or competitive, as the Surgeon General shall in each case determine; except that examinations for promotions to the assistant or senior assistant grade shall in all cases be noncompetitive. The officers to be examined shall be selected by the Surgeon General from the professional category, and in the order of seniority in the grade, from which promotion is to be recommended. In the case of a competitive examination the Surgeon General shall determine in advance of the examination the number (which may be one or more) of officers who, after passing the examination, will be recommended to the President for promotion; but if the examination is one for promotions based on length of service, or is one for promotions to fill vacancies other than vacancies in the director grade or in a restricted grade, such number shall not be less than 80 per centum of the number of officers to be examined.

(d) Officers of the Regular Corps, found pursuant to subsection (c) to be qualified, shall be given permanent promotions based on length of service, as follows:

1. Officers in the warrant officer (W–1) grade, chief warrant officer (W–2) grade, chief warrant officer (W–3) grade, chief warrant officer (W–4) grade, and junior assistant grade shall be promoted at such times as may be prescribed in regulations of the President.

2. Officers with permanent rank in the assistant grade, the senior assistant grade, and the full grade shall (except as provided in regulations under subsection (b)) be promoted after completion of three, ten, and seventeen years, respectively, of service in grades
above the junior assistant grade; and such promotions, when made, shall be effective, for purposes of pay and seniority in grade, as of the day following the completion of such years of service. An officer with permanent rank in the assistant, senior assistant, or full grade who has not completed such years of service shall be promoted at the same time, and his promotion shall be effective as of the same day, as any officer junior to him in the same grade in the same professional category who is promoted under this paragraph.

(e) Officers in a professional category of the Regular Corps, found pursuant to subsection (c) to be qualified may be given permanent promotions to fill any or all vacancies in such category in the senior assistant grade, the full grade, the senior grade, or the director grade; but no officer who has not had one year of service with permanent or temporary rank in the next lower grade shall be promoted to any restricted grade or to the director grade.

(f) If an officer who has completed the years of service required for promotion to a grade under paragraph (2) of subsection (d) fails to receive such promotion, he shall (unless he has already been twice examined for promotion to such grade) be once reexamined for promotion to such grade. If he is thereupon promoted (otherwise than under subsection (e)), the effective date of such promotion shall be one year later than it would have been but for such failure. Upon the effective date of any permanent promotion of such officer to such grade, he shall be considered as having had only the length of service required for such promotion which he previously failed to receive.

(g) If, for reasons other than physical disability, an officer of the Regular Corps in the warrant officer (W–1) grade or junior assistant grade is found pursuant to subsection (c) not to be qualified for promotion he shall be separated from the Service. If, for reasons other than physical disability, an officer of the Regular Corps in the chief warrant officer (W–2), chief warrant officer (W–3), assistant, senior assistant, or full grade, after having been twice examined for promotion (other than promotion to a restricted grade), fails to be promoted—

(1) if in the chief warrant officer (W–2) or assistant grade he shall be separated from the Service and paid six months’ basic pay and allowances;

(2) if in the chief warrant officer (W–3) or senior assistant grade he shall be separated from the Service and paid one year’s basic pay and allowances;

(3) if in the full grade he shall be considered as not in line for promotion and shall, at such time thereafter as the Surgeon General may determine, be retired from the Service with retired pay (unless he is entitled to a greater amount by reason of another provision of law)—

(A) in the case of an officer who first became a member of a uniformed service before September 8, 1980, at the rate of 2 1/2 percent of the retired pay base determined under section 1406(h) of title 10, United States Code, for each year, not in excess of 30, of his active commissioned service in the Service; or
(B) in the case of an officer who first became a member of a uniformed service on or after September 8, 1980, at the rate determined by multiplying—
   (i) the retired pay base determined under section 1407 of title 10, United States Code; by
   (ii) the retired pay multiplier determined under section 1409 of such title for the number of years of his active commissioned service in the Service.

(h) If an officer of the Regular Corps, eligible to take an examination for promotion, refuses to take such examination, he may be separated from the Service in accordance with regulations of the President.

(i) At the end of his first three years of service, the record of each officer of the Regular Corps, originally appointed to the senior assistant grade or above, shall be reviewed in accordance with regulations of the President and, if found not qualified for further service, he shall be separated from the Service and paid six months' pay and allowances.

(j)(1) The order of seniority of officers in a grade in the Regular Corps shall be determined, subject to the provisions of paragraph (2), by the relative length of time spent in active service after the effective date of each such officer's original appointment or permanent promotion in that grade. When permanent promotions of two or more officers to the same grade are effective on the same day, their relative seniority shall be the same as it was in the grade from which promoted. In all other cases of original appointments or permanent promotions (or both) to the same grade effective on the same day, relative seniority shall be determined in accordance with regulations of the President.

(2) In the case of an officer originally appointed in the Regular Corps to the grade of assistant or above, his seniority in the grade to which appointed shall be determined after inclusion, as service in such grade, of any active service in such grade or in any higher grade in the Reserve Corps, but (if the appointment is to the grade of senior assistant or above) only to the extent of whichever of the following is greater: (A) His active service in such grade or any higher grade in the Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he had the training and experience necessary for such appointment, or (B) the excess of his total active service in the Reserve Corps (above the grade of junior assistant) over three years if his appointment in the Regular Corps is to the senior assistant grade, over ten years if the appointment is to the full grade, or over seventeen years if the appointment is to the senior grade.

(k) Any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for temporary promotion to fill a vacancy in any higher grade in such category, up to and including the director grade. In time of war, or of national emergency proclaimed by the President, any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for promotion to any higher grade in such category, up to and including the director grade, whether or not a vacancy exists in such grade. The selection of officers to be recommended for temporary pro-
motions shall be made in accordance with regulations of the President. Promotion of an officer recommended pursuant to this subsection may be made without regard to length of service, without examination, and without vacating his permanent appointment, and shall carry with it the pay and allowances of the grade to which promoted. Such promotions may be terminated at any time, as may be directed by the President.

(l) Whenever the number of officers of the Regular Corps on active duty, plus the number of officers of the Reserve Corps who have been on active duty for thirty days or more, exceeds the authorized strength of the Regular Corps, the Secretary shall determine the requirements of the Service in each grade in each category, based upon the total number of officers so serving on active duty and the tasks being performed by the Service; and the Surgeon General shall thereupon assign each officer of the Reserve Corps on active duty to a professional category. If the Secretary finds that the number of officers fixed under section 209(c) for any grade and category (or the number of officers, including officers of the Reserve Corps, on active duty in such grade in such category, if such number is greater than the number fixed under section 209(c)) is insufficient to meet such requirements of the Service, officers of either the Regular Corps or the Reserve Corps may be recommended for temporary promotion to such grade in such category. Any such promotion may be terminated at any time, as may be directed by the President.

(m) Any officer of the Regular Corps, or any officer of the Reserve Corps on active duty, who is promoted to a higher grade shall, unless he expressly declines such promotion, be deemed for all purposes to have accepted such promotion; and shall not be required to renew his oath of office, or to execute a new affidavit as required by the Act of December 11, 1926, as amended (5 U.S.C. 21a).1

RETIREMENT OF COMMISSIONED OFFICERS

SEC. 211. [212] (a)(1) A commissioned officer of the Service shall, if he applies for retirement, be retired on or after the first day of the month following the month in which he attains the age of sixty-four years. This paragraph does not permit or require the involuntary retirement of any individual because of the age of the individual.

(2) A commissioned officer of the Service may be retired by the Secretary, and shall be retired if he applies for retirement, on the first day of any month after completion of thirty years of active service.

(3) Any commissioned officer of the Service who has had less than thirty years of active service may be retired by the Secretary, with or without application by the officer, on the first day of any month after completion of twenty or more years of active service of which not less than ten are years of active commissioned service in any of the uniformed services.

(4) Except as provided in paragraph (6), a commissioned officer retired pursuant to paragraph (1), (2), or (3) who was (in the case

1That Act has been codified to section 3332 of title 5, United States Code.
of an officer in the Reserve Corps on active duty with the Service on the day preceding such retirement shall be entitled to receive retired pay at the rate of $2\frac{1}{2}$ per centum of the basic pay of the highest grade held by him as such officer and in which, in the case of a temporary promotion to such grade, he has performed active duty for not less than six months, (A) for each year of active service, or (B) if it results in higher retired pay, for each of the following years:

(i) his years of active service (determined without regard to subsection (d)) as a member of a uniformed service; plus

(ii) in the case of a medical or dental officer, four years and, in the case of a medical officer, who has completed one year of medical internship or the equivalent thereof, one additional year, the four years and the one year to be reduced by the period of active service performed during such officer's attendance at medical school or dental school or during his medical internship; plus

(iii) the number of years of service with which he was entitled to be credited for purposes of basic pay on May 31, 1958, or (if higher) on any date prior thereto, reduced by any such year included under clause (i) and further reduced by any such year with which he was entitled to be credited under paragraphs (7) and (8) of section 205(a) of title 37, United States Code, on any date before June 1, 1958;

except that (C) in the case of any officer whose retired pay, so computed, is less than 50 per centum of such basic pay, who retires pursuant to paragraph (1) of this subsection, who has not less than twelve whole years of active service (computed without the application of subsection (e)), and who does not use, for purposes of a retirement annuity under the Civil Service Retirement Act, any service which is also creditable in computing his retired pay from the Service, it shall, instead, be 50 per centum of such pay, and (D) the retired pay of an officer shall in no case be more than 75 per centum of such basic pay.

(5) With the approval of the President, a commissioned officer whose service as Surgeon General, Deputy Surgeon General, or Assistant Surgeon General has totaled four years or more and who has had not less than twenty-five years of active service in the Service may retire voluntarily at any time; and except as provided in paragraph (6), his retired pay shall be at the rate of 75 per centum of the basic pay of the highest grade held by him as such officer.

(6) The retired pay of a commissioned officer retired under this subsection who first became a member of a uniformed service after September 7, 1980, is determined by multiplying—

(A) the retired pay base determined under section 1407 of title 10, United States Code; by

(B) the retired pay multiplier determined under section 1409 of such title for the number of years of service credited to the officer under paragraph (4).

\[1\] The Civil Service Retirement Act has been codified to chapter 83 of title 5, United States Code.
(7) Retired pay computed under section 210(g)(3) or under paragraph (4) or (5) of this subsection, if not a multiple of $1, shall be rounded to the next lower multiple of $1.

(b) For purposes of subsection (a), the basic pay of the highest grade to which a commissioned officer has received a temporary promotion means the basic pay to which he would be entitled if serving on active duty in such grade on the date of his retirement.

(c) A commissioned officer, retired for reasons other than for failure of promotion to the senior grade, may (1) if an officer of the Regular Corps or an officer of the Reserve Corps entitled to retired pay under subsection (a), be involuntarily recalled to active duty during such times as the Commissioned Corps constitutes a branch of the land or naval forces of the United States, and (2) if an officer of either the Regular or Reserve Corps, be recalled to active duty at any time with his consent.

(d) The term “active service”, as used in subsection (a), includes:

(1) all active service in any of the uniformed services;

(2) active service with the Public Health Service, other than as a commissioned officer, which the Surgeon General determines is comparable to service performed by commissioned officers of the Service, except that, if there are more than five years of such service only the last five years thereof may be included;

(3) all active service (other than service included under the preceding provisions of this subsection) which is creditable for retirement purposes under laws governing the retirement of members of any of the uniformed services; and

SEC. 224. [233] (a) The remedy against the United States provided by sections 1346(b) and 2672 of title 28, or by alternative benefits provided by the United States where the availability of such benefits precludes a remedy under section 1346(b) of title 28, for damage for personal injury, including death, resulting from the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigation, by any commissioned officer or employee of the Public Health Service while acting within the scope of his office or employment, shall be exclusive of any other civil action or proceeding by reason of the same subject-matter against the officer or employee (or his estate) whose act or omission gave rise to the claim.

(g)(1)(A) For purposes of this section and subject to the ap-
proval by the Secretary of an application under subparagraph (D),

ber, employee, or contractor of the entity to be an employee of the
Public Health Service for purposes of this section shall apply with
respect to services provided—

(i) to all patients of the entity, and
(ii) subject to subparagraph (C), to individuals who are not
patients of the entity.

(C) Subparagraph (B)(ii) applies to services provided to individ-
uals who are not patients of an entity if the Secretary determines,
after reviewing an application submitted under subparagraph (D),
that the provision of the services to such individuals—

(i) benefits patients of the entity and general populations

intervention efforts within the communities served by such en-
tity;

(ii) facilitates the provision of services to patients of the

Except as provided in subsection (i), the Secretary and the Attorney General may not determine that the provision of services which are the subject of such a determination are not covered under this section.

(G) In the case of an entity described in paragraph (4) that has not submitted an application under subparagraph (D):

(i) The Secretary may not consider the entity in making estimates under subsection (k)(1).

(ii) This section does not affect any authority of the entity to purchase medical malpractice liability insurance coverage with Federal funds provided to the entity under section 329, 330, or 340A.

(H) In the case of an entity described in paragraph (4) for which an application under subparagraph (D) is in effect, the entity may, through notifying the Secretary in writing, elect to terminate the applicability of this subsection to the entity. With respect to such election by the entity:

(i) The election is effective upon the expiration of the 30-day period beginning on the date on which the entity submits such notification.

(ii) Upon taking effect, the election terminates the applicability of this subsection to the entity and each officer, governing board member, employee, and contractor of the entity.

(iii) Upon the effective date for the election, clauses (i) and (ii) of subparagraph (G) apply to the entity to the same extent
Sec. 224

and in the same manner as such clauses apply to an entity that has not submitted an application under subparagraph (D).

(iv) If after making the election the entity submits an application under subparagraph (D), the election does not preclude the Secretary from approving the application (and thereby restoring the applicability of this subsection to the entity and each officer, governing board member, employee, and contractor of the entity, subject to the provisions of this subsection and the subsequent provisions of this section.

(2) If, with respect to an entity or person deemed to be an employee for purposes of paragraph (1), a cause of action is instituted against the United States pursuant to this section, any claim of the entity or person for benefits under an insurance policy with respect to medical malpractice relating to such cause of action shall be subrogated to the United States.

(3) This subsection shall apply with respect to a cause of action arising from an act or omission which occurs on or after January 1, 1993.

(4) An entity described in this paragraph is a public or nonprofit private entity receiving Federal funds under section 330.

(5) For purposes of paragraph (1), an individual may be considered a contractor of an entity described in paragraph (4) only if—

(A) the individual normally performs on average at least 32 1/2 hours of service per week for the entity for the period of the contract; or

(B) in the case of an individual who normally performs an average of less than 32 1/2 hours of services per week for the entity for the period of the contract, the individual is a licensed or certified provider of services in the fields of family practice, general internal medicine, general pediatrics, or obstetrics and gynecology.

(h) The Secretary may not approve an application under subsection (g)(1)(D) unless the Secretary determines that the entity—

(1) has implemented appropriate policies and procedures to reduce the risk of malpractice and the risk of lawsuits arising out of any health or health-related functions performed by the entity;

(2) has reviewed and verified the professional credentials, references, claims history, fitness, professional review organization findings, and license status of its physicians and other licensed or certified health care practitioners, and, where necessary, has obtained the permission from these individuals to gain access to this information;

(3) has no history of claims having been filed against the United States as a result of the application of this section to the entity or its officers, employees, or contractors as provided for under this section, or, if such a history exists, has fully cooperated with the Attorney General in defending against any such claims and either has taken, or will take, any necessary corrective steps to assure against such claims in the future; and

(A) does not comply with the policies and procedures that the entity has implemented pursuant to subsection (h)(1);

(B) has a history of claims filed against him or her as provided for under this section that is outside the norm for licensed or certified health care practitioners within the same specialty;

(C) refused to reasonably cooperate with the Attorney General in defending against any such claim;

(D) provided false information relevant to the individual’s performance of his or her duties to the Secretary, the Attorney General, or an applicant for or recipient of funds under this Act; or

(E) was the subject of disciplinary action taken by a State medical licensing authority or a State or national professional society.

(2) A final determination by the Attorney General under this subsection that an individual physician or other licensed or certified health care professional shall not be deemed to be an employee of the Public Health Service shall be effective upon receipt by the entity employing such individual of notice of such determination, and shall apply only to acts or omissions occurring after the date such notice is received.

(j) In the case of a health care provider who is an officer, employee, or contractor of an entity described in subsection (g)(4), section 335(e) shall apply with respect to the provider to the same extent and in the same manner as such section applies to any member of the National Health Service Corps.

(k)(1)(A) For each fiscal year, the Attorney General, in consultation with the Secretary, shall estimate by the beginning of the year the amount of all claims which are expected to arise under this section (together with related fees and expenses of witnesses) for which payment is expected to be made in accordance with section 1346 and chapter 171 of title 28, United States Code, from the acts or omissions, during the calendar year that begins during that fiscal year, of entities described in subsection (g)(4) and of officers, employees, or contractors (subject to subsection (g)(5)) of such entities.

(B) The estimate under subparagraph (A) shall take into account—

(i) the value and frequency of all claims for damage for personal injury, including death, resulting from the perform-
ance of medical, surgical, dental, or related functions by enti-

ties described in subsection (g)(4) or by officers, employees, or

contractors (subject to subsection (g)(5)) of such entities who

are deemed to be employees of the Public Health Service under

subsection (g)(1) that, during the preceding 5-year period, are

filed under this section or, with respect to years occurring be-

fore this subsection takes effect, are filed against persons other

than the United States,

(ii) the amounts paid during that 5-year period on all

claims described in clause (i), regardless of when such claims

were filed, adjusted to reflect payments which would not be

permitted under section 1346 and chapter 171 of title 28,

United States Code, and

(iii) amounts in the fund established under paragraph (2)

United States (together with related fees and expenses of wit-

nesses) pursuant to this section arising from the acts or omissions

of entities described in subsection (g)(4) and of officers, employees,

or contractors (subject to subsection (g)(5)) of such entities, the

total amount contained within the fund established by the Sec-

retary under paragraph (2) for a fiscal year shall be transferred not

later than the December 31 that occurs during the fiscal year to

the appropriate accounts in the Treasury.

(l)(1) If a civil action or proceeding is filed in a State court

against any entity described in subsection (g)(4) or any officer, gov-

erning board member, employee, or any contractor of such an

entity for damages described in subsection (a), the Attorney Gen-

eral, within 15 days after being notified of such filing, shall make

an appearance in such court and advise such court as to whether

the Secretary has determined under subsections (g) and (h), that

such entity, officer, governing board member, employee, or con-

tractor of the entity is deemed to be an employee of the Public

Health Service for purposes of this section with respect to the ac-

tions or omissions that are the subject of such civil action or pro-

ceeding. Such advice shall be deemed to satisfy the provisions of

subsection (c) that the Attorney General certify that an entity, offi-

cer, governing board member, employee, or contractor of the entity

was acting within the scope of their employment or responsibility.

(2) If the Attorney General fails to appear in State court within

cause the latter term does not appear. (Compare “officer,” and “officers,”.)
removed to the appropriate United States district court. The civil action or proceeding shall be stayed in such court until such court conducts a hearing, and makes a determination, as to the appropriate forum or procedure for the assertion of the claim for damages described in subsection (a) and issues an order consistent with such determination.

(m)(1) An entity or officer, governing board member, employee, or contractor of an entity described in subsection (g)(1) shall, for purposes of this section, be deemed to be an employee of the Public Health Service with respect to services provided to individuals who are enrollees of a managed care plan if the entity contracts with such managed care plan for the provision of services.

(2) Each managed care plan which enters into a contract with an entity described in subsection (g)(4) shall deem the entity and any officer, governing board member, employee, or contractor of the entity as meeting whatever malpractice coverage requirements such plan may require of contracting providers for a calendar year if such entity or officer, governing board member, employee, or contractor of the entity has been deemed to be an employee of the Public Health Service for purposes of this section for such calendar year. Any plan which is found by the Secretary on the record, after notice and an opportunity for a full and fair hearing, to have violated this subsection shall upon such finding cease, for a period to be determined by the Secretary, to receive and to be eligible to receive any Federal funds under titles XVIII or XIX of the Social Security Act.

(3) For purposes of this subsection, the term “managed care plan” shall mean health maintenance organizations and similar entities that contract at-risk with payors for the provision of health services or plan enrollees and which contract with providers (such as entities described in subsection (g)(4)) for the delivery of such services to plan enrollees.

(n)(1) Not later than one year after the date of the enactment of the Federally Supported Health Centers Assistance Act of 1995, the Comptroller General of the United States shall submit to the Congress a report on the following:

(A) The medical malpractice liability claims experience of entities that have been deemed to be employees for purposes of this section.

(B) The risk exposure of such entities.

(C) The value of private sector risk-management services, and the value of risk-management services and procedures required as a condition of receiving a grant under section 329, 330, or 340A.

(D) A comparison of the costs and the benefits to taxpayers of maintaining medical malpractice liability coverage for such entities pursuant to this section, taking into account—

(i) a comparison of the costs of premiums paid by such entities for private medical malpractice liability insurance with the cost of coverage pursuant to this section; and

(ii) an analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of such entities.
(2) The report under paragraph (1) shall include the following:

(A) A comparison of—

(i) an estimate of the aggregate amounts that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) would have directly or indirectly paid in premiums to obtain medical malpractice liability insurance coverage if this section were not in effect; with

(ii) the aggregate amounts by which the grants received by such entities under this Act were reduced pursuant to subsection (k)(2).

(B) A comparison of—

(i) an estimate of the amount of privately offered such insurance that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) purchased during the three-year period beginning on January 1, 1993; with

(ii) an estimate of the amount of such insurance that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) will purchase after the date of the enactment of the Federally Supported Health Centers Assistance Act of 1995.

(C) An estimate of the medical malpractice liability loss history of such entities for the 10-year period preceding October 1, 1996, including but not limited to the following:

(i) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by the Federal Government pursuant to deeming entities as employees for purposes of this section.

(ii) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by private medical malpractice liability insurance.

(D) An analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of entities that have been deemed as employees for purposes of this section.

(3) In preparing the report under paragraph (1), the Comptroller General of the United States shall consult with public and private entities with expertise on the matters with which the report is concerned.

(o)(1) For purposes of this section, a free clinic health professional shall in providing a qualifying health service to an individual be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under paragraph (6)(D). The preceding sentence is subject to the provisions of this subsection.

(2) In providing a health service to an individual, a health care practitioner shall for purposes of this subsection be considered to
be a free clinic health professional if the following conditions are met:

(A) The service is provided to the individual at a free clinic, or through offsite programs or events carried out by the free clinic.

(B) The free clinic is sponsoring the health care practitioner pursuant to paragraph (5)(C).

(C) The service is a qualifying health service (as defined in paragraph (4)).

(D) Neither the health care practitioner nor the free clinic receives any compensation for the service from the individual or from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program). With respect to compliance with such condition:

(i) The health care practitioner may receive repayment from the free clinic for reasonable expenses incurred by the health care practitioner in the provision of the service to the individual.

(ii) The free clinic may accept voluntary donations for the provision of the service by the health care practitioner to the individual.

(E) Before the service is provided, the health care practitioner or the free clinic provides written notice to the individual of the extent to which the legal liability of the health care practitioner is limited pursuant to this subsection (or in the case of an emergency, the written notice is provided to the individual as soon after the emergency as is practicable). If the individual is a minor or is otherwise legally incompetent, the condition under this subparagraph is that the written notice be provided to a legal guardian or other person with legal responsibility for the care of the individual.

(F) At the time the service is provided, the health care practitioner is licensed or certified in accordance with applicable law regarding the provision of the service.

(3)(A) For purposes of this subsection, the term “free clinic” means a health care facility operated by a nonprofit private entity meeting the following requirements:

(i) The entity does not, in providing health services through the facility, accept reimbursement from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program).

(ii) The entity, in providing health services through the facility, either does not impose charges on the individuals to whom the services are provided, or imposes a charge according to the ability of the individual involved to pay the charge.

(iii) The entity is licensed or certified in accordance with applicable law regarding the provision of health services.

(B) With respect to compliance with the conditions under subparagraph (A), the entity involved may accept voluntary donations for the provision of services.

(4) For purposes of this subsection, the term “qualifying health service” means any medical assistance required or authorized to be
provided in the program under title XIX of the Social Security Act, without regard to whether the medical assistance is included in the plan submitted under such program by the State in which the health care practitioner involved provides the medical assistance. References in the preceding sentence to such program shall as applicable be considered to be references to any successor to such program.

(5) Subsection (g) (other than paragraphs (3) through (5)) and subsections (h), (i), and (l) apply to a health care practitioner for purposes of this subsection to the same extent and in the same manner as such subsections apply to an officer, governing board member, employee, or contractor of an entity described in subsection (g)(4), subject to paragraph (6) and subject to the following:

(A) The first sentence of paragraph (1) applies in lieu of the first sentence of subsection (g)(1)(A).

(B) This subsection may not be construed as deeming any free clinic to be an employee of the Public Health Service for purposes of this section.

(C) With respect to a free clinic, a health care practitioner is not a free clinic health professional unless the free clinic sponsors the health care practitioner. For purposes of this subsection, the free clinic shall be considered to be sponsoring the health care practitioner if—

(i) with respect to the health care practitioner, the free clinic submits to the Secretary an application meeting the requirements of subsection (g)(1)(D); and

(ii) the Secretary, pursuant to subsection (g)(1)(E), determines that the health care practitioner is deemed to be an employee of the Public Health Service.

(D) In the case of a health care practitioner who is determined by the Secretary pursuant to subsection (g)(1)(E) to be a free clinic health professional, this subsection applies to the health care practitioner (with respect to the free clinic sponsoring the health care practitioner pursuant to subparagraph (C)) for any cause of action arising from an act or omission of the health care practitioner occurring on or after the date on which the Secretary makes such determination.

(E) Subsection (g)(1)(F) applies to a health care practitioner for purposes of this subsection only to the extent that, in providing health services to an individual, each of the conditions specified in paragraph (2) is met.

(6)(A) For purposes of making payments for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of free clinic health professionals, there is authorized to be appropriated $10,000,000 for each fiscal year.

(B) The Secretary shall establish a fund for purposes of this subsection. Each fiscal year amounts appropriated under subparagraph (A) shall be deposited in such fund.

(C) Not later than May 1 of each fiscal year, the Attorney General, in consultation with the Secretary, shall submit to the Congress a report providing an estimate of the amount of claims (together with related fees and expenses of witnesses) that, by reason of the acts or omissions of free clinic health professionals, will be
paid pursuant to this section during the calendar year that begins in the following fiscal year. Subsection (k)(1)(B) applies to the estimate under the preceding sentence regarding free clinic health professionals to the same extent and in the same manner as such subsection applies to the estimate under such subsection regarding officers, governing board members, employees, and contractors of entities described in subsection (g)(4).

(D) Not later than December 31 of each fiscal year, the Secretary shall transfer from the fund under subparagraph (B) to the appropriate accounts in the Treasury an amount equal to the estimate made under subparagraph (C) for the calendar year beginning in such fiscal year, subject to the extent of amounts in the fund.

(7)(A) This subsection takes effect on the date of the enactment of the first appropriations Act that makes an appropriation under paragraph (6)(A), except as provided in subparagraph (B)(i).

(B)(i) Effective on the date of the enactment of the Health Insurance Portability and Accountability Act of 1996—

(I) the Secretary may issue regulations for carrying out this subsection, and the Secretary may accept and consider applications submitted pursuant to paragraph (5)(C); and

(II) reports under paragraph (6)(C) may be submitted to the Congress.

(ii) For the first fiscal year for which an appropriation is made under subparagraph (A) of paragraph (6), if an estimate under subparagraph (C) of such paragraph has not been made for the calendar year beginning in such fiscal year, the transfer under subparagraph (D) of such paragraph shall be made notwithstanding the lack of the estimate, and the transfer shall be made in an amount equal to the amount of such appropriation.

(iv) **Publication.**—The Secretary shall promptly publish each such declaration and amendment in the Federal Register.

(B) **Liability of United States Only for Administrations Within Scope of Declaration.**—Except as provided in paragraph (5)(B)(ii), the United States shall be liable under this subsection with respect to a claim arising out of the administration of a covered countermeasure to an individual only if—

(i) the countermeasure was administered by a qualified person, for a purpose stated in paragraph (7)(A)(i), and during the effective period of a declaration by the Secretary under subparagraph (A) with respect to such countermeasure; and

(ii)(I) the individual was within a category of individuals covered by the declaration; or

(II) the qualified person administering the countermeasure had reasonable grounds to believe that such individual was within such category.

(C) **Presumption of Administration Within Scope of Declaration in Case of Accidental Vaccinia Inoculation.**—

(i) **In General.**—If vaccinia vaccine is a covered countermeasure specified in a declaration under subparagraph (A), and an individual to whom the vaccinia vaccine is not administered contracts vaccinia, then, under the circumstances specified in clause (ii), the individual—

(I) shall be rebuttably presumed to have contracted vaccinia from an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B); and

(II) shall (unless such presumption is rebutted) be deemed for purposes of this subsection to be an individual to whom a covered countermeasure was administered by a qualified person in accordance with the terms of such declaration and as described by subparagraph (B).

(ii) **Circumstances in Which Presumption Applies.**—The presumption and deeming stated in clause (i) shall apply if—

(I) the individual contracts vaccinia during the effective period of a declaration under subparagraph (A) or by the date 30 days after the close of such period; or

(II) the individual has resided with, or has had contact with, an individual to whom such vac-

(I) subsection (a); and
(II) section 1346(b) and chapter 171 of title 28, United States Code.

(ii) INDIVIDUALS TO WHOM DEEMING APPLIES.—An individual is described by this clause if—

(I) vaccinia vaccine was administered to such individual as provided by subparagraph (B); and
(II) such individual was within a category of individuals covered by a declaration under subparagraph (A)(i).

(3) EXHAUSTION; EXCLUSIVITY; OFFSET.—

(A) EXHAUSTION.—

(i) IN GENERAL.—A person may not bring a claim under this subsection unless such person has exhausted such remedies as are available under part C of this title, except that if the Secretary fails to make a final determination on a request for benefits or compensation filed in accordance with the requirements of such part within 240 days after such request was filed, the individual may seek any remedy that may be available under this section.

(ii) TOLLING OF STATUTE OF LIMITATIONS.—The time limit for filing a claim under this subsection, or for filing an action based on such claim, shall be tolled during the pendency of a request for benefits or compensation under part C of this title.

(iii) CONSTRUCTION.—This subsection shall not be construed as superseding or otherwise affecting the application of a requirement, under chapter 171 of title 28, United States Code, to exhaust administrative remedies.

(B) EXCLUSIVITY.—The remedy provided by subsection (a) shall be exclusive of any other civil action or proceeding for any claim or suit this subsection encompasses, except for a proceeding under part C of this title.

(C) OFFSET.—The value of all compensation and benefits provided under part C of this title for an incident or series of incidents shall be offset against the amount of an award, compromise, or settlement of money damages in a claim or suit under this subsection based on the same incident or series of incidents.
(4) Certification of action by Attorney General.—Subsection (c) applies to actions under this subsection, subject to the following provisions:

(A) Nature of certification.—The certification by the Attorney General that is the basis for deeming an action or proceeding to be against the United States, and for removing an action or proceeding from a State court, is a certification that the action or proceeding is against a covered person and is based upon a claim alleging personal injury or death arising out of the administration of a covered countermeasure.

(B) Certification of Attorney General conclusive.—The certification of the Attorney General of the facts specified in subparagraph (A) shall conclusively establish such facts for purposes of jurisdiction pursuant to this subsection.

(5) Covered person to cooperate with United States.—

(A) In general.—A covered person shall cooperate with the United States in the processing and defense of a claim or action under this subsection based upon alleged acts or omissions of such person.

(i) the court shall substitute such person as the party defendant in place of the United States and, upon motion, shall remand any such suit to the court in which it was instituted if it appears that the court lacks subject matter jurisdiction;

(ii) the United States shall not be liable based on the acts or omissions of such person; and

(iii) the Attorney General shall not be obligated to defend such action.

(6) Recourse against covered person in case of gross misconduct or contract violation.—

(A) In general.—Should payment be made by the United States to any claimant bringing a claim under this subsection, either by way of administrative determination, settlement, or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover for that portion of the damages so awarded or paid, as well as interest and any costs of litigation, resulting from the failure of any covered person to carry out any obligation or responsibility assumed by such person under a contract with the United States or from any grossly negligent, reckless, or illegal conduct or willful misconduct on the part of such person.

(B) Venue.—The United States may maintain an action under this paragraph against such person in the district court of the United States in which such person resides or has its principal place of business.

(7) Definitions.—As used in this subsection, terms have the following meanings:
(A) COVERED COUNTERMEASURE.—The term “covered countermeasure” or “covered countermeasure against smallpox”, means a substance that is—
   (i)(I) used to prevent or treat smallpox (including the vaccinia or another vaccine); or
   (II) used to control or treat the adverse effects of vaccinia inoculation or of administration of another covered countermeasure; and
   (ii) specified in a declaration under paragraph (2).

   (i) a manufacturer or distributor of such countermeasure;
   (ii) a health care entity under whose auspices—
      (I) such countermeasure was administered;
      (II) a determination was made as to whether, or under what circumstances, an individual should receive a covered countermeasure;

1Indentation is so in law. See section 3(e) of Public Law 108–20 (117 Stat. 647).
2Clause (ii) is shown according to the probable intent of the Congress. In amending the clause to create a subclause (I), section 3(1)(B) of Public Law 108–20 (117 Stat. 647) provided that the clause is amended by redesignating certain words “as clause (I) and indenting accordingly”. The reference in the amendatory instructions to “clause (I)”, probably should be to “subclause (I)”, and the use in the instructions of the word “accordingly” requires the exercise of editorial judgment.
(vii) a contractor of, or a volunteer working for, a person described in clause (i), (ii), or (iv), if the contractor or volunteer performs a function for which a person described in clause (i), (ii), or (iv) is a covered person; or

(i) determining whether, or under what conditions, an individual should receive a covered countermeasure;

(ii) obtaining informed consent of an individual to the administration of a covered countermeasure;

(iii) monitoring, management, or care of an immediate site of administration on the body of a covered countermeasure, or evaluation of whether the administration of the countermeasure has been effective; or

(iv) transmission of vaccinia virus by an individual to whom vaccinia vaccine was administered as provided by paragraph (2)(B).

(1) under which the administrative functions under such programs with respect to such project will be performed by a single administrative unit which is the administrative unit charged with the administration of any of such programs or is

[1Subparagraph (C) is shown according to the probable intent of the Congress. In amending the subparagraph to create a clause (i), section 309 of Public Law 108–20 (117 Stat. 648) provided that the subparagraph is amended by redesignating certain words “as clause (i)” and indenting accordingly”. The use in the amendatory instructions of the word “accordingly” requires the exercise of editorial judgment.

2Former section 225 was repealed by section 408(b)(1) of Public Law 94–484 (90 Stat. 2281). Subpart III of part D of title III now applies to the matter with which former section 225 was concerned.]
the administrative unit charged with the supervision of two or more of such programs;

(2) designed to reduce the number of applications, reports, and other materials required under such programs to be submitted with respect to such project, and otherwise to simplify, consolidate, and make uniform (to the extent feasible), the data and information required to be contained in such applications, reports, and other materials; and

(3) under which inconsistent or duplicative requirements imposed by such programs will be revised and made uniform with respect to such project;

except that nothing in this section shall be construed to authorize the Secretary to waive or suspend, with respect to any such project, any requirement with respect to any of such programs if such requirement is imposed by law or by any regulation required by law.

Sec. 228  PUBLIC HEALTH SERVICE ACT

(B) The period referred to in subparagraph (A) is the period beginning—

(i) if notice is provided as prescribed by subsection (b), 191 days after the date on which such sale, transfer, or cessation of use occurs, or

The government involved shall formulate such regulations or other mechanisms,
or enter into such agreements with accrediting agencies, as are necessary to comply with this subsection.

(2) RULES OF CONSTRUCTION.—

(A) IN GENERAL.—With respect to subclauses (I) and (II) of section 705(a)(2)(B)(i) (relating to a program of insured loans for training in the health professions), the requirements in such subclauses regarding accredited internship or residency programs are subject to paragraph (1) of this subsection.

LIABILITY REGARDING EMERGENCY USE OF AUTOMATED EXTERNAL DEFIBRILLATORS

SEC. 248. [238q] (a) Good Samaritan Protections Regarding AEDs.—Except as provided in subsection (b), any person who uses or attempts to use an automated external defibrillator device on a victim of a perceived medical emergency is immune from civil liability for any harm resulting from the use or attempted use of such device; and in addition, any person who acquired the device is immune from such liability, if the harm was not due to the failure of such acquirer of the device—
(1) to notify local emergency response personnel or other appropriate entities of the most recent placement of the device within a reasonable period of time after the device was placed;
(2) to properly maintain and test the device; or
(3) to provide appropriate training in the use of the device to an employee or agent of the acquirer when the employee or agent was the person who used the device on the victim, except that such requirement of training does not apply if—
(A) the employee or agent was not an employee or agent who would have been reasonably expected to use the device; or
(B) the period of time elapsing between the engagement of the person as an employee or agent and the occur-
rence of the harm (or between the acquisition of the device and the occurrence of the harm, in any case in which the device was acquired after such engagement of the person) was not a reasonably sufficient period in which to provide the training.

(b) INAPPLICABILITY OF IMMUNITY.—Immunity under subsection (a) does not apply to a person if—

(1) the harm involved was caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the victim who was harmed;

(3) the person is a hospital, clinic, or other entity whose purpose is providing health care directly to patients, and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent; or

(4) the person is an acquirer of the device who leased the device to a health care entity (or who otherwise provided the device to such entity for compensation without selling the device to the entity), and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent.

(c) RULES OF CONSTRUCTION.—

(1) IN GENERAL.—The following applies with respect to this section:

(A) This section does not establish any cause of action, or require that an automated external defibrillator device be placed at any building or other location.

(B) With respect to a class of persons for which this section provides immunity from civil liability, this section supersedes the law of a State only to the extent that the State has no statute or regulations that provide persons in such class with immunity for civil liability arising from the use by such persons of automated external defibrillator devices in emergency situations (within the meaning of the State law or regulation involved).

(C) This section does not waive any protection from liability for Federal officers or employees under—

(i) section 224; or

(ii) sections 1346(b), 2672, and 2679 of title 28, United States Code, or under alternative benefits provided by the United States where the availability of such benefits precludes a remedy under section 1346(b) of title 28.

(d) Federal jurisdiction.—In any civil action arising under State law, the courts of the State involved have jurisdiction to apply the provisions of this section exclusive of the jurisdiction of the courts of the United States.

(e) Definitions.—

(1) Perceived medical emergency.—For purposes of this section, the term “perceived medical emergency” means circumstances in which the behavior of an individual leads a reasonable person to believe that the individual is experiencing a life-threatening medical condition that requires an immediate medical response regarding the heart or other cardiopulmonary functioning of the individual.

   (2) there is voluntary screening provided to potential participants that can identify health conditions relevant to contraindications; and
   (3) there is appropriate post-inoculation medical surveillance that includes an evaluation of adverse health effects that may reasonably appear to be due to such vaccine and prompt referral of, or the provision of appropriate information to, any individual requiring health care as a result of such adverse health event.

(a) IN GENERAL.—The Secretary shall establish procedures for determining, as applicable with respect to an individual—
   (1) whether the individual is an eligible individual;
   (2) whether an eligible individual has sustained a covered injury or injuries for which medical benefits or compensation may be available under sections 264 and 265, and the amount of such benefits or compensation; and
   (3) whether the covered injury or injuries of an eligible individual caused the individual’s death for purposes of benefits under section 266.

(b) COVERED INDIVIDUALS.—The Secretary may accept a certification, by a Federal, State, or local government entity or private health care entity participating in the administration of covered countermeasures under the Declaration, that an individual is a covered individual.

(c) CRITERIA FOR REIMBURSEMENT.—
   (1) INJURIES SPECIFIED IN INJURY TABLE.—In any case where an injury or other adverse effect specified in the injury table established under section 263 as a known effect of a vaccine manifests in an individual within the time period specified
in such table, such injury or other effect shall be presumed to have resulted from administration of such vaccine.

(2) OTHER DETERMINATIONS.—In making determinations other than those described in paragraph (1) as to the causation or severity of an injury, the Secretary shall employ a preponderance of the evidence standard and take into consideration all relevant medical and scientific evidence presented for consideration, and may obtain and consider the views of qualified medical experts.

(d) DEADLINE FOR FILING REQUEST.—The Secretary shall not consider any request for a benefit under this part with respect to an individual, unless—

(1) in the case of a request based on the administration of the vaccine to the individual, the individual files with the Secretary an initial request for benefits or compensation under this part not later than one year after the date of administration of the vaccine; or

(2) in the case of a request based on accidental vaccinia inoculation, the individual files with the Secretary an initial request for benefits or compensation under this part not later than two years after the date of the first symptom or manifestation of onset of the adverse effect.

(e) STRUCTURED SETTLEMENTS AT SECRETARY'S OPTION.—In any case in which there is a reasonable likelihood that compensation or payment under section 264, 265, or 266(b) will be required for a period in excess of one year from the date an individual is determined eligible for such compensation or payment, the Secretary shall have the discretion to make a lump-sum payment, purchase an annuity or medical insurance policy, or execute an appropriate structured settlement agreement, provided that such payment, annuity, policy, or agreement is actuarially determined to have a value equal to the present value of the projected total amount of benefits or compensation that the individual is eligible to receive under such section or sections.

(1) ESTABLISHMENT REQUIRED.—The Secretary shall establish by interim final regulation a table identifying adverse effects (including injuries, disabilities, illnesses, conditions, and deaths) that shall be presumed to result from the administration of (or exposure to) a smallpox vaccine, and the time period in which the first symptom or manifestation of onset of each such adverse effect must manifest in order for such presumption to apply.

(2) AMENDMENTS.—The Secretary may by regulation amend the table established under paragraph (1). An amendment to the table takes effect on the date of the promulgation of the final rule that makes the amendment, and applies to all requests for benefits or compensation under this part that are filed on or after such date or are pending as of such date. In addition, the amendment applies retroactively to an individual who was not with respect to the injury involved an eligible individual under the table as in effect before the amendment but who with respect to such injury is an eligible individual under the table as amended. With respect to a request for benefits or compensation under this part by an individual who becomes an eligible individual as described in the preceding sentence, the Secretary may not provide such benefits or compensation unless the request (or amendment to a request, as applicable) is filed before the expiration of one year after the effective date of the amendment to the table in the case of an individual to whom the vaccine was administered and before the expiration of two years after such effective date in the case of a request based on accidental vaccinia inoculation.

(2)(A) In order to be approved under this subsection, an application for a grant under this subsection must contain or be supported by reasonable assurances that there has been or will be established, in or for the area with respect to which such grant is sought, an areawide health planning council. The membership of such council shall include representatives of public, voluntary, and non-profit private agencies, institutions, and organizations concerned with health (including representatives of the interests of local government of the regional medical program for such area, and of consumers of health services). A majority of the members of such council shall consist of representatives of consumers of health services.

(B) In addition, an application for a grant under this subsection must contain or be supported by reasonable assurances that the areawide health planning agency has made provision for assisting health care facilities in its area to develop a program for capital expenditures for replacement, modernization, and expansion, which is consistent with an overall State plan which will meet the needs of the State and the area for health care facilities, equipment, and
services without duplication and otherwise in the most efficient and economical manner.

(3) Certain Requirements.—A grant may be made under paragraph (1) only if—
(A) the State involved has developed, or agrees to develop, a plan for coordinating control programs in the State, and the plan takes into account any assessments or plans described in subsection (b)(3) that have been conducted or developed, respectively, by political subdivisions in the State;

(B) in developing such plan, the State consulted or will consult (as the case may be under subparagraph (A)) with political subdivisions in the State that are carrying out or planning to carry out control programs;

Homeland Security Act of 2002) to treat, identify, or prevent harm from any biological, chemical, radiological, or nuclear agent identified as a material threat under paragraph (2)(A)(ii), or to treat, identify, or prevent harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device against such an agent;

(II) the Secretary determines under paragraph (2)(B)(ii) to be a necessary countermeasure; and

(III)(aa) is approved or cleared under chapter V of the Federal Food, Drug, and Cosmetic Act or licensed under section 351 of this Act; or

(bb) is a countermeasure for which the Secretary determines that sufficient and satisfactory clinical experience or research data (including data, if available, from pre-clinical and clinical trials) support a reasonable conclusion that the countermeasure will qualify for approval or licensing within eight years after the date of a determination under paragraph (5); or

(ii) is authorized for emergency use under section 564 of the Federal Food, Drug, and Cosmetic Act.

(2) DETERMINATION OF MATERIAL THREATS.—

(A) MATERIAL THREAT.—The Homeland Security Secretary, in consultation with the Secretary and the heads of other agencies as appropriate, shall on an ongoing basis—

(B) PUBLIC HEALTH IMPACT; NECESSARY COUNTERMEASURES.—The Secretary shall on an ongoing basis—

(i) assess the potential public health consequences for the United States population of exposure to agents identified under subparagraph (A)(ii); and

(3) ASSESSMENT OF AVAILABILITY AND APPROPRIATENESS OF COUNTERMEASURES.—The Secretary, in consultation with the Homeland Security Secretary, shall assess on an ongoing basis the availability and appropriateness of specific countermeasures to address specific threats identified under paragraph (2).

(4) CALL FOR DEVELOPMENT OF COUNTERMEASURES; COMMITMENT FOR RECOMMENDATION FOR PROCUREMENT.—

(A) PROPOSAL TO THE PRESIDENT.—If, pursuant to an assessment under paragraph (3), the Homeland Security Secretary and the Secretary make a determination that a countermeasure would be appropriate but is either currently unavailable for procurement as a security countermeasure or is approved, licensed, or cleared only for alternative uses, such Secretaries may jointly submit to the President a proposal to—

(i) issue a call for the development of such countermeasure; and

(ii) make a commitment that, upon the first development of such countermeasure that meets the conditions for procurement under paragraph (5), the Secretaries will, based in part on information obtained pursuant to such call, make a recommendation under paragraph (6) that the special reserve fund under paragraph (10) be made available for the procurement of such countermeasure.

(B) COUNTERMEASURE SPECIFICATIONS.—The Homeland Security Secretary and the Secretary shall, to the extent practicable, include in the proposal under subparagraph (A)—

(i) estimated quantity of purchase (in the form of number of doses or number of effective courses of treatments regardless of dosage form);

(ii) necessary measures of minimum safety and effectiveness;

(iii) estimated price for each dose or effective course of treatment regardless of dosage form; and

(iv) other information that may be necessary to encourage and facilitate research, development, and manufacture of the countermeasure or to provide specifications for the countermeasure.

(C) PRESIDENTIAL APPROVAL.—If the President approves a proposal under subparagraph (A), the Homeland Security Secretary and the Secretary shall make known to persons who may respond to a call for the countermeasure involved—

(i) the call for the countermeasure;

(ii) specifications for the countermeasure under subparagraph (B); and

(iii) the commitment described in subparagraph (A)(i).
(5) Secretary’s determination of countermeasures appropriate for funding from special reserve fund.—

(A) IN GENERAL.—The Secretary, in accordance with the provisions of this paragraph, shall identify specific security countermeasures that the Secretary determines, in consultation with the Homeland Security Secretary, to be appropriate for inclusion in the stockpile under subsection (a) pursuant to procurements made with amounts in the special reserve fund under paragraph (10) (referred to in this subsection individually as a “procurement under this subsection”).

(B) REQUIREMENTS.—In making a determination under subparagraph (A) with respect to a security countermeasure, the Secretary shall determine and consider the following:

(i) The quantities of the product that will be needed to meet the needs of the stockpile.
(ii) The feasibility of production and delivery within eight years of sufficient quantities of the product.
(iii) Whether there is a lack of a significant commercial market for the product at the time of procurement, other than as a security countermeasure.

(6) RECOMMENDATION FOR PRESIDENT’S APPROVAL.—

(A) RECOMMENDATION FOR PROCUREMENT.—In the case of a security countermeasure that the Secretary has, in accordance with paragraphs (3) and (5), determined to be appropriate for procurement under this subsection, the Homeland Security Secretary and the Secretary shall jointly submit to the President, in coordination with the Director of the Office of Management and Budget, a recommendation that the special reserve fund under paragraph (10) be made available for the procurement of such countermeasure.

(B) PRESIDENTIAL APPROVAL.—The special reserve fund under paragraph (10) is available for a procurement of a security countermeasure only if the President has approved a recommendation under subparagraph (A) regarding the countermeasure.

(C) NOTICE TO DESIGNATED CONGRESSIONAL COMMITTEES.—The Secretary and the Homeland Security Secretary shall notify the designated congressional committees of each decision of the President to approve a recommendation under subparagraph (A). Such notice shall include an explanation of the decision to make available the special reserve fund under paragraph (10) for procurement of such a countermeasure, including, where available, the number of, nature of, and other information concerning potential suppliers of such countermeasure, and whether other potential suppliers of the same or similar countermeasures were considered and rejected for procurement under this section and the reasons therefor.

(D) SUBSEQUENT SPECIFIC COUNTERMEASURES.—Procurement under this subsection of a security counter-
measure for a particular purpose does not preclude the subsequent procurement under this subsection of any other security countermeasure for such purpose if the Secretary has determined under paragraph (5)(A) that such countermeasure is appropriate for inclusion in the stockpile and if, as determined by the Secretary, such countermeasure provides improved safety or effectiveness, or for other reasons enhances preparedness to respond to threats of use of a biological, chemical, radiological, or nuclear agent. Such a determination by the Secretary is committed to agency discretion.

(E) RULE OF CONSTRUCTION.—Recommendations and approvals under this paragraph apply solely to determinations that the special reserve fund under paragraph (10) will be made available for a procurement of a security countermeasure, and not to the substance of contracts for such procurement or other matters relating to awards of such contracts.

(7) PROCUREMENT.—

(A) IN GENERAL.—For purposes of a procurement under this subsection that is approved by the President under paragraph (6), the Homeland Security Secretary and the Secretary shall have responsibilities in accordance with subparagraphs (B) and (C).

(B) INTERAGENCY AGREEMENT; COSTS.—

(i) INTERAGENCY AGREEMENT.—The Homeland Security Secretary shall enter into an agreement with the Secretary for procurement of a security countermeasure in accordance with the provisions of this paragraph. The special reserve fund under paragraph (10) shall be available for payments made by the Secretary to a vendor for such procurement.

(ii) OTHER COSTS.—The actual costs to the Secretary under this section, other than the costs described in clause (i), shall be paid from the appropriation provided for under subsection (f)(1).

(C) PROCUREMENT.—

(i) IN GENERAL.—The Secretary shall be responsible for—

(I) arranging for procurement of a security countermeasure, including negotiating terms (including quantity, production schedule, and price) of, and entering into, contracts and cooperative agreements, and for carrying out such other activities as may reasonably be required, in accordance with the provisions of this subparagraph; and

(II) promulgating such regulations as the Secretary determines necessary to implement the provisions of this subsection.

(ii) CONTRACT TERMS.—A contract for procurements under this subsection shall (or, as specified below, may) include the following terms:
(I) PAYMENT CONDITIONED ON DELIVERY.—The contract shall provide that no payment may be made until delivery has been made of a portion, acceptable to the Secretary, of the total number of units contracted for, except that, notwithstanding any other provision of law, the contract may provide that, if the Secretary determines (in the Secretary’s discretion) that an advance payment is necessary to ensure success of a project, the Secretary may pay an amount, not to exceed 10 percent of the contract amount, in advance of delivery. The contract shall provide that such advance payment is required to be repaid if there is a failure to perform by the vendor under the contract. Nothing in this subclause may be construed as affecting rights of vendors under provisions of law or regulation (including the Federal Acquisition Regulation) relating to termination of contracts for the convenience of the Government.

(II) DISCOUNTED PAYMENT.—The contract may provide for a discounted price per unit of a product that is not licensed, cleared, or approved as described in paragraph (1)(B)(i)(III)(aa) at the time of delivery, and may provide for payment of an additional amount per unit if the product becomes so licensed, cleared, or approved before the expiration date of the contract (including an additional amount per unit of product delivered before the effective date of such licensing, clearance, or approval).

(III) CONTRACT DURATION.—The contract shall be for a period not to exceed five years, except that, in first awarding the contract, the Secretary may provide for a longer duration, not exceeding eight years, if the Secretary determines that complexities or other difficulties in performance under the contract justify such a period. The contract shall be renewable for additional periods, none of which shall exceed five years.

(IV) STORAGE BY VENDOR.—The contract may provide that the vendor will provide storage for stocks of a product delivered to the ownership of the Federal Government under the contract, for such period and under such terms and conditions as the Secretary may specify, and in such case amounts from the special reserve fund under paragraph (10) shall be available for costs of shipping, handling, storage, and related costs for such product.

(V) PRODUCT APPROVAL.—The contract shall provide that the vendor seek approval, clearance, or licensing of the product from the Secretary; for a timetable for the development of data and other information to support such approval, clearance,
or licensing; and that the Secretary may waive part or all of this contract term on request of the vendor or on the initiative of the Secretary.

(VI) NON-STOCKPILE TRANSFERS OF SECURITY COUNTERMEASURES.—The contract shall provide that the vendor will comply with all applicable export-related controls with respect to such countermeasure.

(iii) AVAILABILITY OF SIMPLIFIED ACQUISITION PROCEDURES.—

(I) IN GENERAL.—If the Secretary determines that there is a pressing need for a procurement of a specific countermeasure, the amount of the procurement under this subsection shall be deemed to be below the threshold amount specified in section 4(11) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(11)), for purposes of application to such procurement, pursuant to section 302A(a) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 252a(a)), of—

(aa) section 303(g)(1)(A) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(g)(1)(A)) and its implementing regulations; and

(bb) section 302A(b) of such Act (41 U.S.C. 252a(b)) and its implementing regulations.

(II) APPLICATION OF CERTAIN PROVISIONS.—Notwithstanding subclause (I) and the provision of law and regulations referred to in such clause, each of the following provisions shall apply to procurements described in this clause to the same extent that such provisions would apply to such procurements in the absence of subclause (I):

(aa) Chapter 37 of title 40, United States Code (relating to contract work hours and safety standards).

(bb) Subsections (a) and (b) of section 7 of the Anti-Kickback Act of 1986 (41 U.S.C. 57(a) and (b)).

(dd) Section 3131 of title 40, United States Code (relating to bonds of contractors of public buildings or works).

(ee) Subsection (a) of section 304 of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 254(a)) (relating to contingent fees to middlemen).

(IV) AUTHORITY TO LIMIT COMPETITION.—In conducting a procurement under this subparagraph, the Secretary may not use the authority provided for under subclause (I) to conduct a procurement on a basis other than full and open competition unless the Secretary determines that the mission of the BioShield Program under the Project BioShield Act of 2004 would be seriously impaired without such a limitation.

(iv) PROCEDURES OTHER THAN FULL AND OPEN COMPETITION.—

(I) IN GENERAL.—In using the authority provided in section 303(c)(1) of title III of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(c)(1)) to use procedures other than competitive procedures in the case of a procurement under this subsection, the phrase “available from only one responsible source” in such section 303(c)(1) shall be deemed to mean “available from only one responsible source or only from a limited number of responsible sources”.

(II) RELATION TO OTHER AUTHORITIES.—The authority under subclause (I) is in addition to any other authority to use procedures other than competitive procedures.

(III) APPLICABLE GOVERNMENT-WIDE REGULATIONS.—The Secretary shall implement this clause in accordance with government-wide regulations implementing such section 303(c)(1) (including requirements that offers be solicited from as many potential sources as is practicable under the circumstances, that required notices be published, and that submitted offers be considered), as such regulations apply to procurements for which an agency has authority to use procedures other than competitive procedures when the property or services needed by the agency are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the agency.
(v) Premium Provision in Multiple Award Contracts.—

(I) In general.—If, under this subsection, the Secretary enters into contracts with more than one vendor to procure a security countermeasure, such Secretary may, notwithstanding any other provision of law, include in each of such contracts a provision that—

(aa) identifies an increment of the total quantity of security countermeasure required, whether by percentage or by numbers of units; and

(bb) promises to pay one or more specified premiums based on the priority of such vendors' production and delivery of the increment identified under item (aa), in accordance with the terms and conditions of the contract.

(II) Determination of Government's Requirement Not Reviewable.—If the Secretary includes in each of a set of contracts a provision as described in subclause (I), such Secretary's determination of the total quantity of security countermeasure required, and any amendment of such determination, is committed to agency discretion.

(vi) Extension of Closing Date for Receipt of Proposals Not Reviewable.—A decision by the Secretary to extend the closing date for receipt of proposals for a procurement under this subsection is committed to agency discretion.

(vii) Limiting Competition to Sources Responding to Request for Information.—In conducting a procurement under this subsection, the Secretary may exclude a source that has not responded to a request for information under section 303A(a)(1)(B) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253a(a)(1)(B)) if such request has given notice that the Secretary may so exclude such a source.

(B) CRITERIA.—In carrying out subparagraph (A), the Secretary shall prescribe criteria for determining the specific shortages of personal health services of an area or population group. Such criteria shall—

(i) take into account comments received by the Secretary from the chief executive officer of a State and local officials in a State; and

(ii) include factors indicative of the health status of a population group or residents of an area, the ability of the residents of an area or of a population group to pay for health services and their accessibility to them, and the availability of health professionals to residents of an area or to a population group.

(C) LIMITATION.—The Secretary may not designate a medically underserved population in a State or terminate the designation of such a population unless, prior to such designation or termination, the Secretary provides reasonable notice and opportunity for comment and consults with—

(i) the chief executive officer of such State;

(ii) local officials in such State; and

(iii) the organization, if any, which represents a majority of health centers in such State.

(D) PERMISSIBLE DESIGNATION.—The Secretary may designate a medically underserved population that does not meet the criteria established under subparagraph (B) if the chief executive officer of the State in which such population is located and local officials of such State recommend the designation of such population based on unusual local conditions which are a barrier to access to or the availability of personal health services.

(c) PLANNING GRANTS.—

(1) IN GENERAL.—

(A) CENTERS.—The Secretary may make grants to public and nonprofit private entities for projects to plan and develop health centers which will serve medically underserved populations. A project for which a grant may be made under this subsection may include the cost of the acquisition and lease of buildings and equipment (including the costs of amortizing the principal of, and paying the interest on, loans) and shall include—

(i) an assessment of the need that the population proposed to be served by the health center for which the project is undertaken has for required primary health services and additional health services;

(ii) the design of a health center program for such population based on such assessment;

(iii) efforts to secure, within the proposed catchment area of such center, financial and professional assistance and support for the project;

(v) proposed linkages between the center and other appropriate provider entities, such as health departments, local hospitals, and rural health clinics, to provide better coordinated, higher quality, and more cost-effective health care services.

(B) MANAGED CARE NETWORKS AND PLANS.—The Secretary may make grants to health centers that receive assistance under this section to enable the centers to plan and develop a managed care network or plan. Such a grant may only be made for such a center if—

(i) the center has received grants under subsection (e)(1)(A) for at least 2 consecutive years preceding the year of the grant under this subparagraph or has otherwise demonstrated, as required by the Secretary, that such center has been providing primary care services for at least the 2 consecutive years immediately preceding such year; and

(ii) the center provides assurances satisfactory to the Secretary that the provision of such services on a prepaid basis, or under another managed care arrangement, will not result in the diminution of the level or quality of health services provided to the medically underserved population served prior to the grant under this subparagraph.

(C) PRACTICE MANAGEMENT NETWORKS.—The Secretary may make grants to health centers that receive assistance under this section to enable the centers to plan and develop practice management networks that will enable the centers to—

(ii) improve access to, and availability of, health care services provided to individuals served by the centers;

(iii) enhance the quality and coordination of health care services; or

(iv) improve the health status of communities.

(2) LIMITATION.—Not more than two grants may be made under this subsection for the same project, except that upon a
showing of good cause, the Secretary may make additional grant awards.

(d) Loan Guarantee Program.—

(1) Establishment.—

(A) In general.—The Secretary shall establish a program under which the Secretary may, in accordance with this subsection and to the extent that appropriations are provided in advance for such program, guarantee up to 90 percent of the principal and interest on loans made by non-Federal lenders to health centers, funded under this section, for the costs of developing and operating managed care networks or plans described in subsection (c)(1)(B), or practice management networks described in subsection (c)(1)(C).

(B) Use of funds.—Loan funds guaranteed under this subsection may be used—

(i) to establish reserves for the furnishing of services on a pre-paid basis;

(ii) for costs incurred by the center or centers, otherwise permitted under this section, as the Secretary determines are necessary to enable a center or centers to develop, operate, and own the network or plan; or

(iii) to refinance an existing loan (as of the date of refinancing) to the center or centers, if the Secretary determines—

(I) that such refinancing will be beneficial to the health center and the Federal Government; or

(II) that the center (or centers) can demonstrate an ability to repay the refinanced loan equal to or greater than the ability of the center (or centers) to repay the original loan on the date the original loan was made.

(C) Publication of guidance.—Prior to considering an application submitted under this subsection, the Secretary shall publish guidelines to provide guidance on the implementation of this section. The Secretary shall make such guidelines available to the universe of parties affected under this subsection, distribute such guidelines to such parties upon the request of such parties, and provide a copy of such guidelines to the appropriate committees of Congress.

(2) Protection of financial interests.—
(A) IN GENERAL.—The Secretary may not approve a loan guarantee for a project under this subsection unless the Secretary determines that—

(i) the terms, conditions, security (if any), and schedule and amount of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable, including a determination that the rate of interest does not exceed such percent per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States, except that the Secretary may not require as security any center asset that is, or may be, needed by the center or centers involved to provide health services;

(ii) the loan would not be available on reasonable terms and conditions without the guarantee under this subsection; and

(iii) amounts appropriated for the program under this subsection are sufficient to provide loan guarantees under this subsection.

(B) RECOVERY OF PAYMENTS.—

(i) IN GENERAL.—The United States shall be entitled to recover from the applicant for a loan guarantee under this subsection the amount of any payment made pursuant to such guarantee, unless the Secretary for good cause waives such right of recovery (subject to appropriations remaining available to permit such a waiver) and, upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made. Amounts recovered under this clause shall be credited as reimbursements to the financing account of the program.

(ii) MODIFICATION OF TERMS AND CONDITIONS.—To the extent permitted by clause (iii) and subject to the requirements of section 504(e) of the Credit Reform Act of 1990 (2 U.S.C. 661c(e)), any terms and conditions applicable to a loan guarantee under this subsection (including terms and conditions imposed under clause (iv)) may be modified or waived by the Secretary to the extent the Secretary determines it to be consistent with the financial interest of the United States.

(iii) INCONTESTABILITY.—Any loan guarantee made by the Secretary under this subsection shall be incontestable—

(I) in the hands of an applicant on whose behalf such guarantee is made unless the applicant engaged in fraud or misrepresentation in securing such guarantee; and

(II) as to any person (or successor in interest) who makes or contracts to make a loan to such
applicant in reliance thereon unless such person (or successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

(iv) FURTHER TERMS AND CONDITIONS.—Guarantees of loans under this subsection shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the purposes of this section will be achieved.

(A) IN GENERAL.—The Secretary shall collect a loan origination fee with respect to loans to be guaranteed under this subsection, except as provided in subparagraph (C).

(B) AMOUNT.—The amount of a loan origination fee collected by the Secretary under subparagraph (A) shall be equal to the estimated long term cost of the loan guarantees involved to the Federal Government (excluding administrative costs), calculated on a net present value basis, after taking into account any appropriations that may be made for the purpose of offsetting such costs, and in accordance with the criteria used to award loan guarantees under this subsection.

(C) WAIVER.—The Secretary may waive the loan origination fee for a health center applicant who demonstrates to the Secretary that the applicant will be unable to meet the conditions of the loan if the applicant incurs the additional cost of the fee.

(4) DEFAULTS.—

(A) IN GENERAL.—Subject to the requirements of the Credit Reform Act of 1990 (2 U.S.C. 661 et seq.), the Secretary may take such action as may be necessary to prevent a default on a loan guaranteed under this subsection, including the waiver of regulatory conditions, deferral of loan payments, renegotiation of loans, and the expenditure of funds for technical and consultative assistance, for the temporary payment of the interest and principal on such a loan, and for other purposes. Any such expenditure made under the preceding sentence on behalf of a health center or centers shall be made under such terms and conditions as the Secretary shall prescribe, including the implementation of such organizational, operational, and financial reforms as the Secretary determines are appropriate and the disclosure of such financial or other information as the Secretary may require to determine the extent of the implementation of such reforms.

(B) FORECLOSURE.—The Secretary may take such action, consistent with State law respecting foreclosure procedures and, with respect to reserves required for furnishing services on a prepaid basis, subject to the consent of the affected States, as the Secretary determines appropriate to protect the interest of the United States in the event of a default on a loan guaranteed under this subsection, except that the Secretary may only foreclose on as-
sets offered as security (if any) in accordance with para-
graph (2)(A)(i).
(5) LIMITATION.—Not more than one loan guarantee may
be made under this subsection for the same network or plan,
except that upon a showing of good cause the Secretary may
make additional loan guarantees.

ized to be appropriated to carry out this subsection such sums
as may be necessary.

centers, directly to a network or plan (as described in sub-
paragraphs (B) and (C) of subsection (c)(1)) that is at least
majority controlled and, as applicable, at least majority
owned by such health centers receiving assistance under
this section, for the costs associated with the operation of
such network or plan, including the purchase or lease of
equipment (including the costs of amortizing the principal
of, and paying the interest on, loans for equipment).
(2) USE OF FUNDS.—The costs for which a grant may be
made under subparagraph (A) or (B) of paragraph (1) may in-
clude the costs of acquiring and leasing buildings and equip-
ment (including the costs of amortizing the principal of, and
paying interest on, loans), and the costs of providing training
related to the provision of required primary health services
and additional health services and to the management of
health center programs.
(3) CONSTRUCTION.—The Secretary may award grants
which may be used to pay the costs associated with expanding
and modernizing existing buildings or constructing new build-
ings (including the costs of amortizing the principal of, and
paying the interest on, loans) for projects approved prior to Oc-
tober 1, 1996.
(4) LIMITATION.—Not more than two grants may be made
under subparagraph (B) of paragraph (1) for the same entity.
(5) AMOUNT.—
(A) IN GENERAL.—The amount of any grant made in
any fiscal year under subparagraphs (A) and (B) of para-
graph (1) to a health center shall be determined by the
Secretary, but may not exceed the amount by which the
costs of operation of the center in such fiscal year exceed
the total of—
  (i) State, local, and other operational funding pro-
vided to the center; and
  (ii) the fees, premiums, and third-party reimburse-
ments, which the center may reasonably be expected
to receive for its operations in such fiscal year.
(B) NETWORKS AND PLANS.—The total amount of grant
funds made available for any fiscal year under paragraph
(1)(C) and subparagraphs (B) and (C) of subsection (c)(1) to

the total amount appropriated under this section for such
fiscal year.
(C) PAYMENTS.—Payments under grants under sub-
paragraph (A) or (B) of paragraph (1) shall be made in ad-
vance or by way of reimbursement and in such install-
ments as the Secretary finds necessary and adjustments
may be made for overpayments or underpayments.
(D) USE OF NONGRANT FUNDS.—Nongrant funds de-
scribed in clauses (i) and (ii) of subparagraph (A), includ-
ing any such funds in excess of those originally expected,
shall be used as permitted under this section, and may be
used for such other purposes as are not specifically prohib-
ited under this section if such use furthers the objectives
of the project.
(f) INFANT MORTALITY GRANTS.—
(1) IN GENERAL.—The Secretary may make grants to
health centers for the purpose of assisting such centers in—
  (A) providing comprehensive health care and support
services for the reduction of—
    (i) the incidence of infant mortality; and

Secretary shall give priority to health centers providing serv-
ces to any medically underserved population among which
there is a substantial incidence of infant mortality or among
which there is a significant increase in the incidence of infant
mortality.
(3) REQUIREMENTS.—The Secretary may make a grant
under this subsection only if the health center involved agrees that—
  (A) the center will coordinate the provision of services
under the grant to each of the recipients of the services;
  (B) such services will be continuous for each such re-
cipient;
  (C) the center will provide follow-up services for indi-

(3) The Secretary may provide, to health professional shortage areas to which no Corps member has been assigned, (A) technical assistance to assist in the recruitment of health manpower for such areas, and (B) current information on public and private programs which provide assistance in the securing of health manpower.

(4)(A) The Secretary shall undertake to demonstrate the improvements that can be made in the assignment of members of the Corps to health professional shortage areas and in the delivery of health care by Corps members in such areas through coordination with States, political subdivisions of States, agencies of States and political subdivisions, and other public and private entities which have expertise in the planning, development, and operation of centers for the delivery of primary health care. In carrying out this subparagraph, the Secretary shall enter into agreements with qualified entities which provide that if—

(i) the entity places in effect a program for the planning, development, and operation of centers for the delivery of primary health care in health professional shortage areas which reasonably addresses the need for such care in such areas, and

(ii) under the program the entity will perform the functions described in subparagraph (B),

the Secretary will assign under this section members of the Corps in accordance with the program.

(B) For purposes of subparagraph (A), the term “qualified entity” means a State, political subdivision of a State, an agency of a State or political subdivision, or other public or private entity operating solely within one State, which the Secretary determines is able—

(i) to analyze the potential use of health professions personnel in defined health services delivery areas by the residents of such areas;
(ii) to determine the need for such personnel in such areas and to recruit, select, and retain health professions personnel (including members of the National Health Service Corps) to meet such need;

      (i) serves a health professional shortage area described in subparagraph (A);

      (ii) coordinates the delivery of primary health services with related health and social services;

(1) Proposed List.—The Secretary shall prepare and publish a proposed list of health professional shortage areas and entities that would receive priority under subsection (a)(1) in the assignment of Corps members. The list shall contain the information described in paragraph (2), and the relative scores and relative priorities of the entities submitting applications under section 333, in a proposed format. All such entities shall have 30 days after the date of publication of the list to provide additional data and information in support of inclusion on the list or in support of a higher priority determination and the Secretary shall reasonably consider such data and information in preparing the final list under paragraph (2).

(2) Preparation of List for Applicable Period.—For the purpose of carrying out paragraph (3), the Secretary shall prepare and, as appropriate, update a list of health professional shortage areas and entities that are receiving priority under subsection (a)(1) in the assignment of Corps members. Such list—

(A) shall include a specification, for each such health professional shortage area, of the entities for which the Secretary has provided an authorization to receive assignments of Corps members in the event that Corps members are available for the assignments; and

(B) shall, of the entities for which an authorization described in subparagraph (A) has been provided, specify—

(4) REVISIONS.—If the Secretary proposes to make a revision in the list under paragraph (2), and the revision would adversely alter the status of an entity with respect to the list, the Secretary shall notify the entity of the revision. Any entity adversely affected by such a revision shall be notified in writing by the Secretary of the reasons for the revision and shall have 30 days from such notification to file a written appeal of the determination involved which shall be reasonably considered by the Secretary before the revision to the list becomes final. The revision to the list shall be effective with respect to assignment of Corps members beginning on the date that the revision becomes final.

(a) AVAILABILITY OF SERVICES REGARDLESS OF ABILITY TO PAY OR PAYMENT SOURCE.—An entity to which a Corps member is assigned shall not deny requested health care services, and shall not discriminate in the provision of services to an individual—

(1) because the individual is unable to pay for the services; or

(2) because payment for the services would be made under—

(A) the medicare program under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.); or

(B) the medicaid program under title XIX of such Act (42 U.S.C. 1396 et seq.); or

(b) CHARGES FOR SERVICES.—The following rules shall apply to charges for health care services provided by an entity to which a Corps member is assigned:

(1) IN GENERAL.—
   (A) SCHEDULE OF FEES OR PAYMENTS.—Except as provided in paragraph (2), the entity shall prepare a schedule of fees or payments for the entity’s services, consistent with locally prevailing rates or charges and designed to cover the entity’s reasonable cost of operation.
   (B) SCHEDULE OF DISCOUNTS.—Except as provided in paragraph (2), the entity shall prepare a corresponding schedule of discounts (including, in appropriate cases, waivers) to be applied to the payment of such fees or payments. In preparing the schedule, the entity shall adjust the discounts on the basis of a patient’s ability to pay.
   (C) USE OF SCHEDULES.—The entity shall make every reasonable effort to secure from patients fees and payments for services in accordance with such schedules, and fees or payments shall be sufficiently discounted in accordance with the schedule described in subparagraph (B).

(2) SERVICES TO BENEFICIARIES OF FEDERAL AND FEDERALLY ASSISTED PROGRAMS.—In the case of health care services furnished to an individual who is a beneficiary of a program listed in subsection (a)(2), the entity—

SEC. 335. [254h] (a) In providing health services in a health professional shortage area, Corps members shall utilize the techniques, facilities, and organizational forms most appropriate for the area, population group, medical facility, or other public facility, and shall, to the maximum extent feasible, provide such services (1) to all individuals in, or served by, such health professional shortage area regardless of their ability to pay for the services, and (2) in
a manner which is cooperative with other health care providers serving such health professional shortage area.

(b)(1) Notwithstanding any other provision of law, the Secretary may (A) to the maximum extent feasible make such arrangements as he determines necessary to enable Corps members to utilize the health facilities in or serving the health professional shortage area in providing health services; (B) make such arrangements as he determines are necessary for the use of equipment and supplies of the Service and for the lease or acquisition of other equipment and supplies; and (C) secure the permanent or temporary services of physicians, dentists, nurses, administrators, and other health personnel. If there are no health facilities in or serving such area, the Secretary may arrange to have Corps members provide health services in the nearest health facilities of the Service or may lease or otherwise provide facilities in or serving such area for the provision of health services.

(2) If the individuals in or served by a health professional shortage area are being served (as determined under regulations of the Secretary) by a hospital or other health care delivery facility of the Service, the Secretary may, in addition to such other arrangements as he may make under paragraph (1), arrange for the utilization of such hospital or facility by Corps members in providing health services, but only to the extent that such utilization will not impair the delivery of health services and treatment through such hospital or facility to individuals who are entitled to health services and treatment through such hospital or facility.

(c) The Secretary may make one loan to any entity with an approved application under section 333 to assist such entity in meeting the costs of (1) establishing medical, dental, or other health profession practices, including the development of medical practice management systems; (2) acquiring equipment for use in providing health services; and (3) renovating buildings to establish health facilities. No loan may be made under this subsection unless an application therefor is submitted to, and approved by, the Secretary. The amount of any such loan shall be determined by the Secretary, except that no such loan may exceed $50,000.

(d) Upon the expiration of the assignment of all Corps members to a health professional shortage area, the Secretary may (notwithstanding any other provision of law) sell, to any appropriate local entity, equipment and other property of the United States utilized by such members in providing health services. Sales made under this subsection shall be made at the fair market value (as determined by the Secretary) of the equipment or such other property; except that the Secretary may make such sales for a lesser value to an appropriate local entity, if he determines that the entity is financially unable to pay the full market value.

(e)(1)(A) It shall be unlawful for any hospital to deny an authorized Corps member admitting privileges when such Corps member otherwise meets the professional qualifications established by the hospital for granting such privileges and agrees to abide by the published bylaws of the hospital and the published bylaws, rules, and regulations of its medical staff.

(B) Any hospital which is found by the Secretary, after notice and an opportunity for a hearing on the record, to have violated
this subsection shall upon such finding cease, for a period to be
determined by the Secretary, to receive and to be eligible to receive
any Federal funds under this Act or under titles XVIII, XIX, or XXI
of the Social Security Act.

(2) For purposes of this subsection, the term “hospital” includes
a State or local public hospital, a private profit hospital, a private
nonprofit hospital, a general or special hospital, and any other type

Corps member to an entity that has had an application approved
under section 333, the Secretary shall, subject to making the
assignment in accordance with section 333A, seek to assign to the
entity a Corps member who has (and whose spouse, if any, has)
characteristics that increase the probability that the member will
remain in the health professional shortage area involved after the
completion of the period of service in the Corps.

(b) COUNSELING ON SERVICE IN CORPS.—

(1) IN GENERAL.—The Secretary shall, subject to paragraph
(3), offer appropriate counseling on service in the Corps to indi-

larly during the initial period of each assignment.

(2) CAREER ADVISOR REGARDING OBLIGATED SERVICE.—

(A) In the case of individuals who have entered into
contracts for obligated service under the Scholarship or
Loan Repayment Program, counseling under paragraph (1)
shall include appropriate counseling on matters particular
to such obligated service. The Secretary shall ensure that
career advisors for providing such counseling are available
to such individuals throughout the period of participation
in the Scholarship or Loan Repayment Program.

(B) With respect to the Scholarship Program, coun-
seling under paragraph (1) shall include counseling indi-
viduals during the period in which the individuals are pur-

(2) ASSUMPTION OF DUTIES OF MEMBER.—

(A) Temporary relief under paragraph (1) may be provided only if the duties of the Corps member involved are assumed by another health professional. With respect to such temporary relief, the duties may be assumed by Corps members or by health professionals who are not Corps members, if the Secretary approves the professionals for such purpose. Any health professional so approved by the Secretary shall, during the period of providing such temporary relief, be deemed to be a Corps member for purposes of section 224 (including for purposes of the remedy described in such section), section 333(f), and section 335(e).

(B) In carrying out paragraph (1), the Secretary shall provide for the formation and continued existence of a group of health professionals to provide temporary relief under such paragraph.

(3) RECRUITMENT FROM GENERAL HEALTH PROFESSIONS COMMUNITY.—In carrying out paragraph (1), the Secretary shall—

(4) LIMITATION.—In carrying out paragraph (1), the Secretary may not, except as provided in paragraph (5), obligate any amounts (other than for incidental expenses) for the purpose of—

(B) paying the costs of a vacation, or other interests that a Corps member may pursue during the period of temporary relief under such paragraph.

(5) SOLE PROVIDERS OF HEALTH SERVICES.—In the case of any Corps member who is the sole provider of health services in the geographic area involved, the Secretary may, from amounts appropriated under section 338, obligate on behalf of the member such sums as the Secretary determines to be necessary for purposes of providing temporary relief under paragraph (1).

(f) DETERMINATIONS REGARDING EFFECTIVE SERVICE.—In carrying out subsection (a) and sections 338A(d) and 338B(d), the Secretary shall carry out activities to determine—

(2) the number of applications filed under section 333 in such year for assignment of Corps members and the action taken on each such application;

(3) the number and types of Corps members assigned in such year to health professional shortage areas, the number and types of additional Corps members which the Secretary estimates will be assigned to such areas in the subsequent year, and the need for additional members for the Corps;

1So in law. Probably should be “health professional shortage areas”. See section 401 of Public Law 101–597 (104 Stat. 3035).
(4) the recruitment efforts engaged in for the Corps in such year and the number of qualified individuals who applied for service in the Corps in such year;

(b)(1) Members of the Council shall be appointed for a term of three years, except that any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member’s predecessor was appointed shall be appointed for the remainder of such term. No member shall be removed, except for cause. Members may not be reappointed to the Council.

(2) Members of the Council (other than members who are officers or employees of the United States), while attending meetings or conferences thereof or otherwise serving on the business of the Council, shall be entitled to receive for each day (including travel-time) in which they are so serving compensation at a rate fixed by the Secretary (but not to exceed the daily equivalent of the annual rate of basic pay in effect for grade GS–18 of the General Schedule); and while so serving away from their homes or regular places of business all members may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 of the United States Code for persons in the Government service employed intermittently.

1There is no antecedent reference to “agreements”. Formerly, paragraph (8) contained the clause “the amount which was collected in such year by entities in accordance with agreements under section 334.” Section 307(b) of Public Law 107–251 (116 Stat. 1649) struck “agreements under” in that clause.

(ii) During the period in which a health professional is planning and making the transition to private practice from obligated service under the Scholarship Program, the Secretary may provide assistance to the professional regarding such transition if the professional is remaining in a health professional shortage area and is continuing to provide primary health services.

(C) In the case of entities to which participants in the Scholarship Program are assigned under section 333, the Secretary shall encourage the entities to provide options with respect to assisting the participants in remaining in the health professional shortage areas involved, and in continuing to provide primary health services, after the period of obligated service under the Scholarship Program is completed. (B) second, to any application for such a contract submitted by an individual who has characteristics that increase the probability that the individual will continue to serve in a health professional shortage area after the period of obligated service pursuant to subsection (f) is completed; and

(C) third, subject to subparagraph (B), to any application for such a contract submitted by an individual who is from a disadvantaged background.

(e)(1) An individual becomes a participant in the Scholarship Program only upon the Secretary's approval of the individual's application submitted under subsection (b)(3) and the Secretary's acceptance of the contract submitted by the individual under subsection (b)(4).

(2) The Secretary shall provide written notice to an individual promptly upon the Secretary's approving, under paragraph (1), of the individual’s participation in the Scholarship Program.

(3) a statement of the damages to which the United States is entitled, under section 338E for the individual’s breach of the contract; and

(A) the Secretary shall consider the extent of the demonstrated interest of the applicants for the contracts in providing primary health services; and

(2) In providing contracts under the Loan Repayment Program, the Secretary shall give priority—

(A) to any application for such a contract submitted by an individual whose training is in a health profession or specialty determined by the Secretary to be needed by the Corps;

(B) to any application for such a contract submitted by an individual who has (and whose spouse, if any, has) characteristics that increase the probability that the individual will continue to serve in a health professional shortage area after the period of obligated service pursuant to subsection (f) is completed; and

(C) subject to subparagraph (B), to any application for such a contract submitted by an individual who is from a disadvantaged background.

(e) APPROVAL REQUIRED FOR PARTICIPATION.—An individual becomes a participant in the Loan Repayment Program only upon the Secretary and the individual entering into a written contract described in subsection (f).

(iv) to serve for a time period (hereinafter in this subpart referred to as the “period of obligated service”) equal to 2 years or such longer period as the individual may agree to, as a provider of primary health

(2) PAYMENTS FOR YEARS SERVED.—

(A) IN GENERAL.—For each year of obligated service that an individual contracts to serve under subsection (f) the Secretary may pay up to $35,000 on behalf of the individual for loans described in paragraph (1). In making a determination of the amount to pay for a year of such service by an individual, the Secretary shall consider the extent to which each such determination—

(i) affects the ability of the Secretary to maximize the number of contracts that can be provided under the Loan Repayment Program from the amounts appropriated for such contracts;

(ii) provides an incentive to serve in health professional shortage areas with the greatest such shortages; and

(iii) provides an incentive with respect to the health professional involved remaining in a health professional shortage area, and continuing to provide
primary health services, after the completion of the period of obligated service under the Loan Repayment Program.

(B) REPAYMENT SCHEDULE.—Any arrangement made by the Secretary for the making of loan repayments in accordance with this subsection shall provide that any repayments for a year of obligated service shall be made no later than the end of the fiscal year in which the individual completes such year of service.

(A) as a member of the Corps who is a commissioned officer in the Regular or Reserve Corps of the Service or who is a civilian employee of the United States, or

(B) as a member of the Corps who is not such an officer or employee,

and shall notify such individual of such determination.

(2) If the Secretary determines that an individual shall provide obligated service as a member of the Corps who is a commissioned officer in the Service or a civilian employee of the United States, the Secretary shall, not later than sixty days before the date described in paragraph (5), provide such individual with sufficient
information regarding the advantages and disadvantages of service as such a commissioned officer or civilian employee to enable the individual to make a decision on an informed basis. To be eligible to provide obligated service as a commissioned officer in the Service, an individual shall notify the Secretary, not later than thirty days before the date described in paragraph (5), of the individual's desire to provide such service as such an officer. If an individual qualifies for an appointment as such an officer, the Secretary shall, as soon as possible after the date described in paragraph (5), appoint the individual as a commissioned officer of the Regular or Reserve Corps of the Service and shall designate the individual as a member of the Corps.

(3) If an individual provided notice by the Secretary under paragraph (2) does not qualify for appointment as a commissioned officer in the Service, the Secretary shall, as soon as possible after the date described in paragraph (5), appoint such individual as a civilian employee of the United States and designate the individual as a member of the Corps.

(4) If the Secretary determines that an individual shall provide obligated service as a member of the Corps who is not an employee of the United States, the Secretary shall, as soon as possible after the date described in paragraph (5), designate such individual as a member of the Corps to provide such service.

(5)(A) In the case of the Scholarship Program, the date referred to in paragraphs (1) through (4) shall be the date on which the individual completes the training required for the degree for which the individual receives the scholarship, except that—

(i) for an individual receiving such a degree after September 30, 2000, from a school of medicine or osteopathic medicine, such date shall be the date the individual completes a residency in a specialty that the Secretary determines is consistent with the needs of the Corps; and

(ii) at the request of an individual, the Secretary may, consistent with the needs of the Corps, defer such date until the end of a period of time required for the individual to complete advanced training (including an internship or residency).

(B) No period of internship, residency, or other advanced clinical training shall be counted toward satisfying a period of obligated service under this subpart.

(C) In the case of the Loan Repayment Program, if an individual is required to provide obligated service under such Program, the date referred to in paragraphs (1) through (4)—

(c) An individual shall be considered to have begun serving a period of obligated service—
   (1) on the date such individual is appointed as an officer in a Regular or Reserve Corps of the Service or is designated as a member of the Corps under subsection (b)(3) or (b)(4), or
   (2) in the case of an individual who has entered into an agreement with the Secretary under section 338D, on the date specified in such agreement,
whichever is earlier.

(d) The Secretary shall assign individuals performing obligated service in accordance with a written contract under the Scholarship Program to health professional shortage areas in accordance with sections 331 through 335 and sections 337 and 338. If the Secretary determines that there is no need in a health professional shortage area (designated under section 332) for a member of the profession in which an individual is obligated to provide service under a written contract and if such individual is an officer in the Service or a civilian employee of the United States, the Secretary may detail such individual to serve his period of obligated service as a full-time member of such profession in such unit of the Department as the Secretary may determine.

(B) contain such additional provisions as the Secretary may require to carry out the objectives of this section.

(2) The Secretary shall take such action as may be appropriate to ensure that the conditions of the written agreement prescribed by this subsection are adhered to.

(c) If an individual breaches the contract entered into under section 338A or 338B by failing (for any reason) to begin his service obligation in accordance with an agreement entered into under subsection (a) or to complete such service obligation, the Secretary may permit such individual to perform such service obligation as a member of the Corps.

(C) $5,000 in the third year of obligated service; and 
(D) $2,500 in the fourth year of obligated service; or

(g) The Secretary shall, upon request, provide to each individual released from service obligation under this section technical assistance to assist such individual in fulfilling his or her agreement under this section.

loans made during the time amounts were paid under the contract, as determined by the Treasurer of the United States.

through 2005, one for the direct expenses and the other for indirect expenses associated with operating approved graduate medical residency training programs. The Secretary shall promulgate regulations pursuant to the rulemaking requirements of title 5, United States Code, which shall govern payments made under this subpart.

(b) AMOUNT OF PAYMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), the amounts payable under this section to a children's hospital for an approved graduate medical residency training program for a fiscal year are each of the following amounts:

(A) DIRECT EXPENSE AMOUNT.—The amount determined under subsection (c) for direct expenses associated with operating approved graduate medical residency training programs.

(B) INDIRECT EXPENSE AMOUNT.—The amount determined under subsection (d) for indirect expenses associated with the treatment of more severely ill patients and the additional costs relating to teaching residents in such programs.

(2) CAPPED AMOUNT.—

(A) IN GENERAL.—The total of the payments made to children's hospitals under paragraph (1)(A) or paragraph (1)(B) in a fiscal year shall not exceed the funds appropriated under paragraph (1) or (2), respectively, of subsection (f) for such payments for that fiscal year.

(B) PRO RATA REDUCTIONS OF PAYMENTS FOR DIRECT EXPENSES.—If the Secretary determines that the amount of funds appropriated under subsection (f)(1) for a fiscal year is insufficient to provide the total amount of payments otherwise due for such periods under paragraph (1)(A), the Secretary shall reduce the amounts so payable on a pro rata basis to reflect such shortfall.

(c) AMOUNT OF PAYMENT FOR DIRECT GRADUATE MEDICAL EDUCATION.—

(1) IN GENERAL.—The amount determined under this subsection for payments to a children's hospital for direct graduate expenses relating to approved graduate medical residency training programs for a fiscal year is equal to the product of—

(A) the updated per resident amount for direct graduate medical education, as determined under paragraph (2); and

(B) the average number of full-time equivalent residents in the hospital's graduate approved medical residency training programs (as determined under section 1886(h)(4) of the Social Security Act during the fiscal year.

(2) UPDATED PER RESIDENT AMOUNT FOR DIRECT GRADUATE MEDICAL EDUCATION.—The updated per resident amount for direct graduate medical education for a hospital for a fiscal year is an amount determined as follows:

(A) DETERMINATION OF HOSPITAL SINGLE PER RESIDENT AMOUNT.—The Secretary shall compute for each hospital operating an approved graduate medical education program (regardless of whether or not it is a children's hos-
a single per resident amount equal to the average (weighted by number of full-time equivalent residents) of
the primary care per resident amount and the non-primary care per resident amount computed under section
1886(h)(2) of the Social Security Act for cost reporting peri-
ods ending during fiscal year 1997.

(B) DETERMINATION OF WAGE AND NON-WAGE-RELATED
PROPORTION OF THE SINGLE PER RESIDENT AMOUNT.—The
Secretary shall estimate the average proportion of the single
per resident amounts computed under subparagraph
(A) that is attributable to wages and wage-related costs.

(C) STANDARDIZING PER RESIDENT AMOUNTS.—The Sec-
retary shall establish a standardized per resident amount
for each such hospital—

(i) by dividing the single per resident amount com-
puted under subparagraph (A) into a wage-related por-
tion and a non-wage-related portion by applying the
proportion determined under subparagraph (B);

(ii) by dividing the wage-related portion by the
factor applied under section 1886(d)(3)(E) of the Social
Security Act for discharges occurring during fiscal
year 1999 for the hospital's area; and

(iii) by adding the non-wage-related portion to the
amount computed under clause (ii).

(D) DETERMINATION OF NATIONAL AVERAGE.—The Sec-
retary shall compute a national average per resident
amount equal to the average of the standardized per resi-
dent amounts computed under subparagraph (C) for such
hospitals, with the amount for each hospital weighted by
the average number of full-time equivalent residents at
such hospital.

(E) APPLICATION TO INDIVIDUAL HOSPITALS.—The Sec-
retary shall compute for each such hospital that is a chil-
dren's hospital a per resident amount—

(i) by dividing the national average per resident
amount computed under subparagraph (D) into a

graph (B);

(ii) by multiplying the wage-related portion by the
factor described in subparagraph (C)(ii) for the hos-
pital's area; and

(iii) by adding the non-wage-related portion to the
amount computed under clause (ii).

(F) UPDATING RATE.—The Secretary shall update such
per resident amount for each such children's hospital by
the estimated percentage increase in the consumer price
index for all urban consumers during the period beginning
October 1997 and ending with the midpoint of the Federal
fiscal year for which payments are made.

(d) AMOUNT OF PAYMENT FOR INDIRECT MEDICAL EDUCATION.—

(1) IN GENERAL.—The amount determined under this sub-
section for payments to a children's hospital for indirect ex-
enses associated with the treatment of more severely ill pa-
tients and the additional costs associated with the teaching of residents for a fiscal year is equal to an amount determined appropriate by the Secretary.

(2) FACTORS.—In determining the amount under paragraph (1), the Secretary shall—

(A) take into account variations in case mix among children's hospitals and the ratio of the number of full-time equivalent residents in the hospitals' approved graduate medical residency training programs to beds (but excluding beds or bassinets assigned to healthy newborn infants); and

(B) assure that the aggregate of the payments for indirect expenses associated with the treatment of more severely ill patients and the additional costs related to the teaching of residents under this section in a fiscal year are equal to the amount appropriated for such expenses for the fiscal year involved under subsection (f)(2).

(e) MAKING OF PAYMENTS.—

(1) INTERIM PAYMENTS.—The Secretary shall determine, before the beginning of each fiscal year involved for which payments may be made for a hospital under this section, the amounts of the payments for direct graduate medical education and indirect medical education for such fiscal year and shall (subject to paragraph (2)) make the payments of such amounts in 26 equal interim installments during such period. Such interim payments to each individual hospital shall be based on the number of residents reported in the hospital's most recently filed Medicare cost report prior to the application date for the Federal fiscal year for which the interim payment amounts are established. In the case of a hospital that does not report residents on a Medicare cost report, such interim payments shall be based on the number of residents trained during the hospital's most recently completed Medicare cost report filing period.

(2) WITHHOLDING.—The Secretary shall withhold up to 25 percent from each interim installment for direct and indirect graduate medical education paid under paragraph (1). The Secretary shall withhold up to 25 percent from each interim installment for direct and indirect graduate medical education paid under paragraph (1) as necessary to ensure a hospital will not be overpaid on an interim basis.

(3) RECONCILIATION.—Prior to the end of each fiscal year, the Secretary shall determine any changes to the number of residents reported by a hospital in the application of the hospital for the current fiscal year to determine the final amount payable to the hospital for the current fiscal year for both direct expense and indirect expense amounts. Based on such determination, the Secretary shall recoup any overpayments made to pay any balance due to the extent possible. The final amount so determined shall be considered a final intermediary determination for the purposes of section 1878 of the Social Security Act and shall be subject to administrative and judicial review under that section in the same manner as the amount
of payment under section 1186(d) of such Act is subject to re-
view under such section.

Such care and treatment shall be provided at hospitals of the Service especially equipped for the accommodation of such patients or elsewhere where authorized under other provisions of law, and shall be designed to rehabilitate such persons, to restore them to health, and, where necessary, to train them to be self-supporting and self-reliant; but nothing in this section or in this part shall be construed to limit the authority of the Surgeon General under other provisions of law to provide for the conditional release of patients and for aftercare under supervision. In carrying out this subsection, the Secretary shall establish in each hospital and other appropriate medical facility of the Service a treatment and rehabilitation program for drug addicts and other persons with drug abuse and drug dependence problems who are in the area served by such hospital or other facility; except that the requirement of this sentence shall not apply in the case of any such hospital or other facility with respect to which the Secretary determines that there is not sufficient need for such a program in such hospital or other facility.

(b) Upon the admittance to, and departure from, a hospital of the Service of a person who voluntarily submitted himself for treatment pursuant to the provisions of this section, and who at the time of his admittance to such hospital was a resident of the District of Columbia, the Surgeon General shall furnish to the Commissioners of the District of Columbia or their designated agent, the name, address, and such other pertinent information as may be useful in the rehabilitation to society of such person.

(c) The Secretary may enter into agreements with the Secretary of Veterans Affairs, the Secretary of Defense, and the head of any other department or agency of the Government under which agreements hospitals and other appropriate medical facilities of the Service may be used in treatment and rehabilitation programs provided by such department or agency for drug addicts and other persons with drug abuse and other drug dependence problems who are in areas served by such hospitals or other facilities.

EMPLOYMENT OF ADDICTS OR OTHER PERSONS WITH DRUG ABUSE AND DRUG DEPENDENCE PROBLEMS

SEC. 342. [258] Narcotic addicts or other persons with drug abuse and drug dependence problems in hospitals of the Service designated for their care shall be employed in such manner and under such conditions as the Surgeon General may direct. In such hospitals the Surgeon General may, in his discretion, establish industries, plants, factories, or shops for the production and manufacture of articles, commodities, and supplies for the United States Government. The Secretary of the Treasury may require any Government department, establishment, or other institution, for whom appropriations are made directly or indirectly by the Congress of the United States, to purchase at current market prices, as determined by him or his authorized representative, such of the articles, commodities, or supplies so produced or manufactured as meet their specifications; and the Surgeon General shall provide for payment to the inmates or their dependents of such pecuniary earnings as he may deem proper. The Secretary shall establish a working-capital fund for such industries, plants, factories, and shops out
of any funds appropriated for Public Health Service hospitals at which addicts or other persons with drug abuse and drug dependence problems are treated and cared for; and such fund shall be available for the purchase, repair, or replacement of machinery or equipment, for the purchase of raw materials and supplies, for the purchase of uniforms and other distinctive wearing apparel of employees in the performance of their official duties, and for the employment of necessary civilian officers and employees. The Surgeon General may provide for the disposal of products of the industrial activities conducted pursuant to this section, and the proceeds of any sales thereof shall be covered into the Treasury of the United States to the credit of the working-capital fund.

CONVICTS

SEC. 343. [259] (a) The authority vested with the power to designate the place of confinement of a prisoner shall transfer to hospitals of the Service especially equipped for the accommodation of addicts or other persons with drug abuse and drug dependence problems, if accommodations are available, all addicts or other persons with drug abuse and drug dependence problems who have been or are hereafter sentenced to confinement, or who are now or shall hereafter be confined, in any penal, correctional, disciplinary, or reformatory institution of the United States, including those addicts or other persons with drug abuse and drug dependence problems convicted of offenses against the United States who are confined in State and Territorial prisons, penitentiaries, and reformatories, except that no addict or other person with a drug abuse or other drug dependence problem shall be transferred to a hospital of the Service who, in the opinion of the officer authorized to direct the transfer, is not a proper subject for confinement in such an institution either because of the nature of the crime he has committed or because of his apparent incorrigibility. The authority vested with the power to designate the place of confinement of a prisoner shall transfer from a hospital of the Service to the institution from which he was received, or to such other institution as may be designated by the proper authority, any addict or other person with a drug abuse or other drug dependence problem whose presence at a hospital of the Service is detrimental to the well-being of the hospital or who does not continue to be a narcotic addict or other person with a drug abuse or other drug dependence problem. All transfers of such prisoners to or from a hospital of the Service shall be accompanied by necessary attendants as directed by the officer in charge of such hospital and the actual and necessary expenses incident to such transfers shall be paid from the appropriation for the maintenance of such Service hospital except to the extent that other Federal agencies are authorized or required by law to pay expenses incident to such transfers. When sentence is pronounced against any person whom the prosecuting officer believes to be an addict or other person with a drug abuse or other drug dependence problem such officer shall report to the authority vested with the power to designate the place of confinement, the name of such person, the reasons for his belief, all pertinent facts bearing on such addiction, drug abuse, or drug depend-
ence and the nature of the offense committed. Whenever an alien addict or other person with a drug abuse or other drug dependence problem transferred to a Service hospital pursuant to this subsection is entitled to his discharge but is subject to deportation, in lieu of being returned to the penal institution from which he came he shall be deported by the authority vested by law with power over deportation.

(b) [Repealed.]

(c) Not later than one month prior to the expiration of the sentence of any addict or other person with a drug abuse or other drug dependence problem confined in a Service hospital, he shall be examined by the Surgeon General or his authorized representative. If the Surgeon General believes the person to be discharged is still an addict or other person with a drug abuse or other drug dependence problem and that he may by further treatment in a Service hospital be cured of his addiction, drug abuse, or drug dependence the addict or other person with a drug abuse or other drug dependence problem shall be informed, in accordance with regulations, of the advisability of his submitting himself to further treatment. The addict or other person with a drug abuse or other drug dependence problem may then apply in writing to the Surgeon General for further treatment. The addict or other person with a drug abuse or other drug dependence problem may be given such further treatment as is necessary to cure him of his addiction, drug abuse, or drug dependence.

(d) Every person convicted of an offense against the United States, upon discharge, or upon release on parole or supervised release from a hospital of the Service, shall be furnished with the gratuities and transportation authorized by law to be furnished to prisoners upon release from a penal, correctional, disciplinary, or reformatory institution.

(e) Any court of the United States having the power to suspend the imposition or execution of sentence and to place a defendant on probation under any existing laws may impose as one of the conditions of such probation that the defendant, if an addict, or other person with a drug abuse or other drug dependence problem shall submit himself for treatment at a hospital of the Service especially equipped for the accommodation of addicts or other persons with drug abuse and drug dependence problems until discharged therefrom as cured and that he shall be admitted thereto for such purpose. Upon the discharge of any such probationer from a hospital of the Service, he shall be furnished with the gratuities and transportation authorized by law to be furnished to prisoners upon release from a penal, correctional, disciplinary, or reformatory institution. The actual and necessary expense incident to transporting such probationer to such hospital and to furnishing such transportation and gratuities shall be paid from the appropriation for the maintenance of such hospital except to the extent that other Federal agencies are authorized or required by law to pay the cost of such transportation. Provided, That where existing law vests a discretion in any officer as to the place to which transportation shall
be furnished or as to the amount of clothing and gratuities to be furnished, such discretion shall be exercised by the Surgeon General with respect to addicts or other persons with drug abuse and drug dependence problems discharged from hospitals of the Service.

VOLUNTARY PATIENTS

SEC. 344. (a) Any addict, or other person with a drug abuse or other drug dependence problem whether or not he shall have been convicted of an offense against the United States, may apply to the Surgeon General for admission to a hospital of the Service especially equipped for the accommodation of addicts or other persons with drug abuse and drug dependence problems.

(b) Any applicant shall be examined by the Surgeon General who shall determine whether the applicant is an addict, or other person with a drug abuse or other drug dependence problem whether by treatment in a hospital of the Service he may probably be cured of his addiction, drug abuse, or drug dependence and the estimated length of time necessary to effect his cure. The Surgeon General may, in his discretion, admit the applicant to a Service hospital. No such addict or other person with drug abuse or other drug dependence problem shall be admitted unless he agrees to submit to treatment for the maximum amount of time estimated by the Surgeon General to be necessary to effect a cure, and unless suitable accommodations are available after all eligible addicts or other persons with drug abuse and drug dependence problems convicted of offenses against the United States have been admitted. Any such addict or other person with a drug abuse or other drug dependence problem may be required to pay for his subsistence, care, and treatment at rates fixed by the Surgeon General and amounts so paid shall be covered into the Treasury of the United States to the credit of the appropriation from which the expenditure for his subsistence, care, and treatment was made. Appropriations available for the care and treatment of addicts or other persons with drug abuse and drug dependence problems admitted to a hospital of the Service under this section shall be available, subject to regulations, for paying the cost of transportation to any place within the continental United States, including subsistence allowance while traveling, for any indigent addict or other person with a drug abuse or other drug dependence problem who is discharged as cured.

(c) Any addict or other person with a drug abuse or other drug dependence problem admitted for treatment under this section, including any addict, or other person with a drug abuse or other drug dependence problem not convicted of an offense, who voluntarily submits himself for treatment, may be confined in a hospital of the Service for a period not exceeding the maximum amount of time estimated by the Surgeon General as necessary to effect a cure of the addiction, drug abuse, or drug dependence or until such time as he ceases to be an addict or other person with a drug abuse or other drug dependence problem.

(d) Any addict or other person with a drug abuse or other drug dependence problem admitted for treatment under this section shall not thereby forfeit or abridge any of his rights as a citizen of the United States; nor shall such admission or treatment be used
against him in any proceeding in any court; and the record of his voluntary commitment shall, except as otherwise provided by this Act, be confidential and shall not be divulged.

PERSONS COMMITTED FROM DISTRICT OF COLUMBIA

SEC. 345. (260a) (a) The Surgeon General is authorized to admit for care and treatment in any hospital of the Service suitably equipped therefor, and thereafter to transfer between hospitals of the Service in accordance with section 321(b), any addict who is committed, under the provisions of the Act of June 24, 1953 (Public Law 76, Eighty-third Congress)\(^1\), to the Service or to a hospital thereof for care and treatment and who the Surgeon General determines is a proper subject for care and treatment. No such addict shall be admitted unless (1) committed prior to July 1, 1958; and (2) at the time of commitment, the number of persons in hospitals of the Service who have been admitted pursuant to this subsection is less than 100; and (3) suitable accommodations are available after all eligible addicts convicted of offenses against the United States have been admitted.

(b) Any person admitted to a hospital of the Service pursuant to subsection (a) shall be discharged therefrom (1) upon order of the Superior Court of the District of Columbia, or (2) when he is found by the Surgeon General to be cured and rehabilitated. When any such person is so discharged, the Surgeon General shall give notice thereof to the Superior Court of the District of Columbia and shall deliver such person to such court for such further action as such court may deem necessary and proper under the provisions of the Act of June 24, 1953 (Public Law 76, Eighty-third Congress).\(^1\)

(c) With respect to the detention, transfer, parole, or discharge of any person committed to a hospital of the Service in accordance with subsection (a), the Surgeon General and the officer in charge of the hospital, in addition to authority otherwise vested in them, shall have such authority as may be conferred upon them, respectively, by the order of the committing court.

(d) The cost of providing care and treatment for persons admitted to a hospital of the Service pursuant to subsection (a) shall be a charge upon the District of Columbia and shall be paid by the District of Columbia to the Public Health Service, either in advance or otherwise, as may be determined by the Surgeon General. Such cost may be determined for each addict or on the basis of rates established for all or particular classes of patients, and shall include the cost of transportation to and from facilities of the Public Health Service. Moneys so paid to the Public Health Service shall be covered into the Treasury of the United States as miscellaneous receipts. Appropriations available for the care and treatment of addicts admitted to a hospital of the Service under this section shall be available, subject to regulations, for paying the cost of transportation to the District of Columbia, including subsistence allowance while traveling, for any such addict who is discharged.

SEC. 346. [261] (a) Any person not authorized by law or by the Surgeon General who introduces or attempts to introduce into or upon the grounds of any hospital of the Service at which addicts or other persons with drug abuse and drug dependence problems are treated and cared for, any habit-forming narcotic drug, or substance controlled under the Controlled Substances Act, weapon, or any other contraband article or thing, or any contraband letter or message intended to be received by an inmate thereof, shall be guilty of a felony and, upon conviction thereof, shall be punished by imprisonment for not more than ten years.

(b) It shall be unlawful for any person properly committed thereto to escape or attempt to escape from a hospital of the Service at which addicts or other persons with drug abuse and drug dependence problems are treated and cared for, and any such person upon apprehension and conviction in a United States court shall be punished by imprisonment for not more than five years, such sentence to begin upon the expiration of the sentence for which such person was originally confined.

(c) Any person who procures the escape of any person admitted to a hospital of the Service at which addicts or other persons with drug abuse and drug dependence problems are treated and cared for, or who advises, counsels at, aids, or assists in such escape, or who conceals any such inmate after such escape, shall be punished upon conviction in a United States court by imprisonment in the penitentiary for not more than three years.

RELEASE OF PATIENTS

SEC. 347. [261a] For purposes of this Act, an individual shall be deemed cured of his addiction, drug abuse, or drug dependence, and rehabilitated if the Surgeon General determines that he has received the maximum benefits of treatment and care by the Service for his addiction, drug abuse, or drug dependence, or if the Surgeon General determines that his further treatment and care for such purpose would be detrimental to the interests of the Service.

PART F—LICENSING—BIOLOGICAL PRODUCTS AND CLINICAL LABORATORIES ¹

Subpart 1—Biological Products

REGULATION OF BIOLOGICAL PRODUCTS ²

SEC. 351. [262] (a)(1) No person shall introduce or deliver for introduction into interstate commerce any biological product unless—

¹Section 511(d) of Public Law 104–132 (110 Stat. 1284) relates to the regulatory control of biological agents and includes a requirement that the Secretary “establish and maintain a list of each biological agent that has the potential to pose a severe threat to public health and safety”.

²Section 123(f) of Public Law 105–115 (111 Stat. 2324) provides as follows:

“(f) SPECIAL RULE.—The Secretary of Health and Human Services shall take measures to minimize differences in the review and approval of products required to have approved biologics license applications under section 351 of the Public Health Service Act (42 U.S.C. 262) and products required to have approved new drug applications under section 505(b)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(b)(1)).”
(A) a biologics license is in effect for the biological product; and
(B) each package of the biological product is plainly marked with—
   (i) the proper name of the biological product contained in the package;
   (ii) the name, address, and applicable license number of the manufacturer of the biological product; and
   (iii) the expiration date of the biological product.

(2)(A) The Secretary shall establish, by regulation, requirements for the approval, suspension, and revocation of biologics licenses.

(B) PEDIATRIC STUDIES.—A person that submits an application for a license under this paragraph shall submit to the Secretary as part of the application any assessments required under section 505B of the Federal Food, Drug, and Cosmetic Act.

(C) The Secretary shall approve a biologics license application—
   (i) on the basis of a demonstration that—
      (I) the biological product that is the subject of the application is safe, pure, and potent; and
      (II) the facility in which the biological product is manufactured, processed, packed, or held meets standards designed to assure that the biological product continues to be safe, pure, and potent; and
   (ii) if the applicant (or other appropriate person) consents to the inspection of the facility that is the subject of the application, in accordance with subsection (c).

(3) The Secretary shall prescribe requirements under which a biological product undergoing investigation shall be exempt from the requirements of paragraph (1).

(b) No person shall falsely label or mark any package or container of any biological product or alter any label or mark on the package or container of the biological product so as to falsify the label or mark.

(c) Any officer, agent, or employee of the Department of Health and Human Services, authorized by the Secretary for the purpose, may during all reasonable hours enter and inspect any establishment for the propagation or manufacture and preparation of any biological product.

(d)(1) Upon a determination that a batch, lot, or other quantity of a product licensed under this section presents an imminent or substantial hazard to the public health, the Secretary shall issue an order immediately ordering the recall of such batch, lot, or other quantity of such product. An order under this paragraph shall be issued in accordance with section 554 of title 5, United States Code.

(2) Any violation of paragraph (1) shall subject the violator to a civil penalty of up to $100,000 per day of violation. Index for the base quarter of the preceding year, adjusted to the nearest \(\frac{1}{10}\) of 1 percent. For purposes of this paragraph, the term “base quarter”, as used with respect to a year, means the calendar quarter ending on September 30 of such year and the price index for a base quarter is the arithmetical mean of such index for the 3 months comprising such quarter.

(e) No person shall interfere with any officer, agent, or employee of the Service in the performance of any duty imposed upon him by this section or by regulations made by authority thereof.

(f) Any person who shall violate, or aid or abet in violating, any of the provisions of this section shall be punished upon conviction by a fine not exceeding $500 or by imprisonment not exceeding one year, or by both such fine and imprisonment, in the discretion of the court.

(g) Nothing contained in this Act shall be construed as in any way affecting, modifying, repealing, or superseding the provisions of the Federal Food, Drug, and Cosmetic Act (U.S.C., 1940 edition, title 21, ch. 9). 1

(j) The Federal Food, Drug, and Cosmetic Act applies to a biological product subject to regulation under this section, except that a product for which a license has been approved under subsection (a) shall not be required to have an approved application under section 505 of such Act.

3A program is carried out by the Secretary of Agriculture with respect to each biological agent and each toxin that the Secretary determines has the potential to pose a severe threat to animal or plant health, or to animal or plant products. Such program has requirements and authorities similar to those established in section 351A above. See subtitle B of title II of Public Law 107-
(1) LIST OF BIOLOGICAL AGENTS AND TOXINS.—

(A) IN GENERAL.—The Secretary shall by regulation establish and maintain a list of each biological agent and each toxin that has the potential to pose a severe threat to public health and safety.

(B) CRITERIA.—In determining whether to include an agent or toxin on the list under subparagraph (A), the Secretary shall—

(i) consider—

(I) the effect on human health of exposure to the agent or toxin;

(II) the degree of contagiousness of the agent or toxin and the methods by which the agent or toxin is transferred to humans;

(III) the availability and effectiveness of pharmacotherapies and immunizations to treat and prevent any illness resulting from infection by the agent or toxin; and

(IV) any other criteria, including the needs of children and other vulnerable populations, that the Secretary considers appropriate; and

(ii) consult with appropriate Federal departments and agencies and with scientific experts representing appropriate professional groups, including groups with pediatric expertise.

(2) BIENNIAL REVIEW.—The Secretary shall review and republish the list under paragraph (1) biennially, or more often as needed, and shall by regulation revise the list as necessary in accordance with such paragraph.

(b) REGULATION OF TRANSFERS OF LISTED AGENTS AND TOXINS.—The Secretary shall by regulation provide for—

(1) the establishment and enforcement of safety procedures for the transfer of listed agents and toxins, including measures to ensure—

(c) POSSESSION AND USE OF LISTED AGENTS AND TOXINS.—The Secretary shall by regulation provide for the establishment and

(d) REGISTRATION; IDENTIFICATION; DATABASE.—

(1) REGISTRATION.—Regulations under subsections (b) and (c) shall require registration with the Secretary of the possession, use, and transfer of listed agents and toxins, and shall include provisions to ensure that persons seeking to register under such regulations have a lawful purpose to possess, use, or transfer such agents and toxins, including provisions in accordance with subsection (e)(6).

(2) IDENTIFICATION; DATABASE.—Regulations under subsections (b) and (c) shall require that registration include (if available to the person registering) information regarding the characterization of listed agents and toxins to facilitate their identification, including their source. The Secretary shall maintain a national database that includes the names and locations of registered persons, the listed agents and toxins such persons are possessing, using, or transferring, and information regarding the characterization of such agents and toxins.

(e) SAFEGUARD AND SECURITY REQUIREMENTS FOR REGISTERED PERSONS.—

(1) IN GENERAL.—Regulations under subsections (b) and (c) shall include appropriate safeguard and security requirements for persons possessing, using, or transferring a listed agent or toxin commensurate with the risk such agent or toxin poses to public health and safety (including the risk of use in domestic or international terrorism). The Secretary shall establish such requirements in collaboration with the Secretary of Homeland Security and the Attorney General, and shall ensure compliance with such requirements as part of the registration system under such regulations.

(2) LIMITING ACCESS TO LISTED AGENTS AND TOXINS.—Requirements under paragraph (1) shall include provisions to ensure that registered persons—

(A) provide access to listed agents and toxins to only those individuals whom the registered person involved determines have a legitimate need to handle or use such agents and toxins;

(B) submit the names and other identifying information for such individuals to the Secretary and the Attorney General, promptly after first determining that the individuals need access under subparagraph (A), and periodically thereafter while the individuals have such access, not less frequently than once every five years;

(C) deny access to such agents and toxins by individuals whom the Attorney General has identified as restricted persons; and

(D) limit or deny access to such agents and toxins by individuals whom the Attorney General has identified as within any category under paragraph (3)(B)(ii), if limiting or denying such access by the individuals involved is deter-
mined appropriate by the Secretary, in consultation with the Attorney General.

(3) SUBMITTED NAMES; USE OF DATABASES BY ATTORNEY GENERAL.—

(A) IN GENERAL.—Upon the receipt of names and other identifying information under paragraph (2)(B), the Attorney General shall, for the sole purpose of identifying whether the individuals involved are within any of the categories specified in subparagraph (B), promptly use criminal, immigration, national security, and other electronic databases that are available to the Federal Government and are appropriate for such purpose.

(B) CERTAIN INDIVIDUALS.—For purposes of subparagraph (A), the categories specified in this subparagraph regarding an individual are that—

(i) the individual is a restricted person; or

(ii) the individual is reasonably suspected by any Federal law enforcement or intelligence agency of—

(I) committing a crime set forth in section 2332b(g)(5) of title 18, United States Code;

(III) being an agent of a foreign power (as defined in section 1801 of title 50, United States Code).

(C) NOTIFICATION BY ATTORNEY GENERAL REGARDING SUBMITTED NAMES.—After the receipt of a name and other identifying information under paragraph (2)(B), the Attorney General shall promptly notify the Secretary whether the individual is within any of the categories specified in subparagraph (B).

(4) NOTIFICATIONS BY SECRETARY.—The Secretary, after receiving notice under paragraph (3) regarding an individual, shall promptly notify the registered person involved of whether the individual is granted or denied access under paragraph (2). If the individual is denied such access, the Secretary shall promptly notify the individual of the denial.

(5) EXPEDITED REVIEW.—Regulations under subsections (b) and (c) shall provide for a procedure through which, upon request to the Secretary by a registered person who submits names and other identifying information under paragraph (2)(B) and who demonstrates good cause, the Secretary may, as determined appropriate by the Secretary—

(A) request the Attorney General to expedite the process of identification under paragraph (3)(A) and notification of the Secretary under paragraph (3)(C); and

(B) expedite the notification of the registered person by the Secretary under paragraph (4).

(6) PROCESS REGARDING PERSONS SEEKING TO REGISTER.—

(A) INDIVIDUALS.—Regulations under subsections (b) and (c) shall provide that an individual who seeks to reg-
ister under either of such subsections is subject to the same processes described in paragraphs (2) through (4) as apply to names and other identifying information submitted to the Attorney General under paragraph (2)(B). Paragraph (5) does not apply for purposes of this subparagraph.

(B) OTHER PERSONS.—Regulations under subsections (b) and (c) shall provide that, in determining whether to deny or revoke registration by a person other than an individual, the Secretary shall submit the name of such person to the Attorney General, who shall use criminal, immigration, national security, and other electronic databases available to the Federal Government, as appropriate for the purpose of promptly notifying the Secretary whether the person, or, where relevant, the individual who owns or controls such person, is a restricted person or is reasonably suspected by any Federal law enforcement or intelligence agency of being within any category specified in paragraph (3)(B)(ii) (as applied to persons, including individuals). Such regulations shall provide that a person who seeks to register under either of such subsections is subject to the same processes described in paragraphs (2) and (4) as apply to names and other identifying information submitted to the Attorney General under paragraph (2)(B). Paragraph (5) does not apply for purposes of this subparagraph.

The Secretary may exempt Federal, State, or local governmental agencies from the requirements of this subparagraph.

(7) REVIEW.—

(A) ADMINISTRATIVE REVIEW.—

(i) IN GENERAL.—Regulations under subsections (b) and (c) shall provide for an opportunity for a review by the Secretary—

(I) when requested by the individual involved, of a determination under paragraph (2) to deny the individual access to listed agents and toxins; and

(II) when requested by the person involved, of a determination under paragraph (6) to deny or revoke registration for such person.

(ii) EX PARTE REVIEW.—During a review under clause (i), the Secretary may consider information relevant to the review ex parte to the extent that disclosure of the information could compromise national security or an investigation by any law enforcement agency.

(iii) FINAL AGENCY ACTION.—The decision of the Secretary in a review under clause (i) constitutes final agency action for purposes of section 702 of title 5, United States Code.

(B) CERTAIN PROCEDURES.—

(i) SUBMISSION OF EX PARTE MATERIALS IN JUDICIAL PROCEEDINGS.—When reviewing a decision of the Secretary under subparagraph (A), and upon request
made ex parte and in writing by the United States, a court, upon a sufficient showing, may review and consider ex parte documents containing information the disclosure of which could compromise national security or an investigation by any law enforcement agency. If the court determines that portions of the documents considered ex parte should be disclosed to the person involved to allow a response, the court shall authorize the United States to delete from such documents specified items of information the disclosure of which could compromise national security or an investigation by any law enforcement agency, or to substitute a summary of the information to which the person may respond. Any order by the court authorizing the disclosure of information that the United States believes could compromise national security or an investigation by any law enforcement agency shall be subject to the processes set forth in subparagraphs (A) and (B)(i) of section 2339B(f)(5) of title 18, United States Code (relating to interlocutory appeal and expedited consideration).

(ii) DISCLOSURE OF INFORMATION.—In a review under subparagraph (A), and in any judicial proceeding conducted pursuant to such review, neither the Secretary nor the Attorney General may be required to disclose to the public any information that under subsection (h) shall not be disclosed under section 552 of title 5, United States Code.

(8) NOTIFICATIONS REGARDING THEFT OR LOSS OF AGENTS.—Requirements under paragraph (1) shall include the prompt notification of the Secretary, and appropriate Federal, State, and local law enforcement agencies, of the theft or loss of listed agents and toxins.

(9) TECHNICAL ASSISTANCE FOR REGISTERED PERSONS.—The Secretary, in consultation with the Attorney General, may provide technical assistance to registered persons to improve security of the facilities of such persons.

(f) INSPECTIONS.—The Secretary shall have the authority to inspect persons subject to regulations under subsection (b) or (c) to ensure their compliance with such regulations, including prohibitions on restricted persons and other provisions of subsection (e).

(g) EXEMPTIONS.—

(1) CLINICAL OR DIAGNOSTIC LABORATORIES.—Regulations under subsections (b) and (c) shall exempt clinical or diagnostic laboratories and other persons who possess, use, or transfer listed agents or toxins that are contained in specimens presented for diagnosis, verification, or proficiency testing, provided that—

(A) the identification of such agents or toxins is reported to the Secretary, and when required under Federal, State, or local law, to other appropriate authorities; and
(B) such agents or toxins are transferred or destroyed in a manner set forth by the Secretary by regulation.

(2) PRODUCTS.—

(B) to maintain records, equipment, and facilities necessary for the proper and effective operation of the laboratory,

(C) in performing and carrying out its laboratory examinations and other procedures, to use only personnel meeting such qualifications as the Secretary may establish for the direction, supervision, and performance of examinations and procedures within the laboratory, which qualifications shall take into consideration competency, training, experience, job performance, and education and which qualifications shall, as appropriate, be different on the basis of the type of examinations and procedures being performed by the laboratory and the risks and consequences of erroneous results associated with such examinations and procedures,

(g) INSPECTIONS.—

(1) IN GENERAL.—The Secretary may, on an announced or unannounced basis, enter and inspect, during regular hours of operation, laboratories which have been issued a certificate under this section. In conducting such inspections the Secretary shall have access to all facilities, equipment, materials, records, and information that the Secretary determines have a bearing on whether the laboratory is being operated in accordance with this section. As part of such an inspection the Secretary may copy any such material or require to it be submitted to the Secretary. An inspection under this paragraph may be made only upon presenting identification to the owner, operator, or agent in charge of the laboratory being inspected.

(2) COMPLIANCE WITH REQUIREMENTS AND STANDARDS.—The Secretary shall conduct inspections of laboratories under paragraph (1) to determine their compliance with the requirements of subsection (d) and the standards issued under subsection (f). Inspections of laboratories not accredited under subsection (e) shall be conducted on a biennial basis or with such other frequency as the Secretary determines to be necessary to assure compliance with such requirements and standards. Inspections of laboratories accredited under subsection (e) shall be conducted on such basis as the Secretary determines is necessary to assure compliance with such requirements and standards.

a reasonable opportunity to respond to the proposed sanction
and appropriate procedures for appealing determinations relating
to the imposition of intermediate sanctions.

(i) SUSPENSION, REVOCATION, AND LIMITATION.—

ployee of the laboratory—

(A) has been guilty of misrepresentation in obtaining
the certificate,

that the Secretary concludes is necessary to determine the
laboratory’s continued eligibility for its certificate or con-
tinued compliance with the Secretary’s standards under
subsection (f),

(E) has refused a reasonable request of the Secretary,
or any Federal officer or employee duly designated by the
Secretary, for permission to inspect the laboratory and its
operations and pertinent records during the hours the lab-
oratory is in operation,

(F) has violated or aided and abetted in the violation
of any provisions of this section or of any regulation pro-
mulgated thereunder, or

(G) has not complied with an intermediate sanction
imposed under subsection (h).

(2) ACTION BEFORE A HEARING.—If the Secretary deter-

(A) the failure of a laboratory to comply with the
standards of the Secretary under subsection (f) presents an
imminent and serious risk to human health, or

(B) a laboratory has engaged in an action described in
subparagraph (D) or (E) of paragraph (1),

1So in law. The sentence lacks a period.
the Secretary may suspend or limit the certificate of the laboratory before holding a hearing under paragraph (1) regarding such failure or refusal. The opportunity for a hearing shall be provided no later than 60 days from the effective date of the suspension or limitation. A suspension or limitation under this paragraph shall stay in effect until the decision of the Secretary made after the hearing under paragraph (1).

(3) INELIGIBILITY TO OWN OR OPERATE LABORATORIES AFTER REVOCATION.—No person who has owned or operated a laboratory which has had its certificate revoked may, within 2 years of the revocation of the certificate, own or operate a laboratory for which a certificate has been issued under this section. The certificate of a laboratory which has been excluded from participation under the medicare program under title XVIII of the Social Security Act because of actions relating to the quality of the laboratory shall be suspended for the period the laboratory is so excluded.

(4) IMPROPER REFERRALS.—Any laboratory that the Secretary determines intentionally refers its proficiency testing samples to another laboratory for analysis shall have its certificate revoked for at least one year and shall be subject to appropriate fines and penalties as provided for in subsection (h).

(j) INJUNCTIONS.—Whenever the Secretary has reason to believe that continuation of any activity by a laboratory would constitute a significant hazard to the public health the Secretary may bring suit in the district court of the United States for the district in which such laboratory is situated to enjoin continuation of such activity. Upon proper showing, a temporary injunction or restraining order against continuation of such activity pending issuance of a final order under this subsection shall be granted without bond by such court.

(k) JUDICIAL REVIEW.—

(1) PETITION.—Any laboratory which has had an intermediate sanction imposed under subsection (h) or has had its certificate suspended, revoked, or limited under subsection (i) may, at any time within 60 days after the date the action of the Secretary under subsection (i) or (h) becomes final, file a petition with the United States court of appeals for the circuit wherein the laboratory has its principal place of business for judicial review of such action. As soon as practicable after receipt of the petition, the clerk of the court shall transmit a copy of the petition to the Secretary or other officer designated by the Secretary for that purpose. As soon as practicable after receipt of the copy, the Secretary shall file in the court the record on which the action of the Secretary is based, as provided in section 2112 of title 28, United States Code.

(2) ADDITIONAL EVIDENCE.—If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order such additional evidence (and evidence in rebuttal of such additional evidence) to be taken before the
Secretary, and to be adduced upon the hearing in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify the findings of the Secretary as to the facts, or make new findings, by reason of the additional evidence so taken, and the Secretary shall file such modified or new findings, and the recommendations of the Secretary, if any, for the modification or setting aside of his original action, with the return of such additional evidence.

(3) **Judgment of Court.**—Upon the filing of the petition referred to in paragraph (1), the court shall have jurisdiction to affirm the action, or to set it aside in whole or in part, temporarily or permanently. to the accreditation body within the established time
frames for the submission of such materials but the
accreditation body is unable to complete the reaccredita-

Such certificate shall be valid only during the time the site visit team from the accreditation body is physically in the facility, and in no case shall be valid for longer than 72 hours. The issuance of a certificate under this paragraph, shall not preclude the entity from qualifying for a provisional certificate under paragraph (4).

(4) **PROVISIONAL CERTIFICATE.**—The Secretary may issue a provisional certificate for an entity to enable the entity to qualify as a facility. The applicant for a provisional certificate shall meet the requirements of subsection (d)(1), except providing information required by clauses (iii) and (iv) of subsection (d)(1)(A). A provisional certificate may be in effect no longer than 6 months from the date it is issued, except that it may be extended once for a period of not more than 90 days if the owner, lessor, or agent of the facility demonstrates to the Secretary that without such extension access to mammography in the geographic area served by the facility would be significantly reduced and if the owner, lessor, or agent of the facility will describe in a report to the Secretary steps that will be taken to qualify the facility for certification under subsection (b)(1).

(d) **APPLICATION FOR CERTIFICATE.**—

(g) INSPECTIONS.—

(1) ANNUAL INSPECTIONS.—

(A) IN GENERAL.—The Secretary may enter and inspect facilities to determine compliance with the certification requirements under subsection (b) and the standards established under subsection (f). The Secretary shall, if feasible, delegate to a State or local agency the authority to make such inspections.

(B) IDENTIFICATION.—The Secretary, or State or local agency acting on behalf of the Secretary, may conduct inspections only on presenting identification to the owner, operator, or agent in charge of the facility to be inspected.

(C) SCOPE OF INSPECTION.—In conducting inspections, the Secretary or State or local agency acting on behalf of the Secretary—

(i) shall have access to all equipment, materials, records, and information that the Secretary or State or local agency considers necessary to determine whether the facility is being operated in accordance with this section; and
(ii) may copy, or require the facility to submit to
the Secretary or the State or local agency, any of the
materials, records, or information.

(D) QUALIFICATIONS OF INSPECTORS.—Qualified indi-
viduals, as determined by the Secretary, shall conduct all
inspections. The Secretary may request that a State or
local agency acting on behalf of the Secretary designate a
qualified officer or employee to conduct the inspections, or
designate a qualified Federal officer or employee to con-
duct inspections. The Secretary shall establish minimum
qualifications and appropriate training for inspectors and
criteria for certification of inspectors in order to inspect
facilities for compliance with subsection (f).

and submit to the Secretary a report concerning the
inspections carried out under this paragraph. Such reports
shall include a description of the facilities inspected and
the results of such inspections.

shall inspect annually a sufficient number of the facilities
accredited by an accreditation body to provide the Secretary
with a reasonable estimate of the performance of such body.

(3) INSPECTION OF FACILITIES INSPECTED BY STATE OR
LOCAL AGENCIES.—The Secretary shall inspect annually facili-
ties inspected by State or local agencies acting on behalf of the
Secretary to assure a reasonable performance by such State or
local agencies.

conduct inspections under paragraphs (1), (2), and (3), during
regular business hours or at a mutually agreeable time and
after providing such notice as the Secretary may prescribe, ex-
cept that the Secretary may waive such requirements if the
continued performance of mammography at such facility
threatens the public health.

(5) LIMITED REINSPECTION.—Nothing in this section limits
the authority of the Secretary to conduct limited reinspections
of facilities found not to be in compliance with this section.

(6) DEMONSTRATION PROGRAM.—

(A) IN GENERAL.—The Secretary may establish a dem-
onstration program under which inspections under para-
graph (1) of selected facilities are conducted less frequently

specified in subparagraph (E) of such paragraph.
(B) REQUIREMENTS.—Any demonstration program under subparagraph (A) shall be carried out in accordance with the following:

(i) The program may not be implemented before April 1, 2001. Preparations for the program may be carried out prior to such date.

(ii) In carrying out the program, the Secretary may not select a facility for inclusion in the program unless the facility is substantially free of incidents of noncompliance with the standards under subsection (f). The Secretary may at any time provide that a facility will no longer be included in the program.

(iii) The number of facilities selected for inclusion in the program shall be sufficient to provide a statistically significant sample, subject to compliance with clause (ii).

(iv) Facilities that are selected for inclusion in the program shall be inspected at such intervals as the Secretary determines will reasonably ensure that the facilities are maintaining compliance with such standards.

(h) SANCTIONS.—

(1) IN GENERAL.—In order to promote voluntary compliance with this section, the Secretary may, in lieu of taking the actions authorized by subsection (i), impose one or more of the following sanctions:

(A) Directed plans of correction which afford a facility an opportunity to correct violations in a timely manner.

(B) Payment for the cost of onsite monitoring.

(2) PATIENT INFORMATION.—If the Secretary determines that the quality of mammography performed by a facility (whether or not certified pursuant to subsection (c)) was so inconsistent with the quality standards established pursuant to subsection (f) as to present a significant risk to individual or public health, the Secretary may require such facility to notify patients who received mammograms at such facility, and their referring physicians, of the deficiencies presenting such risk, the potential harm resulting, appropriate remedial measures, and such other relevant information as the Secretary may require.

(3) CIVIL MONEY PENALTIES.—The Secretary may assess civil money penalties in an amount not to exceed $10,000 for—

(A) failure to obtain a certificate as required by subsection (b),

(D) each violation, or for each aiding and abetting in a violation of, any provision of, or regulation promulgated
under, this section by an owner, operator, or any employee of a facility required to have a certificate.

(4) PROCEDURES.—The Secretary shall develop and implement procedures with respect to when and how each of the sanctions is to be imposed under paragraphs (1) through (3). Such procedures shall provide for notice to the owner or operator of the facility and a reasonable opportunity for the owner or operator to respond to the proposed sanctions and appropriate procedures for appealing determinations relating to the imposition of sanctions.

(i) SUSPENSION AND REVOCATION.—

(1) IN GENERAL.—The certificate of a facility issued under subsection (c) may be suspended or revoked if the Secretary finds, after providing, except as provided in paragraph (2), reasonable notice and an opportunity for a hearing to the owner or operator of the facility, that the owner, operator, or any employee of the facility—

(A) has been guilty of misrepresentation in obtaining the certificate;

(B) has failed to comply with the requirements of subsection (d)(1)(B)(ii)(III) or the standards established by the Secretary under subsection (f);

(C) has failed to comply with reasonable requests of the Secretary (or of an accreditation body approved pursuant to subsection (e)) for any record, information, report, or material that the Secretary (or such accreditation body or State carrying out certification program requirements pursuant to subsection (q)) concludes is necessary to determine the continued eligibility of the facility for a certificate or continued compliance with the standards established under subsection (f);

(D) has refused a reasonable request of the Secretary, any Federal officer or employee duly designated by the Secretary, or any State or local officer or employee duly designated by the State or local agency, for permission to inspect the facility or the operations and pertinent records of the facility in accordance with subsection (g);

(E) has violated or aided and abetted in the violation of any provision of, or regulation promulgated under, this section; or

(F) has failed to comply with a sanction imposed under subsection (h).

(2) ACTION BEFORE A HEARING.—

(A) IN GENERAL.—The Secretary may suspend the certificate of the facility before holding a hearing required by paragraph (1) if the Secretary has reason to believe that the circumstance of the case will support one or more of the findings described in paragraph (1) and that—

(i) the failure or violation was intentional; or

(ii) the failure or violation presents a serious risk to human health.

(B) HEARING.—If the Secretary suspends a certificate under subparagraph (A), the Secretary shall provide an opportunity for a hearing to the owner or operator of the
facility not later than 60 days from the effective date of
the suspension. The suspension shall remain in effect until
the decision of the Secretary made after the hearing.

(3) INELIGIBILITY TO OWN OR OPERATE FACILITIES AFTER
REVOCATION.—If the Secretary revokes the certificate of a facil-
ity on the basis of an act described in paragraph (1), no person
who owned or operated the facility at the time of the act may,
within 2 years of the revocation of the certificate, own or oper-
ate a facility that requires a certificate under this section.

(j) INJUNCTIONS.—If the Secretary determines that—

(1) continuation of any activity related to the provision of
mammography by a facility would constitute a serious risk to
human health, the Secretary may bring suit in the district
court of the United States for the district in which the facility
is situated to enjoin continuation of the activity; and

(2) a facility is operating without a certificate as required
by subsection (b), the Secretary may bring suit in the district
court of the United States for the district in which the facility
is situated to enjoin the operation of the facility.

Upon a proper showing, the district court shall grant a temporary
injunction or restraining order against continuation of the activity
or against operation of a facility, as the case may be, without re-
quiring the Secretary to post a bond, pending issuance of a final
order under this subsection.

(k) JUDICIAL REVIEW.—

(1) PETITION.—If the Secretary imposes a sanction on a fa-
cility under subsection (h) or suspends or revokes the certifi-
cate of a facility under subsection (i), the owner or operator of
the facility may, not later than 60 days after the date the ac-
tion of the Secretary becomes final, file a petition with the
United States court of appeals for the circuit in which the facility
is situated for judicial review of the action. As soon as prac-
ticable after receipt of the petition, the clerk of the court shall
transmit a copy of the petition to the Secretary or other officer
designated by the Secretary. As soon as practicable after re-
ceipt of the copy, the Secretary shall file in the court the record
on which the action of the Secretary is based, as provided in
section 2112 of title 28, United States Code.

(2) ADDITIONAL EVIDENCE.—If the petitioner applies to the
court for leave to adduce additional evidence, and shows to the
satisfaction of the court that the additional evidence is mate-
rial and that there were reasonable grounds for the failure to
adduce such evidence in the proceeding before the Secretary,
the court may order the additional evidence (and evidence in
rebuttal of the additional evidence) to be taken before the Secretary,
and to be adduced upon the hearing in such manner
and upon such terms and conditions as the court may deter-
mine to be proper. The Secretary may modify the findings of
the Secretary as to the facts, or make new findings, by reason
of the additional evidence so taken, and the Secretary shall file
the modified or new findings, and the recommendations of the
Secretary, if any, for the modification or setting aside of the
original action of the Secretary with the return of the addi-
tional evidence.
(3) JUDGMENT OF COURT.—Upon the filing of the petition referred to in paragraph (1), the court shall have jurisdiction to affirm the action, or to set the action aside in whole or in part, temporarily or permanently. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive.

(4) FINALITY OF JUDGMENT.—The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28, United States Code.

(l) INFORMATION.—

PART G—QUARANTINE AND INSPECTION

CONTROL OF COMMUNICABLE DISEASES

SEC. 361. (1) [264] (a) The Surgeon General, with the approval of
the Secretary is authorized to make and enforce such regulations
as in his judgment are necessary to prevent the introduction, trans-
mision, or spread of communicable diseases from foreign countries
into the States or possessions, or from one State or possession into
any other State or possession. For purposes of carrying out and en-
forcing such regulations, the Surgeon General may provide for such inspection, fumigation, disinfection, sanitation, pest extermination, destruction of animals or articles found to be so infected or contaminated as to be sources of dangerous infection to human beings, and other measures, as in his judgment may be necessary.

(b) Regulations prescribed under this section shall not provide for the apprehension, detention, or conditional release of individuals except for the purpose of preventing the introduction, transmission, or spread of such communicable diseases as may be specified from time to time in Executive orders of the President upon the recommendation of the Secretary, in consultation with the Surgeon General.

(c) Except as provided in subsection (d), regulations prescribed under this section, insofar as they provide for the apprehension, detention, examination, or conditional release of individuals, shall be applicable only to individuals coming into a State or possession from a foreign country or a possession.

(d)(1) Regulations prescribed under this section may provide for the apprehension and examination of any individual reasonably believed to be infected with a communicable disease in a qualifying stage and (A) to be moving or about to move from a State to another State; or (B) to be a probable source of infection to individuals who, while infected with such disease in a qualifying stage, will be moving from a State to another State. Such regulations may provide that if upon examination any such individual is found to be infected, he may be detained for such time and in such manner as may be reasonably necessary. For purposes of this subsection, the term “State” includes, in addition to the several States, only the District of Columbia.

(2) For purposes of this subsection, the term “qualifying stage”, with respect to a communicable disease, means that such disease—
(A) is in a communicable stage; or
(B) is in a precommunicable stage, if the disease would be likely to cause a public health emergency if transmitted to other individuals.

e) Nothing in this section or section 363, or the regulations promulgated under such sections, may be construed as superseding any provision under State law (including regulations and including provisions established by political subdivisions of States), except to the extent that such a provision conflicts with an exercise of Federal authority under this section or section 363.

SUSPENSION OF ENTRIES AND IMPORTS FROM DESIGNATED PLACES

SEC. 362. [265] Whenever the Surgeon General determines that by reason of the existence of any communicable disease in a foreign country there is serious danger of the introduction of such disease into the United States, and that this danger is so increased by the introduction of persons or property from such country that a suspension of the right to introduce such persons and property is required in the interest of the public health, the Surgeon General, in accordance with regulations approved by the President,
shall have the power to prohibit, in whole or in part, the introduc-
tion of persons and property from such countries or places as he
shall designate in order to avert such danger, and for such period
of time as he may deem necessary for such purpose.

SPECIAL POWERS IN TIME OF WAR

SEC. 363. ¹ [266] To protect the military and naval forces and
war workers of the United States, in time of war, against any com-

section (b) of section 361, the Secretary, in consultation with the
Surgeon General, is authorized to provide by regulations for the ap-
prehension and examination, in time of war, of any individual rea-
sonably believed (1) to be infected with such disease and (2) to be
a probable source of infection to members of the armed forces of the
United States or to individuals engaged in the production or trans-
portation of arms, munitions, ships, food, clothing, or other supplies
for the armed forces. Such regulations may provide that if upon
examination any such individual is found to be so infected, he may
be detained for such time and in such manner as may be reason-
ably necessary.

SEC. 364. [267] (a) Except as provided in title II of the Act of
191–194),² the Surgeon General shall control, direct, and manage
all United States quarantine stations, grounds, and anchorages,
designate their boundaries, and designate the quarantine officers
to be in charge thereof. With the approval of the President he shall
from time to time select suitable sites for and establish such addi-

vent the introduction of communicable diseases into the States and
possessions of the United States.

(b) The Surgeon General shall establish the hours during
which quarantine service shall be performed at each quarantine
station, and, upon application by any interested party, may estab-
lish quarantine inspection during the twenty-four hours of the day,
or any fraction thereof, at such quarantine stations as, in his opin-
ion, require such extended service. He may restrict the perform-
ance of quarantine inspection to hours of daylight for such arriving
vessels as cannot, in his opinion, be satisfactorily inspected during
hours of darkness. No vessel shall be required to undergo quar-
antine inspection during the hours of darkness, unless the quar-
antine officer at such quarantine station shall deem an immediate
inspection necessary to protect the public health. Uniformity shall
not be required in the hours during which quarantine inspection
may be obtained at the various ports of the United States.

(c) The Surgeon General shall fix a reasonable rate of extra

If such employees have been ordered to report for duty and have so reported, and the requested services are not performed by reason of circumstances beyond the control of the employees concerned, such extra compensation shall be paid on the same basis as though the overtime services had actually been performed during the period between the time the employees were ordered to report for duty and did so report, and the time they were notified that their services would not be required, and in any case as though their services had continued for not less than one hour. The Surgeon General with the approval of the Secretary of Health, Education, and Welfare may prescribe regulations requiring the owner, agent, consignee, operator, or master or other person for whom the overtime services are performed to file a bond in such amounts and containing such conditions and with such securities, or in lieu of a bond, to deposit money or obligations of the United States in such amount, as will assure the payment of charges under this subsection, which bond or deposit may cover one or more transactions or all transactions during a specified period: Provided, That no charges shall be made for services performed in connection with the inspection of (1) persons arriving by international highways, ferries, bridges, or tunnels, or the conveyances in which they arrive, or (2) persons arriving by aircraft or railroad trains, the operations of which are covered by published schedules, or the aircraft or trains in which they arrive, or (3) persons arriving by vessels operated between Canadian ports and ports on Puget Sound or operated on the Great Lakes and connecting waterways, the operations of which are covered by published schedules, or the vessels in which they arrive.

The consular officer shall be entitled to demand and receive the fees for bills of health and such fees shall be established by regulation.

(b) Original bills of health shall be delivered to the collectors of customs at the port of entry. Duplicate copies of such bills of health shall be delivered at the time of inspection to quarantine officers at such port. The bills of health herein prescribed shall be considered as part of the ship’s papers, and when duly certified to by the proper consular or other officer of the United States, over his official signature and seal, shall be accepted as evidence of the statements therein contained in any court of the United States.

(c) The Surgeon General shall from time to time prescribe regulations, applicable to vessels referred to in subsection (a) of this section for the purpose of preventing the introduction into the States or possessions of the United States of any communicable disease by securing the best sanitary condition of such vessels, their cargoes, passengers, and crews. Such regulations shall be observed by such vessels prior to departure, during the course of the voyage, and also during inspection, disinfection, or other quarantine procedure upon arrival at any United States quarantine station.

(d) The provisions of subsections (a) and (b) of this section shall not apply to vessels plying between such foreign ports on or near
the frontiers of the United States and ports of the United States as are designated by treaty.

(e) It shall be unlawful for any vessel to enter any port in any State or possession of the United States to discharge its cargo, or land its passengers, except upon a certificate of the quarantine officer that regulations prescribed under subsection (c) have in all respects been complied with by such officer, the vessel, and its master. The master of every such vessel shall deliver such certificate to the collector of customs at the port of entry, together with the original bill of health and other papers of the vessel. The certificate required by this subsection shall be procurable from the quarantine officer, upon arrival of the vessel at the quarantine station and satisfactory inspection thereof, at any time within which quarantine services are performed at such station.

“(1) The extent to which, relative to the effective date of this Act, such Registry has increased the representation of racial and ethnic minority groups (including persons of mixed ancestry) among potential donors of bone marrow who are enrolled with the Registry, and whether the extent of increase results in a level of representation that meets the standard established in subsection (c)(1)(A) of such section 379 (as added by section 2(c) of this Act).

“(2) The extent to which patients in need of a transplant of bone marrow from a biologically unrelated donor, and the physicians of such patients, have been utilizing the Registry in the search for such a donor.

1The content of section 399A above, and the placement of the section in this Act, probably do not reflect the intent of the Congress. Section 399A formerly was section 399D. Section 3106 of Public Law 106–310 (114 Stat. 1175) attempts to make various amendments to section 399D, but the amendments cannot be executed because section 399D was redesignated as section 399A by section 502(1) of such Public Law (114 Stat. 1115). (Section 399D now relates to technical assistance in operations of Statewide cancer registries.)

Further, section 3106(m) of the Public Law (114 Stat. 1179) attempts to transfer section 399D to title V of this Act as a section 519, but this transfer has not been executed because it applied to section 399D “as amended by this section” (section 3106), and no amendments described in section 3106 have been made to section 399D.

As a conforming amendment, section 3106(n) of the Public Law provided that title III of this Act “is amended by striking the heading for part L”. This amendment has been executed, but for the convenience of the reader, a designation for a part L is shown above in brackets to indicate the probable intent of the Congress that section 399A is not included in part K of title III.

For the convenience of the reader, an italicized note follows section 399A above showing the section as it would appear if the amendments described in section 3106 of the Public Law were executed to section 399A.

(1) STATEWIDE CANCER REGISTRIES.—The Secretary, acting through the Director of the Centers for Disease Control, may make grants to States, or may make grants or enter into contracts with academic or nonprofit organizations designated by the State to operate the State’s cancer registry in lieu of making a grant directly to the State, to support the operation of population-based, statewide registries to collect, for each condition specified in paragraph (2)(A), data concerning—

(B) information on the industrial or occupational history of the individuals with the cancers, to the extent such information is available from the same record;

The ICD–O system is a supplement to the International Statistical Classification of Diseases and Related Health Problems (commonly known as the ICD) and is the standard coding system used by cancer registries worldwide. Such term includes any modification made to such system for purposes of the United States. Such term further includes any published classification system that is internationally recognized as a successor to the classification system referred to in the first sentence of this clause.

Such application shall be in such form, submitted in such a manner, and be accompanied by such information, as the Secretary may specify. No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and in accordance with the requirements of this section, that the application will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under subsection (a) of this section, and that the applicant will comply with the peer review requirements under sections 491 and 492.

The reservation of such amounts for any fiscal year is subject to the availability of qualified applicants for such awards.

(b) The Director of NIH may not make a grant or enter into a contract under subsection (a) unless the applicant for such assistance agrees, with respect to the costs to be incurred by the applicant in carrying out the purpose described in such subsection, to make available (directly or through donations from public or private entities) non-Federal contributions in cash toward such costs in an amount equal to not less than $1 for each $4 of Federal funds provided in such assistance.

(F) A requirement that complete histories be maintained on the health and use in research of the chimpanzees.

(G) A requirement that the chimpanzees be monitored for the purpose of promptly detecting the presence in the chimpanzees of any condition that may be a threat to the public health or the health of other chimpanzees.

(H) A requirement that chimpanzees posing such a threat be contained in accordance with applicable recommendations of the Director of the Centers for Disease Control and Prevention.

(I) A prohibition that none of the chimpanzees may be subjected to euthanasia, except as in the best interests of
the chimpanzee involved, as determined by the system and an attending veterinarian.

(J) A prohibition that the chimpanzees may not be discharged from the system. If any chimpanzee is removed from a sanctuary facility for purposes of research authorized under paragraph (3)(A)(ii), the chimpanzee shall be returned immediately upon the completion of that research. All costs associated with the removal of the chimpanzee from the facility, with the care of the chimpanzee during such absence from the facility, and with the return of the chimpanzee to the facility shall be the responsibility of the entity that obtains approval under such paragraph regarding use of the chimpanzee and removes the chimpanzee from the sanctuary facility.

(K) A provision that the Secretary may, in the discretion of the Secretary, accept into the system chimpanzees that are not surplus chimpanzees.

(L) Such additional standards as the Secretary determines to be appropriate.

(3) RESTRICTIONS REGARDING RESEARCH.—

(A) IN GENERAL.—For purposes of paragraph (2)(A), standards under paragraph (1) shall provide that a chimpanzee accepted into the sanctuary system may not be used for studies or research, except as provided in clause (i) or (ii), as follows:

(i) The chimpanzee may be used for noninvasive behavioral studies or medical studies based on information collected during the course of normal veterinary care that is provided for the benefit of the chimpanzee, provided that any such study involves minimal physical and mental harm, pain, distress, and disturbance to the chimpanzee and the social group in which the chimpanzee lives.

(ii) The chimpanzee may be used in research if—

(I) the Secretary finds that there are special circumstances in which there is need for that individual, specific chimpanzee (based on that chimpanzee's prior medical history, prior research protocols, and current status), and there is no chimpanzee with a similar history and current status that is reasonably available among chimpanzees that are not in the sanctuary system;

(II) the Secretary finds that there are technological or medical advancements that were not available at the time the chimpanzee entered the sanctuary system, and that such advancements can and will be used in the research;

(III) the Secretary finds that the research is essential to address an important public health need; and

(IV) the design of the research involves minimal pain and physical harm to the chimpanzee, and otherwise minimizes mental harm, distress, and disturbance to the chimpanzee and the social
group in which the chimpanzee lives (including with respect to removal of the chimpanzee from the sanctuary facility involved).

(B) Approval of Research Design.—
   (i) Evaluation by Sanctuary Board.—With respect to a proposed use in research of a chimpanzee in the sanctuary system under subparagraph (A)(ii), the board of directors of the nonprofit private entity that receives the contract under subsection (e) shall, after consultation with the head of the sanctuary facility in which the chimpanzee has been placed and with the attending veterinarian, evaluate whether the design of the research meets the conditions described in subparagraph (A)(ii)(IV) and shall submit to the Secretary the findings of the evaluation.

   (ii) Acceptance of Board Findings.—The Secretary shall accept the findings submitted to the Secretary under clause (i) by the board of directors referred to in such clause unless the Secretary makes a determination that the findings of the board are arbitrary or capricious.

   (iii) Public Participation.—With respect to a proposed use in research of a chimpanzee in the sanctuary system under subparagraph (A)(ii), the proposal shall not be approved until—

   (I) the Secretary publishes in the Federal Register the proposed findings of the Secretary under such subparagraph, the findings of the evaluation by the board under clause (i) of this subparagraph, and the proposed evaluation by the Secretary under clause (ii) of this subparagraph; and

   (II) the Secretary seeks public comment for a period of not less than 60 days.

(C) Additional Restriction.—For purposes of paragraph (2)(A), a condition for the use in studies or research of a chimpanzee accepted into the sanctuary system is (in addition to conditions under subparagraphs (A) and (B) of this paragraph) that the applicant for such use has not been fined for, or signed a consent decree for, any violation of the Animal Welfare Act.

(4) Non-Federal Chimpanzees Offered for Acceptance Into System.—With respect to a chimpanzee that is not owned by the Federal Government and is offered for acceptance into the sanctuary system, standards under paragraph (1) shall include the following:

   (A) A provision that the Secretary may authorize the imposition of a fee for accepting such chimpanzee into the system, except as follows:

   (i) Such a fee may not be imposed for accepting the chimpanzee if, on the day before the date of the enactment of this section, the chimpanzee was owned by the nonprofit private entity that receives the contract under subsection (e) or by any individual san-
tuary facility receiving a subcontract or grant under subsection (e)(1).

(ii) Such a fee may not be imposed for accepting the chimpanzee if the chimpanzee is owned by an entity that operates a primate center, and if the chimpanzee is housed in the primate center pursuant to the program for regional centers for research on primates that is carried out by the National Center for Research Resources.

Any fees collected under this subparagraph are available to the Secretary for the costs of operating the system. Any other fees received by the Secretary for the long-term care of chimpanzees (including any Federal fees that are collected for such purpose and are identified in the report under section 3 of the Chimpanzee Health Improvement, Maintenance, and Protection Act) are available for operating the system, in addition to availability for such other purposes as may be authorized for the use of the fees.

(B) A provision that the Secretary may deny such chimpanzee acceptance into the system if the capacity of the system is not sufficient to accept the chimpanzee, taking into account the physical capacity of the system; the financial resources of the system; the number of individuals serving as the staff of the system, including the number of professional staff; the necessity of providing for the safety of the staff and of the public; the necessity of caring for accepted chimpanzees in accordance with the standards under paragraph (1); and such other factors as may be appropriate.

(C) A provision that the Secretary may deny such chimpanzee acceptance into the system if a complete history of the health and use in research of the chimpanzee is not available to the Secretary.

(D) Such additional standards as the Secretary determines to be appropriate.

(e) AWARD OF CONTRACT FOR OPERATION OF SYSTEM.—

(1) IN GENERAL.—Subject to the availability of funds pursuant to subsection (g), the Secretary shall make an award of a contract to a nonprofit private entity under which the entity has the responsibility of operating (and establishing, as applicable) the sanctuary system and awarding subcontracts or grants to individual sanctuary facilities that meet the standards under subsection (d).

(6) DEFINITION.—For purposes of this subsection, the term "ethical considerations" means considerations as to whether the nature of the research involved is such that it is unethical to conduct or support the research.

INCLUSION OF WOMEN AND MINORITIES IN CLINICAL RESEARCH

SEC. 492B. [289a–2] (a) REQUIREMENT OF INCLUSION.—
(1) IN GENERAL.—In conducting or supporting clinical research for purposes of this title, the Director of NIH shall, subject to subsection (b), ensure that—

(B) members of minority groups are included as subjects in such research.

(2) OUTREACH REGARDING PARTICIPATION AS SUBJECTS.—The Director of NIH, in consultation with the Director of the Office of Research on Women's Health and the Director of the Office of Research on Minority Health, shall conduct or support outreach programs for the recruitment of women and members of minority groups as subjects in projects of clinical research.

(b) INAPPLICABILITY OF REQUIREMENT.—The requirement established in subsection (a) regarding women and members of minority groups shall not apply to a project of clinical research if the inclusion, as subjects in the project, of women and members of minority groups, respectively—
(1) is inappropriate with respect to the health of the subjects;
(2) is inappropriate with respect to the purpose of the research; or
(3) is inappropriate under such other circumstances as the Director of NIH may designate.

(c) DESIGN OF CLINICAL TRIALS.—In the case of any clinical trial in which women or members of minority groups will under subsection (a) be included as subjects, the Director of NIH shall ensure that the trial is designed and carried out in a manner sufficient to provide for a valid analysis of whether the variables being studied in the trial affect women or members of minority groups, as the case may be, differently than other subjects in the trial.

(d) GUIDELINES.—
(1) IN GENERAL.—Subject to paragraph (2), the Director of NIH, in consultation with the Director of the Office of Research on Women's Health and the Director of the Office of Research on Minority Health, shall establish guidelines regarding the requirements of this section. (2) CERTAIN PROVISIONS.—With respect to the circumstances under which the inclusion of women or members of minority groups (as the case may be) as subjects in a project of clinical research is inappropriate for purposes of subsection (b), the following applies to guidelines under paragraph (1):

(A)(i) In the case of a clinical trial, the guidelines shall provide that the costs of such inclusion in the trial is not a permissible consideration in determining whether such inclusion is inappropriate.

(ii) In the case of other projects of clinical research, the guidelines shall provide that the costs of such inclusion in the project is not a permissible consideration in determining whether such inclusion is inappropriate unless the data regarding women or members of minority groups, respectively, that would be obtained in such project (in the event that such inclusion were required) have been or are being obtained through other means that provide data of comparable quality.

(B) In the case of a clinical trial, the guidelines may provide that such inclusion in the trial is not required if there is substantial scientific data demonstrating that there is no significant difference between—

(i) the effects that the variables to be studied in the trial have on women or members of minority groups, respectively; and

(ii) the effects that the variables have on the individuals who would serve as subjects in the trial in the event that such inclusion were not required.

(e) DATE CERTAIN FOR GUIDELINES; APPLICABILITY.—

Protection Against Financial Conflicts of Interest in Certain Projects of Research

Sec. 493A. [289b–1] (a) Issuance of Regulations.—The Secretary shall by regulation define the specific circumstances that constitute the existence of a financial interest in a project on the part of an entity or individual that will, or may be reasonably expected to, create a bias in favor of obtaining results in such project that are consistent with such financial interest. Such definition shall apply uniformly to each entity or individual conducting a research project under this Act. In the case of any entity or individual receiving assistance from the Secretary for a project of research described in subsection (b), the Secretary shall by regulation establish standards for responding to, including managing, reducing, or eliminating, the existence of such a financial interest. The entity may adopt individualized procedures for implementing the standards.

---

1Section 162(2) of Public Law 102–321 (106 Stat. 375) provides that section 530 is amended by striking out “through the National” and all that follows through “Abuse” and inserting in lieu thereof “through the agencies of the Administration”. The amendment cannot be executed because it does not specify to which instance of the term “Abuse” the amendment applies. Additionally, section 163(a)(3) of such law described an amendment that could not be executed, as the amendment included instructions to strike “on Alcohol Abuse” while “of Alcohol Abuse” is the term in section 530. This latter amendment attempted to insert “Administrator of the Substance Abuse and Mental Health Services Administration”. Subsequently, such section 163(a)(3) was struck by section 2(b)(2) of Public Law 102–352 (106 Stat. 939).
(2) The Secretary shall cease withholding payments from a State under paragraph (1) if the Secretary determines that there are reasonable assurances that the State will expend amounts received under section 521 in accordance with the agreements referred to in such paragraph.

(3) The Secretary may not withhold funds under paragraph (1) from a State for a minor failure to comply with the agreements referred to in such paragraph.

(c) OPPORTUNITY FOR HEARING.—Before requiring repayment of payments under subsection (a)(1), or withholding payments under subsection (b)(1), the Secretary shall provide to the State an opportunity for a hearing.

(d) RULE OF CONSTRUCTION.—Notwithstanding any other provision of this part, a State receiving payments under section 521 may not, with respect to any agreements required to be contained in the application submitted under section 529, be considered to be in violation of any such agreements by reason of the fact that the State, in the regular course of providing services under section 522(b) to eligible homeless individuals, incidentally provides services to homeless individuals who are not eligible homeless individuals.

SEC. 532. [290cc–32] PROHIBITION AGAINST CERTAIN FALSE STATEMENTS.

(a) IN GENERAL.—

(1) A person may not knowingly make or cause to be made any false statement or representation of a material fact in connection with the furnishing of items or services for which amounts may be paid by a State from payments received by the State under section 521.

(2) A person with knowledge of the occurrence of any event affecting the right of the person to receive any amounts from payments made to the State under section 521 may not conceal or fail to disclose any such event with the intent of securing such an amount that the person is not authorized to receive or securing such an amount in an amount greater than the amount the person is authorized to receive.

(b) CRIMINAL PENALTY FOR VIOLATION OF PROHIBITION.—Any person who violates a prohibition established in subsection (a) may for each violation be fined in accordance with title 18, United States Code, or imprisoned for not more than 5 years, or both.

SEC. 533. [290cc–33] NONDISCRIMINATION.

(a) IN GENERAL.—

(1) RULE OF CONSTRUCTION REGARDING CERTAIN CIVIL RIGHTS LAWS.—For the purpose of applying the prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975, on the basis of handicap under section 504 of the Rehabilitation Act of 1973, on the basis of sex under title IX of the Education Amendments of 1972, or on the basis of race, color, or national origin under title VI of the Civil Rights Act of 1964, programs and activities funded in whole or in part with funds made available under section 521 shall be considered to be programs and activities receiving Federal financial assistance.
(2) PROHIBITION.—No person shall on the ground of sex or religion be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or in part with funds made available under section 521.

(b) ENFORCEMENT.—

(1) REFERRALS TO ATTORNEY GENERAL AFTER NOTICE.—Whenever the Secretary finds that a State, or an entity that has received a payment pursuant to section 521, has failed to comply with a provision of law referred to in subsection (a)(1), with subsection (a)(2), or with an applicable regulation (including one prescribed to carry out subsection (a)(2)), the Secretary shall notify the chief executive officer of the State and shall request the chief executive officer to secure compliance. If within a reasonable period of time, not to exceed 60 days, the chief executive officer fails or refuses to secure compliance, the Secretary may—

(A) refer the matter to the Attorney General with a recommendation that an appropriate civil action be instituted;

(B) exercise the powers and functions provided by the Age Discrimination Act of 1975, section 504 of the Rehabilitation Act of 1973, title IX of the Education Amendments of 1972, or title VI of the Civil Rights Act of 1964, as may be applicable; or

(C) take such other actions as may be authorized by law.

(2) AUTHORITY OF ATTORNEY GENERAL.—When a matter is referred to the Attorney General pursuant to paragraph (1)(A), or whenever the Attorney General has reason to believe that a State or an entity is engaged in a pattern or practice in violation of a provision of law referred to in subsection (a)(1) or in violation of subsection (a)(2), the Attorney General may bring a civil action in any appropriate district court of the United States for such relief as may be appropriate, including injunctive relief.

(1) In general.—If the amounts made available under subsection (a) for a fiscal year are insufficient for providing each State with an allotment under section 521 of not less than the applicable amount under section 524(a)(1), the Secretary shall, from such amounts as are made available under such subsection, make grants to the States for providing to eligible homeless individuals the services specified in section 522(b).

(c) CONSTRUCTION.—This section shall not be construed to prohibit the dismissal from employment of a Federal civilian employee who cannot properly function in his employment.

SEC. 542. [290dd-1] ADMISSION OF SUBSTANCE ABUSERS TO PRIVATE AND PUBLIC HOSPITALS AND OUTPATIENT FACILITIES.

(a) NONDISCRIMINATION.—Substance abusers who are suffering from medical conditions shall not be discriminated against in admission or treatment, solely because of their substance abuse, by any private or public general hospital, or outpatient facility (as defined in section 1624(4)) which receives support in any form from any program supported in whole or in part by funds appropriated to any Federal department or agency.

(b) REGULATIONS.—

(1) IN GENERAL.—The Secretary shall issue regulations for the enforcement of the policy of subsection (a) with respect to the admission and treatment of substance abusers in hospitals and outpatient facilities which receive support of any kind from any program administered by the Secretary. Such regulations shall include procedures for determining (after opportunity for a hearing if requested) if a violation of subsection (a) has occurred, notification of failure to comply with such subsection, and opportunity for a violator to comply with such subsection. If the Secretary determines that a hospital or outpatient facility subject to such regulations has violated subsection (a) and such violation continues after an opportunity has been afforded for compliance, the Secretary may suspend or revoke, after opportunity for a hearing, all or part of any support of any kind received by such hospital from any program administered by the Secretary. In prescribing and implementing regulations pursuant to this paragraph, the Secretary shall, from time to time, consult with the Secretary of Health and Human Services in order to achieve the maximum possible coordination of
the regulations, and the implementation thereof, which they each prescribe.

SEC. 543. [290dd-2] CONFIDENTIALITY OF RECORDS.

(A) To medical personnel to the extent necessary to meet a bona fide medical emergency.

(B) To qualified personnel for the purpose of conducting scientific research, management audits, financial audits, or program evaluation, but such personnel may not identify, directly or indirectly, any individual patient in any report of such research, audit, or evaluation, or otherwise disclose patient identities in any manner.

(C) If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor, including the need to avert a substantial risk of death or serious bodily harm. In assessing good cause the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure.

(c) USE OF RECORDS IN CRIMINAL PROCEEDINGS.—Except as authorized by a court order granted under subsection (b)(2)(C), no record referred to in subsection (a) may be used to initiate or substantiate any criminal charges against a patient or to conduct any investigation of a patient.

Designated programs include the program under subpart II of part B of title XIX (relating to formula grants to the States).

(b) LIMITATION.—This part does not apply to any award of financial assistance under a designated program for a purpose other than the purpose specified in subsection (a).

(c) DEFINITIONS.—For purposes of this part (and subject to subsection (b)):

SEC. 582. [290kk–1] RELIGIOUS ORGANIZATIONS AS PROGRAM PARTICIPANTS.

(a) IN GENERAL.—Notwithstanding any other provision of law, a religious organization, on the same basis as any other nonprofit private provider—

(1) may receive financial assistance under a designated program; and
(2) may be a provider of services under a designated program.

(b) RELIGIOUS ORGANIZATIONS.—The purpose of this section is to allow religious organizations to be program participants on the same basis as any other nonprofit private provider without impairing the religious character of such organizations, and without diminishing the religious freedom of program beneficiaries.

¹There are two parts G in this title. The first was added by section 3101 of Public Law 106–310 (114 Stat. 1168) and relates to projects for children and violence; that part also begins with section 581. See page 669. Sections 3207 and 3208 of such Public Law (114 Stat. 1195, 1197) added parts H and I, respectively. Subsequently, part G above was added by section 144 of the Community Renewal Tax Relief Act of 2000 (as enacted into law by section 1(a)(7) of Public Law 106–554; 114 Stat. 2763A–619), which provides that title V of this Act “is amended by adding at the end the following part.”, thereby placing that part G after the part I added by Public Law 106–310.

²Section 1955 of this Act also relates to religious organizations as providers of substance abuse services. That section was added by section 3305 of Public Law 106–310 (114 Stat. 1212).
(c) Nondiscrimination Against Religious Organizations.—

(1) Eligibility as Program Participants.—Religious organizations are eligible to be program participants on the same basis as any other nonprofit private organization as long as the programs are implemented consistent with the Establishment Clause and Free Exercise Clause of the First Amendment to the United States Constitution. Nothing in this Act shall be construed to restrict the ability of the Federal Government, or a State or local government receiving funds under such programs, to apply to religious organizations the same eligibility conditions in designated programs as are applied to any other nonprofit private organization.

(2) Nondiscrimination.—Neither the Federal Government nor a State or local government receiving funds under designated programs shall discriminate against an organization that is or applies to be a program participant on the basis that the organization has a religious character.

(d) Religious Character and Freedom.—

(1) Religious Organizations.—Except as provided in this section, any religious organization that is a program participant shall retain its independence from Federal, State, and local government, including such organization’s control over the definition, development, practice, and expression of its religious beliefs.

(2) Additional Safeguards.—Neither the Federal Government nor a State shall require a religious organization to—

(A) alter its form of internal governance; or

(B) remove religious art, icons, scripture, or other symbols,

in order to be a program participant.

(e) Employment Practices.—Nothing in this section shall be construed to modify or affect the provisions of any other Federal or State law or regulation that relates to discrimination in employment. A religious organization’s exemption provided under section 702 of the Civil Rights Act of 1964 regarding employment practices shall not be affected by its participation in, or receipt of funds from, a designated program.

(f) Rights of Program Beneficiaries.—

(1) In General.—If an individual who is a program beneficiary or a prospective program beneficiary objects to the religious character of a program participant, within a reasonable period of time after the date of such objection such program participant shall refer such individual to, and the appropriate Federal, State, or local government that administers a designated program or is a program participant shall provide to such individual (if otherwise eligible for such services), program services that—

(A) are from an alternative provider that is accessible to, and has the capacity to provide such services to, such individual; and

(B) have a value that is not less than the value of the services that the individual would have received from the program participant to which the individual had such objection.
Upon referring a program beneficiary to an alternative provider, the program participant shall notify the appropriate Federal, State, or local government agency that administers the program of such referral.

(2) NOTICES.—Program participants, public agencies that refer individuals to designated programs, and the appropriate Federal, State, or local governments that administer designated programs or are program participants shall ensure that notice is provided to program beneficiaries or prospective program beneficiaries of their rights under this section.

(3) ADDITIONAL REQUIREMENTS.—A program participant making a referral pursuant to paragraph (1) shall—

(A) prior to making such referral, consider any list that the State or local government makes available of entities in the geographic area that provide program services; and

(B) ensure that the individual makes contact with the alternative provider to which the individual is referred.

(4) NONDISCRIMINATION.—A religious organization that is a program participant shall not in providing program services or engaging in outreach activities under designated programs discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief.

(g) FISCAL ACCOUNTABILITY.—

(1) IN GENERAL.—Except as provided in paragraph (2), any religious organization that is a program participant shall be subject to the same regulations as other recipients of awards of Federal financial assistance to account, in accordance with generally accepted auditing principles, for the use of the funds provided under such awards.

(2) LIMITED AUDIT.—With respect to the award involved, a religious organization that is a program participant shall segregate Federal amounts provided under award into a separate account from non-Federal funds. Only the award funds shall be subject to audit by the government.

(h) COMPLIANCE.—With respect to compliance with this section by an agency, a religious organization may obtain judicial review of agency action in accordance with chapter 7 of title 5, United States Code.

SEC. 583. [290kk-2] LIMITATIONS ON USE OF FUNDS FOR CERTAIN PURPOSES.

No funds provided under a designated program shall be expended for sectarian worship, instruction, or proselytization.

SEC. 584. [290kk-3] EDUCATIONAL REQUIREMENTS FOR PERSONNEL IN DRUG TREATMENT PROGRAMS.

(a) FINDINGS.—The Congress finds that—

(1) establishing unduly rigid or uniform educational qualification for counselors and other personnel in drug treatment programs may undermine the effectiveness of such programs; and

(2) such educational requirements for counselors and other personnel may hinder or prevent the provision of needed drug treatment services.
(b) NONDISCRIMINATION.—In determining whether personnel of a program participant that has a record of successful drug treatment for the preceding three years have satisfied State or local requirements for education and training, a State or local government shall not discriminate against education and training provided to such personnel by a religious organization, so long as such education and training includes basic content substantially equivalent to the content provided by nonreligious organizations that the State or local government would credit for purposes of determining whether the relevant requirements have been satisfied.

STATE ALLOTMENTS

SEC. 602. [291b] (a)(1) Each State shall be entitled for each
fiscal year to an allotment bearing the same ratio to the sums ap-
propriated for such year pursuant to subparagraphs (1), (2), and
(3), respectively, of section 601(a), and to an allotment bearing the
same ratio to the sums appropriated for such year pursuant to sec-
tion 601(b), as the product of—

(A) the population of such State, and
(B) the square of its allotment percentage,
bears to the sum of the corresponding products for all of the States.

(2) For each fiscal year, the Secretary shall, in accordance with
regulations, make allotments among the States, from the sums ap-
propriated for such year under section 601(c), on the basis of the
population, the financial need, and the extent of the need for mod-
ernization of the facilities referred to in paragraphs (a) and (b) of
section 601, of the respective States.

(b)(1) The allotment to any State under subsection (a) for any
fiscal year which is less than—

(A) $50,000 for the Virgin Islands, American Samoa, the

(B) $100,000 for the Virgin Islands, American Samoa, the

term care or for the construction of public or other nonprofit
hospitals and public health centers, or for the modernization of
facilities referred to in paragraph (a) or (b) of section 601, or

(D) $200,000 for the Virgin Islands, American Samoa, the
Trust Territory of the Pacific Islands, or Guam and $300,000
for any other State in the case of an allotment for grants for
the modernization of facilities referred to in paragraphs (a) and
(b) of section 601,
shall be increased to that amount, the total of the increases there-
by required being derived by proportionately reducing the allot-
ment from appropriations under such subparagraph or paragraph
to each of the remaining States under subsection (a) of this section,
but with such adjustments as may be necessary to prevent the al-
lotment of any of such remaining States from appropriations under
such subparagraph or paragraph from being thereby reduced to
less than that amount.

(2) An allotment of the Virgin Islands, American Samoa, the
Trust Territory of the Pacific Islands, or Guam for any fiscal year
may be increased as provided in paragraph (1) only to the extent it satisfies the Surgeon General, at such time prior to the beginning of such year as the Surgeon General may designate, that such increase will be used for payments under and in accordance with the provisions of this part.

(c) For the purposes of this part—

(1) The “allotment percentage” for any State shall be 100 per centum less that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the per capita income of the United States, except that (A) the allotment percentage shall in no case be more than 75 per centum or less than 33 1⁄3 per centum, and (B) the allotment percentage for the Commonwealth of Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands shall be 75 per centum.

(2) The allotment percentages shall be determined by the Surgeon General between July 1 and September 30 of each even-numbered year, on the basis of the average of the per capita incomes of each of the States and of the United States for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce, and the States shall be notified promptly thereof. Such determination shall be conclusive for each of the two fiscal years in the period beginning July 1 next succeeding such determination.

(3) The population of the several States shall be determined on the basis of the latest figures certified by the Department of Commerce.

(4) The term “United States” means (but only for purposes of paragraphs (1) and (2)) the fifty States and the District of Columbia.

(d)(1) Any sum allotted to a State, other than the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, and Guam for a fiscal year under this section and remaining unobligated at the end of such year shall remain available to such State, for the purpose for which made, for the next two fiscal years (and for such years only), in addition to the sums allotted to such State for such purposes for such next two fiscal years.

(2) Any sum allotted to the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, or Guam for a fiscal year under this section and remaining unobligated at the end of such year shall remain available to it, for the purpose for which made, for the next two fiscal years (and for such years only), in addition to the sums allotted to it for such purpose for each of such next two fiscal years.

(e)(1) Upon the request of any State that a specified portion of any allotment of such State under subsection (a) for any fiscal year be added to any other allotment or allotments of such State under such subsection for such year, the Secretary shall promptly (but after application of subsection (b)) adjust the allotments of such State in accordance with such request and shall notify the State agency; except that the aggregate of the portions so transferred from an allotment for a fiscal year pursuant to this paragraph may not exceed the amount specified with respect to such allotment in
clause (A), (B), (C), or (D), as the case may be, of subsection (b)(1) which is applicable to such State.

(2) In addition to the transfer of portions of allotments under paragraph (1), upon the request of any State that a specified portion of any allotment of such State under subsection (a), other than an allotment for grants for the construction of public or other nonprofit rehabilitation facilities, be added to another allotment of such State under such subsection, other than an allotment for grants for the construction of public or other nonprofit hospitals and public health centers, and upon simultaneous certification to the Secretary by the State agency in such State to the effect that—

(A) it has afforded a reasonable opportunity to make applications for the portion so specified and there have been no approvable applications for such portions, or

(B) in the case of a request to transfer a portion of an allotment for grants for the construction of public or other nonprofit hospitals and public health centers, use of such portion as requested by such State agency will better carry out the purposes of this title,

the Secretary shall promptly (but after application of subsection (b)) adjust the allotments of such State in accordance with such request and shall notify the State agency.

(3) In addition to the transfer of portions of allotments under paragraph (1) or (2), upon the request of any State that a specified portion of an allotment of such State under paragraph (2) of subsection (a) be added to an allotment of such State under paragraph (1) of such subsection for grants for the construction of public or other nonprofit hospitals and public health centers, and upon simultaneous certification by the State agency in such State to the effect that the need for new public or other nonprofit hospitals and public health centers is substantially greater than the need for modernization of facilities referred to in paragraph (a) or (b) of section 601, the Secretary shall promptly (but after application of subsection (b) of this section) adjust the allotments of such State in accordance with such request and shall notify the State agency.

(4) After adjustment of allotments of any State, as provided in paragraph (1), (2), or (3) of this subsection, the allotments as so adjusted shall be deemed to be the State's allotments under this section.

(f) In accordance with regulations, any State may file with the Surgeon General a request that a specified portion of an allotment to it under this part for grants for construction of any type of facility, or for modernization of facilities, be added to the corresponding allotment of another State for the purpose of meeting a portion of the Federal share of the cost of a project for the construction of a facility of that type in such other State, or for modernization of a facility in such other State, as the case may be. If it is found by the Surgeon General (or, in the case of a rehabilitation facility, by the Surgeon General and the Secretary) that construction or modernization of the facility with respect to which the request is made would meet needs of the State making the request and that use of the specified portion of such State's allotment, as requested by it, would assist in carrying out the purposes of this title, such portion of such State's allotment shall be added to the corresponding allot-
ment of the other State, to be used for the purpose referred to above.

GENERAL REGULATIONS

SEC. 603. [291c] The Surgeon General, with the approval of the Federal Hospital Council and the Secretary of Health, Education, and Welfare, shall by general regulations prescribe—

(a) the general manner in which the State agency shall determine the priority of projects based on the relative need of different areas lacking adequate facilities of various types for which assistance is available under this part, giving special consideration—

(1) in the case of projects for the construction of hospitals, to facilities serving areas with relatively small financial resources and, at the option of the State, rural communities;

(7) to facilities which will provide to a significant extent, for the treatment of alcoholism;

(b) general standards of construction and equipment for facilities of different classes and in different types of location, for which assistance is available under this part;

(c) criteria for determining needs for general hospital and long-term care beds, and needs for hospitals and other facilities for which aid under this part is available, and for developing plans for the distribution of such beds and facilities;

(d) criteria for determining the extent to which existing facilities, for which aid under this part is available, are in need of modernization; and

(e) that the State plan shall provide for adequate hospitals, and other facilities for which aid under this part is available, for all persons residing in the State, and adequate hospitals (and such other facilities) to furnish needed services for persons unable to pay therefor. Such regulations may also require that before approval of an application for a project is recommended by a State agency to the Surgeon General for approval under this part, assurance shall be received by the State from the applicant that (1) the facility or portion thereof to be constructed or modernized will be made available to all persons residing in the territorial area of the applicant;
and (2) there will be made available in the facility or portion there-
of to be constructed or modernized a reasonable volume of services
to persons unable to pay therefor, but an exception shall be made
if such a requirement is not feasible from a financial viewpoint.

STATE PLANS

SEC. 604. Any State desiring to participate in this
part may submit a State plan. Such plan must—

(1) designate a single State agency as the sole agency for the
administration of the plan, or designate such agency as the sole agency for supervising the administration of the plan;

tation, for consultation with organizations, groups, and State agencies so concerned;

(4) set forth, in accordance with criteria established in reg-

lations) community, area, or regional plans—

(A) the number of general hospital beds and long-term care beds, and the number and types of hospital facilities and facilities for long-term care, needed to provide ade-

(B) the public health centers needed to provide ade-
quate public health services for people residing in the State, and a plan for the distribution of such centers throughout the State;

(D) the rehabilitation facilities needed to assure ade-
quate rehabilitation services for disabled persons residing in the State, and a plan for distribution of such facilities throughout the State; and
(E) effective January 1, 1966, the extent to which existing facilities referred to in section 601 (a) or (b) in the State are in need of modernization;
(5) set forth a construction and modernization program conforming to the provisions set forth pursuant to paragraph (4) and regulations prescribed under section 603 and providing for construction or modernization of the hospital or long-term care facilities, public health centers, outpatient facilities and rehabilitation facilities which are needed, as determined under the provisions so set forth pursuant to paragraph (4);
(6) set forth, with respect to each of such types of medical facilities, the relative need, determined in accordance with regulations prescribed under section 603, for projects for facilities of that type, and provide for the construction or modernization, insofar as financial resources available therefor and for maintenance and operation make possible, in the order of such relative need;
(7) provide minimum standards (to be fixed in the discretion of the State) for the maintenance and operation of facilities providing inpatient care which receive aid under this part and, effective July 1, 1966, provide for enforcement of such standards with respect to projects approved by the Surgeon General under this part after June 30, 1964;
(8) provide such methods of administration of the State plan, including methods relating to the establishment and maintenance of personnel standards on a merit basis (except that the Surgeon General shall exercise no authority with respect to the selection, tenure of office, or compensation of any individual employed in accordance with such methods), as are found by the Surgeon General to be necessary for the proper and efficient operation of the plan;
(9) provide for affording to every applicant for a construction or modernization project an opportunity for a hearing before the State agency;
(10) provide that the State agency will make such reports, in such form and containing such information, as the Surgeon General may from time to time reasonably require, and will keep such records and afford such access thereto as the Surgeon General may find necessary to assure the correctness and verification of such reports;
(11) provide that the Comptroller General of the United States or his duly authorized representatives shall have access for the purpose of audit and examination to the records specified in paragraph (10);
(12) provide that the State agency will from time to time, but not less often than annually, review its State plan and submit to the Surgeon General any modifications thereof which it considers necessary; and
(13) effective July 1, 1971, provide that before any project for construction or modernization of any general hospital is approved by the State agency there will be reasonable assurance of adequate provision for extended care services (as determined in accordance with regulations) to patients of such hospital when such services are medically appropriate for them, with
such services being provided in facilities which (A) are structurally part of, physically connected with, or in immediate proximity to, such hospital, and (B) either (i) are under the supervision of the professional staff of such hospital or (ii) have organized medical staffs and have in effect transfer agreements with such hospital; except that the Secretary may, at the request of the State agency, waive compliance with clause (A) or (B), or both such clauses, as the case may be, in the case of any project if the State agency has determined that compliance with such clause or clauses in such case would be inadvisable.

(b) The Surgeon General shall approve any State plan and any modification thereof which complies with the provisions of subsection (a). If any such plan or modification thereof shall have been disapproved by the Surgeon General for failure to comply with subsection (a), the Federal Hospital Council shall, upon request of the State agency, afford it an opportunity for hearing. APPROVAL OF PROJECTS FOR CONSTRUCTION OR MODERNIZATION

SEC. 605. [291e] (a) For each project pursuant to a State plan approved under this part, there shall be submitted to the Surgeon General, through the State agency, an application by the State or a political subdivision thereof or by a public or other nonprofit agency. If two or more such agencies join in the project, the application may be filed by one or more of such agencies. Such application shall set forth—

(1) a description of the site for such project;
(2) plans and specifications therefor, in accordance with regulations prescribed under section 603;
(3) reasonable assurance that title to such site is or will be vested on one or more of the agencies filing the application or in a public or other nonprofit agency which is to operate the facility on completion of the project;
(4) reasonable assurance that adequate financial support will be available for the completion of the project and for its maintenance and operation when completed;
(5) reasonable assurance that all laborers and mechanics employed by contractors or subcontractors in the performance of construction or modernization on the project will be paid wages at rates not less than those prevailing on similar work in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a–5); and the Secretary of Labor shall have with respect to the labor standards specified in this paragraph the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 5 U.S.C. 133z–15) and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c); and
(6) a certification by the State agency of the Federal share for the project.

(b) The Surgeon General shall approve such application if sufficient funds to pay the Federal share of the cost of such project are
available from the appropriate allotment to the State, and if the Surgeon General finds (1) that the application contains such reasonable assurance as to title, financial support, and payment of prevailing rates of wages; (2) that the plans and specifications are in accord with the regulations prescribed pursuant to section 603; (3) that the application is in conformity with the State plan approved under section 604 and contains an assurance that in the operation of the project there will be compliance with the applicable requirements of the regulations prescribed under section 603(e), and with State standards for operation and maintenance; and (4) that the application has been approved and recommended by the State agency, opportunity has been provided, prior to such approval and recommendation, for consideration of the project by the public or nonprofit private agency or organization which has developed the comprehensive regional, metropolitan area, or other local area plan or plans referred to in section 314(b) covering the area in which such project is to be located or, if there is no such agency or organization, by the State agency administering or supervising the administration of the State plan approved under section 314(a), and the application is for a project which is entitled to priority over other projects within the State in accordance with the regulations prescribed pursuant to section 603(a). Notwithstanding the preceding sentence, the Surgeon General may approve such an application for a project for construction or modernization of a rehabilitation facility only if it is also approved by the Secretary of Health, Education, and Welfare.

(c) No application shall be disapproved until the Surgeon General has afforded the State agency an opportunity for a hearing.

(d) Amendment of any approved application shall be subject to approval in the same manner as an original application.

(e) Notwithstanding any other provision of this title, no application for an outpatient facility shall be approved under this section unless the applicant is (1) a State, political subdivision, or public agency, or (2) a corporation or association which owns and operates a nonprofit hospital (as defined in section 645) or which provides reasonable assurance that the services of a general hospital will be available to patients of such facility who are in need of hospital care.

PAYMENTS FOR CONSTRUCTION OR MODERNIZATION

SEC. 606. [291ff] (a) Upon certification to the Surgeon General by the State agency, based upon inspection by it, that work has been performed upon a project, or purchases have been made, in accordance with the approved plans and specifications, and that payment of an installment is due to the applicant, such installment shall be paid to the State, from the applicable allotment of such State, except that (1) if the State is not authorized by law to make payments to the applicant, or if the State so requests, the payment shall be made directly to the applicant, (2) if the Surgeon General, after investigation or otherwise, has reason to believe that any act (or failure to act) has occurred requiring action pursuant to section 607, payment may, after he has given the State agency notice of opportunity for hearing pursuant to such section, be withheld, in whole or in part, pending corrective action or action based on such

hearing, and (3) the total of payments under this subsection with respect to such project may not exceed an amount equal to the Federal share of the cost of construction of such project.

(b) In case an amendment to an approved application is approved as provided in section 605 or the estimated cost of a project is revised upward, any additional payment with respect thereto may be made from the applicable allotment of the State for the fiscal year in which such amendment or revision is approved.

(c)(1) At the request of any State, a portion of any allotment or allotments of such State under this part shall be available to pay one-half (or such smaller share as the State may request) of the expenditures found necessary by the Surgeon General for the proper and efficient administration during such year of the State plan approved under this part; except that not more than 4 per centum of the total of the allotments of such State for a year, or $100,000, whichever is less, shall be available for such purpose for such year. Payments of amounts due under this paragraph may be made in advance or by way of reimbursement, and in such installments, as the Surgeon General may determine.

(2) Any amount paid under paragraph (1) to any State for any fiscal year shall be paid on condition that there shall be expended from State sources for such year for administration of the State plan approved under this part not less than the total amount expended for such purposes from such sources during the fiscal year ending June 30, 1970.

WITHHOLDING OF PAYMENTS

Sec. 607. §291g Whenever the Surgeon General, after reasonable notice and opportunity for hearing to the State agency designated as provided in section 604(a)(1), finds—

(a) that the State agency is not complying substantially with the provisions required by section 604 to be included in its State plan; or
(b) that any assurance required to be given in an application filed under section 605 is not being or cannot be carried out; or
(c) that there is a substantial failure to carry out plans and specifications approved by the Surgeon General under section 605; or
(d) that adequate State funds are not being provided annually for the direct administration of the State plan,
the Surgeon General may forthwith notify the State agency that—

(e) no further payments will be made to the State under this part, or
(f) no further payments will be made from the allotments of such State from appropriations under any one or more subparagraphs or paragraphs of section 601, or for any project or projects, designated by the Surgeon General as being affected by the action or inaction referred to in paragraph (a), (b), (c), or (d) of this section, as the Surgeon General may determine to be appropriate under the circumstances; and, except with regard to any project for which the application has already been approved and which is not directly affected, further payments may be withheld, in whole or in part, until there is no longer
any failure to comply (or carry out the assurance or plans and specifications or provide adequate State funds, as the case may be) or, if such compliance (or other action) is impossible, until the State repays or arranges for the repayment of Federal moneys to which the recipient was not entitled.

JUDICIAL REVIEW

SEC. 608. [291h] (a) If the Surgeon General refuses to approve any application for a project submitted under section 605 or section 610, the State agency through which such application was submitted, or if any State is dissatisfied with his action under section 607 such State may appeal to the United States court of appeals for the circuit in which such State is located, by filing a petition with such court within sixty days after such action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Surgeon General, or any officer designated by him for that purpose. The Surgeon General shall thereupon file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Surgeon General or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Surgeon General may modify or set aside his order.

(b) The findings of the Surgeon General as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Surgeon General to take further evidence, and the Surgeon General may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(c) The judgment of the court affirming or setting aside, in whole or in part, any action of the Surgeon General shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this section shall not, unless so specifically ordered by the court, operate as a stay of the Surgeon General’s action.

(e) The right of recovery of the United States under subsection (a) shall not constitute a lien on any facility with respect to which funds have been paid under section 606.

LOANS FOR CONSTRUCTION OR MODERNIZATION OF HOSPITALS AND OTHER MEDICAL FACILITIES

SEC. 610. [291j] (a) In order further to assist the States in carrying out the purposes of this title, the Surgeon General is authorized to make a loan of funds to the applicant for any project for construction or modernization which meets all of the conditions specified for a grant under this part.

(b) Except as provided in this section, an application for a loan with respect to any project under this part shall be submitted, and shall be approved by the Surgeon General, in accordance with the same procedures and subject to the same limitations and conditions as would be applicable to the making of a grant under this part for such project. Any such application may be approved in any fiscal year only if sufficient funds are available from the allotment for the type of project involved. All loans under this section shall be paid directly to the applicant.

(c)(1) The amount of a loan under this part shall not exceed an amount equal to the Federal share of the estimated cost of construction or modernization under the project. Where a loan and a grant are made under this part with respect to the same project, the aggregate amount of such loan and such grant shall not exceed an amount equal to the Federal share of the estimated cost of construction or modernization under the project. Each loan shall bear interest at the rate arrived at by adding one-quarter of 1 per centum per annum to the rate which the Secretary of the Treasury determines to be equal to the current average yield on all outstanding...
marketable obligations of the United States as of the last day of
the month preceding the date the application for the loan is
approved and by adjusting the result so obtained to the nearest one-
eighth of 1 per centum. Each loan made under this part shall ma-
ture not more than forty years after the date on which such loan
is made, except that nothing in this part shall prohibit the pay-
ment of all or part of the loan at any time prior to the maturity
date. In addition to the terms and conditions provided for, each
loan under this part shall be made subject to such terms, condi-
tions, and covenants relating to repayment of principal, payment of
interest, and other matters as may be agreed upon by the applicant
and the Surgeon General.

(2) The Surgeon General may enter into agreements modifying
any of the terms and conditions of a loan made under this part
whenever he determines such action is necessary to protect the fi-
nancial interest of the United States.

(3) If, at any time before a loan for a project has been repaid
in full, any of the events specified in clause (a) or clause (b) of sec-
tion 609 occurs with respect to such project, the unpaid balance of
the loan shall become immediately due and payable by the appli-
cant, and any transferee of the facility shall be liable to the United
States for such repayment.

(d) Any loan under this part shall be made out of the allotment
from which a grant for the project concerned would be made. Pay-
ments of interest and repayments of principal on loans under this
part shall be deposited in the Treasury as miscellaneous receipts.

PART B—LOAN GUARANTEES AND LOANS FOR MODERNIZATION AND
CONSTRUCTION OF HOSPITALS AND OTHER MEDICAL FACILITIES

AUTHORIZATION OF LOAN GUARANTEES AND LOANS

SEC. 621. [291j-1] (a)(1) In order to assist nonprofit private
agencies to carry out needed projects for the modernization or con-
struction of nonprofit private hospitals, facilities for long-term care,
outpatient facilities, and rehabilitation facilities, the Secretary,
during the period July 1, 1970, through June 30, 1974, may, in ac-
cordance with the provisions of this part, guarantee to non-Federal
lenders making loans to such agencies for such projects, payment
of principal of and interest on loans, made by such lenders, which
are approved under this part.

(2) In order to assist public agencies to carry out needed
projects for the modernization or construction of public health cen-
ters, and public hospitals, facilities for long-term care, outpatient
facilities, and rehabilitation facilities, the Secretary, during the pe-
riod July 1, 1970, through June 30, 1974, may, in accordance with
the provisions of this part, make loans to such agencies which shall
be sold and guaranteed in accordance with section 627.

(b)(1) No loan guarantee under this part with respect to any
modernization or construction project may apply to so much of the
principal amount thereof as, when added to the amount of any
grant or loan under part A with respect to such project, exceeds 90
per centum of the cost of such project.

(2) No loan to a public agency under this part shall be made
in an amount which, when added to the amount of any grant or
loan under part A with respect to such project, exceeds 90 per centum of the cost of such project.

(c) The Secretary, with the consent of the Secretary of Housing and Urban Development, shall obtain from the Department of Housing and Urban Development such assistance with respect to the administration of this part as will promote efficiency and economy thereof.

ALLOCATION AMONG THE STATES

SEC. 622. [291j–2] (a) For each fiscal year, the total amount of principal of loans to nonprofit private agencies which may be guaranteed or loans to public agencies which may be directly made under this part shall be allotted by the Secretary among the States, in accordance with regulations, on the basis of each State's relative population, financial need, need for construction of the facilities referred to in section 621(a), and need for modernization of such facilities.

(b) Any amount allotted under subsection (a) to a State for a fiscal year ending before July 1, 1973, and remaining unobligated at the end of such year shall remain available to such State, for the purpose for which made, for the next two fiscal years (and for such years only), and any such amount shall be in addition to the amounts allotted to such State for such purpose for each of such next two fiscal years; except that, with the consent of any such State, any such amount remaining unobligated at the end of the first of such next fiscal year may be reallocated (on such basis as the Secretary deems equitable and consistent with the purposes of this title) to other States which have need therefor. Any amounts so reallocated to a State shall be available for the purposes for which made until the close of the second such next two fiscal years and shall be in addition to the amount allotted and available to such State for the same period.

(c) Any amount allotted or reallocated to a State under this section for a fiscal year shall not, until the expiration of the period during which it is available for obligation, be considered as available for allotment for a subsequent fiscal year.

(d) The allotments of any State under subsection (a) for the fiscal year ending June 30, 1971, and the succeeding fiscal year shall also be available to guarantee loans with respect to any project, for modernization or construction of a nonprofit private hospital or other health facility referred to in section 621(a)(1), if the modernization or construction of such facility was not commenced earlier than January 1, 1968, and if the State certifies and the Secretary finds that without such guaranteed loan such facility could not be completed and begin to operate or could not continue to operate, but with such guaranteed loan would be able to do so: Provided, That this subsection shall not apply to more than two projects in any one State.

APPLICATIONS AND CONDITIONS

SEC. 623. [291j–3] (a) For each project for which a guarantee of a loan to a nonprofit private agency or a direct loan to a public agency is sought under this part, there shall be submitted to the
Secretary, through the State agency designated in accordance with section 604, an application by such private nonprofit agency or by such public agency. If two or more private nonprofit agencies, or two or more public agencies, join in the project, the application may be filed by one or more such agencies. Such application shall (1) set forth all of the descriptions, plans, specifications, assurances, and information which are required by the third sentence of section 605(a) (other than clause (6) thereof) with respect to applications submitted under that section, (2) contain such other information as the Secretary may require to carry out the purposes of this part, and (3) include a certification by the State agency of the total cost of the project and the amount of the loan for which a guarantee is sought under this part, or the amount of the direct loan sought under this part, as the case may be.

(b) The Secretary may approve such application only if—

(1) there remains sufficient balance in the allotment determined for such State pursuant to section 622 to cover the amount of the loan for which a guarantee is sought, or the amount of the direct loan sought (as the case may be), in such application,

(2) he makes each of the findings which are required by clauses (1) through (4) of section 605(b) for the approval of applications for projects thereunder (except that, in the case of the finding required under such clause (4) of entitlement of a project to a priority established under section 603(a), such finding shall be made without regard to the provisions of clauses (1) and (3) of such section),

(3) he finds that there is compliance with section 605(e),

(4) he obtains assurances that the applicant will keep such records, and afford such access thereto, and make such reports, in such form and containing such information, as the Secretary may reasonably require, and

(5) he also determines, in the case of a loan for which a guarantee is sought, that the terms, conditions, maturity, security (if any), and schedule and amounts of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable and in accord with regulations, including a determination that the rate of interest does not exceed such per centum per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States.

(c) No application under this section shall be disapproved until the Secretary has afforded the State agency an opportunity for a hearing.

(d) Amendment of an approved application shall be subject to approval in the same manner as an original application.

(e)(1) In the case of any loan to a nonprofit private agency, the United States shall be entitled to recover from the applicant the amount of any payments made pursuant to any guarantee of such loan under this part, unless the Secretary for good cause waives its right of recovery, and, upon making any such payment, the United
States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made.

(2) Guarantees of loans to nonprofit private agencies under this part shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the purposes of this part will be achieved, and, to the extent permitted by subsection (f), any of such terms and conditions may be modified by the Secretary to the extent he determines it to be consistent with the financial interest of the United States.

(f) Any guarantee of a loan to a nonprofit private agency made by the Secretary pursuant to this part shall be incontestable in the hands of an applicant on whose behalf such guarantee is made, and as to any person who makes or contracts to make a loan to such applicant in reliance thereon, except for fraud or misrepresentation on the part of such applicant or such other person.

PAYMENT OF INTEREST ON GUARANTEED LOAN

SEC. 624. Subject to the provisions of subsection (b), in the case of a guarantee of any loan to a nonprofit private agency under this part with respect to a hospital or other medical facility, the Secretary shall pay, to the holder of such loan and for and on behalf of such hospital or other medical facility amounts sufficient to reduce by 3 per centum per annum the net effective interest rate otherwise payable on such loan. Each holder of a loan, to a nonprofit private agency, which is guaranteed under this part shall have a contractual right to receive from the United States interest payments required by the preceding sentence.

(b) Contracts to make the payments provided for in this section shall not carry an aggregate amount greater than such amount as may be provided in appropriations Acts.

LIMITATION ON AMOUNT OF LOANS GUARANTEED OR DIRECTLY MADE

SEC. 625. The cumulative total of the principal of the loans outstanding at any time with respect to which guarantees have been issued, or which have been directly made, under this part may not exceed the lesser of—

(1) such limitations as may be specified in appropriations Acts, or

(2) in the case of loans covered by allotments for the fiscal year ending June 30, 1971, $500,000,000; for the fiscal year ending June 30, 1972, $1,000,000,000; and for each of the fiscal years ending June 30, 1973, and June 30, 1974.

LOAN GUARANTEE AND LOAN FUND

SEC. 626. (a)(1) There is hereby established in the Treasury a loan guarantee and loan fund (hereinafter in this section referred to as the “fund”) which shall be available to the Secretary without fiscal year limitation, in such amounts as may be specified from time to time in appropriations Acts, (i) to enable him to discharge his responsibilities under guarantees issued by him under this part, (ii) for payment of interest on the loans to nonprofit agencies which are guaranteed, (iii) for direct loans to public agencies which are sold and guaranteed, (iv) for payment of inter-
est with respect to such loans, and (v) for repurchase by him of direct loans to public agencies which have been sold and guaranteed. There are authorized to be appropriated to the fund from time to time such amounts as may be necessary to provide capital required for the fund. To the extent authorized from time to time in appropriation Acts, there shall be deposited in the fund amounts received by the Secretary as interest payments or repayments of principal on loans and any other moneys, property, or assets derived by him from his operations under this part, including any moneys derived from the sale of assets.

(2) Of the moneys in the fund, there shall be available to the Secretary for the purpose of making of direct loans to public agencies only such sums as shall have been appropriated for such purpose pursuant to section 627 or sums received by the Secretary from the sale of such loans (in accordance with such section) and authorized in appropriations Acts to be used for such purpose.

PROVISIONS APPLICABLE TO LOANS TO PUBLIC FACILITIES

SEC. 627. [291j–7] (a)(1) Any loan made by the Secretary to a public agency under this part for the modernization or construction of a public hospital or other health facility shall require such public agency to pay interest thereon at a rate comparable to the current rate of interest prevailing with respect to loans, to non-profit private agencies, which are guaranteed under this part, for the modernization or construction of similar facilities in the same or similar areas, minus 3 per centum per annum.

(2)(A) No loan to a public agency shall be made under this part unless—

(i) the Secretary is reasonably satisfied that such agency will be able to make payments of principal and interest thereon when due, and

(ii) such agency provides the Secretary with reasonable assurances that there will be available to such agency such additional funds as may be necessary to complete the project with respect to which such loan is requested.

(B) Any loan to a public agency shall have such security, have such maturity date, be repayable in such installments, and be subject to such other terms and conditions (including provision for recovery in case of default) as the Secretary determines to be necessary to carry out the purposes of this part while adequately protecting the financial interests of the United States.

(3) In making loans to public agencies under this part, the Secretary shall give due regard to achieving an equitable geographical distribution of such loans.

(b)(1) The Secretary shall from time to time, but with due regard to the financial interests of the United States, sell loans referred to in subsection (a)(1) either on the private market or to the Federal National Mortgage Association in accordance with section 302 of the Federal National Mortgage Association Charter Act.

(2) Any loan so sold shall be sold for an amount which is equal (or approximately equal) to the amount of the unpaid principal of such loan as of the time of sale.

(c)(1) The Secretary is authorized to enter into an agreement with the purchaser of any loan sold under this part under which the Secretary agrees—

(A) to guarantee to such purchaser (and any successor in interest to such purchaser) payments of the principal and interest payable under such loan, and

(B) to pay as an interest subsidy to such purchaser (and any successor in interest of such purchaser) amounts which when added to the amount of interest payable on such loan, are equivalent to a reasonable rate of interest on such loan as determined by the Secretary, after taking into account the
range of prevailing interest rates in the private market on similar loans and the risks assumed by the United States.

(2) Any such agreement—

(A) may provide that the Secretary shall act as agent of any such purchaser, for the purpose of collecting from the public agency to which such loan was made and paying over to such purchaser, any payments of principal and interest payable by such agency under such loan;

(B) may provide for the repurchase by the Secretary of any such loan on such terms and conditions as may be specified in the agreement;

(C) shall provide that, in the event of any default by the public agency to which such loan was made in payment of principal and interest due on such loan, the Secretary shall, upon notification to the purchaser (or to the successor in interest of such purchaser), have the option to close out such loan (and any obligations of the Secretary with respect thereto) by paying to the purchaser (or his successor in interest) the total amount of outstanding principal and interest due thereon at the time of such notification; and

(D) shall provide that, in the event such loan is closed out as provided in subparagraph (C), or in the event of any other loss incurred by the Secretary by reason of the failure of such public agency to make payments of principal and interest on such loan, the Secretary shall be subrogated to all rights of such purchaser for recovery of such loss from such public agency.

(d) The Secretary may, for good cause, waive any right of recovery which he has against a public agency by reason of the failure of such agency to make payments of principal and interest on a loan made to such agency under this part.

(e) After any loan to a public agency under this part has been sold and guaranteed, interest paid on such loan and any interest subsidy paid by the Secretary with respect to such loan which is received by the purchaser thereof (or his successor in interest) shall be included in gross income for the purposes of chapter 1 of the Internal Revenue Code of 1954.

(f) Amounts received by the Secretary as proceeds from the sale of loans under this section shall be deposited in the loan fund established by section 626, and shall be available to the Secretary for the making of further loans under this part in accordance with the provisions of subsection (a)(2) of such section.

(g) There is authorized to be appropriated to the Secretary, for deposit in the loan fund established by section 626, $30,000,000 to provide initial capital for the making of direct loans by the Secretary to public agencies for the modernization or construction of facilities referred to in subsection (a)(1).

(b) Any such loan shall be made only on the basis of an application submitted to the Secretary in such form and containing such information and assurances as he may prescribe.

TITLE VII—HEALTH PROFESSIONS
EDUCATION

PART A—STUDENT LOANS

Subpart I—Insured Health Education Assistance
Loans to Graduate Students

SEC. 701. [292] STATEMENT OF PURPOSE.
The purpose of this subpart is to enable the Secretary to provide a Federal program of student loan insurance for students in (and certain former students of) eligible institutions (as defined in section 719).

SEC. 702. [292a] SCOPE AND DURATION OF LOAN INSURANCE PROGRAM.
(a) IN GENERAL.—The total principal amount of new loans made and installments paid pursuant to lines of credit (as defined in section 719) to borrowers covered by Federal loan insurance under this subpart shall not exceed $350,000,000 for fiscal year 1993, $375,000,000 for fiscal year 1994, and $425,000,000 for fiscal year 1995. If the total amount of new loans made and installments paid pursuant to lines of credit in any fiscal year is less than the ceiling established for such year, the difference between the loans made and installments paid and the ceiling shall be carried over to the next fiscal year and added to the ceiling applicable to that fiscal year, and if in any fiscal year no ceiling has been established, any difference carried over shall constitute the ceiling for making new loans (including loans to new borrowers) and paying installments for such fiscal year. Thereafter, Federal loan insurance pursuant to this subpart may be granted only for loans made (or for loan installments paid pursuant to lines of credit) to enable students, who have obtained prior loans insured under this subpart, to continue or complete their educational program or to obtain a loan under section 705(a)(1)(B) to pay interest on such prior loans; but no insurance may be granted for any loan made or installment paid after September 30, 1998. The total principal amount of Federal loan insurance available under this subsection shall be granted by the Secretary without regard to any apportionment for the purpose of chapter 15 of title 31, United States Code, and without regard to any similar limitation.

(b) CERTAIN LIMITATIONS AND PRIORITIES.—
(1) LIMITATIONS REGARDING LENDERS, STATES, OR AREAS.—The Secretary may, if necessary to assure an equitable distribution of the benefits of this subpart, assign, within the maximum amounts specified in subsection (a), Federal loan insurance quotas applicable to eligible lenders, or to States or
areas, and may from time to time reassign unused portions of these quotas.

(2) Priority for Certain Lenders.—In providing certificates of insurance under section 706 through comprehensive contracts, the Secretary shall give priority to eligible lenders that agree—

(A) to make loans to students at interest rates below the rates prevailing, during the period involved, for loans covered by Federal loan insurance pursuant to this subpart; or

(B) to make such loans under terms that are otherwise favorable to the student relative to the terms under which eligible lenders are generally making such loans during such period.

(c) Authority of Student Loan Marketing Association.—

(1) In General.—Subject to paragraph (2), the Student Loan Marketing Association, established under part B of title IV of the Higher Education Act of 1965, is authorized to make advances on the security of, purchase, service, sell, consolidate, or otherwise deal in loans which are insured by the Secretary under this subpart, except that if any loan made under this subpart is included in a consolidated loan pursuant to the authority of the Association under part B of title IV of the Higher Education Act of 1965, the interest rate on such consolidated loan shall be set at the weighted average interest rate of all such loans offered for consolidation and the resultant percent shall be rounded downward to the nearest one-eighth of 1 percent, except that the interest rate shall be no less than the applicable interest rate of the guaranteed student loan program established under part B of title IV of the Higher Education Act of 1965. In the case of such a consolidated loan, the borrower shall be responsible for any interest which accrues prior to the beginning of the repayment period of the loan, or which accrues during a period in which principal need not be paid (whether or not such principal is in fact paid) by reason of any provision of the Higher Education Act of 1965.

(2) Applicability of Certain Federal Regulations.—With respect to Federal regulations for lenders, this subpart may not be construed to preclude the applicability of such regulations to the Student Loan Marketing Association or to any other entity in the business of purchasing student loans, including such regulations with respect to applications, contracts, and due diligence.

SEC. 703. \(292b\) Limitations on Individual Insured Loans and on Loan Insurance.

(b) LIMITATION ON RATE OF INTEREST.—The rate of interest prescribed and defined by the Secretary for the purpose of subsection (a)(2)(D) may not exceed the average of the bond equivalent rates of the 91-day Treasury bills auctioned for the previous quarter plus 3 percentage points, rounded to the next higher one-eighth of 1 percent.

(c) MINIMUM ANNUAL PAYMENT BY BORROWER.—The total of the payments by a borrower during any year or any repayment period with respect to the aggregate amount of all loans to that borrower which are insured under this subpart shall not be less than the annual interest on the outstanding principal, except as provided in subsection (a)(2)(C), unless the borrower, in the written agreement described in subsection (a)(2), agrees to make payments during any year or any repayment period in a lesser amount.

(d) APPLICABILITY OF CERTAIN LAWS ON RATE OR AMOUNT OF INTEREST.—No provision of any law of the United States (other than subsections (a)(2)(D) and (b)) or of any State that limits the rate or amount of interest payable on loans shall apply to a loan insured under this subpart.

(e) DETERMINATION REGARDING FORBEARANCE.—Any period of time granted to a borrower under this subpart in the form of forbearance on the loan shall not be included in the 25-year total loan repayment period under subsection (a)(2)(C).

(f) LOAN REPAYMENT SCHEDULE.—Lenders and holders under this subpart shall offer borrowers graduated loan repayment schedules that, during the first 5 years of loan repayment, are based on the borrower's debt-to-income ratio.
(g) **RULE OF CONSTRUCTION REGARDING DETERMINATION OF NEED OF STUDENTS.**—With respect to any determination of the financial need of a student for a loan covered by Federal loan insurance under this subpart, this subpart may not be construed to limit the authority of any school to make such allowances for students with special circumstances as the school determines appropriate.

(h) **DEFINITIONS.**—For purposes of this section:

1. The term “active duty” has the meaning given such term in section 101(18) of title 37, United States Code, except that such term does not include active duty for training.

**SEC. 706. [292e] CERTIFICATE OF LOAN INSURANCE; EFFECTIVE DATE OF INSURANCE.**

(a) **IN GENERAL.**—

1. **AUTHORITY FOR ISSUANCE OF CERTIFICATE.**—If, upon application by an eligible lender, made upon such form, containing such information, and supported by such evidence as the Secretary may require, and otherwise in conformity with this section, the Secretary finds that the applicant has made a loan to an eligible borrower which is insurable under the provisions of this subpart, he may issue to the applicant a certificate of insurance covering the loan and setting forth the amount and terms of the insurance.

2. **EFFECTIVE DATE OF INSURANCE.**—Insurance evidenced by a certificate of insurance pursuant to subsection (a)(1) shall become effective upon the date of issuance of the certificate, except that the Secretary is authorized, in accordance with regulations, to issue commitments with respect to proposed loans, or with respect to lines (or proposed lines) of credit, submitted by eligible lenders, and in that event, upon compliance with subsection (a)(1) by the lender, the certificate of insurance may be issued effective as of the date when any loan, or any payment by the lender pursuant to a line of credit, to be covered by such insurance is made to a student described in section 705(a)(1). Such insurance shall cease to be effective upon 60 days’ default by the lender in the payment of any installment of the premiums payable pursuant to section 708.

3. **CERTAIN AGREEMENTS FOR LENDERS.**—An application submitted pursuant to subsection (a)(1) shall contain—

   A. an agreement by the applicant to pay, in accordance with regulations, the premiums fixed by the Secretary pursuant to section 708; and

   B. an agreement by the applicant that if the loan is covered by insurance the applicant will submit such supplementary reports and statements during the effective period of the loan agreement, upon such forms, at such times, and containing such information as the Secretary may prescribe by or pursuant to regulation.

(b) **AUTHORITY REGARDING COMPREHENSIVE INSURANCE COVERAGE.**—
(1) IN GENERAL.—In lieu of requiring a separate insurance application and issuing a separate certificate of insurance for each loan made by an eligible lender as provided in subsection (a), the Secretary may, in accordance with regulations consistent with section 702, issue to any eligible lender applying therefor a certificate of comprehensive insurance coverage which shall, without further action by the Secretary, insure all insurable loans made by that lender, on or after the date of the certificate and before a specified cutoff date, within the limits of an aggregate maximum amount stated in the certificate. Such regulations may provide for conditioning such insurance, with respect to any loan, upon compliance by the lender with such requirements (to be stated or incorporated by reference in the certificate) as in the Secretary’s judgment will best achieve the purpose of this subsection while protecting the financial interest of the United States and promoting the objectives of this subpart, including (but not limited to) provisions as to the reporting of such loans and information relevant thereto to the Secretary and as to the payment of initial and other premiums and the effect of default therein, and including provision for confirmation by the Secretary from time to time (through endorsement of the certificate) of the coverage of specific new loans by such certificate, which confirmation shall be incontestable by the Secretary in the absence of fraud or misrepresentation of fact or patent error.

(2) LINES OF CREDIT BEYOND CUTOFF DATE.—If the holder of a certificate of comprehensive insurance coverage issued under this subsection grants to a borrower a line of credit extending beyond the cutoff date specified in that certificate, loans or payments thereon made by the holder after that date pursuant to the line of credit shall not be deemed to be included in the coverage of that certificate except as may be specifically provided therein; but, subject to the limitations of section 702, the Secretary may, in accordance with regulations, make commitments to insure such future loans or payments, and such commitments may be honored either as provided in subsection (a) or by inclusion of such insurance in comprehensive coverage under this subsection for the period or periods in which such future loans or payments are made.

(c) ASSIGNMENT OF INSURANCE RIGHTS.—The rights of an eligible lender arising under insurance evidenced by a certificate of insurance issued to it under this section may be assigned by such lender, subject to regulation by the Secretary, only to—

(1) another eligible lender (including a public entity in the business of purchasing student loans); or

(2) the Student Loan Marketing Association.

(d) EFFECT OF REFINANCING OR CONSOLIDATION OF OBLIGATIONS.—The consolidation of the obligations of two or more federally insured loans obtained by a borrower in any fiscal year into a single obligation evidenced by a single instrument of indebtedness or the refinancing of a single loan shall not affect the insurance by the United States. If the loans thus consolidated are covered by separate certificates of insurance issued under subsection (a), the Secretary may upon surrender of the original certificates
issue a new certificate of insurance in accordance with that sub-
section upon the consolidated obligation. If the loans thus consoli-
dated are covered by a single comprehensive certificate issued
under subsection (b), the Secretary may amend that certificate
accordingly.

(e) Rule of Construction Regarding Consolidation of
Debts and Refinancing.—Nothing in this section shall be con-
strued to preclude the lender and the borrower, by mutual agree-
ment, from consolidating all of the borrower's loans insured under
this subpart into a single instrument (or, if the borrower obtained
only 1 loan insured under this subpart, refinancing the loan 1 time)
under the terms applicable to an insured loan made at the same
time as the consolidation. The lender or loan holder should provide
full information to the borrower concerning the advantages and dis-
advantages of loan consolidation or refinancing. Nothing in this
section shall be construed to preclude the consolidation of the bor-
rower's loans insured under this subpart under section 428C of the
Higher Education Act of 1965. Any loans insured pursuant to this
subpart that are consolidated under section 428C of such Act shall
not be eligible for special allowance payments under section 438 of
such Act.

SEC. 707. [292f] DEFAULT OF BORROWER.

(a) Conditions for Payment to Beneficiary.—

(1) In general.—Upon default by the borrower on any
loan covered by Federal loan insurance pursuant to this sub-
part, and after a substantial collection effort (including, subject
to subsection (h), commencement and prosecution of an action)
as determined under regulations of the Secretary, the insur-
ance beneficiary shall promptly notify the Secretary and the
Secretary shall, if requested (at that time or after further col-
collection efforts) by the beneficiary, or may on his own motion,
if the insurance is still in effect, pay to the beneficiary the
amount of the loss sustained by the insured upon that loan as
soon as that amount has been determined, except that, if the
insurance beneficiary including any servicer of the loan is not
designated for “exceptional performance”, as set forth in para-
graph (2), the Secretary shall pay to the beneficiary a sum
equal to 98 percent of the amount of the loss sustained by the
insured upon that loan.

(2) Exceptional performance.—

(A) Authority.—Where the Secretary determines that
an eligible lender, holder, or servicer has a compliance per-
formance rating that equals or exceeds 97 percent, the Sec-
retary shall designate that eligible lender, holder, or
servicer, as the case may be, for exceptional performance.

(B) Compliance performance rating.—For purposes
of subparagraph (A), a compliance performance rating is
determined with respect to compliance with due diligence
in the disbursement, servicing, and collection of loans
under this subpart for each year for which the determina-
tion is made. Such rating shall be equal to the percentage
of all due diligence requirements applicable to each loan,
on average, as established by the Secretary, with respect
to loans serviced during the period by the eligible lender, holder, or servicer.

(C) **Annual Audits for Lenders, Holders, and Servicers.**—Each eligible lender, holder, or servicer desiring a designation under subparagraph (A) shall have an annual financial and compliance audit conducted with respect to the loan portfolio of such eligible lender, holder, or servicer, by a qualified independent organization from a list of qualified organizations identified by the Secretary and in accordance with standards established by the Secretary. The standards shall measure the lender’s, holder’s, or servicer’s compliance with due diligence standards and shall include a defined statistical sampling technique designed to measure the performance rating of the eligible lender, holder, or servicer for the purpose of this section. Each eligible lender, holder, or servicer shall submit the audit required by this section to the Secretary.

(D) **Secretary’s Determinations.**—The Secretary shall make the determination under subparagraph (A) based upon the audits submitted under this paragraph and any information in the possession of the Secretary or submitted by any other agency or office of the Federal Government.

(E) **Quarterly Compliance Audit.**—To maintain its status as an exceptional performer, the lender, holder, or servicer shall undergo a quarterly compliance audit at the end of each quarter (other than the quarter in which status as an exceptional performer is established through a financial and compliance audit, as described in subparagraph (C)), and submit the results of such audit to the Secretary. The compliance audit shall review compliance with due diligence requirements for the period beginning on the day after the ending date of the previous audit, in accordance with standards determined by the Secretary.

(F) **Revocation Authority.**—The Secretary shall revoke the designation of a lender, holder, or servicer under subparagraph (A) if any quarterly audit required under subparagraph (E) is not received by the Secretary by the date established by the Secretary or if the audit indicates the lender, holder, or servicer has failed to meet the standards for designation as an exceptional performer under subparagraph (A). A lender, holder, or servicer receiving a compliance audit not meeting the standard for designation as an exceptional performer may reapply for designation under subparagraph (A) at any time.

(G) **Documentation.**—Nothing in this section shall restrict or limit the authority of the Secretary to require the submission of claims documentation evidencing servicing performed on loans, except that the Secretary may not require exceptional performers to submit greater documentation than that required for lenders, holders, and servicers not designated under subparagraph (A).
(H) Cost of Audits.—Each eligible lender, holder, or servicer shall pay for all the costs associated with the audits required under this section.

(I) Additional Revocation Authority.—Notwithstanding any other provision of this section, a designation under subparagraph (A) may be revoked at any time by the Secretary if the Secretary determines that the eligible lender, holder, or servicer has failed to maintain an overall level of compliance consistent with the audit submitted by the eligible lender, holder, or servicer under this paragraph or if the Secretary asserts that the lender, holder, or servicer may have engaged in fraud in securing designation under subparagraph (A) or is failing to service loans in accordance with program requirements.

(J) Noncompliance.—A lender, holder, or servicer designated under subparagraph (A) that fails to service loans or otherwise comply with applicable program regulations shall be considered in violation of the Federal False Claims Act.

(b) Subrogation.—Upon payment by the Secretary of the amount of the loss pursuant to subsection (a), the United States shall be subrogated for all of the rights of the holder of the obligation upon the insured loan and shall be entitled to an assignment of the note or other evidence of the insured loan by the insurance beneficiary. If the net recovery made by the Secretary on a loan after deduction of the cost of that recovery (including reasonable administrative costs) exceeds the amount of the loss, the excess shall be paid over to the insured. The Secretary may sell without recourse to eligible lenders (or other entities that the Secretary determines are capable of dealing in such loans) notes or other evidence of loans received through assignment under the first sentence.

(c) Forbearance.—Nothing in this section or in this subpart shall be construed to preclude any forbearance for the benefit of the borrower which may be agreed upon by the parties to the insured loan and approved by the Secretary or to preclude forbearance by the Secretary in the enforcement of the insured obligation after payment on that insurance.

(d) Reasonable Care and Diligence Regarding Loans.—Nothing in this section or in this subpart shall be construed to excuse the eligible lender or holder of a federally insured loan from exercising reasonable care and diligence in the making of loans under the provisions of this subpart and from exercising a substantial effort in the collection of loans under the provisions of this subpart. If the Secretary, after reasonable notice and opportunity for hearing to an eligible lender, finds that the lender has failed to exercise such care and diligence, to exercise such substantial efforts, to make the reports and statements required under section 706(a)(3), or to pay the required Federal loan insurance premiums, he shall disqualify that lender from obtaining further Federal insurance on loans granted pursuant to this subpart until he is satisfied that its failure has ceased and finds that there is reasonable assurance that the lender will in the future exercise necessary care.
and diligence, exercise substantial effort, or comply with such requirements, as the case may be.

(e) DEFINITIONS.—For purposes of this section:

(1) The term “insurance beneficiary” means the insured or its authorized assignee in accordance with section 706(c).

(2) The term “amount of the loss” means, with respect to a loan, unpaid balance of the principal amount and interest on such loan, less the amount of any judgment collected pursuant to default proceedings commenced by the eligible lender or holder involved.

(3) The term “default” includes only such defaults as have existed for 120 days.

(4) The term “servicer” means any agency acting on behalf of the insurance beneficiary.

(f) REDUCTIONS IN FEDERAL REIMBURSEMENTS OR PAYMENTS FOR DEFAULTING BORROWERS.—The Secretary shall, after notice and opportunity for a hearing, cause to be reduced Federal reimbursements or payments for health services under any Federal law to borrowers who are practicing their professions and have defaulted on their loans insured under this subpart in amounts up to the remaining balance of such loans. Procedures for reduction of payments under the medicare program are provided under section 1892 of the Social Security Act. Notwithstanding such section 1892, any funds recovered under this subsection shall be deposited in the insurance fund established under section 710.

(g) CONDITIONS FOR DISCHARGE OF DEBT IN BANKRUPTCY.—Notwithstanding any other provision of Federal or State law, a debt that is a loan insured under the authority of this subpart may be released by a discharge in bankruptcy under any chapter of title 11, United States Code, only if such discharge is granted—

(1) after the expiration of the seven-year period beginning on the first date when repayment of such loan is required, exclusive of any period after such date in which the obligation to pay installments on the loan is suspended;

(2) upon a finding by the Bankruptcy Court that the non-discharge of such debt would be unconscionable; and

(3) upon the condition that the Secretary shall not have waived the Secretary’s rights to apply subsection (f) to the borrower and the discharged debt.

(h) REQUIREMENT REGARDING ACTIONS FOR DEFAULT.—

(1) IN GENERAL.—With respect to the default by a borrower on any loan covered by Federal loan insurance under this subpart, the Secretary shall, under subsection (a), require an eligible lender or holder to commence and prosecute an action for such default unless—

(A) in the determination of the Secretary—

(i) the eligible lender or holder has made reasonable efforts to serve process on the borrower involved and has been unsuccessful with respect to such efforts, or

(ii) prosecution of such an action would be fruitless because of the financial or other circumstances of the borrower;
(B) for such loans made before the date of the enactment of the Health Professions Reauthorization Act of 1988, the loan involved was made in an amount of less than $5,000; or

(C) for such loans made after such date, the loan involved was made in an amount of less than $2,500.

(2) RELATIONSHIP TO CLAIM FOR PAYMENT.—With respect to an eligible lender or holder that has commenced an action pursuant to subsection (a), the Secretary shall make the payment required in such subsection, or deny the claim for such payment, not later than 60 days after the date on which the Secretary determines that the lender or holder has made reasonable efforts to secure a judgment and collect on the judgment entered into pursuant to this subsection.

(3) STATE COURT JUDGMENTS.—With respect to any State court judgment that is obtained by a lender or holder against a borrower for default on a loan insured under this subpart and that is subrogated to the United States under subsection (b), any United States attorney may register such judgment with the Federal courts for enforcement.

(i) INAPPLICABILITY OF FEDERAL AND STATE STATUTE OF LIMITATIONS ON ACTIONS FOR LOAN COLLECTION.—Notwithstanding any other provision of Federal or State law, there shall be no limitation on the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by the Secretary, the Attorney General, or other administrative head of another Federal agency, as the case may be, for the repayment of the amount due from a borrower on a loan made under this subpart that has been assigned to the Secretary under subsection (b).

(j) SCHOOL COLLECTION ASSISTANCE.—An institution or postgraduate training program attended by a borrower may assist in the collection of any loan of that borrower made under this subpart which becomes delinquent, including providing information concerning the borrower to the Secretary and to past and present lenders and holders of the borrower’s loans, contacting the borrower in order to encourage repayment, and withholding services in accordance with regulations issued by the Secretary under section 715(a)(7). The institution or postgraduate training program shall not be subject to section 809 of the Fair Debt Collection Practices Act for purposes of carrying out activities authorized by this section.

SEC. 708. [292g] RISK-BASED PREMIUMS.

(a) AUTHORITY.—With respect to a loan made under this subpart on or after January 1, 1993, the Secretary, in accordance with subsection (b), shall assess a risk-based premium on an eligible borrower and, if required under this section, an eligible institution that is based on the default rate of the eligible institution involved (as defined in section 719).

(b) ASSESSMENT OF PREMIUM.—Except as provided in subsection (d)(2), the risk-based premium to be assessed under subsection (a) shall be as follows:
(1) LOW-RISK RATE.—With respect to an eligible borrower seeking to obtain a loan for attendance at an eligible institution that has a default rate of not to exceed five percent, such borrower shall be assessed a risk-based premium in an amount equal to 6 percent of the principal amount of the loan.

(2) MEDIUM-RISK RATE.—
   (A) IN GENERAL.—With respect to an eligible borrower seeking to obtain a loan for attendance at an eligible institution that has a default rate of in excess of five percent but not to exceed 10 percent—
      (i) such borrower shall be assessed a risk-based premium in an amount equal to 8 percent of the principal amount of the loan; and
      (ii) such institution shall be assessed a risk-based premium in an amount equal to 5 percent of the principal amount of the loan.
   (B) DEFAULT MANAGEMENT PLAN.—An institution of the type described in subparagraph (A) shall prepare and submit to the Secretary for approval, an annual default management plan, that shall specify the detailed short-term and long-term procedures that such institution will have in place to minimize defaults on loans to borrowers under this subpart. Under such plan the institution shall, among other measures, provide an exit interview to all borrowers that includes information concerning repayment schedules, loan deferments, forbearance, and the consequences of default.

(3) HIGH-RISK RATE.—
   (A) IN GENERAL.—With respect to an eligible borrower seeking to obtain a loan for attendance at an eligible institution that has a default rate of in excess of 10 percent but not to exceed 20 percent—
      (i) such borrower shall be assessed a risk-based premium in an amount equal to 8 percent of the principal amount of the loan; and
      (ii) such institution shall be assessed a risk-based premium in an amount equal to 10 percent of the principal amount of the loan.
   (B) DEFAULT MANAGEMENT PLAN.—An institution of the type described in subparagraph (A) shall prepare and submit to the Secretary for approval a plan that meets the requirements of paragraph (2)(B).

(4) INELIGIBILITY.—An individual shall not be eligible to obtain a loan under this subpart for attendance at an institution that has a default rate in excess of 20 percent.

(c) REDUCTION OF RISK-BASED PREMIUM.—Lenders shall reduce by 50 percent the risk-based premium to eligible borrowers if a credit worthy parent or other responsible party co-signs the loan note.

(d) ADMINISTRATIVE WAIVERS.—
   (1) HEARING.—The Secretary shall afford an institution not less than one hearing, and may consider mitigating circumstances, prior to making such institution ineligible for participation in the program under this subpart.
(2) EXCEPTIONS.—In carrying out this section with respect to an institution, the Secretary may grant an institution a waiver of requirements of paragraphs (2) through (4) of subsection (b) if the Secretary determines that the default rate for such institution is not an accurate indicator because the volume of the loans under this subpart made by such institution has been insufficient.

(3) TRANSITION FOR CERTAIN INSTITUTIONS.—During the 3-year period beginning on the effective date of the Health Professions Education Extension Amendments of 1992—

(A) subsection (b)(4) shall not apply with respect to any eligible institution that is a Historically Black College or University; and

(B) any such institution that has a default rate in excess of 20 percent, and any eligible borrower seeking a loan for attendance at the institution, shall be subject to subsection (b)(3) to the same extent and in the same manner as eligible institutions and borrowers described in such subsection.

(e) PAYOFF TO REDUCE RISK CATEGORY.—An institution may pay off the outstanding principal and interest owed by the borrowers of such institution who have defaulted on loans made under this subpart in order to reduce the risk category of the institution.

(d) **Allocation of Funds for Office.**—In the case of amounts reserved under section 710(a)(2)(B) for obligation under this subsection, the Secretary may obligate the amounts for the purpose of administering the Office, including 7 full-time equivalent employment positions for such Office. (a) AMOUNT OF LOAN.—

(1) IN GENERAL.—Loans from a student loan fund (established under an agreement with a school under section 721) may not, subject to paragraph (2), exceed for any student for a school year (or its equivalent) the cost of attendance (including tuition, other reasonable educational expenses, and reasonable living costs) for that year at the educational institution attended by the student (as determined by such educational institution).

(2) THIRD AND FOURTH YEARS OF MEDICAL SCHOOL.—For purposes of paragraph (1), the amount of the loan may, in the case of the third or fourth year of a student at a school of medicine or osteopathic medicine, be increased to the extent necessary to pay the balances of loans that, from sources other than the student loan fund under section 721, were made to the individual for attendance at the school. The authority to make such an increase is subject to the school and the student agreeing that such amount (as increased) will be expended to pay such balances.

(b) TERMS AND CONDITIONS.—Subject to section 723, any such loans shall be made on such terms and conditions as the school may determine, but may be made only to a student—

(B) not in excess of three years during which the borrower serves as a volunteer under the Peace Corps Act;

(C) during which the borrower participates in advanced professional training, including internships and residencies; and

(D) during which the borrower is pursuing a full-time course of study at such a school; and

(2) a period—

(A) not in excess of two years during which a borrower who is a full-time student in such a school leaves the school, with the intent to return to such school as a full-time student, in order to engage in a full-time educational activity which is directly related to the health profession for which the borrower is preparing, as determined by the Secretary; or

(B) not in excess of two years during which a borrower who is a graduate of such a school is a participant in a fellowship training program or a full-time educational activity which—

(i) is directly related to the health profession for which such borrower prepared at such school, as determined by the Secretary; and

(ii) may be engaged in by the borrower during such a two-year period which begins within twelve months after the completion of the borrower's participation in advanced professional training described in paragraph (1)(C) or prior to the completion of such borrower's participation in such training.

(d) CANCELLATION OF LIABILITY.—The liability to repay the unpaid balance of such a loan and accrued interest thereon shall be canceled upon the death of the borrower, or if the Secretary determines that he has become permanently, and totally disabled.
(e) Rate of Interest.—Such loans shall bear interest, on the unpaid balance of the loan, computed only for periods for which the loan is repayable, at the rate of 5 percent per year.

(f) Security or Endorsement.—Loans shall be made under this subpart without security or endorsement, except that if the borrower is a minor and the note or other evidence of obligation executed by him would not, under the applicable law, create a binding obligation, either security or endorsement may be required.

(g) Transferring and Assigning Loans.—No note or other evidence of a loan made under this subpart may be transferred or assigned by the school making the loan except that, if the borrowers transfer to another school participating in the program under this subpart, such note or other evidence of a loan may be transferred to such other school.

(h) Charge With Respect to Insurance for Certain Cancellations.—Subject to regulations of the Secretary, a school may assess a charge with respect to loans made under this subpart to cover the costs of insuring against cancellation of liability under subsection (d).

(i) Charge With Respect to Late Payments.—Subject to regulations of the Secretary, and in accordance with this section, a school shall assess a charge with respect to a loan under this subpart for failure of the borrower to pay all or any part of an installment when it is due and, in the case of a borrower who is entitled to deferment of the loan under subsection (c), for any failure to file timely and satisfactory evidence of such entitlement. No such charge may be made if the payment of such installment or the filing of such evidence is made within 60 days after the date on which such installment or filing is due. The amount of any such charge may not exceed an amount equal to 6 percent of the amount of such installment. The school may elect to add the amount of any such charge to the principal amount of the loan as of the first day after the day on which such installment or evidence was due, or to make the amount of the charge payable to the school not later than the due date of the next installment after receipt by the borrower of notice of the assessment of the charge.

(j) Authority of Schools Regarding Rate of Payment.—A school may provide, in accordance with regulations of the Secretary, that during the repayment period of a loan from a loan fund established pursuant to an agreement under this subpart payments of principal and interest by the borrower with respect to all the outstanding loans made to him from loan funds so established shall be at a rate equal to not less than $40 per month.

(k) Authority Regarding Repayments by Secretary.—Upon application by a person who received, and is under an obligation to repay, any loan made to such person as a health professions student to enable him to study medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, or podiatry, the Secretary may undertake to repay (without liability to the applicant) all or any part of such loan, and any interest or portion thereof out-

(3) is from a low-income or disadvantaged family as those terms may be defined by such regulations; and
(4) has not resumed, or cannot reasonably be expected to resume, the study of medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, or podiatric medicine, within two years following the date upon which he terminated such studies.

(l) COLLECTION EFFORTS BY SECRETARY.—The Secretary is authorized to attempt to collect any loan which was made under this subpart, which is in default, and which was referred to the Secretary by a school with which the Secretary has an agreement under this subpart, on behalf of that school under such terms and conditions as the Secretary may prescribe (including reimbursement from the school’s student loan fund for expenses the Secretary may reasonably incur in attempting collection), but only if the school has complied with such requirements as the Secretary may specify by regulation with respect to the collection of loans under this subpart. A loan so referred shall be treated as a debt subject to section 5514 of title 5, United States Code. Amounts collected shall be deposited in the school’s student loan fund. Whenever the Secretary desires the institution of a civil action regarding any such loan, the Secretary shall refer the matter to the Attorney General for appropriate action.

(m) ELIMINATION OF STATUTE OF LIMITATION FOR LOAN COLLECTIONS.—

(1) PURPOSE.—It is the purpose of this subsection to ensure that obligations to repay loans under this section are enforced without regard to any Federal or State statutory, regulatory, or administrative limitation on the period within which debts may be enforced.

(2) PROHIBITION.—Notwithstanding any other provision of Federal or State law, no limitation shall terminate the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by a school that has an agreement with the Secretary pursuant to section 721 that is seeking the repayment of the amount due from a borrower on a loan made under this subpart after the default of the borrower on such loan.

(d) OTHER PRIORITY AREAS.—The Secretary may award grants to or enter into contracts with eligible entities to address other areas that are of high priority to nurse education, practice, and retention, as determined by the Secretary.

(e) PREFERENCE.—For purposes of any amount of funds appropriated to carry out this section for fiscal year 2003, 2004, or 2005 that is in excess of the amount of funds appropriated to carry out this section for fiscal year 2002, the Secretary shall give preference to awarding grants or entering into contracts under subsections (a)(2) and (c).

(f) REPORT.—The Secretary shall submit to the Congress before the end of each fiscal year a report on the grants awarded and the contracts entered into under this section. Each such report shall identify the overall number of such grants and contracts and provide an explanation of why each such grant or contract will meet the priority need of the nursing workforce.

(g) ELIGIBLE ENTITY.—For purposes of this section, the term “eligible entity” includes a school of nursing, a health care facility, or a partnership of such a school and facility.

(h) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section such sums as may be necessary for each of fiscal years 2003 through 2007.

PART E—STUDENT LOANS

SEC. 835. [297a] (a) The Secretary is authorized to enter into an agreement for the establishment and operation of a student loan
fund in accordance with this subpart 1 with any public or nonprofit private school of nursing which is located in a State.

(b) Each agreement entered into under this section shall—
   (1) provide for establishment of a student loan fund by the school;
   (2) provide for deposit in the fund, except as provided in section 841, of
       (A) the Federal capital contributions paid from allotments under section 838 to
           the school by the Secretary, (B) an additional amount from other sources equal to
           not less than one-ninth of such Federal capital contributions, (C) collections of
           principal and interest on loans made from the fund, (D) collections pursuant to
           section 836(f), and (E) any other earnings of the fund;
   (3) provide that the fund, except as provided in section 841, shall be used only for
       loans to students of the school in accordance with the agreement and for costs of
       collection of such loans and interest thereon;
   (4) provide that loans may be made from such fund only to students pursuing a
       full-time or half-time course of study at the school leading to a baccalaureate or
       associate degree in nursing or an equivalent degree or a diploma in nursing, or to
       a graduate degree in nursing; and
   (5) contain such other provisions as are necessary to protect the financial interests
       of the United States.

(c)(1) Any standard established by the Secretary by regulation for the collection by
schools of nursing of loans made pursuant to loan agreements under this subpart 1 shall
provide that the failure of any such school to collect such loans shall be measured in
accordance with this subsection. With respect to the student loan fund established pursuant to
such agreements, this subsection may not be construed to require such schools to reimburse such
loan fund for loans that became uncollectable prior to 1983.

(2) The measurement of a school’s failure to collect loans made under this subpart 1 shall
be the ratio (stated as a percentage) that the defaulted principal amount outstanding of such school
bears to the matured loans of such school.

(3) For purposes of this subsection—
   (A) the term “default” means the failure of a borrower of
       a loan made under this subpart 1 to—
           (i) make an installment payment when due; or
           (ii) comply with any other term of the promissory note
               for such loan,
           except that a loan made under this subpart 1 shall not be con-
           sidered to be in default if the loan is discharged in bankruptcy
           or if the school reasonably concludes from written contacts
           with the borrower that the borrower intends to repay the loan;
       (B) the term “defaulted principal amount outstanding” means
           the total amount borrowed from the loan fund of a
           school that has reached the repayment stage (minus any
           principal amount repaid or cancelled) on loans—
           (i) repayable monthly and in default for at least 120
               days; and

Sec. 836. [297b] (a) The total of the loans for any academic year (or its equivalent, as determined under regulations of the Secretary) made by schools of nursing from loan funds established pursuant to agreements under this subpart\(^1\) may not exceed $2,500 in the case of any student, except that for the final two academic years of the program involved, such total may not exceed $4,000. The aggregate of the loans for all years from such funds may not exceed $13,000 in the case of any student. In the granting of such loans, a school shall give preference to licensed practical nurses, to persons with exceptional financial need, and to persons who enter as first-year students after enactment of this title.

(b) Loans from any such student loan fund by any school shall be made on such terms and conditions as the school may determine; subject, however, to such conditions, limitations, and requirements as the Secretary may prescribe (by regulation or in the agreement with the school) with a view to preventing impairment of the capital of such fund to the maximum extent practicable in the light of the objective of enabling the student to complete his course of study; and except that—

(1) such a loan may be made only to a student who (A) is in need of the amount of the loan to pursue a full-time or half-time course of study at the school leading to a baccalaureate or associate degree in nursing or an equivalent degree, or a diploma in nursing, or a graduate degree in nursing, (B) is capable, in the opinion of the school, of maintaining good standing in such course of study, and (C) with respect to any student enrolling in the school after June 30, 1986, is of financial need (as defined in regulations issued by the Secretary);

(2) such a loan shall be repayable in equal or graduated periodic installments (with the right of the borrower to accelerate repayment) over the ten-year period which begins nine months after the student ceases to pursue a full-time or half-time course of study at a school of nursing, excluding from such 10-year period all (A) periods (up to three years) of (i) active duty performed by the borrower as a member of a uniformed service, or (ii) service as a volunteer under the Peace Corps Act, (B) periods (up to ten years) during which the bor-

rower is pursuing a full-time or half-time course of study at a collegiate school of nursing leading to baccalaureate degree in nursing or an equivalent degree, or to graduate degree in nursing, or is otherwise pursuing advanced professional training in nursing (or training to be a nurse anesthetist), and (C) such additional periods under the terms of paragraph (8) of this subsection;

(3) in the case of a student who received such a loan before the date of enactment of the Nurse Training Amendments of 1979, an amount up to 85 per centum of any such loan made before such date (plus interest thereon) shall be canceled for full-time employment as a professional nurse (including teaching in any of the fields of nurse training and service as an administrator, supervisor, or consultant in any of the fields of nursing) in any public or nonprofit private agency, institution, or organization (including neighborhood health centers), at the rate of 15 per centum of the amount of such loan (plus interest) unpaid on the first day of such service for each of the first, second, and third complete year of such service, and 20 per centum of such amount (plus interest) for each complete fourth and fifth year of such service;

(4) the liability to repay the unpaid balance of such loan and accrued interest thereon shall be canceled upon the death of the borrower, or if the Secretary determines that he has become permanently and totally disabled;

(5) such a loan shall bear interest on the unpaid balance of the loan, computed only for periods during which the loan is repayable, at the rate of 5 percent per annum;

(6) such a loan shall be made without security or endorsement, except that if the borrower is a minor and the note or other evidence of obligation executed by him would not, under the applicable law, create a binding obligation, either security or endorsement may be required;

(7) no note or other evidence of any such loan may be transferred or assigned by the school making the loan except that, if the borrower transfers to another school participating in the program under this subpart, such note or other evidence of a loan may be transferred to such other school; and

(8) pursuant to uniform criteria established by the Secretary, the repayment period established under paragraph (2) for any student borrower who during the repayment period failed to make consecutive payments and who, during the last 12 months of the repayment period, has made at least 12 consecutive payments may be extended for a period not to exceed 10 years.

(c) Where all or any part of a loan, or interest, is canceled under this section, the Secretary shall pay to the school an amount equal to the school's proportionate share of the canceled portion, as determined by the Secretary.

(d) Any loan for any year by a school from a student loan fund established pursuant to an agreement under this subpart shall be made in such installments as may be provided in regulations of the

Secretary or such agreement and, upon notice to the Secretary by
the school that any recipient of a loan is failing to maintain satis-
factory standing, any or all further installments of his loans shall
be withheld, as may be appropriate.

(e) An agreement under this subpart 1 with any school shall in-
clude provisions designed to make loans from the student loan fund
established thereunder reasonably available (to the extent of the
available funds in such fund) to all eligible students in the school
in need thereof.

(f) Subject to regulations of the Secretary and in accordance
with this section, a school shall assess a charge with respect to a
loan from the loan fund established pursuant to an agreement
under this subpart 1 for failure of the borrower to pay all or any
part of an installment when it is due and, in the case of a borrower
who is entitled to deferment of the loan under subsection (b)(2) or
cancellation of part or all of the loan under subsection (b)(3), for
any failure to file timely and satisfactory evidence of such entitle-
ment. No such charge may be made if the payment of such install-
ment or the filing of such evidence is made within 60 days after
the date on which such installment or filing is due. The amount of
any such charge may not exceed an amount equal to 6 percent of
the amount of such installment. The school may elect to add the
amount of any such charge to the principal amount of the loan as
of the first day after the day on which such installment or evidence
was due, or to make the amount of the charge payable to the school
not later than the due date of the next installment after receipt by
the borrower of notice of the assessment of the charge.

(g) A school may provide in accordance with regulations of the
Secretary, that during the repayment period of a loan from a loan
fund established pursuant to an agreement under this subpart 1
payments of principal and interest by the borrower with respect to
all the outstanding loans made to him from loan funds so estab-
lished shall be at a rate equal to not less than $40 per month.

(h) Notwithstanding the amendment made by section 6(b) of
the Nurse Training Act of 1971 to this section—

(A) any person who obtained one or more loans from a loan
fund established under this subpart 1, who before the date of
the enactment of the Nurse Training Act of 1971 became eligi-
ble for cancellation of all or part of such loans (including ac-
crued interest) under this section (as in effect on the day before
such date), and who on such date was not engaged in a service
for which loan cancellation was authorized under this section
(as so in effect), may at any time elect to receive such cancella-
tion in accordance with this subsection (as so in effect); and

(B) in the case of any person who obtained one or more
loans from a loan fund established under this subpart 1 and
who on such date was engaged in a service for which cancella-
tion of all or part of such loans (including accrued interest) was
authorized under this section (as so in effect), this section (as
so in effect) shall continue to apply to such person for purposes

Sec. 836  PUBLIC HEALTH SERVICE ACT  798
of providing such loan cancellation until he terminates such service.

Nothing in this subsection shall be construed to prevent any person from entering into an agreement for loan cancellation under subsection (h) (as amended by section 6(b)(2) of the Nurse Training Act of 1971).

(i) Upon application by a person who received and is under an obligation to repay, any loan made to such person as a nursing student, the Secretary may undertake to repay (without liability to the applicant) all or any part of such loan, and any interest or portion thereof outstanding thereon, upon his determination, pursuant to regulations establishing criteria therefor, that the applicant—

(1) failed to complete the nursing studies with respect to which such loan was made;
(2) is in exceptionally needy circumstances; and
(3) has not resumed, or cannot reasonably be expected to resume, such nursing studies within two years following the date upon which the applicant terminated the studies with respect to which such loan was made.

(j) The Secretary is authorized to attempt to collect any loan which was made under this subpart, which is in default, and which was referred to the Secretary by a school of nursing with which the Secretary has an agreement under this subpart, on behalf of that school under such terms and conditions as the Secretary may prescribe (including reimbursement from the school's student loan fund for expenses the Secretary may reasonably incur in attempting collection), but only if the school has complied with such requirements as the Secretary may specify by regulation with respect to the collection of loans under this subpart. A loan so referred shall be treated as a debt subject to section 5514 of title 5, United States Code. Amounts collected shall be deposited in the school's student loan fund. Whenever the Secretary desires the institution of a civil action regarding any such loan, the Secretary shall refer the matter to the Attorney General for appropriate action.

(l) **Elimination of Statute of Limitation for Loan Collections.**

(1) **Purpose.**—It is the purpose of this subsection to ensure that obligations to repay loans under this section are enforced without regard to any Federal or State statutory, regulatory, or administrative limitation on the period within which debts may be enforced.

(2) **Prohibition.**—Notwithstanding any other provision of Federal or State law, no limitation shall terminate the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by a school of nursing that has an agreement with the Secretary pursuant to section 835 that is seeking the repay-
ment of the amount due from a borrower on a loan made under this subpart 1 after the default of the borrower on such loan.

ALLOTMENTS AND PAYMENTS OF FEDERAL CAPITAL CONTRIBUTIONS

SEC. 838. 2 [297d] (a)(1) The Secretary shall from time to time set dates by which schools of nursing in a State must file applications for Federal capital contributions.

(2)(A) If the total of the amounts requested for any fiscal year in such applications exceeds the total amount appropriated under section 837 2 for that fiscal year, the allotment from such total amount to the loan fund of each school of nursing shall be reduced to whichever of the following is the smaller:

(i) The amount requested in its application.

(ii) An amount which bears the same ratio to the total amount appropriated as the number of students estimated by the Secretary to be enrolled on a full-time basis in such school during such fiscal year bears to the estimated total number of students enrolled in all such schools on a full-time basis during such year.

(B) Amounts remaining after allotment under subparagraph (A) shall be reallocated in accordance with clause (ii) of such subparagraph among schools whose applications requested more than the amounts so allotted to their loan funds, but with such adjustments as may be necessary to prevent the total allotted to any such school’s loan fund under this paragraph and paragraph (3) from exceeding the total so requested by it.

(3) Funds which, pursuant to section 839(c) or pursuant to a loan agreement under section 835, are returned to the Secretary in any fiscal year, shall be available for allotment until expended. Funds described in the preceding sentence shall be allotted among schools of nursing in such manner as the Secretary determines will best carry out this subpart 1.

(b) Allotments to a loan fund of a school shall be paid to it from time to time in such installments as the Secretary determines will not result in unnecessary accumulations in the loan fund at such school.

(c) The Federal capital contributions to a loan fund of a school under this subpart 1 shall be paid to it from time to time in such installments as the Secretary determines will not result in unnecessary accumulations in the loan fund at such school.

DISTRIBUTION OF ASSETS FROM LOAN FUNDS

SEC. 839. [297e]

(a) 3 If a school terminates a loan fund established under an agreement pursuant to section 835(b), or if the Secretary for good cause terminates the agreement with the school, there shall be a capital distribution as follows:

(1) The Secretary shall first be paid an amount which bears the same ratio to such balance in such fund on the date

of termination of the fund as the total amount of the Federal capital contributions to such fund by the Secretary pursuant to section 835(b)(2)(A) bears to the total amount in such fund derived from such Federal capital contributions and from funds deposited therein pursuant to section 835(b)(2)(B).

(2) The remainder of such balance shall be paid to the school.

(b) If a capital distribution is made under subsection (a), the school involved shall, after such capital distribution, pay to the Secretary, not less often than quarterly, the same proportionate share of amounts received by the school in payment of principal or interest on loans made from the loan fund established under section 835(b) as determined by the Secretary under subsection (a).

(c)(1) Within 90 days after the termination of any agreement with a school under section 835 or the termination in any other manner of a school’s participation in the loan program under this subpart 1, such school shall pay to the Secretary from the balance of the loan fund of such school established under section 835, an amount which bears the same ratio to the balance in such fund on the date of such termination as the total amount of the Federal capital contributions to such fund by the Secretary pursuant to section 835(b)(2)(A) bears to the total amount in such fund on such date derived from such Federal capital contributions and from funds deposited in the fund pursuant to section 835(b)(2)(B). The remainder of such balance shall be paid to the school.

(2) A school to which paragraph (1) applies shall pay to the Secretary after the date on which payment is made under such paragraph and not less than quarterly, the same proportionate share of amounts received by the school after the date of termination referred to in paragraph (1) in payment of principal or interest on loans made from the loan fund as was determined for the Secretary under such paragraph.

ADMINISTRATIVE PROVISIONS

SEC. 840. [297g] The Secretary may agree to modifications of agreements made under this subpart 1, and may compromise, waive, or release any right, title, claim, or demand of the United States arising or acquired under this subpart.

PROCEDURES FOR APPEAL OF TERMINATIONS

SEC. 842. [297i] In any case in which the Secretary intends to terminate an agreement with a school of nursing under this subpart 1, the Secretary shall provide the school with a written notice specifying such intention and stating that the school may request a formal hearing with respect to such termination. If the school requests such a hearing within 30 days after the receipt of such notice, the Secretary shall provide such school with a hearing conducted by an administrative law judge.

(2) Upon completion by that individual of the second year of such service, the Secretary shall pay another 30 percent of the principal of, and the interest on each such loan.

(3) Upon completion by that individual of a third year of such service, the Secretary shall pay another 25 percent of the principal of, and the interest on each such loan.

(c) PAYMENT BY DUE DATE.—Notwithstanding the requirement of completion of practice specified in subsection (b), the Secretary shall, on or before the due date thereof, pay any loan or loan installment which may fall due within the period of service for which the borrower may receive payments under this subsection, upon the declaration of such borrower, at such times and in such manner as the Secretary may prescribe (and supported by such other evidence as the Secretary may reasonably require), that the borrower is then serving as described by subsection (a)(3), and that the borrower will continue to so serve for the period required (in the absence of this subsection) to entitle the borrower to have made the payments provided by this subsection for such period; except that not more than 85 percent of the principal of any such loan shall be paid pursuant to this subsection.

(d) SCHOLARSHIP PROGRAM.—

(B) The individual is liable to the Federal Government for the amount of such award (including amounts provided for expenses related to such attendance), and for interest on such amount at the maximum legal prevailing rate, if the individual fails to provide health services in accordance with the program under this section for the period of time applicable under the program.

(2) WAIVER OR SUSPENSION OF LIABILITY.—In the case of an individual or health facility making an agreement for purposes of paragraph (1), the Secretary shall provide for the waiver or suspension of liability under such subsection if compliance by the individual or the health facility, as the case may be, with the agreements involved is impossible, or would involve extreme hardship to the individual or facility, and if enforcement of the agreements with respect to the individual or facility would be unconscionable.

(3) DATE CERTAIN FOR RECOVERY.—Subject to paragraph (2), any amount that the Federal Government is entitled to recover under paragraph (1) shall be paid to the United States not later than the expiration of the 3-year period beginning on the date the United States becomes so entitled.

(11) an evaluation of the overall costs and benefits of the programs.

1 As a result of the amendments made by section 123 of Public Law 105–392 (112 Stat. 3562), sections 846 and 810 follow section 842. Paragraphs (1) through (3) of such section 123 struck all of this title (title VIII) other than sections 835, 836, 838, 839, 840, 842, 846, and 855, and these sections were grouped together as part E. Paragraph (5) of such section 123 then added at the end of this title parts F and G, thereby inserting those parts after section 855. Paragraph (6) of such section 123 provided that this title is amended "by redesignating section 855 as section 810, and transferring such section so as to appear after section 809". The instruction of paragraph (6) to redesignate section 855 as section 810 has been executed, but the instruction to transfer and insert the section after section 809 cannot be executed because there is no section 809. (Paragraph (4) of such section 123 added part A of this title, consisting of sections 801 through 807.)

For purposes of the preceding sentence, the Secretary, in determining the amount that has been reserved for the fiscal year involved, shall include any amounts appropriated under subsection (a) for the fiscal year that are obligated by the Secretary to continue in effect grants or contracts under section 831 as such section was in effect for fiscal year 1998.

in subsection (c)(3) is submitted in accordance with such subsection not later than 90 days before the beginning of such a fiscal year, the Secretary may for such year implement the methodology described in the report (rather than implementing the methodology in fiscal year 2003), in which case subsection (b) ceases to be in effect. The authority under the preceding sentence is subject to the condition that the fiscal year for which the methodology is implemented be the same fiscal year identified in such report as the fiscal year for which the methodology will first be in effect.

(e) Authority for Use of Additional Factors in Methodology.—

(1) IN GENERAL.—The Secretary shall make the determinations specified in paragraph (2). For any fiscal year beginning after the first fiscal year for which the methodology under subsection (c)(1) is in effect, the Secretary may alter the methodology by including the information from such determinations as factors in the methodology.

TITLE XIII—HEALTH MAINTENANCE ORGANIZATIONS

REQUIREMENTS FOR HEALTH MAINTENANCE ORGANIZATIONS

SEC. 1301. (a) For purposes of this title, the term “health maintenance organization” means a public or private entity which is organized under the laws of any State and which (1) provides basic and supplemental health services to its members in the manner prescribed by subsection (b), and (2) is organized and operated in the manner prescribed by subsection (c).

(b) A health maintenance organization shall provide, without limitations as to time or cost other than those prescribed by or under this title, basic and supplemental health services to its members in the following manner:

(1) Each member is to be provided basic health services for a basic health services payment which (A) is to be paid on a periodic basis without regard to the dates health services (within the basic health services) are provided; (B) is fixed without regard to the frequency, extent, or kind of health service (within the basic health services) actually furnished; (C) except in the case of basic health services provided a member who is a full-time student (as defined by the Secretary) at an accredited institution of higher education, is fixed under a community rating system; and (D) may be supplemented by additional nominal payments which may be required for the provision of specific services (within the basic health services), except that such payments may not be required where or in such a manner that they serve (as determined under regulations of the Secretary) as a barrier to the delivery of health services. Such additional nominal payments shall be fixed in accordance with the regulations of the Secretary. If a health maintenance organization offers to its members the opportunity to obtain basic health services through a physician not described in subsection (b)(3)(A), the organization may require, in addition to payments described in clause (D) of this paragraph, a reasonable deductible to be paid by a member when obtaining a basic health service from such a physician. A health maintenance organization may include a health service, defined as a supplemental health service by section 1302(2), in the basic health services provided its members for a basic health services payment described in the first sentence. In the case of an entity which before it became a qualified health maintenance organization (within the meaning of section 1310(d)) provided comprehensive health services on a prepaid basis, the requirement of clause (C) shall not apply to such entity until the expiration of the forty-eight month period beginning with the month following the month in which the entity became such a qualified health organization. The requirements of this paragraph re-
specifying the basic health services payment shall not apply to the provision of basic health services to a member for an illness or injury for which the member is entitled to benefits under a workmen’s compensation law or an insurance policy but only to the extent such benefits apply to such services. For the provision of such services for an illness or injury for which a member is entitled to benefits under such a law, the health maintenance organization may, if authorized by such law, charge or authorize the provider of such services to charge, in accordance with the charges allowed under such law, the insurance carrier, employer, or other entity which under such law is to pay for the provision of such services or, to the extent that such member has been paid under such law for such services, such member. For the provision of such services for an illness or injury for which a member is entitled to benefits under an insurance policy, a health maintenance organization may charge or authorize the provider of such services to charge the insurance carrier under such policy or, to the extent that such member has been paid under such policy for such services, such member.

(2) For such payment or payments (hereinafter in this title referred to as “supplemental health services payments”) as the health maintenance organization may require in addition to the basic health services payment, the organization may provide to each of its members any of the health services which are included in supplemental health services (as defined in section 1302(2)). Supplemental health services payments which are fixed on a prepayment basis shall be fixed under a community rating system unless the supplemental health services payment is for a supplemental health service provided a member who is a full-time student (as defined by the Secretary) at an accredited institution of higher education, except that, in the case of an entity which before it became a qualified health maintenance organization (within the meaning of section 1310(d)) provided comprehensive health services on a prepaid basis, the requirement of this sentence shall not apply to such entity during the forty-eight month period beginning with the month following the month in which the entity became such a qualified health maintenance organization.

(3)(A) Except as provided in subparagraph (B), at least 90 percent of the services of a physician which are provided as basic health services shall be provided through—

(i) members of the staff of the health maintenance organization,

(ii) a medical group (or groups),

(iii) an individual practice association (or associations),

(iv) physicians or other health professionals who have contracted with the health maintenance organization for the provision of such services, or

(v) any combination of such staff, medical group (or groups), individual practice association (or associations) or physicians or other health professionals under contract with the organization.
(B) Subparagraph (A) does not apply to the provision of the services of a physician—
   (i) which the health maintenance organization determines, in conformity with regulations of the Secretary, are unusual or infrequently used, or
   (ii) which are provided a member of the organization in a manner other than that prescribed by subparagraph (A) because of an emergency which made it medically necessary that the service be provided to the member before it could be provided in a manner prescribed by subparagraph (A).

(C) Contracts between a health maintenance organization and health professionals for the provision of basic and supplemental health services shall include such provisions as the Secretary may require (including provisions requiring appropriate continuing education).

(D) Contracts between a health maintenance organization and health professionals for the provision of basic and supplemental health services shall include such provisions as the Secretary may require, but only to the extent that such requirements are designed to insure the delivery of quality health care services and sound fiscal management.

(4) Basic health services (and only such supplemental health services as members have contracted for) shall within the area served by the health maintenance organization be available and accessible to each of its members with reasonable promptness and in a manner which assures continuity, and when medically necessary be available and accessible twenty-four hours a day and seven days a week, except that a health maintenance organization which has a service area located wholly in a nonmetropolitan area may make a basic health service available outside its service area if that basic health service is not a primary care or emergency health care service and if there is an insufficient number of providers of that basic health service within the service area who will provide such service to members of the health maintenance organization. A member of a health maintenance organization shall be reimbursed by the organization for his expenses in securing basic and supplemental health services other than through the organization if the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition.

(5) To the extent that a natural disaster, war, riot, civil insurrection, or any other similar event not within the control of a health maintenance organization (as determined under regulations of the Secretary) results in the facilities, personnel, or financial resources of a health maintenance organization not being available to provide or arrange for the provision of a basic or supplemental health service in accordance with the requirements of paragraphs (1) through (4) of this subsection, such requirements only require the organization to make a good-faith effort to provide or arrange for the provision of such service within such limitation on its facilities, personnel, or resources.
(6) A health maintenance organization that otherwise meets the requirements of this title may offer a high-deductible health plan (as defined in section 220(c)(2) of the Internal Revenue Code of 1986).

(c) Each health maintenance organization shall—

(1)(A) have—

(i) a fiscally sound operation, and

(ii) adequate provision against the risk of insolvency, which is satisfactory to the Secretary, and (B) have administrative and managerial arrangements satisfactory to the Secretary;

(2) assume full financial risk on a prospective basis for the provision of basic health services, except that a health maintenance organization may (A) obtain insurance or make other arrangements for the cost of providing to any member basic health services the aggregate value of which exceeds $5,000 in any year, (B) obtain insurance or make other arrangements for the cost of basic health services provided to its members other than through the organization because medical necessity required their provision before they could be secured through the organization, (C) obtain insurance or make other arrangements for not more than 90 per centum of the amount by which its costs for any of its fiscal years exceed 115 per centum of its income for such fiscal year, and (D) make arrangements with physicians or other health professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians or other health professionals or through the institutions;

(3)(A) enroll persons who are broadly representative of the various age, social, and income groups within the area it serves, except that in the case of a health maintenance organization which has a medically underserved population located (in whole or in part) in the area it serves, not more than 75 per centum of the members of that organization may be enrolled from the medically underserved population unless the area in which such population resides is also a rural area (as designated by the Secretary), and (B) carry out enrollment of members who are entitled to medical assistance under a State plan approved under title XIX of the Social Security Act in accordance with procedures approved under regulations promulgated by the Secretary;

(4) not expel or refuse to re-enroll any member because of his health status or his requirements for health services;

(5) be organized in such a manner that provides meaningful procedures for hearing and resolving grievances between the health maintenance organization (including the medical group or groups and other health delivery entities providing health services for the organization) and the members of the organization;

(6) have organizational arrangements, established in accordance with regulations of the Secretary, for an ongoing quality assurance program for its health services which program (A) stresses health outcomes, and (B) provides review by
physicians and other health professionals of the process followed in the provision of health services;

(7) adopt at least one of the following arrangements to protect its members from incurring liability for payment of any fees which are the legal obligation of such organization—

(A) a contractual arrangement with any hospital that is regularly used by the members of such organization prohibiting such hospital from holding any such member liable for payment of any fees which are the legal obligation of such organization;

(B) insolvency insurance, acceptable to the Secretary;

(C) adequate financial reserve, acceptable to the Secretary; and

(D) other arrangements, acceptable to the Secretary, to protect members,

except that the requirements of this paragraph shall not apply to a health maintenance organization if applicable State law provides the members of such organization with protection from liability for payment of any fees which are the legal obligation of such organization; and

(8) provide, in accordance with regulations of the Secretary (including safeguards concerning the confidentiality of the doctor-patient relationship), an effective procedure for developing, compiling, evaluating, and reporting to the Secretary, statistics and other information (which the Secretary shall publish and disseminate on an annual basis and which the health maintenance organization shall disclose, in a manner acceptable to the Secretary, to its members and the general public) relating to:

(A) the cost of its operations,

(B) the patterns of utilization of its services,

(C) the availability, accessibility, and acceptability of its services,

(D) the extent practical, developments in the health status of its members, and

(E) such other matters as the Secretary may require.

The Secretary shall issue regulations stating the circumstances under which the Secretary, in administering paragraph (1)(A), will consider the resources of an organization which owns or controls a health maintenance organization. Such regulations shall require as a condition to consideration of resources that an organization which owns or controls a health maintenance organization shall provide satisfactory assurances that it will assume the financial obligations of the health maintenance organization.

(d) An organization that offers health benefits coverage shall not be considered as failing to meet the requirements of this section notwithstanding that it provides, with respect to coverage offered in connection with a group health plan in the small or large group market (as defined in section 2791(e)), an affiliation period consistent with the provisions of section 2701(g).

DEFINITIONS

SEC. 1302. [300e–1] For purposes of this title:

(1) The term "basic health services" means—

(A) physician services (including consultant and referral services by a physician);

(B) inpatient and outpatient hospital services;
(C) medically necessary emergency health services;
(D) short-term (not to exceed twenty visits), outpatient evaluative and crisis intervention mental health services;
(E) medical treatment and referral services (including referral services to appropriate ancillary services) for the abuse of or addiction to alcohol and drugs;
(F) diagnostic laboratory and diagnostic and therapeutic radiologic services;
(G) home health services; and
(H) preventive health services (including (i) immunizations, (ii) well-child care from birth, (iii) periodic health evaluations for adults, (iv) voluntary family planning services, (v) infertility services, and (vi) children’s eye and ear examinations conducted to determine the need for vision and hearing correction).

Such term does not include a health service which the Secretary, upon application of a health maintenance organization, determines is unusual and infrequently provided and not necessary for the protection of individual health. The Secretary shall publish in the Federal Register each determination made by him under the preceding sentence. If a service of a physician described in the preceding sentence may also be provided under applicable State law by a dentist, optometrist, podiatrist, psychologist, or other health care personnel a health maintenance organization may provide such service through a dentist, optometrist, podiatrist, psychologist, or other health care personnel (as the case may be) licensed to provide such service. Such term includes a health service directly associated with an organ transplant only if such organ transplant was required to be included in basic health services on April 15, 1985. For purposes of this paragraph, the term “home health services” means health services provided at a member’s home by health care personnel, as prescribed or directed by the responsible physician or other authority designated by the health maintenance organization.

(2) The term “supplemental health services” means any health service which is not included as a basic health service under paragraph (1) of this section. If a health service provided by a physician may also be provided under applicable State law by a dentist, optometrist, podiatrist, psychologist, or other health care personnel, a health maintenance organization may provide such service through an optometrist, dentist, podiatrist, psychologist, or other health care personnel (as the case may be) licensed to provide such service.

(3) The term “member” when used in connection with a health maintenance organization means an individual who has entered into a contractual agreement, or on whose behalf a contractual arrangement has been entered into, with the organization under which the organization assumes the responsibility for the provision to such individual of basic health services and of such supplemental health services as may be contracted for.

(4) The term “medical group” means a partnership, association, or other group—
(A) which is composed of health professionals licensed to practice medicine or osteopathy and of such other licensed health professionals (including dentists, optometrists, podia-
trists, and psychologists) as are necessary for the provision of health services for which the group is responsible;

(B) a majority of the members of which are licensed to practice medicine or osteopathy; and

(C) the members of which (i) as their principal professional activity engage in the coordinated practice of their profession and as a group responsibility have substantial responsibility for the delivery of health services to members of a health maintenance organization, except that this clause does not apply before the end of the forty-eight month period beginning after the month in which the health maintenance organization becomes a qualified health maintenance organization as defined in section 1310(d), or as authorized by the Secretary in accordance with regulations that take into consideration the usual circumstances of the group; (ii) pool their income from practice as members of the group and distribute it among themselves according to a prearranged salary or drawing account or other similar plan unrelated to the provision of specific health services; (iii) share medical and other records and substantial portions of major equipment and of professional, technical, and administrative staff; (iv) arrange for and encourage continuing education in the field of clinical medicine and related areas for the members of the group; and (v) establish an arrangement whereby a member's enrollment status is not known to the health professional who provides health services to the member.

(5) The term “individual practice association” means a partnership, corporation, association, or other legal entity which has entered into a services arrangement (or arrangements) with persons who are licensed to practice medicine, osteopathy, dentistry, podiatry, optometry, psychology, or other health profession in a State and a majority of whom are licensed to practice medicine or osteopathy. Such an arrangement shall provide—

(A) that such persons shall provide their professional services in accordance with a compensation arrangement established by the entity; and

(B) to the extent feasible, for the sharing by such persons of medical and other records, equipment, and professional, technical, and administrative staff.

(6) The term “health systems agency” means an entity which is designated in accordance with section 1515 of this Act.

(7) The term “medically underserved population” means the population of an urban or rural area designated by the Secretary as an area with a shortage of personal health services or a population group designated by the Secretary as having a shortage of such services. Such a designation may be made by the Secretary only after consideration of the comments (if any) of (A) each State health planning and development agency which covers (in whole or in part) such urban or rural area or the area in which such population group resides, and (B) each health systems agency designated for a health service area which covers (in whole or in part)
such urban or rural area or the area in which such population group resides.

(8)(A) The term “community rating system” means the systems, described in subparagraphs (B) and (C), of fixing rates of payments for health services. A health maintenance organization may fix its rates of payments under the system described in subparagraph (B) or (C) or under both such systems, but a health maintenance organization may use only one such system for fixing its rates of payments for any one group.

(B) A system of fixing rates of payment for health services may provide that the rates shall be fixed on a per-person or per-family basis and may authorize the rates to vary with the number of persons in a family, but, except as authorized in subparagraph (D), such rates must be equivalent for all individuals and for all families of similar composition.

(C) A system of fixing rates of payment for health services may provide that the rates shall be fixed for individuals and families by groups. Except as authorized in subparagraph (D), such rates must be equivalent for all individuals in the same group and for all families of similar composition in the same group. If a health maintenance organization is to fix rates of payment for individuals and families by groups, it shall—

(i)(I) classify all of the members of the organization into classes based on factors which the health maintenance organization determines predict the differences in the use of health services by the individuals or families in each class and which have not been disapproved by the Secretary,

(II) determine its revenue requirements for providing services to the members of each class established under subclause (I), and

(III) fix the rates of payments for the individuals and families of a group on the basis of a composite of the organization’s revenue requirements determined under subclause (II) for providing services to them as members of the classes established under subclause (I), or

(ii) fix the rates of payments for the individuals and families of a group on the basis of the organization’s revenue requirements for providing services to the group, except that the rates of payments for the individuals and families of a group of less than 100 persons may not be fixed at rates greater than 110 percent of the rate that would be fixed for such individuals and families under subparagraph (B) or clause (i) of this subparagraph.

The Secretary shall review the factors used by each health maintenance organization to establish classes under clause (i). If the Secretary determines that any such factor may not reasonably be used to predict the use of the health services by individuals and families, the Secretary shall disapprove such factor for such purpose. If a health maintenance organization is to fix rates of payment for a group under clause (ii), it shall, upon request of the entity with which it contracts to provide services to such group, disclose to that entity the method and data used in calculating the rates of payment.
(D) The following differentials in rates of payments may be established under the systems described in subparagraphs (B) and (C):

(i) Nominal differentials in such rates may be established to reflect differences in marketing costs and the different administrative costs of collecting payments from the following categories of members:

(I) Individual members (including their families).

(II) Small groups of members (as determined under regulations of the Secretary).

(III) Large groups of members (as determined under regulations of the Secretary).

(ii) Nominal differentials in such rates may be established to reflect the compositing of the rates of payment in a systematic manner to accommodate group purchasing practices of the various employers.

(iii) Differentials in such rates may be established for members enrolled in a health maintenance organization pursuant to a contract with a governmental authority under section 1079 or 1086 of title 10, United States Code, or under any other governmental program (other than the health benefits program authorized by chapter 89 of title 5, United States Code) or any health benefits program for employees of States, political subdivision of States, and other public entities.

(9) The term “non-metropolitan area” means an area no part of which is within an area designated as a standard metropolitan statistical area by the Office of Management and Budget and which does not contain a city whose population exceeds fifty thousand individuals.

LOANS AND LOAN GUARANTEES FOR INITIAL COSTS OF OPERATION

SEC. 1305. [300e–4] (a) The Secretary may—

(1) make loans to public or private health maintenance organizations to assist them in meeting the amount by which their costs of operation during a period not to exceed the first sixty months of their operation exceed their revenues in that period;

(2) make loans to public or private health maintenance organizations to assist them in meeting the amount by which their costs of operation, which the Secretary determines are attributable to significant expansion in their membership or area served and which are incurred during a period not to exceed the first sixty months of their operation after such expansion, exceed their revenues in that period which the Secretary determines are attributable to such expansion; and

(3) guarantee to non-Federal lenders payment of the principal of and the interest on loans made to private health maintenance organizations for the amounts referred to in paragraphs (1) and (2).

No loan or loan guarantee may be made under this subsection for the costs of operation of a health maintenance organization unless the Secretary determines that the organization has made all reasonable attempts to meet such costs, and unless the Secretary has
made a grant or loan to, entered into a contract with, or guaran-
teed a loan for, the organization in fiscal year 1981, 1982, 1983,
1984, or 1985 under this section or section 1304(b) (as in effect be-
fore October 1, 1985).

(b)(1) Except as provided in paragraph (2), the aggregate
amount of principal of loans made or guaranteed, or both, under
subsection (a) for a health maintenance organization may not ex-
ceed $7,000,000. In any twelve-month period the amount disbursed
to a health maintenance organization under this section (either di-
rectly by the Secretary, by an escrow agent under the terms of an
escrow agreement, or by a lender under a guaranteed loan) may
not exceed $3,000,000.

(2) The cumulative total of the principal of the loans out-
standing at any time which have been directly made or with re-
spect to which guarantees have been issued under subsection (a)
may not exceed such limitations as may be specified in appropria-
tion Acts.

(c) Loans under this section shall be made from the fund estab-
lished under section 1308(e).

(d) No loan may be made or guaranteed under this section
after September 30, 1986.

(e) Of the sums used for loans under this section in any fiscal
year from the loan fund established under section 1308(e), not less
than 20 per centum shall be used for loans for projects (1) for the
initial operation of health maintenance organizations which the
Secretary determines have not less than 66 per centum of their
membership drawn from residents of nonmetropolitan areas, and
(2) the applications for which meet the requirements of this title
for approval.

(f) In considering applications for loan guarantees under this
section, the Secretary shall give special consideration to applica-
tions for health maintenance organizations which will serve medi-
cally underserved populations.

APPLICATION REQUIREMENTS

SEC. 1306. (300e–5) (a) No loan or loan guarantee may be
made under this title unless an application therefor has been sub-
mitted to and approved by the Secretary.

(b) The Secretary may not approve an application for a loan or
loan guarantee under this title unless—
(1) such application meets the requirements of section
1308;
(2) in the case of an application for assistance under sec-
tion 1305, he determines that the applicant making the applica-
tion would not be able to complete the project or undertaking
for which the application is submitted without the assistance
applied for;
(3) the application contains satisfactory specification of the
existing or anticipated (A) population group or groups to be
served by the proposed or existing health maintenance organi-
ization described in the application, (B) membership of such or-
ganization, (C) methods, terms, and periods of the enrollment
of members of such organization, (D) estimated costs per mem-
ber of the health and educational services to be provided by such organization and the nature of such costs, (E) sources of professional services for such organization, and organizational arrangements of such organization for providing health and educational services, (F) organizational arrangements of such organization for an ongoing quality assurance program in conformity with the requirements of section 1301(c), (G) sources of prepayment and other forms of payment for the services to be provided by such organization, (H) facilities, and additional capital investments and sources of financing therefor, available to such organization to provide the level and scope of services proposed, (I) administrative, managerial, and financial arrangements and capabilities of such organization, (J) role for members in the planning and policymaking for such organization, (K) grievance procedures for members of such organization, and (L) evaluations of the support for and acceptance of such organization by the population to be served, the sources of operating support, and the professional groups to be involved or affected thereby;

(4) contains or is supported by assurances satisfactory to the Secretary that the applicant making the application will, in accordance with such criteria as the Secretary shall by regulation prescribe, enroll, and maintain an enrollment of the maximum number of members that its available and potential resources (as determined under regulations of the Secretary) will enable it to effectively serve;

(5) in the case of an application made for a project which previously received a grant, contract, loan, or loan guarantee under this title, such application contains or is supported by assurances satisfactory to the Secretary that the applicant making the application has the financial capability to adequately carry out the purposes of such project and has developed and operated such project in accordance with the requirements of this title and with the plans contained in previous applications for such assistance;

(6) the application contains such assurances as the Secretary may require respecting the intent and the ability of the applicant to meet the requirements of paragraphs (1) and (2) of section 1301(b) respecting the fixing of basic health services payments and supplemental health services payments under a community rating system; and

(7) the application is submitted in such form and manner, and contains such additional information, as the Secretary shall prescribe in regulations.

An organization making multiple applications for more than one loan or loan guarantee under this title, simultaneously or over the course of time, shall not be required to submit duplicate or redundant information but shall be required to update the specifications (required by paragraph (3)) respecting the existing or proposed health maintenance organization in such manner and with such frequency as the Secretary may by regulation prescribe. In determining, for purposes of paragraph (2), whether an applicant would be able to complete a project or undertaking without the assistance applied for, the Secretary shall not consider any asset of the appli-
cant the obligation of which for such undertaking or project would jeopardize the fiscal soundness of the applicant.

(c) The Secretary shall by regulation establish standards and procedures for health systems agencies to follow in reviewing and commenting on applications for loans and loan guarantees under this title.

ADMINISTRATION OF ASSISTANCE PROGRAMS

SEC. 1307. [300e–6] (a)(1) Each recipient of a loan or loan guarantee under this title shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of the loan (directly made or guaranteed), the total cost of the undertaking in connection with which the loan was given or used, the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) The Secretary, or any of his duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients of a loan or loan guarantee under this title which relate to such assistance.

(b) Upon expiration of the period for which a loan or loan guarantee was provided an entity under this title, such entity shall make a full and complete report to the Secretary in such manner as he may by regulation prescribe. Each such report shall contain, among such other matters as the Secretary may by regulation require, descriptions of plans, developments, and operations relating to the matters referred to in section 1306(b)(3).

(d) An entity which provides health services to a defined population on a prepaid basis and which has members who are entitled to insurance benefits under title XVIII of the Social Security Act or to medical assistance under a State plan approved under title XIX of such Act may be considered as a health maintenance organization for purposes of receiving assistance under this title if—

(1) with respect to its members who are entitled to such insurance benefits or to such medical assistance it (A) provides health services in accordance with section 1301(b), except that (i) it does not furnish to those members the health services (within the basic health services) for which it may not be compensated under such title XVIII or such State plan, and (ii) it does not fix the basic or supplemental health services payment for such members under a community rating system, and (B) is organized and operated in the manner prescribed by section 1301(c), except that it does not assume full financial risk on a prospective basis for the provision to such members of basic or supplemental health services with respect to which it is not required under such title XVIII or such State plan to assume such financial risk; and

(2) with respect to its other members it provides health services in accordance with section 1301(b) and is organized and operated in the manner prescribed by section 1301(c).

1 Former subsection (c) was repealed by section 803(a) of Public Law 99–660.
An entity which provides health services to a defined population on a prepaid basis and which has members who are enrolled under the health benefits program authorized by chapter 89 of title 5, United States Code, may be considered as a health maintenance organization for purposes of receiving assistance under this title if with respect to its other members it provides health services in accordance with section 1301(b) and is organized and operated in the manner prescribed by section 1301(c).

GENERAL PROVISIONS RELATING TO LOAN GUARANTEES AND LOANS

SEC. 1308. 300e–7 (a)(1) The Secretary may not approve an application for a loan guarantee under this title unless he determines that (A) the terms, conditions, security (if any), and schedule and amount of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable, including a determination that the rate of interest does not exceed such per centum per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for loans with similar maturities, terms, conditions, and security and the risks assumed by the United States, and (B) the loan would not be available on reasonable terms and conditions without the guarantee under this title.

(2)(A) The United States shall be entitled to recover from the applicant for a loan guarantee under this title the amount of any payment made pursuant to such guarantee, unless the Secretary for good cause waives such right of recovery; and, upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made.

(B) To the extent permitted by subparagraph (C), any terms and conditions applicable to a loan guarantee under this title (including terms and conditions imposed under subparagraph (D)) may be modified by the Secretary to the extent he determines it to be consistent with the financial interest of the United States.

(C) Any loan guarantee made by the Secretary under this title shall be incontestable (i) in the hands of an applicant on whose behalf such guarantee is made unless the applicant engaged in fraud or misrepresentation in securing such guarantee, and (ii) as to any person (or his successor in interest) who makes or contracts to make a loan to such applicant in reliance thereon unless such person (or his successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

(D) guarantees of loans under this title shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the purposes of this title will be achieved.

(b)(1) The Secretary may not approve an application for a loan under this title unless—

(A) the Secretary is reasonably satisfied that the applicant therefor will be able to make payments of principal and interest thereon when due, and

(B) the applicant provides the Secretary with reasonable assurances that there will be available to it such additional
funds as may be necessary to complete the project or undertaking with respect to which such loan is requested.

(2) Any loan made under this title shall (A) have such security, (B) have such maturity date, (C) be repayable in such installments, (D) on the date the loan is made, bear interest at a rate comparable to the rate of interest prevailing on such date with respect to marketable obligations of the United States of comparable maturities, adjusted to provide for appropriate administrative charges, and (E) be subject to such other terms and conditions (including provisions for recovery in case of default), as the Secretary determines to be necessary to carry out the purposes of this title while adequately protecting the financial interests of the United States. On the date disbursements are made under a loan after the initial disbursement under the loan, the Secretary may change the rate of interest on the amount of the loan disbursed on that date to a rate which is comparable to the rate of interest prevailing on the date the subsequent disbursement is made with respect to marketable obligations of the United States of comparable maturities, adjusted to provide for appropriate administrative charges.

(3) The Secretary may, for good cause but with due regard to the financial interests of the United States, waive any right of recovery which he has by reason of the failure of a borrower to make payments of principal of and interest on a loan made under this title, except that if such loan is sold and guaranteed, any such waiver shall have no effect upon the Secretary’s guarantee of timely payment of principal and interest.

(c)(1) The Secretary may from time to time, but with due regard to the financial interests of the United States, sell loans made by him under this title.

(2) The Secretary may agree, prior to his sale of any such loan, to guarantee to the purchaser (and any successor in interest of the purchaser) compliance by the borrower with the terms and conditions of such loan. Any such agreement shall contain such terms and conditions as the Secretary considers necessary to protect the financial interests of the United States or as otherwise appropriate. Any such agreement may (A) provide that the Secretary shall act as agent of any such purchaser for the purpose of collecting from the borrower to which such loan was made and paying over to such purchaser, any payments of principal and interest payable by such organization under such loan; and (B) provide for the repurchase by the Secretary of any such loan on such terms and conditions as may be specified in the agreement. The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guarantee under this paragraph.

(3) After any loan under this title to a public health maintenance organization has been sold and guaranteed under this subsection, interest paid on such loan which is received by the purchaser thereof (or his successor in interest) shall be included in the gross income of the purchaser of the loan (or his successor in interest) for the purpose of chapter 1 of the Internal Revenue Code of 1954.

(4) Amounts received by the Secretary as proceeds from the sale of loans under this subsection shall be deposited in the loan fund established under subsection (e).
(5) Any reference in this title (other than in this subsection and in subsection (d)) to a loan guarantee under this title does not include a loan guarantee made under this subsection.

(d)(1) There is established in the Treasury a loan guarantee fund (hereinafter in this subsection referred to as the “fund”) which shall be available to the Secretary without fiscal year limitation, in such amounts as may be specified from time to time in appropriation Acts, to enable him to discharge his responsibilities under loan guarantees issued by him under this title and to take the action authorized by subsection (f). There are authorized to be appropriated from time to time such amounts as may be necessary to provide the sums required for the fund. To the extent authorized in appropriation Acts, there shall also be deposited in the fund amounts received by the Secretary in connection with loan guarantees under this title and other property or assets derived by him from his operations respecting such loan guarantees, including any money derived from the sale of assets.

(2) If at any time the sums in the funds are insufficient to enable the Secretary to discharge his responsibilities under guarantees issued by him before October 1, 1986, under this title and to take the action authorized by subsection (f), he is authorized to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary with the approval of the Secretary of Treasury. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. The Secretary of the Treasury shall purchase any notes and other obligations issued under this paragraph and for that purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, and the purposes for which the securities may be issued under that Act are extended to include any purchase of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this paragraph. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. Sums borrowed under this paragraph shall be deposited in the fund and redemption of such notes and obligations shall be made by the Secretary from the fund.

(e) There is established in the Treasury a loan fund (hereinafter in this subsection referred to as the “fund”) which shall be available to the Secretary without fiscal year limitation, in such amounts as may be specified from time to time in appropriation Acts, to enable him to make loans under this title and to take the action authorized by subsection (f). There shall also be deposited in the fund amounts received by the Secretary as interest payments and repayment of principal on loans made under this title and other property or assets derived by him from his operations respecting such loans, from the sale of loans under subsection (c) of this section, or from the sale of assets.
(f) The Secretary may take such action as he deems appropriate to protect the interest of the United States in the event of a default on a loan made or guaranteed under this title, including taking possession of, holding, and using real property pledged as security for such a loan or loan guarantee.

AUTHORIZATIONS OF APPROPRIATIONS

SEC. 1309. §300e–8 (a) For grants under section 1317 there is authorized to be appropriated $1,000,000 for each of the fiscal years 1982, 1983, and 1984.

(b) To meet the obligations of the loan fund established under section 1308(e) resulting from defaults on loans made from the fund and to meet the other obligations of the fund, there is authorized to be appropriated to the loan fund for fiscal years 1987, 1988, and 1989, such sums as may be necessary.

EMPLOYEES’ HEALTH BENEFITS PLANS

SEC. 1310. 1 §300e–9 (a) In accordance with regulations which the Secretary shall prescribe—

(1) each employer—

(A) which is required during any calendar quarter to pay its employees the minimum wage prescribed by section 6 of the Fair Labor Standards Act of 1938 (or would be required to pay its employees such wage but for section 13(a) of such Act), and

(B) which during such calendar quarter employed an average number of employees of not less than 25, and

(2) any State and each political subdivision thereof which during any calendar quarter employed an average number of employees of not less than 25, as a condition of payment to the State of funds under section 317, 318, or 1002, which offers to its employees in the calendar year beginning after such calendar quarter the option of membership in a qualified health maintenance organization which is engaged in the provision of basic health services in a health maintenance organization service area in which at least 25 of such employees reside shall meet the requirements of subsection (b) with respect to any qualified health maintenance organization offered by the employer or State or political subdivision.

(b)(1) If a health benefits plan offered by an employer or a State or political subdivision includes contributions for services offered under the plan, the employer or State or political subdivision shall make a contribution under the plan for services offered by a qualified health maintenance organization in an amount which

1 Section 1310 as shown above was added by section 7(b) of Public Law 100–517. Such section provided in part as follows: “Effective 7 years after the date of the enactment of this Act [October 24, 1988], section 1310 (42 U.S.C. 300e–9) is amended to read as follows”.

Section 7(a)(3) of such Public Law provides that nothing in section 1310 shall be construed to supersede any provision of a collective bargaining agreement in effect on [October 24, 1988].

Section 9 of such Public Law provides as follows: “With respect to abortion services, the Secretary of Health and Human Services shall not promulgate or issue any regulations, policy statements, or interpretations or develop any practices concerning the performance of medically necessary procedures if such regulations, policy statements, interpretations, or practices would be inconsistent with those in effect on [October 24, 1988].”
does not financially discriminate against an employee who enrolls in such organization. For purposes of the preceding sentence, an employer’s or a State’s or political subdivision’s contribution does not financially discriminate if the employer’s or State’s or political subdivision’s method of determining the contributions on behalf of all employees is reasonable and is designed to assure employees a fair choice among health benefits plans.

(2) Each employer or State or political subdivision which provides payroll deductions as a means of paying employees’ contributions for health benefits or which provides a health benefits plan to which an employee contribution is not required shall, with the consent of an employee who exercises option of membership in a qualified health maintenance organization, arrange for the employee’s contribution for membership in the organization to be paid through payroll deductions.

(3) No employer or State or political subdivision shall be required to pay more for health benefits as a result of the application of this subsection than would otherwise be required by any prevailing collective bargaining agreement or other legally enforceable contract for the provision of health benefits between the employer or State or political subdivision and its employees.

(c) For purposes of this section, the term “qualified health maintenance organization” means (1) a health maintenance organization which has provided assurances satisfactory to the Secretary that it provides basic and supplemental health services to its members in the manner prescribed by section 1301(b) and that it is organized and operated in the manner prescribed by section 1301(c), and (2) an entity which proposes to become a health maintenance organization and which the Secretary determines will when it becomes operational provide basic and supplemental health services to its members in the manner prescribed by section 1301(b) and will be organized and operated in the manner prescribed by section 1301(c).

(d)(1) Any employer who knowingly does not comply with one or more of the requirements of paragraph (1) or (2) of subsection (b) shall be subject to a civil penalty of not more than $10,000. If such noncompliance continues, a civil penalty may be assessed and collected under this subsection for each thirty-day period such noncompliance continues. Such penalty may be assessed by the Secretary and collected in a civil action brought by the United States in a United States district court.

(1) which cannot do business as a health maintenance or-

supplemental health services because that State by law, regu-

State that a medical society approve the furnishing of
services by the entity,

(B) requires that physicians constitute all or a percent-
age of its governing body,

(C) requires that all physicians or a percentage of phy-

This subsection does not authorize any advertising which identifies, refers to, or makes any qualitative judgment concerning, any health professional who provides services for a health maintenance organization.

(c) The Secretary shall, within 6 months after the date of the enactment of this subsection, develop a digest of State laws, regulations, and practices pertaining to development, establishment, and operation of health maintenance organizations which shall be updated at least annually and relevant sections of which shall be provided to the Governor of each State annually. Such notice shall specify the manner in which the entity has not complied with such assurances and direct that the entity initiate (within 30 days of the date the notice is issued by the Secretary or within such longer period as the Secretary determines is reasonable) such action as may be necessary to bring (within such period as the Secretary shall prescribe) the entity into compliance with the assurances. If the entity fails to initiate corrective action within the period prescribed by the

PART A—LOANS AND LOAN GUARANTEES

AUTHORITY FOR LOANS AND LOAN GUARANTEES

SEC. 1601. [300q] (a)(1) The Secretary, during the period ending September 30, 1982, may, in accordance with this part, make loans from the fund established under section 1602(d) to any public or nonprofit private entity for projects for—

(A) the discontinuance of unneeded hospital services or facilities;
(B) the conversion of unneeded hospital services and facilities to needed health services and medical facilities, including outpatient medical facilities and facilities for long-term care;
(C) the renovation and modernization of medical facilities, particularly projects for the prevention or elimination of safety hazards, projects to avoid noncompliance with licensure or accreditation standards, or projects to replace obsolete facilities;
(D) the construction of new outpatient medical facilities; and
(E) the construction of new inpatient medical facilities in areas which have experienced (as determined by the Secretary) recent rapid population growth.

(2)(A) The Secretary, during the period ending September 30, 1982, may, in accordance with this part, guarantee to—

(i) non-Federal lenders for their loans to public and nonprofit private entities for medical facilities projects described in paragraph (1), and
(ii) the Federal Financing Bank for its loans to public and nonprofit private entities for such projects,

payment of principal and interest on such loans.

(B) In the case of a guarantee of any loan to a public or nonprofit private entity under subparagraph (A)(i) which is located in an urban or rural poverty area, the Secretary may pay, to the holder of such loan and for and on behalf of the project for which the loan was made, amounts sufficient to reduce by not more than one-half the net effective interest rate otherwise payable on such loan if the Secretary finds that without such assistance the project could not be undertaken.

(b) The principal amount of a loan directly made or guaranteed under subsection (a) for a medical facilities project, when added to any other assistance provided such project under part B, may not exceed 90 per centum of the cost of such project unless the project is located in an area determined by the Secretary to be an urban or rural poverty area, in which case the principal amount, when added to other assistance under part B, may cover up to 100 per centum of such costs.
(c) The cumulative total of the principal of the loans outstanding at any time with respect to which guarantees have been issued, or which have been directly made, may not exceed such limitations as may be specified in appropriation Acts.

(d) The Secretary, with the consent of the Secretary of Housing and Urban Development, shall obtain from the Department of Housing and Urban Development such assistance with respect to the administration of this part as will promote efficiency and economy thereof.

GENERAL PROVISIONS RELATING TO LOAN GUARANTEES AND LOANS

SEC. 1602. [300q–2] (a)(1) The Secretary may not approve a loan guarantee for a project under this part unless he determines that (A) the terms, conditions, security (if any), and schedule and amount of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable, including a determination that the rate of interest does not exceed such per centum per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States, and (B) the loan would not be available on reasonable terms and conditions without the guarantee under this part.

(2)(A) The United States shall be entitled to recover from the applicant for a loan guarantee under this part the amount of any payment made pursuant to such guarantee, unless the Secretary for good cause waives such right of recovery; and, upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made.

(B) To the extent permitted by subparagraph (C), any terms and conditions applicable to a loan guarantee under this part (including terms and conditions imposed under subparagraph (D)) may be modified by the Secretary to the extent he determines it to be consistent with the financial interest of the United States.

(C) Any loan guarantee made by the Secretary under this part shall be incontestable (i) in the hands of an applicant on whose behalf such guarantee is made unless the applicant engaged in fraud or misrepresentation in securing such guarantee, and (ii) as to any person (or his successor in interest) who makes or contracts to make a loan to such applicant in reliance thereon unless such person (or his successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

(D) Guarantees of loans under this part shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the purposes of this title will be achieved.

(b)(1) The Secretary may not approve a loan under this part unless—

(A) the Secretary is reasonably satisfied that the applicant under the project for which the loan would be made will be able to make payments of principal and interest thereon when due, and
(B) the applicant provides the Secretary with reasonable assurances that there will be available to it such additional funds as may be necessary to complete the project or undertaking with respect to which such loan is requested.

(2) Any loan made under this part shall (A) have such security, (B) have such maturity date, (C) be repayable in such installments, (D) bear interest at a rate comparable to the current rate of interest prevailing, on the date the loan is made, with respect to loans guaranteed under this part, minus any interest subsidy made in accordance with section 1601(a)(2)(B) with respect to a loan made for a project located in an urban or rural poverty area, and (E) be subject to such other terms and conditions (including provisions for recovery in case of default), as the Secretary determines to be necessary to carry out the purposes of this title while adequately protecting the financial interests of the United States.

(3) The Secretary may, for good cause but with due regard to the financial interests of the United States, waive any right of recovery which he has by reasons of the failure of a borrower to make payments of principal of and interest on a loan made under this part, except that if such loan is sold and guaranteed, any such waiver shall have no effect upon the Secretary’s guarantee of timely payment of principal and interest.

(c)(1) The Secretary shall from time to time, but with due regard to the financial interests of the United States, sell loans made under this part either on the private market or to the Federal National Mortgage Association in accordance with section 302 of the Federal National Mortgage Association Charter Act or to the Federal Financing Bank.

(2) Any loan so sold shall be sold for an amount which is equal (or approximately equal) to the amount of the unpaid principal of such loans as of time of sale.

(3)(A) The Secretary is authorized to enter into an agreement with the purchaser of any loan sold under this part under which the Secretary agrees—

(i) to guarantee to such purchaser (and any successor in interest to such purchaser) payments of the principal and interest payable under such loan, and

(ii) to pay as an interest subsidy to such purchaser (and any successor in interest to such purchaser) amounts which, when added to the amount of interest payable on such loan, are equivalent to a reasonable rate of interest on such loan as determined by the Secretary after taking into account the range of prevailing interest rates in the private market on similar loans and the risks assumed by the United States.

(B) Any agreement under subparagraph (A)—

(i) may provide that the Secretary shall act as agent of any such purchaser, for the purpose of collecting from the entity to which such loan was made and paying over to such purchaser any payments of principal and interest payable by such entity under such loan;

(ii) may provide for the repurchase by the Secretary of any such loan on such terms and conditions as may be specified in the agreement;
(iii) shall provide that, in the event of any default by the entity to which such loan was made in payment of principal or interest due on such loan, the Secretary shall, upon notification to the purchaser (or to the successor in interest of such purchaser), have the option to close out such loan (and any obligations of the Secretary with respect thereto) by paying to the purchaser (or his successor in interest) the total amount of outstanding principal and interest due thereon at the time of such notification; and

(iv) shall provide that, in the event such loan is closed out as provided in clause (iii), or in the event of any other loss incurred by the Secretary by reason of the failure of such entity to make payments of principal or interest on such loan, the Secretary shall be subrogated to all rights of such purchaser for recovery of such loss from such entity.

(4) Amounts received by the Secretary as proceeds from the sale of loans under this subsection shall be deposited in the fund established under subsection (d).

(5) If any loan to a public entity under this part is sold and guaranteed by the Secretary under this subsection, interest paid on such loan after its sale and any interest subsidy paid, under paragraph (3)(A)(ii), by the Secretary with respect to such loan which is received by the purchaser of the loan (or the purchaser's successor in interest) shall be included in the gross income of the purchaser or successor for the purpose of chapter 1 of the Internal Revenue Code of 1954.

(d)(1) There is established in the Treasury a loan and loan guarantee fund (hereinafter in this subsection referred to as the “fund”) which shall be available to the Secretary without fiscal year limitation, in such amounts as may be specified from time to time in appropriation Acts—

(A) to enable him to make loans under this part,

(B) to enable him to discharge his responsibilities under loan guarantees issued by him under this part,

(C) for payment of interest under section 1601(a)(2)(B) on loans guaranteed under this part,

(D) for repurchase of loans under subsection (c)(3)(B),

(E) for payment of interest on loans which are sold and guaranteed, and

(F) to enable the Secretary to take the action authorized by subsection (f).

There are authorized to be appropriated from time to time such amounts as may be necessary to provide the sums required for the fund. There shall also be deposited in the fund amounts received by the Secretary in connection with loans and loan guarantees under this part and other property or assets derived by him from his operations respecting such loans and loan guarantees, including any money derived from the sale of assets.

(2) If at any time the sums in the funds are insufficient to enable the Secretary—

(A) to make payments of interest under section 1601(a)(2)(B),

(B) to otherwise comply with guarantees under this part of loans to nonprofit private entities,
(C) in the case of a loan which was made, sold, and guaranteed under this part, to make to the purchaser of such loan payments of principal and interest on such loan after default by the entity to which the loan was made, or
(D) to repurchase loans under subsection (c)(3)(B),
(E) to make payments of interest on loans which are sold and guaranteed, and
(F) to enable the Secretary to take the action authorized by subsection (f), he is authorized to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. The Secretary of the Treasury shall purchase any notes and other obligations issued under this paragraph and for that purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, and the purposes for which the securities may be issued under that Act are extended to include any purchase of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this paragraph. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. Sums borrowed under this paragraph shall be deposited in the fund and redemption of such notes and obligations shall be made by the Secretary from the fund.

(e)(1) The assets, commitments, obligations, and outstanding balances of the loan guarantee and loan fund established in the Treasury by section 626 shall be transferred to the fund established by subsection (d) of this section.
(2) To provide additional capitalization for the fund established under subsection (d) there are authorized to be appropriated to the fund, such sums as may be necessary for the fiscal years ending June 30, 1975, June 30, 1976, September 30, 1977, September 30, 1978, September 30, 1979, September 30, 1980, September 30, 1981, and September 30, 1982.

(f)(1) The Secretary may take such action as may be necessary to prevent a default on a loan made or guaranteed under this part or under title VI, including the waiver of regulatory conditions, deferral of loan payments, renegotiation of loans, and the expenditure of funds for technical and consultative assistance, for the temporary payment of the interest and principal on such a loan, and for other purposes. Any such expenditure made under the preceding sentence on behalf of a medical facility shall be made under such terms and conditions as the Secretary shall prescribe, including the implementation of such organizational, operational, and financial reforms as the Secretary determines are appropriate and the disclosure of such financial or other information as the Sec-
Secretary may require to determine the extent of the implementation of such reforms.

(2) The Secretary may take such action, consistent with State law respecting foreclosure procedures, as he deems appropriate to protect the interest of the United States in the event of a default on a loan made or guaranteed under this part or under title VI, including selling real property pledged as security for such a loan or loan guarantee and for a reasonable period of time taking possession of, holding, and using real property pledged as security for such a loan or loan guarantee.

PART B—PROJECT GRANTS

PROJECT GRANTS

SEC. 1610. (a)(1)(A) The Secretary may make grants for construction or modernization projects designed to—
(i) eliminate or prevent in medical facilities imminent safety hazards as defined by Federal, State, or local fire, building, or life safety codes or regulations, or
(ii) avoid noncompliance by medical facilities with State or voluntary licensure or accreditation standards.
(B) A grant under subparagraph (A) may only be made to—

(ii) a nonprofit private entity for any medical facility owned or operated by the entity but only if the Secretary determines—
(I) the level of community service provided by the facility and the proportion of its patients who are unable to pay for services rendered in the facility is similar to such level and proportion in a medical facility of a State or political subdivision, and
(II) that without a grant under subparagraph (A) there would be a disruption of the provision of health care to low-income individuals.

(2) The amount of any grant under paragraph (1) may not exceed 75 per centum of the cost of the project for which the grant is made unless the project is located in an area determined by the Secretary to be an urban or rural poverty area, in which case the grant may cover up to 100 per centum of such costs.

(3) There are authorized to be appropriated for grants under paragraph (1) $40,000,000 for the fiscal year ending September 30, 1980, $50,000,000 for the fiscal year ending September 30, 1981, and $50,000,000 for the fiscal year ending September 30, 1982. Funds available for obligation under this subsection (as in effect before the date of the enactment of the Health Planning and Resources Development Amendments of 1979) in the fiscal year ending September 30, 1979, shall remain available for obligation under this subsection in the succeeding fiscal year.

(b)(1) The Secretary may make grants to public and nonprofit private entities for projects for (A) construction or modernization of outpatient medical facilities which are located apart from hospitals
and which will provide services for medically underserved populations, and (B) conversion of existing facilities into outpatient medical facilities or facilities for long-term care to provide services for such populations.

(2) The amount of any grant under paragraph (1) may not exceed 80 per centum of the cost of the project for which the grant is made unless the project is located in an area determined by the Secretary to be an urban or rural poverty area, in which case the grant may cover up to 100 per centum of such costs.

(3) There are authorized to be appropriated for grants under paragraph (1) $15,000,000 for the fiscal year ending September 30, 1981, and $15,000,000 for the fiscal year ending September 30, 1982.

PART C—GENERAL PROVISIONS

GENERAL REGULATIONS

SEC. 1620. [300s] The Secretary shall by regulation—

(1) prescribe the manner in which he shall determine the priority among projects for which assistance is available under part A or B, based on the relative need of different areas for such projects and giving special consideration—

(A) to projects for medical facilities serving areas with relatively small financial resources and for medical facilities serving rural communities,

(B) in the case of projects for modernization of medical facilities, to projects for facilities serving densely populated areas,

(C) in the case of projects for construction of outpatient medical facilities, to projects that will be located in, and provide services for residents of, areas determined by the Secretary to be rural or urban poverty areas,

(E) to projects for medical facilities which, alone or in conjunction with other facilities, will provide comprehensive health care, including outpatient and preventive care as well as hospitalization;

(2) prescribe for medical facilities projects assisted under part A or B general standards of construction, modernization, and equipment, which standards may vary on the basis of the class of facilities and their location; and

(3) prescribe the general manner in which easy entity which receives financial assistance under part A or B or has received financial assistance under part A or B or title VI shall be required to comply with the assurances required to be made at the time such assistance was received and the means by which such entity shall be required to demonstrate compliance with such assurances.

An entity subject to the requirements prescribed pursuant to paragraph (3) respecting compliance with assurances made in connec-
tion with receipt of financial assistance shall submit periodically to
the Secretary data and information which reasonably supports the
entity's compliance with such assurances. The Secretary may not
waive the requirement of the preceding sentence.

APPLICATIONS

SEC. 1621. [300s–1] (a) No loan, loan guarantee, or grant may
be made under part A or B for a medical facilities project unless
an application for such project has been submitted to and approved
by the Secretary. If two or more entities join in a project, an appli-

all of them.

(b)(1) An application for a medical facilities project shall be
submitted in such form and manner as the Secretary shall by regu-

it would be inappropriate to convert an existing medical facility
to provide the services to be provided through the new medical
facility;

(C) in the case of a project for the discontinuance of a serv-
ice or facility or the conversion of a service or a facility, an
evaluation of the impact of such discontinuance or conversion
on the provision of health care in the health service area in
which such service was provided or facility located;

(D) a description of the site of such project;

(E) plans and specifications therefor which meet the re-

or in a public or other nonprofit entity which is to operate the
facility on completion of the project;

maintenance and operation when completed, and, for the pur-
pose of determining if the requirements of this subparagraph
are met, Federal assistance provided directly to a medical facil-

be an urban or rural poverty area or through benefits provided
individuals served at such facility shall be considered as finan-
cial support;
Sec. 1622. PUBLIC HEALTH SERVICE ACT

(I) reasonable assurance that all laborers and mechanics employed by contractors or subcontractors in the performance of work on a project will be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Act of March 3, 1931 (40 U.S.C. 276a—276a–5, known as the Davis-Bacon Act), and the Secretary of Labor shall have with respect to such labor standards the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 FR 3176; 5 U.S.C. Appendix) and section 2 of the Act of June 13, 1934 (40 U.S.C. 276c);

(J) in the case of a project for the construction or modernization of an outpatient facility, reasonable assurance that the services of a general hospital will be available to patients at such facility who are in need of hospital care; and

(K) reasonable assurance that at all times after such application is approved (i) the facility or portion thereof to be constructed, modernized, or converted will be made available to all persons residing or employed in the area served by the facility, and (ii) there will be made available in the facility or portion thereof to be constructed, modernized, or converted a reasonable volume of services to persons unable to pay therefor and the Secretary, in determining the reasonableness of the volume of services provided, shall take into consideration the extent to which compliance is feasible from a financial viewpoint.

(2)(A) The Secretary may waive—

(i) the requirements of subparagraph (D) of paragraph (1) for compliance with modernization and equipment standards prescribed pursuant to section 1620(2), and

(ii) the requirement of subparagraph (E) of paragraph (1) respecting title to a project site,

in the case of an application for a project described in subparagraph (B) of this paragraph.

(B) A project referred to in subparagraph (A) is a project—

RECOVERY

Sec. 1622. [300s–1a] (a) If any facility with respect to which funds have been paid under this title shall, at any time within 20 years after the completion of construction or modernization—

(1) be sold or transferred to any entity (A) which is not qualified to file an application under section 1621 or 1642 or (B) which is not approved as a transferee by the State Agency of the State in which such facility is located, or its successor, or
(2) cease to be a public health center or a public or other nonprofit hospital, outpatient facility, facility for long-term care, or rehabilitation facility,
the United States shall be entitled to recover, whether from the transferor or the transferee (or, in the case of a facility which has ceased to be public or nonprofit, from the owners thereof) an amount determined under subsection (c).

(b) The transferor of a facility which is sold or transferred as described in subsection (a)(1), or the owner of a facility the use of which is changed as described in subsection (a)(2), shall provide the Secretary written notice of such sale, transfer, or change not later than the expiration of 10 days from the date on which such sale, transfer, or change occurs.

(c)(1) Except as provided in paragraph (2), the amount the United States shall be entitled to recover under subsection (a) is an amount bearing the same ratio to the then value (as determined by the agreement of the parties or in an action brought in the district court of the United States for the district for which the facility involved is situated) of so much of the facility as constituted an approved project or projects as the amount of the Federal participation bore to the cost of the construction or modernization of such project or projects.

(2)(A) After the expiration of—

(i) 180 days after the date of the sale, transfer, or change of use for which a notice is required by subsection (b) in the case of a facility which is sold or transferred or the use of which changes after the date of the enactment of this subsection, or

(ii) thirty days after the date of enactment of this subsection or if later 180 days after the date of the sale, transfer, or change of use for which a notice is required by subsection (b), in the case of a facility which was sold or transferred or the use of which changed before the date of the enactment of this subsection,

the amount which the United States is entitled to recover under paragraph (1) with respect to a facility shall be the amount prescribed by paragraph (1) plus interest, during the period described in subparagraph (B), at a rate (determined by the Secretary) based on the average of the bond equivalent of the weekly 90-day Treasury bill auction rate.

(B) The period referred to in subparagraph (A) is the period beginning—

(i) in the case of a facility which was sold or transferred or the use of which changed before the date of the enactment of this subsection, thirty days after such date or if later 180 days after the date of the sale, transfer, or change of use for which a notice is required by subsection (b),

(ii) in the case of a facility with respect to which notice is provided in accordance with subsection (b), upon the expiration of 180 days after the receipt of such notice, or

(iii) in the case of a facility with respect to which such notice is not provided as prescribed by subsection (b), on the date of the sale, transfer, or changes of use for which such notice was to be provided,
and ending on the date the amount the United States is entitled to under paragraph (1) is collected.

(d)(1) The Secretary may waive the recovery rights of the United States under subsection (a)(1) with respect to a facility in any State if the Secretary determines, in accordance with regulations, that the entity to which the facility was sold or transferred—
(A) has established an irrevocable trust—
(i) in an amount equal to the greater of twice the cost of the remaining obligation of the facility under clause (ii) of section 1621(b)(1)(K) or the amount, determined under subsection (c), that the United States is entitled to recover, and
(ii) which will only be used by the entity to provide the care required by clause (ii) of section 1621(b)(1)(K); and
(B) will meet the obligation of the facility under clause (i) of section 1621(b)(1)(K).

(2) The Secretary may waive the recovery rights of the United States under subsection (a)(2) with respect to a facility in any State if the Secretary determines, in accordance with regulations, that there is good cause for waiving such rights with respect to such facility.

(e) The right of recovery of the United States under subsection (a) shall not constitute a lien on any facility with respect to which funds have been paid under this title.

CONTROL OF OPERATIONS

SEC. 1623. [300s–2] Except as otherwise specifically provided, nothing in this title shall be construed as conferring on any Federal officer, or employee the right to exercise any supervision or control over the administration, personnel, maintenance, or operation of any facility with respect to which any funds have been or may be expended under this title.

(2) The Secretary shall reserve for the purpose of paragraph (1) from amounts that would otherwise be allotted to such State under subsection (a) an amount equal to the amount which bears the same ratio to the State's allotment for the fiscal year involved as the total amount provided or allotted for fiscal year 1981 by the Secretary to such tribe or tribal organization under the provisions of law referred to in subsection (a) bore to the total amount provided or allotted for such fiscal year by the Secretary to the State and entities (including Indian tribes and tribal organizations) in the State under such provisions of law.

(2) Prohibition.—No person shall on the ground of sex (including, in the case of a woman, on the ground that the woman is pregnant), or on the ground of religion, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in
whole or in part with funds made available under section 1911 or 1921.

(b) ENFORCEMENT.—

(1) REFERRALS TO ATTORNEY GENERAL AFTER NOTICE.—Whenever the Secretary finds that a State, or an entity that has received a payment pursuant to section 1911 or 1921, has failed to comply with a provision of law referred to in subsection (a)(1), with subsection (a)(2), or with an applicable regulation (including one prescribed to carry out subsection (a)(2)), the Secretary shall notify the chief executive officer of the State and shall request the chief executive officer to secure compliance. (C) take such other actions as may be authorized by law.

(2) AUTHORITY OF ATTORNEY GENERAL.—When a matter is referred to the Attorney General pursuant to paragraph (1)(A), or whenever the Attorney General has reason to believe that a State or an entity is engaged in a pattern or practice in violation of a provision of law referred to in subsection (a)(1) or in violation of subsection (a)(2), the Attorney General may bring a civil action in any appropriate district court of the United States for such relief as may be appropriate, including injunctive relief.

(2) CORRESPONDING REDUCTION IN PAYMENTS.—With respect to a request described in paragraph (1), the Secretary shall reduce the amount of payments under the program in-
volved to the State by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

SEC. 1949. [300x–59] PLANS FOR PERFORMANCE PARTNERSHIPS.

(a) DEVELOPMENT.—The Secretary in conjunction with States and other interested groups shall develop separate plans for the programs authorized under subparts I and II for creating more flexibility for States and accountability based on outcome and other performance measures. The plans shall each include—

(2) the common set of performance measures that would be used for accountability, including measures that would be used for the program under subpart II for pregnant addicts, HIV transmission, tuberculosis, and those with a co-occurring substance abuse and mental disorders, and for programs under subpart I for children with serious emotional disturbance and adults with serious mental illness and for individuals with co-occurring mental health and substance abuse disorders;

With respect to States receiving grants under section 1911 or 1921, this part may not be construed to authorize the Secretary to

---

1 Section 1949 appears according to the probable intent of the Congress. Section 3403(a) of Public Law 106–310 (114 Stat. 1219) provides that the section “is amended as follows.” No amendatory instructions were then given, but a substitute text was provided. The amendment probably should have instructed that section 1949 “is amended to read as follows.”

2 The probable intent of the Congress was that the reference to “this Act” be a reference to the Children’s Health Act of 2000 (Public Law 106–310), which provided a substitute text for section 1949 (see footnote 1), including subsection (b) above. That Act was enacted October 17, 2000. (A reference to “this Act” is a reference to the Public Health Service Act, which was enacted July 1, 1944.)
delegate to the States the primary responsibility for interpreting the governing provisions of this part.

SEC. 1951. [300x–61] SOLICITATION OF VIEWS OF CERTAIN ENTITIES.
In carrying out this part, the Secretary, as appropriate, shall solicit the views of the States and other appropriate entities.

SEC. 1952. [300x–62] AVAILABILITY TO STATES OF GRANT PAYMENTS.
Any amounts paid to a State for a fiscal year under section 1911 or 1921 shall be available for obligation and expenditure until the end of the fiscal year following the fiscal year for which the amounts were paid.

SEC. 1953. [300x–63] CONTINUATION OF CERTAIN PROGRAMS.
(a) In General.—Of the amount allotted to the State of Hawaii under section 1911, and the amount allotted to such State under section 1921, an amount equal to the proportion of Native Hawaiians residing in the State to the total population of the State shall be available, respectively, for carrying out the program involved for Native Hawaiians.

(b) Expenditure of Amounts.—The amount made available under subsection (a) may be expended only through contracts entered into by the State of Hawaii with public and private nonprofit organizations to enable such organizations to plan, conduct, and administer comprehensive substance abuse and treatment programs for the benefit of Native Hawaiians. In entering into contracts under this section, the State of Hawaii shall give preference to Native Hawaiian organizations and Native Hawaiian health centers.

(c) Definitions.—For the purposes of this subsection, the terms “Native Hawaiian”, “Native Hawaiian organization”, and “Native Hawaiian health center” have the meaning given such terms in section 2308 of subtitle D of title II of the Anti-Drug Abuse Act of 1988.

SEC. 1954. [300x–64] DEFINITIONS.
(a) Definitions for Subpart III.—For purposes of this subpart:

(1) The term “program involved” means the program of grants established in section 1911 or 1921, or both, as indicated by whether the State involved is receiving or is applying to receive a grant under section 1911 or 1921, or both.

(2)(A) The term “funding agreement”, with respect to a grant under section 1911, has the meaning given such term in section 1919.

(B) The term “funding agreement”, with respect to a grant under section 1921, has the meaning given such term in section 1934.

(b) Definitions for Part B.—For purposes of this part:

(1) The term “Comptroller General” means the Comptroller General of the United States.

1Section 1952 appears according to the probable intent of the Congress. Section 3403(b) of Public Law 106–310 (114 Stat. 1220) provides that the section “is amended as follows.”. No amendatory instructions were then given, but a substitute text was provided. The amendment probably should have instructed that section 1952 “is amended to read as follows.”.

(2) The term “State”, except as provided in sections 1918(c)(5) and 1933(c)(5), means each of the several States, the District of Columbia, and each of the territories of the United States.

(3) The term “territories of the United States” means each of the Commonwealth of Puerto Rico, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Palau, the Marshall Islands, and Micronesia.

(4) The term “interim services”, in the case of an individual in need of treatment for substance abuse who has been denied admission to a program of such treatment on the basis of the lack of the capacity of the program to admit the individual, means services for reducing the adverse health effects of such abuse, for promoting the health of the individual, and for reducing the risk of transmission of disease, which services are provided until the individual is admitted to such a program.

SEC. 1955. [300x–65] SERVICES PROVIDED BY NONGOVERNMENTAL ORGANIZATIONS.¹

(a) PURPOSES.—The purposes of this section are—

(2) to allow the organizations to accept the funds to provide the services to the individuals without impairing the religious character of the organizations or the religious freedom of the individuals.

(b) RELIGIOUS ORGANIZATIONS INCLUDED AS NONGOVERNMENTAL PROVIDERS.—

(1) IN GENERAL.—A State may administer and provide substance abuse services under any program under this title or title V through grants, contracts, or cooperative agreements to provide assistance to beneficiaries under such titles with nongovernmental organizations.

(2) REQUIREMENT.—A State that elects to utilize nongovernmental organizations as provided for under paragraph (1) shall consider, on the same basis as other nongovernmental organizations, religious organizations to provide services under substance abuse programs under this title or title V, so long as the programs under such titles are implemented in a manner consistent with the Establishment Clause of the first amendment to the Constitution. Neither the Federal Government nor a State or local government receiving funds under such programs shall discriminate against an organization that provides services under, or applies to provide services under, such programs, on the basis that the organization has a religious character.

¹Part G of title V of this Act (the second part G; see page 677) also relates to religious organizations as providers of substance abuse services. That part was added by section 144 of the Community Renewal Tax Relief Act of 2000 (as enacted into law by section 1(a)(7) of Public Law 106–554; 114 Stat. 2763A–619). Section 1955 above was added by section 3305 of Public Law 106–310 (114 Stat. 1212).
(c) Religious Character and Independence.—

(1) In general.—A religious organization that provides services under any substance abuse program under this title or title V shall retain its independence from Federal, State, and local governments, including such organization’s control over the definition, development, practice, and expression of its religious beliefs.

(2) Additional safeguards.—Neither the Federal Government nor a State or local government shall require a religious organization—

(A) to alter its form of internal governance; or

(B) to remove religious art, icons, scripture, or other symbols,

in order to be eligible to provide services under any substance abuse program under this title or title V.

(d) Employment Practices.—

(1) Substance Abuse.—A religious organization that provides services under any substance abuse program under this title or title V may require that its employees providing services under such program adhere to rules forbidding the use of drugs or alcohol.

(2) Title VII Exemption.—The exemption of a religious organization provided under section 702 or 703(e)(2) of the Civil Rights Act of 1964 (42 U.S.C. 2000e–1, 2000e–2(e)(2)) regarding employment practices shall not be affected by the religious organization’s provision of services under, or receipt of funds from, any substance abuse program under this title or title V.

(e) Rights of Beneficiaries of Assistance.—

(1) In general.—If an individual described in paragraph (3) has an objection to the religious character of the organization from which the individual receives, or would receive, services funded under any substance abuse program under this title or title V, the appropriate Federal, State, or local governmental entity shall provide to such individual (if otherwise eligible for such services) within a reasonable period of time after the date of such objection, services that—

(A) are from an alternative provider that is accessible to the individual; and

(B) have a value that is not less than the value of the services that the individual would have received from such organization.

(2) Notice.—The appropriate Federal, State, or local governmental entity shall ensure that notice is provided to individuals described in paragraph (3) of the rights of such individuals under this section.

(3) Individual described.—An individual described in this paragraph is an individual who receives or applies for services under any substance abuse program under this title or title V.

(f) Nondiscrimination Against Beneficiaries.—A religious organization providing services through a grant, contract, or cooperative agreement under any substance abuse program under this title or title V shall not discriminate, in carrying out such program,
against an individual described in subsection (e)(3) on the basis of
religion, a religious belief, a refusal to hold a religious belief, or a
refusal to actively participate in a religious practice.

(g) Fiscal Accountability.—

(1) In General.—Except as provided in paragraph (2), any
religious organization providing services under any substance
abuse program under this title or title V shall be subject to the
same regulations as other nongovernmental organizations to
account in accord with generally accepted accounting principles
for the use of such funds provided under such program.

(2) Limited Audit.—Such organization shall segregate gov-
ernment funds provided under such substance abuse program
into a separate account. Only the government funds shall be
subject to audit by the government.

(h) Compliance.—Any party that seeks to enforce such party’s
rights under this section may assert a civil action for injunctive re-
 lief exclusively in an appropriate Federal or State court against the
entity, agency or official that allegedly commits such violation.

(i) Limitations on Use of Funds for Certain Purposes.—No
funds provided through a grant or contract to a religious organiza-
tion to provide services under any substance abuse program under
this title or title V shall be expended for sectarian worship, instruc-
tion, or proselytization.

(j) Effect on State and Local Funds.—If a State or local
government contributes State or local funds to carry out any sub-
stance abuse program under this title or title V, the State or local
government may segregate the State or local funds from the Fed-
eral funds provided to carry out the program or may commingle
the State or local funds with the Federal funds. If the State or local
government commingles the State or local funds, the provisions of
this section shall apply to the commingled funds in the same man-
er, and to the same extent, as the provisions apply to the Federal
funds.

(k) Treatment of Intermediate Contractors.—If a non-
governmental organization (referred to in this subsection as an
“intermediate organization”), acting under a contract or other
agreement with the Federal Government or a State or local govern-
ment, is given the authority under the contract or agreement to se-
lect nongovernmental organizations to provide services under any
substance abuse program under this title or title V, the inter-
mediate organization shall have the same duties under this section
as the government but shall retain all other rights of a nongovern-
mental organization under this section.

SEC. 1956. [300s–66] Services for Individuals with Co-Occurring Disorders.

States may use funds available for treatment under sections
1911 and 1921 to treat persons with co-occurring substance abuse
and mental disorders as long as funds available under such sec-
tions are used for the purposes for which they were authorized by
law and can be tracked for accounting purposes.
PART C—CERTAIN PROGRAMS REGARDING MENTAL HEALTH AND SUBSTANCE ABUSE

Subpart I—Data Infrastructure Development

SEC. 1971. [300y] DATA INFRASTRUCTURE DEVELOPMENT.

(a) In General.—The Secretary may make grants to, and enter into contracts or cooperative agreements with States for the purpose of developing and operating mental health or substance abuse data collection, analysis, and reporting systems with regard to performance measures including capacity, process, and outcomes measures.

(b) Projects.—The Secretary shall establish criteria to ensure that services will be available under this section to States that have a fundamental basis for the collection, analysis, and reporting of mental health and substance abuse performance measures and States that do not have such basis. The Secretary will establish criteria for determining whether a State has a fundamental basis for the collection, analysis, and reporting of data.

(c) Condition of Receipt of Funds.—As a condition of the receipt of an award under this section a State shall agree to collect, analyze, and report to the Secretary within 2 years of the date of the award on a core set of performance measures to be determined by the Secretary in conjunction with the States.

(d) Matching Requirement.—

(1) In General.—With respect to the costs of the program to be carried out under subsection (a) by a State, the Secretary may make an award under such subsection only if the applicant agrees to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than 50 percent of such costs.

(2) Determination of Amount Contributed.—Non-Federal contributions under paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such contributions.

(e) Duration of Support.—The period during which payments may be made for a project under subsection (a) may be not less than 3 years nor more than 5 years.

(f) Authorization of Appropriation.—

(1) In General.—For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001, 2002 and 2003.

(2) Allocation.—Of the amounts appropriated under paragraph (1) for a fiscal year, 50 percent shall be expended to support data infrastructure development for mental health and 50 percent shall be expended to support data infrastructure development for substance abuse.
Subpart II—Interim Maintenance Treatment of Narcotics Dependence

(a) REQUIREMENT REGARDING SECRETARY.—Subject to the following subsections of this section, for the purpose of reducing the incidence of the transmission of HIV disease pursuant to the intravenous abuse of heroin or other morphine-like drugs, the Secretary, in establishing conditions for the use of methadone in public or nonprofit private programs of treatment for dependence on such drugs, shall authorize such programs—

(1) to dispense methadone for treatment purposes to individuals who—

(A) meet the conditions for admission to such programs that dispense methadone as part of comprehensive treatment for such dependence; and

(B) are seeking admission to such programs that so dispense methadone, but as a result of the limited capacity of the programs, will not gain such admission until 14 or more days after seeking admission to the programs; and

(2) in dispensing methadone to such individuals, to provide only minimum ancillary services during the period in which the individuals are waiting for admission to programs of comprehensive treatment.

(b) INAPPLICABILITY OF REQUIREMENT IN CERTAIN CIRCUMSTANCES.—

(1) IN GENERAL.—The requirement established in subsection (a) for the Secretary does not apply if any or all of the following conditions are met:

(A) The preponderance of scientific research indicates that the risk of the transmission of HIV disease pursuant to the intravenous abuse of drugs is minimal.

(B) The preponderance of scientific research indicates that the medically supervised dispensing of methadone is not an effective method of reducing the extent of dependence on heroin and other morphine-like drugs.

(C) The preponderance of available data indicates that, of treatment programs that dispense methadone as part of comprehensive treatment, a substantial majority admit all individuals seeking services to the programs not later than 14 days after the individuals seek admission to the programs.

(2) EVALUATION BY SECRETARY.—In evaluating whether any or all of the conditions described in paragraph (1) have been met, the Secretary shall consult with the National Commission on Acquired Immune Deficiency Syndrome.

(c) CONDITIONS FOR OBTAINING AUTHORIZATION FROM SECRETARY.—

(1) IN GENERAL.—In carrying out the requirement established in subsection (a), the Secretary shall, after consultation with the National Commission on Acquired Immune Deficiency Syndrome, by regulation issue such conditions for treatment programs to obtain authorization from the Secretary to provide
interim maintenance treatment as may be necessary to carry out the purpose described in such subsection. Such conditions shall include conditions for preventing the unauthorized use of methadone.

(2) Counseling on HIV Disease.—The regulations issued under paragraph (1) shall provide that an authorization described in such paragraph may not be issued to a treatment program unless the program provides to recipients of the treatment counseling on preventing exposure to and the transmission of HIV disease.

(3) Permission of Relevant State as Condition of Authorization.—The regulations issued under paragraph (1) shall provide that the Secretary may not provide an authorization described in such paragraph to any treatment program in a State unless the chief public health officer of the State has certified to the Secretary that—

(A) such officer does not object to the provision of such authorizations to treatment programs in the State; and

(B) the provision of interim maintenance services in the State will not reduce the capacity of comprehensive treatment programs in the State to admit individuals to the programs (relative to the date on which such officer so certifies).

(4) Date Certain for Issuance of Regulations; Failure of Secretary.—The Secretary shall issue the final rule for purposes of the regulations required in paragraph (1), and such rule shall be effective, not later than the expiration of the 180-day period beginning on the date of the enactment of the ADAMHA Reorganization Act. If the Secretary fails to meet the requirement of the preceding sentence, the proposed rule issued on March 2, 1989, with respect to part 291 of title 21, Code of Federal Regulations (docket numbered 88N–0444; 54 Fed. Reg. 8973 et seq.) is deemed to take effect as a final rule upon the expiration of such period, and the provisions of paragraph (3) of this subsection are deemed to be incorporated into such rule.

(d) Definitions.—For purposes of this section:

(1) The term “interim maintenance services” means the provision of methadone in a treatment program under the circumstances described in paragraphs (1) and (2) of subsection (a).

(2) The term “HIV disease” means infection with the etiologic agent for acquired immune deficiency syndrome.

(3) The term “treatment program” means a public or nonprofit private program of treatment for dependence on heroin or other morphine-like drugs.

TITLE XX—ADOLESCENT FAMILY LIFE DEMONSTRATION PROJECTS

FINDINGS AND PURPOSES

SEC. 2001. [300z] (a) The Congress finds that—

(1) in 1978, an estimated one million one hundred thousand teenagers became pregnant, more than five hundred thousand teenagers carried their babies to term, and over one-half of the babies born to such teenagers were born out of wedlock;

(2) adolescents aged seventeen and younger accounted for more than one-half of the out of wedlock births to teenagers;

(3) in a high proportion of cases, the pregnant adolescent is herself the product of an unmarried parenthood during adolescence and is continuing the pattern in her own lifestyle;

(4) it is estimated that approximately 80 per centum of unmarried teenagers who carry their pregnancies to term live with their families before and during their pregnancy and remain with their families after the birth of the child;

(5) pregnancy and childbirth among unmarried adolescents, particularly young adolescents, often results in severe adverse health, social, and economic consequences including: a higher percentage of pregnancy and childbirth complications; a higher incidence of low birth weight babies; a higher infant mortality and morbidity; a greater likelihood that an adolescent marriage will end in divorce; a decreased likelihood of completing schooling; and higher risks of unemployment and welfare dependency; and therefore, education, training, and job research services are important for adolescent parents;

(6)(A) adoption is a positive option for unmarried pregnant adolescents who are unwilling or unable to care for their children since adoption is a means of providing permanent families for such children from available approved couples who are unable or have difficulty in conceiving or carrying children of their own to term; and

(B) at present, only 4 per centum of unmarried pregnant adolescents who carry their babies to term enter into an adoption plan or arrange for their babies to be cared for by relatives or friends;

(7) an unmarried adolescent who becomes pregnant once is likely to experience recurrent pregnancies and childbearing, with increased risks;

(8)(A) the problems of adolescent premarital sexual relations, pregnancy, and parenthood are multiple and complex and are frequently associated with or are a cause of other troublesome situations in the family; and
(B) such problems are best approached through a variety of integrated and essential services provided to adolescents and their families by other family members, religious and charitable organizations, voluntary associations, and other groups in the private sector as well as services provided by publicly sponsored initiatives;

(9) a wide array of educational, health, and supportive services are not available to adolescents with such problems or to their families, or when available frequently are fragmented and thus are of limited effectiveness in discouraging adolescent premarital sexual relations and the consequences of such relations;

(10)(A) prevention of adolescent sexual activity and adolescent pregnancy depends primarily upon developing strong family values and close family ties, and since the family is the basic social unit in which the values and attitudes of adolescents concerning sexuality and pregnancy are formed, programs designed to deal with issues of sexuality and pregnancy will be successful to the extent that such programs encourage and sustain the role of the family in dealing with adolescent sexual activity and adolescent pregnancy;

(B) Federal policy therefore should encourage the development of appropriate health, educational, and social services where such services are now lacking or inadequate, and the better coordination of existing services where they are available; and

(C) services encouraged by the Federal Government should promote the involvement of parents with their adolescent children, and should emphasize the provision of support by other family members, religious and charitable organizations, voluntary associations, and other groups in the private sector in order to help adolescents and their families deal with complex issues of adolescent premarital sexual relations and the consequences of such relations; and

(11)(A) there has been limited research concerning the societal causes and consequences of adolescent pregnancy;

(B) there is limited knowledge concerning which means of intervention are effective in mediating or eliminating adolescent premarital sexual relations and adolescent pregnancy; and

(C) it is necessary to expand and strengthen such knowledge in order to develop an array of approaches to solving the problems of adolescent premarital sexual relations and adolescent pregnancy in both urban and rural settings.

(b) Therefore, the purposes of this title are—

(1) to find effective means, within the context of the family, of reaching adolescents before they become sexually active in order to maximize the guidance and support available to adolescents from parents and other family members, and to promote self discipline and other prudent approaches to the problem of adolescent premarital sexual relations, including adolescent pregnancy;

(2) to promote adoption as an alternative for adolescent parents;
Sec. 2002 PUBLIC HEALTH SERVICE ACT

(3) to establish innovative, comprehensive, and integrated approaches to the delivery of care services both for pregnant adolescents, with primary emphasis on unmarried adolescents who are seventeen years of age or under, and for adolescent parents, which shall be based upon an assessment of existing programs and, where appropriate, upon efforts to establish better coordination, integration, and linkages among such existing programs in order to—

(A) enable pregnant adolescents to obtain proper care and assist pregnant adolescents and adolescent parents to become productive independent contributors to family and community life; and

(B) assist families of adolescents to understand and resolve the societal causes which are associated with adolescent pregnancy;

(4) to encourage and support research projects and demonstration projects concerning the societal causes and consequences of adolescent premarital sexual relations, contraceptive use, pregnancy, and child rearing;

(5) to support evaluative research to identify effective services which alleviate, eliminate, or resolve any negative consequences of adolescent premarital sexual relations and adolescent childbearing for the parents, the child, and their families; and

(6) to encourage and provide for the dissemination of results, findings, and information from programs and research projects relating to adolescent premarital sexual relations, pregnancy, and parenthood.

(b) Until such time as the Secretary promulgates regulations pursuant to the second sentence of this subsection, the Secretary shall use the regulations promulgated under title VI of the Health Services and Centers Amendments of 1978 which were in effect on the date of enactment of this title, to determine which necessary services are core services for purposes of this title. The Secretary may promulgate regulations to determine which necessary services are core services for purposes of this title based upon an evaluation of and information concerning which necessary services are essential to carry out the purposes of this title and taking into account (1) factors such as whether services are to be provided in urban or rural areas, the ethnic groups to be served, and the nature of the populations to be served, and (2) the results of the evaluations required under section 2006(b). The Secretary may from time to time revise such regulations.

AUTHORITY TO MAKE GRANTS FOR DEMONSTRATION PROJECTS

SEC. 2003. (a) The Secretary may make grants to further the purposes of this title to eligible grant recipients which have submitted an application which the Secretary finds meets the requirements of section 2006 for demonstration projects which the Secretary determines will help communities provide appropriate care and prevention services in easily accessible locations. Demonstration projects shall, as appropriate, provide, supplement, or improve the quality of such services. Demonstration projects shall use such methods as will strengthen the capacity of families to deal with the sexual behavior, pregnancy, or parenthood of adolescents and to make use of support systems such as other family members, friends, religious and charitable organizations, and voluntary associations.

(b) Grants under this title for demonstration projects may be for the provision of—

(1) care services;

(2) prevention services; or

(3) a combination of care services and prevention services.

USES OF GRANTS FOR DEMONSTRATION PROJECTS FOR SERVICES

SEC. 2004. (a) Except as provided in subsection (b), funds provided for demonstration projects for services under this title may be used by grantees only to—

(1) provide to eligible persons—

(A) care services;

(B) prevention services; or

(C) care and prevention services (in the case of a grantee who is providing a combination of care and prevention services);
(2) coordinate, integrate, and provide linkages among providers of care, prevention, and other services for eligible persons in furtherance of the purposes of this title;

(3) provide supplemental services where such services are not adequate or not available to eligible persons in the community and which are essential to the care of pregnant adolescents and to the prevention of adolescent premarital sexual relations and adolescent pregnancy;

(4) plan for the administration and coordination of pregnancy prevention services and programs of care for pregnant adolescents and adolescent parents which will further the objectives of this title; and

(5) fulfill assurances required for grant approval by section 2006.

(b)(1) No funds provided for a demonstration project for services under this title may be used for the provision of family planning services (other than counseling and referral services) to adolescents unless appropriate family planning services are not otherwise available in the community.

(2) Any grantee who receives funds for a demonstration project for services under this title and who, after determining under paragraph (1) that appropriate family planning services are not otherwise available in the community, provides family planning services (other than counseling and referral services) to adolescents may only use funds provided under this title for such family planning services if all funds received by such grantee from all other sources to support such family planning services are insufficient to support such family planning services.

(c) Grantees who receive funds for a demonstration project for services under this title shall charge fees for services pursuant to a fee schedule approved by the Secretary as a part of the application described in section 2006 which bases fees charged by the grantee on the income of the eligible person or the parents or legal guardians of the eligible person and takes into account the difficulty adolescents face in obtaining resources to pay for services. A grantee who receives funds for a demonstration project for services under this title may not, in any case, discriminate with regard to the provision of services to any individual because of that individual’s inability to provide payment for such services, except that in determining the ability of an unemancipated minor to provide payment for services, the income of the family of an unemancipated minor shall be considered in determining the ability of such minor to make such payments unless the parents or guardians of the unemancipated minor refuse to make such payments.

(2) In making grants for demonstration projects for services under this title, the Secretary shall consider the special needs of rural areas and, to the maximum extent practicable, shall dis-
tribute funds taking into consideration the relative number of adolescents in such areas in need of such services.

(1) A proceeding for compensation under the Program for a vaccine-related injury or death shall be initiated by service upon the Secretary and the filing of a petition containing the matter prescribed by subsection (c) with the United States Claims Court. The clerk of the United States Claims Court shall immediately forward the filed petition to the chief special master for assignment to a special master under section 2112(d)(1).

(2)(A) No person may bring a civil action for damages in an amount greater than $1,000 or in an unspecified amount against a vaccine administrator or manufacturer in a State or Federal court for damages arising from a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part, and no such court may award damages in an amount greater than $1,000 in a civil action for damages for such a vaccine-related injury or death, unless a petition has been filed, in accordance with section 2116, for compensation under the Program for such injury or death and—

   (i)(I) the United States Claims Court has issued a judgment under section 2112 on such petition, and

   (II) such person elects under section 2121(a) to file such an action, or

   (ii) such person elects to withdraw such petition under section 2121(b) or such petition is considered withdrawn under such section.

   (B) If a civil action which is barred under subparagraph (A) is filed in a State or Federal court, the court shall dismiss the action. If a petition is filed under this section with respect to the injury or death for which such civil action was brought, the date such dismissed action was filed shall, for purposes of the limitations of actions prescribed by section 2116, be considered the date the petition was filed if the petition was filed within one year of the date of the dismissal of the civil action.

(3) No vaccine administrator or manufacturer may be made a party to a civil action (other than a civil action which may be brought under paragraph (2)) for damages for a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part.1

(4) If in a civil action brought against a vaccine administrator or manufacturer before the effective date of this part damages were denied for a vaccine-related injury or death or if such civil action was dismissed with prejudice, the person who brought such action may file a petition under subsection (b) for such injury or death.

(5)(A) A plaintiff who on the effective date of this part has pending a civil action for damages for a vaccine-related injury or death may, at any time within 2 years after the effec-
tive date of this part \(^1\) or before judgment, whichever occurs first, petition to have such action dismissed without prejudice or costs and file a petition under subsection (b) for such injury or death.

(B) If a plaintiff has pending a civil action for damages for a vaccine-related injury or death, such person may not file a petition under subsection (b) for such injury or death.

(6) If a person brings a civil action after November 15, 1988 \(^2\) for damages for a vaccine-related injury or death associated with the administration of a vaccine before November 15, 1988, such person may not file a petition under subsection (b) for such injury or death.

(7) If in a civil action brought against a vaccine administrator or manufacturer for a vaccine-related injury or death damages are awarded under a judgment of a court or a settlement of such action, the person who brought such action may not file a petition under subsection (b) for such injury or death.

(8) If on the effective date of this part there was pending an appeal or rehearing with respect to a civil action brought against a vaccine administrator or manufacturer and if the outcome of the last appellate review of such action or the last rehearing of such action is the denial of damages for a vaccine-related injury or death, the person who brought such action may file a petition under subsection (b) for such injury or death.

(9) This subsection applies only to a person who has sustained a vaccine-related injury or death and who is qualified to file a petition for compensation under the Program.

(10) The Clerk of the United States Claims Court is authorized to continue to receive, and forward, petitions for compensation for a vaccine-related injury or death associated with the administration of a vaccine on or after October 1, 1992.

(b) PETITIONERS.—

(1)(A) Except as provided in subparagraph (B), any person who has sustained a vaccine-related injury, the legal representative of such person if such person is a minor or is disabled, or the legal representative of any person who died as the result of the administration of a vaccine set forth in the Vaccine Injury Table may, if the person meets the requirements of subsection (c)(1), file a petition for compensation under the Program.

(B) No person may file a petition for a vaccine-related injury or death associated with a vaccine administered before the effective date of this part if compensation has been paid under this subtitle for 3500 petitions for such injuries or deaths.

(2) Only one petition may be filed with respect to each administration of a vaccine.

(c) PETITION CONTENT.—A petition for compensation under the Program for a vaccine-related injury or death shall contain—

(e) SCHEDULE.—The petitioner shall submit in accordance with a schedule set by the special master assigned to the petition assessments, evaluations, and prognoses and such other records and documents as are reasonably necessary for the determination of the amount of compensation to be paid to, or on behalf of, the person who suffered such injury or who died from the administration of the vaccine.

JURISDICTION

SEC. 2112. [300aa–12] (a) GENERAL RULE.—The United States Claims Court and the United States Claims Court special masters shall, in accordance with this section, have jurisdiction over proceedings to determine if a petitioner under section 2111 is entitled to compensation under the Program and the amount of such compensation. (b) PARTIES.—

(1) In all proceedings brought by the filing of a petition under section 2111(b), the Secretary shall be named as the respondent, shall participate, and shall be represented in accordance with section 518(a) of title 28, United States Code.

(d) SPECIAL MASTERS.—

(1) Following the receipt and filing of a petition under section 2111, the clerk of the United States Claims Court shall forward the petition to the chief special master who shall designate a special master to carry out the functions authorized by paragraph (3).

(2) The special masters shall recommend rules to the Claims Court and, taking into account such recommended rules, the Claims Court shall promulgate rules pursuant to section 2071 of title 28, United States Code. Such rules shall—

(A) provide for a less-adversarial, expeditious, and informal proceeding for the resolution of petitions,

(B) include flexible and informal standards of admissibility of evidence,

(C) include the opportunity for summary judgment,

(D) include the opportunity for parties to submit arguments and evidence on the record without requiring routine use of oral presentations, cross examinations, or hearings, and

(E) provide for limitations on discovery and allow the special masters to replace the usual rules of discovery in civil actions in the United States Claims Court.

(3) (A) A special master to whom a petition has been assigned shall issue a decision on such petition with respect to whether compensation is to be provided under the Program and the amount of such compensation. The decision of the special master shall—

(i) include findings of fact and conclusions of law, and

(ii) be issued as expeditiously as practicable but not later than 240 days, exclusive of suspended time under subparagraph (C), after the date the petition was filed.

The decision of the special master may be reviewed by the United States Claims Court in accordance with subsection (e).

(B) In conducting a proceeding on a petition a special master—

(i) may require such evidence as may be reasonable and necessary,

(v) may conduct such hearings as may be reasonable and necessary.

There may be no discovery in a proceeding on a petition other than the discovery required by the special master.

(C) In conducting a proceeding on a petition a special master shall suspend the proceedings one time for 30 days on the motion of either party. After a motion for suspension is granted, further motions for suspension by either party may be granted by the special master, if the special master determines the suspension is reasonable and necessary, for an aggregate period not to exceed 150 days.

(D) If, in reviewing proceedings on petitions for vaccine-related injuries or deaths associated with the administration of vaccines before the effective date of this part, the chief special master determines that the number of filings and resultant workload place an undue burden on the parties or the special master involved in such proceedings, the chief special master may, in the interest of justice, suspend proceedings on any petition for up to 30 months (but for not more than 6 months at a time) in addition to the suspension time under subparagraph (C).

(4)(A) Except as provided in subparagraph (B), information submitted to a special master or the court in a proceeding on a petition may not be disclosed to a person who is not a party to the proceeding without the express written consent of the person who submitted the information.

(B) A decision of a special master or the court in a proceeding shall be disclosed, except that if the decision is to include information—

(i) which is trade secret or commercial or financial information which is privileged and confidential, or

(ii) which are medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of privacy,

and if the person who submitted such information objects to the inclusion of such information in the decision, the decision shall be disclosed without such information.

(e) ACTION BY THE UNITED STATES CLAIMS COURT.—

(1) Upon issuance of the special master's decision, the parties shall have 30 days to file with the clerk of the United States Claims Court a motion to have the court review the decision. If such a motion is filed, the other party shall file a response with the clerk of the United States Claims Court no later than 30 days after the filing of such motion.

(2) Upon the filing of a motion under paragraph (1) with respect to a petition, the United States Claims Court shall
have jurisdiction to undertake a review of the record of the proceedings and may thereafter—

(A) uphold the findings of fact and conclusions of law of the special master and sustain the special master’s decision,

(B) set aside any findings of fact or conclusion of law of the special master found to be arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law and issue its own findings of fact and conclusions of law, or

(C) remand the petition to the special master for further action in accordance with the court’s direction.

The court shall complete its action on a petition within 120 days of the filing of a response under paragraph (1) excluding any days the petition is before a special master as a result of a remand under subparagraph (C). The court may allow not more than 90 days for remands under subparagraph (C).

(3) In the absence of a motion under paragraph (1) respecting the special master’s decision or if the United States Claims Court takes the action described in paragraph (2)(A) with respect to the special master’s decision, the clerk of the United States Claims Court shall immediately enter judgment in accordance with the special master’s decision.

(f) APPEALS.—The findings of fact and conclusions of law of the United States Claims Court on a petition shall be final determinations of the matters involved, except that the Secretary or any petitioner aggrieved by the findings or conclusions of the court may obtain review of the judgment of the court in the United States court of appeals for the Federal Circuit upon petition filed within 60 days of the date of the judgment with such court of appeals within 60 days of the date of entry of the United States Claims Court’s judgment with such court of appeals.

(g) NOTICE.—If—

(1) a special master fails to make a decision on a petition within the 240 days prescribed by subsection (d)(3)(A)(ii) (excluding (A) any period of suspension under subsection (d)(3)(C) or (d)(3)(D), and (B) any days the petition is before a special master as a result of a remand under subsection (e)(2)(C)), or

(2) the United States Claims Court fails to enter a judgment under this section on a petition within 420 days (excluding (A) any period of suspension under subsection (d)(3)(C) or (d)(3)(D), and (B) any days the petition is before a special master as a result of a remand under subsection (e)(2)(C)) after the date on which the petition was filed,

the special master or court shall notify the petitioner under such petition that the petitioner may withdraw the petition under section 2121(b) or the petitioner may choose under section 2121(b) to
have the petition remain before the special master or court, as the case may be.

DETERMINATION OF ELIGIBILITY AND COMPENSATION

SEC. 2113. [300aa–13] (a) GENERAL RULE.—

(1) Compensation shall be awarded under the Program to a petitioner if the special master or court finds on the record as a whole—

(A) that the petitioner has demonstrated by a preponderance of the evidence the matters required in the petition by section 2111(c)(1), and

(B) that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition.

The special master or court may not make such a finding based on the claims of a petitioner alone, unsubstantiated by medical records or by medical opinion.

(2) For purposes of paragraph (1), the term "factors unrelated to the administration of the vaccine"—

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumentable cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner's evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner's illness, disability, injury, condition, or death.

(b) MATTERS TO BE CONSIDERED.—

(1) In determining whether to award compensation to a petitioner under the Program, the special master or court shall consider, in addition to all other relevant medical and scientific evidence contained in the record—

(A) any diagnosis, conclusion, medical judgment, or autopsy or coroner's report which is contained in the record regarding the nature, causation, and aggravation of the petitioner's illness, disability, injury, condition, or death, and

(B) the results of any diagnostic or evaluative test which are contained in the record and the summaries and conclusions.

Any such diagnosis, conclusion, judgment, test result, report, or summary shall not be binding on the special master or court. In evaluating the weight to be afforded to any such diagnosis, conclusion, judgment, test result, report, or summary, the special master or court shall consider the entire record and the course of the injury, disability, illness, or condition until the date of the judgment of the special master or court.

(2) The special master or court may find the first symptom or manifestation of onset or significant aggravation of an injury, disability, illness, condition, or death described in a peti-
tion occurred within the time period described in the Vaccine Injury Table even though the occurrence of such symptom or manifestation was not recorded or was incorrectly recorded as having occurred outside such period. Such a finding may be made only upon demonstration by a preponderance of the evidence that the onset or significant aggravation of the injury, disability, illness, condition, or death described in the petition did in fact occur within the time period described in the Vaccine Injury Table.

(c) RECORD DEFINED.—For purposes of this section, the term “record” means the record established by the special masters of the United States Claims Court in a proceeding on a petition filed under section 2111.

VACCINE INJURY TABLE

B. Any acute complication or sequela (including death) of an illness, disability, injury, or condition referred to above which illness, disability, injury, or condition arose within the time period prescribed Not applicable

(b) Qualifications and Aids to Interpretation.—The following qualifications and aids to interpretation shall apply to the Vaccine Injury Table in subsection (a):

(1) A shock-collapse or a hypotonic-hyporesponsive collapse may be evidenced by indicia or symptoms such as decrease or loss of muscle tone, paralysis (partial or complete), hemiplegia or hemiparesis, loss of color or turning pale white or blue, unresponsiveness to environmental stimuli, depression of consciousness, loss of consciousness, prolonged sleeping with difficulty arousing, or cardiovascular or respiratory arrest.

(2) A petitioner may be considered to have suffered a residual seizure disorder if the petitioner did not suffer a seizure or convolution unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit before the first seizure or convolution after the administration of the vaccine involved and if—

(A) in the case of a measles, mumps, or rubella vaccine or any combination of such vaccines, the first seizure or convolution occurred within 15 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit, and
(B) in the case of any other vaccine, the first seizure or convulsion occurred within 3 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit.

(3)(A) The term "encephalopathy" means any significant acquired abnormality of, or injury to, or impairment of function of the brain. Among the frequent manifestations of encephalopathy are focal and diffuse neurologic signs, increased intracranial pressure, or changes lasting at least 6 hours in level of consciousness, with or without convulsions. The neurological signs and symptoms of encephalopathy may be temporary with complete recovery, or may result in various degrees of permanent impairment. Signs and symptoms such as high pitched and unusual screaming, persistent unconsolable crying, and bulging fontanel are compatible with an encephalopathy, but in and of themselves are not conclusive evidence of encephalopathy. Encephalopathy usually can be documented by slow wave activity on an electroencephalogram.

(B) If in a proceeding on a petition it is shown by a preponderance of the evidence that an encephalopathy was caused by infection, toxins, trauma, or metabolic disturbances the encephalopathy shall not be considered to be a condition set forth in the table. If at the time a judgment is entered on a petition filed under section 2111 for a vaccine-related injury or death it is not possible to determine the cause, by a preponderance of the evidence, of an encephalopathy, the encephalopathy shall be considered to be a condition set forth in the table. In determining whether or not an encephalopathy is a condition set forth in the table, the court shall consider the entire medical record.

(4) For purposes of paragraphs (2) and (3), the terms “seizure” and “convulsion” include grand mal, petit mal, absence, myoclonic, tonic-clonic, and focal motor seizures and signs. If a provision of the table to which paragraph (1), (2), (3), or (4) applies is revised under subsection (c) or (d), such paragraph shall not apply to such provision after the effective date of the revision unless the revision specifies that such paragraph is to continue to apply.

(c) ADMINISTRATIVE REVISION OF THE TABLE.—

(1) The Secretary may promulgate regulations to modify in accordance with paragraph (3) the Vaccine Injury Table. In promulgating such regulations, the Secretary shall provide for notice and opportunity for a public hearing and at least 180 days of public comment.

(2) Any person (including the Advisory Commission on Childhood Vaccines) may petition the Secretary to propose regulations to amend the Vaccine Injury Table. Unless clearly frivolous, or initiated by the Commission, any such petition shall be referred to the Commission for its recommendations. Following—

(A) receipt of any recommendation of the Commission,
Section 13632(a)(3) of Public Law 103-66 (107 Stat. 646) provides as follows:

"(3) EFFECTIVE DATE.—A revision by the Secretary under section 2114(e) of the Public Health Service Act (42 U.S.C. 300aa–14(e)) (as amended by paragraph (2)) shall take effect upon the effective date of a tax enacted to provide funds for compensation paid with respect to the vaccine to be added to the vaccine injury table in section 2114(a) of the Public Health Service Act (42 U.S.C. 300aa–14(a))."

(B) 180 days after the date of the referral to the Commission,

whichever occurs first, the Secretary shall conduct a rule-making proceeding on the matters proposed in the petition or publish in the Federal Register a statement of reasons for not conducting such proceeding.

(3) A modification of the Vaccine Injury Table under paragraph (1) may add to, or delete from, the list of injuries, disabilities, illnesses, conditions, and deaths for which compensation may be provided or may change the time periods for the first symptom or manifestation of the onset or the significant aggravation of any such injury, disability, illness, condition, or death.

(4) Any modification under paragraph (1) of the Vaccine Injury Table shall apply only with respect to petitions for compensation under the Program which are filed after the effective date of such regulation.

(d) ROLE OF COMMISSION.—Except with respect to a regulation recommended by the Advisory Commission on Childhood Vaccines, the Secretary may not propose a regulation under subsection (c) or any revision thereof, unless the Secretary has first provided to the Commission a copy of the proposed regulation or revision, requested recommendations and comments by the Commission, and afforded the Commission at least 90 days to make such recommendations.

(e) 1 ADDITIONAL VACCINES.—

(1) VACCINES RECOMMENDED BEFORE AUGUST 1, 1993.—By August 1, 1995, the Secretary shall revise the Vaccine Injury Table included in subsection (a) to include—

(A) vaccines which are recommended to the Secretary by the Centers for Disease Control and Prevention before August 1, 1993, for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

(2) VACCINES RECOMMENDED AFTER AUGUST 1, 1993.—When after August 1, 1993, the Centers for Disease Control and Prevention recommends a vaccine to the Secretary for routine administration to children, the Secretary shall, within 2 years of such recommendation, amend the Vaccine Injury Table included in subsection (a) to include—

(A) vaccines which were recommended for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

1 Section 13632(a)(3) of Public Law 103-66 (107 Stat. 646) provides as follows:

"(3) EFFECTIVE DATE.—A revision by the Secretary under section 2114(c) of the Public Health Service Act (42 U.S.C. 300aa–14(c)) (as amended by paragraph (2)) shall take effect upon the effective date of a tax enacted to provide funds for compensation paid with respect to the vaccine to be added to the vaccine injury table in section 2114(a) of the Public Health Service Act (42 U.S.C. 300aa–14(a))."

(ii) were incurred by or on behalf of the person who suffered such injury, and

(iii) were for diagnosis, medical or other remedial care, rehabilitation, developmental evaluation, special education, vocational training and placement, case management services, counseling, emotional or behavioral therapy, residential and custodial care and service expenses, special equipment, related travel expenses, and facilities determined to be reasonably necessary.

\(^1\) Effective October 1, 1988.
(B) In the case of any person who has sustained a vaccine-related injury before attaining the age of 18 and whose earning capacity is or has been impaired by reason of such person’s vaccine-related injury for which compensation is to be awarded and whose vaccine-related injury is of sufficient severity to permit reasonable anticipation that such person is likely to suffer impaired earning capacity at age 18 and beyond, compensation after attaining the age of 18 for loss of earnings determined on the basis of the average gross weekly earnings of workers in the private, non-farm sector, less appropriate taxes and the average cost of a health insurance policy, as determined by the Secretary.

(4) For actual and projected pain and suffering and emotional distress from the vaccine-related injury, an award not to exceed $250,000.

(1) In awarding compensation on a petition filed under section 2111 the special master or court shall also award as part of such compensation an amount to cover—

(2) If the petitioner, before the effective date of this part, filed a civil action for damages for any vaccine-related injury or death for which compensation may be awarded under the Program, and petitioned under section 2111(a)(5) to have such action dismissed and to file a petition for compensation under the Program, in awarding compensation on such petition the special master or court may include an amount of compensation limited to the costs and expenses incurred by the petitioner and the attorney of the petitioner before the effective date of this part in preparing, filing, and prosecuting such civil action (including the reasonable value of the attorney's time if the civil action was filed under contingent fee arrangements).

(3) No attorney may charge any fee for services in connection with a petition filed under section 2111 which is in addition to any amount awarded as compensation by the special master or court under paragraph (1).

(2) Compensation described in subsection (a)(1)(A)(iii) shall be paid from the date of the judgment of the United States Claims Court under section 2112 awarding the compensation. Such compensation may not be paid after an election under section 2121(a) to file a civil action for damages for the vaccine-related injury or death for which such compensation was awarded.

(3) Payments of compensation under the Program and the costs of carrying out the Program shall be exempt from reduction under any order issued under part C of the Balanced Budget and Emergency Deficit Control Act of 1985.

(4)(A) Except as provided in subparagraph (B), payment of compensation under the Program shall be determined on the basis of the net present value of the elements of the compensation and shall be paid from the Vaccine Injury Compensation Trust Fund established under section 9510 of the Internal Revenue Code of 1986 in a lump sum of which all or a portion may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner.

compensation and paid in 4 equal annual installments of which all or a portion of the proceeds¹ may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner. Any reasonable attorneys’ fees and costs shall be paid in a lump sum. If the appropriations under subsection (j) are insufficient to make a payment of an annual installment, the limitation on civil actions prescribed by section 2121(a) shall not apply to a civil action for damages brought by the petitioner entitled to the payment.

(C) In purchasing an annuity under subparagraph (A) or (B), the Secretary may purchase a guarantee for the annuity, may enter into agreements regarding the purchase price for and rate of return of the annuity, and may take such other actions as may be necessary to safeguard the financial interests of the United States regarding the annuity. Any payment received by the Secretary pursuant to the preceding sentence shall be paid to the Vaccine Injury Compensation Trust Fund established under section 9510 of the Internal Revenue Code of 1986, or to the appropriations account from which the funds were derived to purchase the annuity, whichever is appropriate.

(g) PROGRAM NOT PRIMARILY LIABLE.—Payment of compensation under the Program shall not be made for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service (1) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program (other than under title XIX of the Social Security Act), or (2) by an entity which provides health services on a prepaid basis.

(h) LIABILITY OF HEALTH INSURANCE CARRIERS, PREPAID HEALTH PLANS, AND BENEFIT PROVIDERS.—No policy of health insurance may make payment of benefits under the policy secondary to the payment of compensation under the Program and—

(1) no State, and

(2) no entity which provides health services on a prepaid basis or provides health benefits, may make the provision of health services or health benefits secondary to the payment of compensation under the Program, except that this subsection shall not apply to the provision of services or benefits under title XIX of the Social Security Act.

(i) SOURCE OF COMPENSATION.—

(1) Payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part¹ shall be made by the Secretary from appropriations under subsection (j).

¹Section 201(e)(1)(B) of Public Law 102–168 (105 Stat. 1103) provided that this subparagraph is amended by striking out “paid in 4 equal installments of which all or portion of the proceeds” and inserting in lieu thereof “shall be paid from appropriations made available under subsection (j) in a lump sum of which all or a portion”. The amendment cannot be executed because the term to be struck does not appear in the law. (Compare “equal installments” with “equal annual installments” and “or portion” with “or a portion”.)
(2) Payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine on or after the effective date of this part shall be made from the Vaccine Injury Compensation Trust Fund established under section 9510 of the Internal Revenue Code of 1986.

(j) AUTHORIZATION.—For the payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part there are authorized to be appropriated to the Department of Health and Human Services $80,000,000 for fiscal year 1989, $80,000,000 for fiscal year 1990, $80,000,000 for fiscal year 1991, $80,000,000 for fiscal year 1992, $110,000,000 for fiscal year 1993, and $110,000,000 for each succeeding fiscal year in which a payment of compensation is required under subsection (f)(4)(B). Amounts appropriated under this subsection shall remain available until expended.

(b) EFFECT OF REVISED TABLE.—If at any time the Vaccine Injury Table is revised and the effect of such revision is to permit an individual who was not, before such revision, eligible to seek compensation under the Program, or to significantly increase the likelihood of obtaining compensation, such person may, notwithstanding

section 2111(b)(2), file a petition for such compensation not later than 2 years after the effective date of the revision, except that no compensation may be provided under the Program with respect to a vaccine-related injury or death covered under the revision of the table if—

PART B—ADDITIONAL REMEDIES

SEC. 2121. [300aa–21] (a) ELECTION.—After judgment has been entered by the United States Claims Court or, if an appeal is taken under section 2112(f), after the appellate court’s mandate is issued, the petitioner who filed the petition under section 2111 shall file with the clerk of the United States Claims Court—

(1) if the judgment awarded compensation, an election in writing to receive the compensation or to file a civil action for damages for such injury or death, or

(2) if the judgment did not award compensation, an election in writing to accept the judgment or to file a civil action for damages for such injury or death.

An election shall be filed under this subsection not later than 90 days after the date of the court’s final judgment with respect to which the election is to be made. If a person required to file an election with the court under this subsection does not file the election within the time prescribed for filing the election, such person shall be deemed to have filed an election to accept the judgment of the court. If a person elects to receive compensation under a judgment of the court in an action for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part or is deemed to have accepted the judgment of the court in such an action, such person may not bring or maintain a civil action for damages against a vaccine administrator or manufacturer for the vaccine-related injury or death for which the judgment was entered. For limitations on the bringing of civil actions for vaccine-related injuries or deaths associated with the administration of a vaccine after the effective date of this part, see section 2111(a)(2).

\(^2\) See footnote for section 2112(g).

\(^3\) The amendment described in section 201(d)(3)(C) of Public Law 102–168 (105 Stat. 1103) has been executed according to the probable intent of the Congress. After redesignating former subparagraphs (A) and (B) as paragraphs (1) and (2), the amendatory instructions of the section provided that section 2121(b) is amended “by running the text of paragraph (1) into the subsection heading and making the margin of the text full measure.” The instructions were applied to portions of the matter preceding paragraph (1) as redesignated, rather than to the text of paragraph (1). (That is, the instructions were applied to the former paragraph (1).)
Sec. 2122. [300aa–22] (a) GENERAL RULE.—Except as provided in subsections (b), (c), and (e) State law shall apply to a civil action brought for damages for a vaccine-related injury or death.

(b) UNAVOIDABLE ADVERSE SIDE EFFECTS; WARNINGS.—

(1) No vaccine manufacturer shall be liable in a civil action for damages arising from a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part 1 if the injury or death resulted from side effects that were unavoidable even though the vaccine was properly prepared and was accompanied by proper directions and warnings.

(2) For purposes of paragraph (1), a vaccine shall be presumed to be accompanied by proper directions and warnings if the vaccine manufacturer shows that it complied in all material respects with all requirements under the Federal Food, Drug, and Cosmetic Act and section 351 of the Public Health Service Act (including regulations issued under such provisions) applicable to the vaccine and related to vaccine-related injury or death for which the civil action was brought unless the plaintiff shows—

(A) that the manufacturer engaged in the conduct set forth in subparagraph (A) or (B) of section 2123(d)(2), or

(B) by clear and convincing evidence that the manufacturer failed to exercise due care notwithstanding its compliance with such Act and section (and regulations issued under such provisions).

(c) DIRECT WARNINGS.—No vaccine manufacturer shall be liable in a civil action for damages arising from a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part 1 solely due to the manufacturer’s failure to provide direct warnings to the injured party (or the injured party’s legal representative) of the potential dangers resulting from the administration of the vaccine manufactured by the manufacturer.

(d) CONSTRUCTION.—The standards of responsibility prescribed by this section are not to be construed as authorizing a person who
brought a civil action for damages against a vaccine manufacturer for a vaccine-related injury or death in which damages were denied or which was dismissed with prejudice to bring a new civil action against such manufacturer for such injury or death.

(e) *Preemption.*—No State may establish or enforce a law which prohibits an individual from bringing a civil action against a vaccine manufacturer for damages for a vaccine-related injury or death if such civil action is not barred by this subtitle.

**TRIAL**

SEC. 2123. [300aa–23] (a) *General Rule.*—A civil action against a vaccine manufacturer for damages for a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part ¹ which is not barred by section 2111(a)(2) shall be tried in three stages.

(b) *Liability.*—The first stage of such a civil action shall be held to determine if a vaccine manufacturer is liable under section 2122.

(c) *General Damages.*—The second stage of such a civil action shall be held to determine the amount of damages (other than punitive damages) a vaccine manufacturer found to be liable under section 2122 shall be required to pay.

(d) *Punitive Damages.*—

(1) If sought by the plaintiff, the third stage of such an action shall be held to determine the amount of punitive damages a vaccine manufacturer found to be liable under section 2122 shall be required to pay.

(2) If in such an action the manufacturer shows that it complied, in all material respects, with all requirements under the Federal Food, Drug, and Cosmetic Act and the Public Health Service Act applicable to the vaccine and related to the vaccine injury or death with respect to which the action was brought, the manufacturer shall not be held liable for punitive damages unless the manufacturer engaged in—

(A) fraud or intentional and wrongful withholding of information from the Secretary during any phase of a proceeding for approval of the vaccine under section 351,

(B) intentional and wrongful withholding of information relating to the safety or efficacy of the vaccine after its approval, or

(C) other criminal or illegal activity relating to the safety and effectiveness of vaccines, which activity related to the vaccine-related injury or death for which the civil action was brought.

(e) *Evidence.*—In any stage of a civil action, the Vaccine Injury Table, any finding of fact or conclusion of law of the United States Claims Court or a special master in a proceeding on a petition filed under section 2111 and the final judgment of the United States Claims Court and subsequent appellate review on such a petition shall not be admissible.

(a) In General.—In accordance with regulations which the Secretary shall prescribe, each group health plan that is maintained by any State that receives funds under this Act, by any political subdivision of such a State, or by any agency or instrumentality of such a State or political subdivision, shall provide, in accordance with this title, that each qualified beneficiary who would lose coverage under the plan as a result of a qualifying event is entitled, under the plan, to elect, within the election period, continuation coverage under the plan.

(b) Exception for Certain Plans.—Subsection (a) shall not apply to—

(1) any group health plan for any calendar year if all employers maintaining such plan normally employed fewer than 20 employees on a typical business day during the preceding calendar year, or

(2) any group health plan maintained for employees by the government of the District of Columbia or any territory or possession of the United States or any agency or instrumentality.

SEC. 2202. [300bb-2] CONTINUATION COVERAGE.

For purposes of section 2201, the term “continuation coverage” means coverage under the plan which meets the following requirements:

(1) Type of Benefit Coverage.—The coverage must consist of coverage which, as of the time the coverage is being provided, is identical to the coverage provided under the plan to similarly situated beneficiaries under the plan with respect to whom a qualifying event has not occurred. If coverage is modified under the plan for any group of similarly situated beneficiaries, such coverage shall also be modified in the same manner for all individuals who are qualified beneficiaries under the plan pursuant to this part \(^1\) in connection with such group.

(2) Period of Coverage.—The coverage must extend for at least the period beginning on the date of the qualifying event and ending not earlier than the earliest of the following:

(A) Maximum Required Period.—

(i) General Rule for Terminations and Reduced Hours.—In the case of a qualifying event described in section 2203(2), except as provided in clause

\(^1\) So in law. This title is not divided into parts.
(ii), the date which is 18 months after the date of the qualifying event.

(ii) SPECIAL RULE FOR MULTIPLE QUALIFYING EVENTS.—If a qualifying event occurs during the 18 months after the date of a qualifying event described in section 2203(2), the date which is 36 months after the date of the qualifying event described in section 2203(2).

(iii) GENERAL RULE FOR OTHER QUALIFYING EVENTS.—In the case of a qualifying event not described in section 2203(2), the date which is 36 months after the date of the qualifying event.

(iv) MEDICARE ENTITLEMENT FOLLOWED BY QUALIFYING EVENT.—In the case of a qualifying event described in section 2203(2) that occurs less than 18 months after the date the covered employee became entitled to benefits under title XVIII of the Social Security Act, the period of coverage for qualified beneficiaries other than the covered employee shall not terminate under this subparagraph before the close of the 36-month period beginning on the date the covered employee became so entitled.

In the case of a qualified beneficiary who is determined, under title II or XVI of the Social Security Act, to have been disabled at any time during the first 60 days of continuation coverage under this title, any reference in clause (i) or (ii) to 18 months with respect to such event is deemed a reference to 29 months (with respect to all qualified beneficiaries), but only if the qualified beneficiary has provided notice of such determination under section 2206(3) before the end of such 18 months.

(D) GROUP HEALTH PLAN COVERAGE OR MEDICARE ENTITLEMENT.—The date on which the qualified beneficiary first becomes, after the date of the election—

(i) covered under any other group health plan (as an employee or otherwise) which does not contain any exclusion or limitation with respect to any preexisting condition of such beneficiary (other than such an exclusion or limitation which does not apply to (or is satisfied by) such beneficiary by reason of chapter 100 of

(A) shall not exceed 102 percent of the applicable premium for such period, and
(B) may, at the election of the payor, be made in monthly installments.
In no event may the plan require the payment of any premium before the day which is 45 days after the day on which the qualified beneficiary made the initial election for continuation coverage. In the case of an individual described in the last sentence of paragraph (2)(A), any reference in subparagraph (A) of this paragraph to “102 percent” is deemed a reference to “150 percent” for any month after the 18th month of continuation coverage described in clause (i) or (ii) of paragraph (2)(A).

(A) IN GENERAL.—Except as provided in subparagraph (B), the applicable premium for any period of continuation coverage of qualified beneficiaries shall be equal to a reasonable estimate of the cost of providing coverage for such period for similarly situated beneficiaries which—

(C) ESTIMATE OF LIVING CASES.—The amount determined in this subparagraph is an amount equal to the product of—

(i) the number of cases of acquired immune deficiency syndrome in the eligible area during each year in the most recent 120-month period for which data are available with respect to all eligible areas, as indicated by the number of such cases reported to and confirmed by the Director of the Centers for Disease Control and Prevention for each year during such period, except that (subject to subparagraph (D)), for grants made pursuant to this paragraph for fiscal year 2005 and subsequent fiscal years, the cases counted for each 12-month period beginning on or after July 1, 2004, shall be cases of HIV disease (as reported to and confirmed by such Director) rather than cases of acquired immune deficiency syndrome; and

Updates shall as applicable take into account the counting of cases of HIV disease pursuant to clause (i).

(D) DETERMINATION OF SECRETARY REGARDING DATA ON HIV CASES.—

(i) IN GENERAL.—Not later than July 1, 2004, the Secretary shall determine whether there is data on
cases of HIV disease from all eligible areas (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) sufficiently accurate and reliable for use for purposes of subparagraph (C)(i). In making such a determination, the Secretary shall take into consideration the findings of the study under section 501(b) of the Ryan White CARE Act Amendments of 2000 \(^1\) (relating to the relationship between epidemiological measures and health care for certain individuals with HIV disease).

(ii) **Effect of Adverse Determination.**—If under clause (i) the Secretary determines that data on cases of HIV disease is not sufficiently accurate and reliable for use for purposes of subparagraph (C)(i), then notwithstanding such subparagraph, for any fiscal year prior to fiscal year 2007 the references in such subparagraph to cases of HIV disease do not have any legal effect.

(iii) **Grants and Technical Assistance Regarding Counting of HIV Cases.**—Of the amounts appropriated under section 318B for a fiscal year, the Secretary shall reserve amounts to make grants and provide technical assistance to States and eligible areas with respect to obtaining data on cases of HIV disease to ensure that data on such cases is available from all States and eligible areas as soon as is practicable but not later than the beginning of fiscal year 2007.

(E) **Unexpended Funds.**—The Secretary may, in determining the amount of a grant for a fiscal year under this paragraph, adjust the grant amount to reflect the amount of unexpended and uncanceled grant funds remaining at the end of the fiscal year preceding the year for which the grant determination is to be made. The amount of any such unexpended funds shall be determined using the financial status report of the grantee.

(4) **Increases in Grant.**—

(A) **In General.**—For each fiscal year in a protection period for an eligible area, the Secretary shall increase the amount of the grant made pursuant to paragraph (2) for the area to ensure that—

(ii) for any second fiscal year in such period, the grant is not less than 95 percent of the amount of such base year grant;

(iii) for any third fiscal year in such period, the grant is not less than 92 percent of the amount of the base year grant;

\(^1\) See footnote for section 2602(d).
(iv) for any fourth fiscal year in such period, the grant is not less than 89 percent of the amount of the base year grant; and

(v) for any fifth or subsequent fiscal year in such period, if, pursuant to paragraph (3)(D)(ii), the references in paragraph (3)(C)(i) to HIV disease do not have any legal effect, the grant is not less than 85 percent of the amount of the base year grant.

(B) SPECIAL RULE.—If for fiscal year 2005, pursuant to paragraph (3)(D)(ii), data on cases of HIV disease are used for purposes of paragraph (3)(C)(i), the Secretary shall increase the amount of a grant made pursuant to paragraph (2) for an eligible area to ensure that the grant is not less than 98 percent of the amount of the grant made for the area in fiscal year 2004.

(C) BASE YEAR; PROTECTION PERIOD.—With respect to grants made pursuant to paragraph (2) for an eligible area:

(i) The base year for a protection period is the fiscal year preceding the trigger grant-reduction year.

(ii) The first trigger grant-reduction year is the first fiscal year (after fiscal year 2000) for which the grant for the area is less than the grant for the area for the preceding fiscal year.

(iii) A protection period begins with the trigger grant-reduction year and continues until the beginning of the first fiscal year for which the amount of the grant determined pursuant to paragraph (2) for the area equals or exceeds the amount of the grant determined under subparagraph (A).

(iv) Any subsequent trigger grant-reduction year is the first fiscal year, after the end of the preceding protection period, for which the amount of the grant is less than the amount of the grant for the preceding fiscal year.

(b) SUPPLEMENTAL GRANTS.—

(1) IN GENERAL.—Not later than 150 days after the date on which appropriations are made under section 2677 for a fiscal year, the Secretary shall disburse the remainder of amounts not disbursed under section 2603(a)(2) for such fiscal year for the purpose of making grants under section 2601(a) to eligible areas whose application under section 2605(b)—

(A) IN GENERAL. —The amount of each grant made for purposes of this subsection shall be determined by the Secretary based on a weighting of factors under paragraph (1), with severe need under subparagraph (B) of such paragraph counting one-third.

(B) SEVERE NEED. —In determining severe need in accordance with paragraph (1)(B), the Secretary shall consider the ability of the qualified applicant to expend funds efficiently and the impact of relevant factors on the cost and complexity of delivering health care and support services to individuals with HIV disease in the eligible area, including factors such as—

(i) sexually transmitted diseases, substance abuse, tuberculosis, severe mental illness, or other comorbid factors determined relevant by the Secretary;
(ii) new or growing subpopulations of individuals with HIV disease;

(v) an increasing need for HIV-related services, including relative rates of increase in the number of cases of HIV disease; and
(vi) unmet need for such services, as determined under section 2602(b)(4).

(C) PREVALENCE. —In determining the impact of the factors described in subparagraph (B), the Secretary shall, to the extent practicable, use national, quantitative incidence data that are available for each eligible area. Not later than 18 months after the date of the enactment of the Ryan White CARE Act Amendments of 2000, the Secretary shall develop a mechanism to utilize such data. Such a mechanism shall be modified to reflect the findings of the study under section 501(b) of the Ryan White CARE Act Amendments of 2000 1 (relating to the relationship between epidemiological measures and health care for certain individuals with HIV disease). In the absence of such data, the Secretary may consider a detailed description and qualitative analysis of severe need, as determined under subparagraph (B), including any local prevalence data gathered and analyzed by the eligible area.

---

1 See footnote for section 2602(d).
(D) PRIORITY.—Subsequent to the development of the quantitative mechanism described in subparagraph (C), the Secretary shall phase in, over a 3-year period beginning in fiscal year 1998, the use of such a mechanism to determine the severe need of an eligible area compared to other eligible areas and to determine, in part, the amount of supplemental funds awarded to the eligible area under this part.

(3) REMAINDER OF AMOUNTS.—In determining the amount of funds to be obligated under paragraph (1), the Secretary shall include amounts that are not paid to the eligible areas under expedited procedures under section 2603(a)(2) as a result of—

(B) any eligible area informing the Secretary that such eligible area does not intend to expend the full amount of its grant under such section.

(4) FAILURE TO SUBMIT.—

(A) IN GENERAL.—The failure of an eligible area to submit an application for an expedited grant under section 2603(a)(2) shall not result in such area being ineligible for a grant under this subsection.

(B) APPLICATION.—The application of an eligible area submitted under section 2605(b) shall contain the assurances required under subsection (a) of such section if such eligible area fails to submit an application for an expedited grant under section 2603(a)(2).

(c) COMPLIANCE WITH PRIORITIES OF HIV PLANNING COUNCIL.—Notwithstanding any other provision of this part, the Secretary, in carrying out section 2601(a), may not make any grant under subsection (a) or (b) to an eligible area unless the application submitted by such area under section 2605 for the grant involved demonstrates that the grants made under subsections (a) and (b) to the area for the preceding fiscal year (if any) were expended in accordance with the priorities applicable to such year that were established, pursuant to section 2602(b)(4)(C), by the planning council serving the area.

services are consistent with the guidelines for improvement in
the access to and quality of HIV health services.

(2) EXCEPTION.—Subparagraph (C) of paragraph (1) shall not apply to any applicant consortium that the State deter-
mines will operate in a community or locality in which it has been demonstrated by the applicant consortium that—

(C) Non-EMA Distribution Factor.—For purposes of subparagraph (A)(ii)(II), the term "non-ema distribution factor" means an amount equal to the sum of—
(i) the estimated number of living cases of acquired immune deficiency syndrome in the State or territory involved, as determined under subparagraph (D); less

(ii) the estimated number of living cases of acquired immune deficiency syndrome in such State or territory that are within an eligible area (as determined under part A).

(i) the number of cases of acquired immune deficiency syndrome in the State or territory during each year in the most recent 120-month period for which data are available with respect to all States and territories, as indicated by the number of such cases reported to and confirmed by the Director of the Centers for Disease Control and Prevention for each year during such period, except that (subject to subparagraph (E)), for grants made pursuant to this paragraph or section 2620 for fiscal year 2005 and subsequent fiscal years, the cases counted for each 12-month period beginning on or after July 1, 2004, shall be cases of HIV disease (as reported to and confirmed by such Director) rather than cases of acquired immune deficiency syndrome; and

(ii) with respect to each of the first through the tenth year during such period, the amount referred to in section 2603(a)(3)(C)(ii).

(E) DETERMINATION OF SECRETARY REGARDING DATA ON HIV CASES.—If under section 2603(a)(3)(D)(i) the Secretary determines that data on cases of HIV disease are not sufficiently accurate and reliable, then notwithstanding subparagraph (D) of this paragraph, for any fiscal year prior to fiscal year 2007 the references in such subparagraph to cases of HIV disease do not have any legal effect.

(F) PUERTO RICO, VIRGIN ISLANDS, GUAM.—For purposes of subparagraph (D), the cost index for Puerto Rico, the Virgin Islands, and Guam shall be 1.0.

(G) UNEXPENDED FUNDS.—The Secretary may, in determining the amount of a grant for a fiscal year under this subsection, adjust the grant amount to reflect the amount of unexpended and uncanceled grant funds remaining at the end of the fiscal year preceding the year for which the grant determination is to be made. The amount of any such unexpended funds shall be determined using the financial status report of the grantee.

(H) LIMITATION.—

(i) IN GENERAL.—The Secretary shall ensure that the amount of a grant awarded to a State or territory under section 2611 or subparagraph (I)(i) for a fiscal year is not less than—

(C) Recommendations for each State for reducing the incidence of cases of the perinatal transmission of HIV, including recommendations on removing the barriers identified under subparagraph (B).

If such Institute declines to conduct the study, the Secretary shall enter into an agreement with another appropriate public or nonprofit private entity to conduct the study.

(b) Description of Compliant State Programs.—For purposes of subsection (a), the laws or regulations of a State are in accordance with this subsection if under such laws or regulations (including programs carried out pursuant to the discretion of State officials) the following policies are in effect:

(2)(A) In the case of a health entity that provides for the performance on an individual of a test for HIV disease, or that treats the individual for the disease, the State requires, subject to subparagraph (B), that the entity confidentially report the positive test results to the State public health officer in a manner recommended and approved by the Director of the Centers for Disease Control and Prevention, together with such additional information as may be necessary for carrying out such program.

(B) The State may provide that the requirement of subparagraph (A) does not apply to the testing of an individual for HIV disease if the individual underwent the testing through a program designed to perform the test and provide the results to the individual without the individual disclosing his or her identity to the program. (G) There is no criminal or civil penalty on, or civil liability for, an infected individual if the individual chooses not to identify the partners of the individual, or the individual does not otherwise cooperate with such program.

(H) The failure of the State to notify partners is not a basis for the civil liability of any health entity who under the program reported to the State the identity of the infected individual involved.

(I) The State provides that the provisions of the program may not be construed as prohibiting the State from providing a notification under subparagraph (A) without the consent of the infected individual involved.

(4) The State annually reports to the Director of the Centers for Disease Control and Prevention the number of individuals from whom the names of partners have been sought under the program under paragraph (1), the number of such individuals who provided the names of partners, and the number of partners so named who were notified under the program.

(f) RULE OF CONSTRUCTION REGARDING COUNSELING WITHOUT TESTING.—Agreements made pursuant to this section may not be construed to prohibit any grantee under this part from expending the grant for the purpose of providing counseling services described in this section to an individual who does not undergo testing for HIV disease as a result of the grantee or the individual determining that such testing of the individual is not appropriate.

¹The period is so in law. Should probably be a “; and”. See the amendment made by section 321(3) of Public Law 106–345 (114 Stat. 1346).
SEC. 2663. APPLICABILITY OF REQUIREMENTS REGARDING CONFIDENTIALITY, INFORMED CONSENT, AND COUNSELING.

The Secretary may not make a grant under this part unless the applicant for the grant agrees that, with respect to testing for HIV disease, any such testing carried out by the applicant will, without regard to whether such testing is carried out with Federal funds, be carried out in accordance with conditions described in sections 2661 and 2662.

(2) to undergo such counseling and testing through the use of a pseudonym.

(c) PROHIBITION AGAINST REQUIRING TESTING AS CONDITION OF RECEIVING OTHER HEALTH SERVICES.—The Secretary may not make a grant under this part unless the applicant for the grant agrees that, with respect to an individual seeking health services from the applicant, the applicant will not require the individual to undergo testing for HIV as a condition of receiving any health services unless such testing is medically indicated in the provision of the health services sought by the individual.

(d) MAINTENANCE OF SUPPORT.—The Secretary may not make a grant under this part unless the applicant for the grant agrees to maintain the expenditures of the applicant for early intervention services at a level equal to not less than the level of such expendi-

1. the applicant will not expend amounts received pursuant to this part for any purpose other than the purposes described in the subpart under which the grant involved is made;
2. the applicant will establish such procedures for fiscal control and fund accounting as may be necessary to ensure proper disbursement and accounting with respect to the grant;

4. the applicant will submit evidence that the proposed program is consistent with the statewide coordinated statement of need and agree to participate in the ongoing revision of such statement of need; and
5. the applicant will provide for the establishment of a quality management program—
   A. to assess the extent to which medical services funded under this title that are provided to patients are

(B) to ensure that improvements in the access to and
quality of HIV health services are addressed.

and
(3) the application otherwise is in such form, is made in
such manner, and contains such agreements, assurances, and

(A) A project of research for which subjects are sought
pursuant to such subsection may be conducted by the ap-

The grant may not be expended for the conduct of any
project of research, except for such research-related func-

subsection (a)(1) (including the functions specified in sub-
section (b)(1)).
(B) The grant may be made only if the Secretary makes the following determinations:

(i) The applicant or other entity (as the case may be under subparagraph (A)) is appropriately qualified to conduct the project of research. The Secretary acting through the Director of NIH, shall examine the distribution and availability of ongoing and appropriate HIV/AIDS-related research projects to existing sites under this section for purposes of enhancing and expanding voluntary access to HIV-related research, especially within communities that are not reasonably served by such projects. Not later than 12 months after the date of the enactment of the Ryan White CARE Act Amendments of 2000, the Secretary shall prepare and submit to the appropriate committees of Congress a report that describes the findings made by the Director and the manner in which the conclusions based on those findings can be addressed.

(h) Annual Review of Programs; Evaluations.—

(1) Review Regarding Access to and Participation in Programs.—With respect to a grant under subsection (a) for an entity for a fiscal year, the Secretary shall, not later than 180 days after the end of the fiscal year, provide for the conduct and completion of a review of the operation during the year of the program carried out under such subsection by the entity. The purpose of such review shall be the development of recommendations, as appropriate, for improvements in the following:
(A) Procedures used by the entity to allocate opportunities and services under subsection (a) among patients of the entity who are women, infants, children, or youth.

(a) INFORMATIONAL AND TRAINING PROGRAMS.—The Secretary shall—

(1) develop and make available to technical and supervisory personnel employed at blood banks and facilities that produce blood products, materials and information concerning measures that may be implemented to protect the safety of the

\(^1\)The probable intent of the Congress is that the authorization of appropriations be such sums as may be necessary for each of the fiscal years 2001 through 2005. Section 401(f) of Public Law 106–345 (114 Stat. 3348) attempted to amend “subsection (j) (as redesignated...,” regarding additional authorizations of appropriations, but the amendment cannot be executed because section 401(e) of such Public Law made redesignations with the result that subsection (k) of section 2671 contains the authorization of appropriations, not subsection (j).
blood supply with respect to the activities of such personnel, including—

(A) state-of-the-art diagnostic and testing procedures relating to pathogens in the blood supply; and

(B) quality assurance procedures relating to the safety of the blood supply and of blood products; and

(2) develop and implement a training program that is designed to increase the number of employees of the Department of Health and Human Services who are qualified to conduct inspections of blood banks and facilities that produce blood products.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section, $1,500,000 for fiscal year 1991, and such sums as may be necessary in each of the fiscal years 1992 through 1995.

SEC. 2673. [300ff-73] RESEARCH, EVALUATION, AND ASSESSMENT PROGRAM.

(a) ESTABLISHMENT.—The Secretary, acting through the Director of the Agency for Healthcare Research and Quality, shall establish a program to enable independent research to be conducted by individuals and organizations with appropriate expertise in the fields of health, health policy, and economics (particularly health care economics) to develop—

(1) a comparative assessment of the impact and cost-effectiveness of major models for organizing and delivering HIV-related health care, mental health care, early intervention, and support services, that shall include a report concerning patient outcomes, satisfaction, perceived quality of care, and total cumulative cost, and a review of the appropriateness of such models for the delivery of health and support services to infants, children, women, and families with HIV disease;

(2) through a review of private sector financing mechanisms for the delivery of HIV-related health and support services, an assessment of strategies for maintaining private health benefits for individuals with HIV disease and an assessment of specific business practices or regulatory barriers that could serve to reduce access to private sector benefit programs;

(3) an assessment of the manner in which different points-of-entry to the health care system affect the cost, quality, and outcome of the care and treatment of individuals and families with HIV disease; and

(4) a summary report concerning the major and continuing unmet needs in health care, mental health care, early intervention, and support services for individuals and families with HIV disease in urban and rural areas.

(b) REPORT.—Not later than 2 years after the date of enactment of this title, and periodically thereafter, the Secretary shall prepare and submit, to the Committee on Energy and Commerce of the House of Representatives and the Committee on Labor and Human Resources of the Senate, a progress report that contains the findings and assessments developed under subsection (a).
(c) **Authorization of Appropriations.**—There are authorized to be appropriated to carry out this section, such sums as may be necessary for each of the fiscal years 1991 through 1995.

**SEC. 2674.** [300ff-74] **Evaluations and Reports.**

(a) **Evaluations.**—The Secretary shall, directly or through grants and contracts, evaluate programs carried out under this title.

(b) **Report to Congress.**—The Secretary shall, not later than October 1, 1996, and annually thereafter, prepare and submit to the appropriate Committees of Congress a report—

(1) evaluating the programs carried out under this title; and

(2) making such recommendations for administrative and legislative initiatives with respect to this title as the Secretary determines to be appropriate.

(c) **Authorization of Appropriations.**—There are authorized to be appropriated to carry out this section, such sums as may be necessary for each of the fiscal years 2001 through 2005.

(d) **Allocation of Funds.**—The Secretary shall carry out this section with amounts available under section 241. Such amounts are in addition to any other amounts that are available to the Secretary for such purpose.

**SEC. 2675.** [300ff-75] **Coordination.**

(a) **Requirement.**—The Secretary shall ensure that the Health Resources and Services Administration, the Centers for Disease Control and Prevention, the Substance Abuse and Mental Health Services Administration, and the Centers for Medicare & Medicaid Services coordinate the planning, funding, and implementation of Federal HIV programs to enhance the continuity of care and prevention services for individuals with HIV disease or those at risk of such disease. The Secretary shall consult with other Federal agencies, including the Department of Veterans Affairs, as needed and utilize planning information submitted to such agencies by the States and entities eligible for support.

(b) **Report.**—The Secretary shall biennially prepare and submit to the appropriate committees of the Congress a report concerning the coordination efforts at the Federal, State, and local levels described in this section, including a description of Federal barriers to HIV program integration and a strategy for eliminating such barriers and enhancing the continuity of care and prevention services for individuals with HIV disease or those at risk of such disease.

(c) **Integration by State.**—As a condition of receipt of funds under this title, a State shall assure the Secretary that health support services funded under this title will be integrated with each other, that programs will be coordinated with other available programs (including Medicaid) and that the continuity of care and prevention services of individuals with HIV disease is enhanced.

---

*The placement of subsection (b) is according to the probable intent of the Congress. Section 413(2) of Public Law 106–345 (114 Stat. 1350) amended section 2675 by redesignating subsections (b) and (c) as subsections (c) and (d), and then instructed that a new subsection (b) be inserted after “subsection (b)”. The amendment probably should have instructed that the new subsection (b) be inserted after subsection (a).*
(d) **INTEGRATION BY LOCAL OR PRIVATE ENTITIES.**—As a condition of receipt of funds under this title, a local government or private nonprofit entity shall assure the Secretary that services funded under this title will be integrated with each other, that programs will be coordinated with other available programs (including Medicaid) and that the continuity of care and prevention services of individuals with HIV is enhanced.

(e) **RECOMMENDATIONS REGARDING RELEASE OF PRISONERS.**—After consultation with the Attorney General and the Director of the Bureau of Prisons, with States, with eligible areas under part A, and with entities that receive amounts from grants under part A or B, the Secretary, consistent with the coordination required in subsection (a), shall develop a plan for the medical case management of and the provision of support services to individuals who were Federal or State prisoners and had HIV disease as of the date on which the individuals were released from the custody of the penal system. The Secretary shall submit the plan to the Congress not later than 2 years after the date of the enactment of the Ryan White CARE Act Amendments of 2000.

SEC. 2675A. [300ff-75a] **AUDITS.**

For fiscal year 2002 and subsequent fiscal years, the Secretary may reduce the amounts of grants under this title to a State or political subdivision of a State for a fiscal year if, with respect to such grants for the second preceding fiscal year, the State or subdivision fails to prepare audits in accordance with the procedures of section 7502 of title 31, United States Code. The Secretary shall annually select representative samples of such audits, prepare summaries of the selected audits, and submit the summaries to the Congress.

SEC. 2675B. [300ff-75b] **ADMINISTRATIVE SIMPLIFICATION REGARDING PARTS A AND B.**

(a) **COORDINATED DISBURSEMENT.**—After consultation with the States, with eligible areas under part A, and with entities that receive amounts from grants under part A or B, the Secretary shall develop a plan for coordinating the disbursement of appropriations for grants under part A with the disbursement of appropriations for grants under part B in order to assist grantees and other recipients of amounts from such grants in complying with the requirements of such parts. The Secretary shall submit the plan to the Congress not later than 18 months after the date of the enactment of the Ryan White CARE Act Amendments of 2000. Not later than 2 years after the date on which the plan is so submitted, the Secretary shall complete the implementation of the plan, notwithstanding any provision of this title that is inconsistent with the plan.

vidual under paragraph (1)—
(A) upon request of such plan or issuer, the entity which issued the certification provided by the individual shall promptly disclose to such requesting plan or issuer information on coverage of classes and categories of health benefits available under such entity’s plan or coverage, and

(B) such entity may charge the requesting plan or issuer for the reasonable cost of disclosing such information.

(3) REGULATIONS.—The Secretary shall establish rules to prevent an entity’s failure to provide information under paragraph (1) or (2) with respect to previous coverage of an individual from adversely affecting any subsequent coverage of the individual under another group health plan or health insurance coverage.

(f) SPECIAL ENROLLMENT PERIODS.—

(1) INDIVIDUALS LOSING OTHER COVERAGE.—A group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, shall permit an employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled, for coverage under such terms) to enroll for coverage under the terms of the plan if each of the following conditions is met:

(A) The employee or dependent was covered under a group health plan or had health insurance coverage at the time coverage was previously offered to the employee or dependent.

(B) The employee stated in writing at such time that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the plan sponsor or issuer (if applicable) required such a statement at such time and provided the employee with notice of such requirement (and the consequences of such requirement) at such time.

(C) The employee’s or dependent’s coverage described in subparagraph (A)—

(i) was under a COBRA continuation provision and the coverage under such provision was exhausted; or

(ii) was not under such a provision and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment) or employer contributions toward such coverage were terminated.

(D) Under the terms of the plan, the employee requests such enrollment not later than 30 days after the date of exhaustion of coverage described in subparagraph (C)(i) or termination of coverage or employer contribution described in subparagraph (C)(ii).

(2) FOR DEPENDENT BENEFICIARIES.—

(A) IN GENERAL.—If—
(i) a group health plan makes coverage available with respect to a dependent of an individual,
(ii) the individual is a participant under the plan (or has met any waiting period applicable to becoming a participant under the plan and is eligible to be enrolled under the plan but for a failure to enroll during a previous enrollment period), and
(iii) a person becomes such a dependent of the individual through marriage, birth, or adoption or placement for adoption,
the group health plan shall provide for a dependent special enrollment period described in subparagraph (B) during which the person (or, if not otherwise enrolled, the individual) may be enrolled under the plan as a dependent of the individual, and in the case of the birth or adoption of a child, the spouse of the individual may be enrolled as a dependent of the individual if such spouse is otherwise eligible for coverage.

(B) DEPENDENT SPECIAL ENROLLMENT PERIOD.—A dependent special enrollment period under this subparagraph shall be a period of not less than 30 days and shall begin on the later of—
(i) the date dependent coverage is made available, or
(ii) the date of the marriage, birth, or adoption or placement for adoption (as the case may be) described in subparagraph (A)(iii).

(C) NO WAITING PERIOD.—If an individual seeks to enroll a dependent during the first 30 days of such a dependent special enrollment period, the coverage of the dependent shall become effective—
(i) in the case of marriage, not later than the first day of the first month beginning after the date the completed request for enrollment is received;
(ii) in the case of a dependent's birth, as of the date of such birth; or
(iii) in the case of a dependent's adoption or placement for adoption, the date of such adoption or placement for adoption.

(g) USE OF AFFILIATION PERIOD BY HMOS AS ALTERNATIVE TO PREEXISTING CONDITION EXCLUSION.—
(1) IN GENERAL.—A health maintenance organization which offers health insurance coverage in connection with a group health plan and which does not impose any preexisting condition exclusion allowed under subsection (a) with respect to any particular coverage option may impose an affiliation period for such coverage option, but only if—
(A) such period is applied uniformly without regard to any health status-related factors; and
(B) such period does not exceed 2 months (or 3 months in the case of a late enrollee).
(2) AFFILIATION PERIOD.—
(A) DEFINED.—For purposes of this title, the term “affiliation period” means a period which, under the terms
of the health insurance coverage offered by the health maintenance organization, must expire before the health insurance coverage becomes effective. The organization is not required to provide health care services or benefits during such period and no premium shall be charged to the participant or beneficiary for any coverage during the period.

(B) BEGINNING.—Such period shall begin on the enrollment date.

(C) RUNS CONCURRENTLY WITH WAITING PERIODS.—An affiliation period under a plan shall run concurrently with any waiting period under the plan.

(3) ALTERNATIVE METHODS.—A health maintenance organization described in paragraph (1) may use alternative methods, from those described in such paragraph, to address adverse selection as approved by the State insurance commissioner or official or officials designated by the State to enforce the requirements of this part for the State involved with respect to such issuer.

(a) IN ELIGIBILITY TO ENROLL.—

(1) IN GENERAL.—Subject to paragraph (2), a group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, may not establish rules for eligibility (including continued eligibility) of any individual to enroll under the terms of the plan based on any of the following health status-related factors in relation to the individual or a dependent of the individual:

(H) Disability.

(2) NO APPLICATION TO BENEFITS OR EXCLUSIONS.—To the extent consistent with section 701, paragraph (1) shall not be construed—

(A) to require a group health plan, or group health insurance coverage, to provide particular benefits other than those provided under the terms of such plan or coverage, or

(B) to prevent such a plan or coverage from establishing limitations or restrictions on the amount, level, extent, or nature of the benefits or coverage for similarly situated individuals enrolled in the plan or coverage.

(3) CONSTRUCTION.—For purposes of paragraph (1), rules for eligibility to enroll under a plan include rules defining any applicable waiting periods for such enrollment.
(b) **IN PREMIUM CONTRIBUTIONS.**—

(1) **IN GENERAL.**—A group health plan, and a health insurance issuer offering health insurance coverage in connection with a group health plan, may not require any individual (as a condition of enrollment or continued enrollment under the plan) to pay a premium or contribution which is greater than such premium or contribution for a similarly situated individual enrolled in the plan on the basis of any health status-related factor in relation to the individual or to an individual enrolled under the plan as a dependent of the individual.

(2) **CONSTRUCTION.**—Nothing in paragraph (1) shall be construed—

(A) to restrict the amount that an employer may be charged for coverage under a group health plan; or

5. subject to subsection (c)(3), restrict benefits for any portion of a period within a hospital length of stay required under subsection (a) in a manner which is less favorable than the benefits provided for any preceding portion of such stay.

2. This section shall not apply with respect to any group health plan, or any group health insurance coverage offered by a health insurance issuer, which does not provide benefits for hospital lengths of stay in connection with childbirth for a mother or her newborn child.
3. Nothing in this section shall be construed as preventing a group health plan or issuer from imposing deductibles, coinsurance, or other cost-sharing in relation to benefits for hospital lengths of stay in connection with childbirth for a mother or newborn child under the plan (or under health insurance coverage offered in connection with a group health plan), except that such coinsurance or other cost-sharing for any portion of a period within a hospital length of stay required under subsection (a) may not be greater than such coinsurance or cost-sharing for any preceding portion of such stay.

(1) In general.—Subject to subsections (c) through (f), each health insurance issuer that offers health insurance coverage in the small group market in a State—

(A) must accept every small employer (as defined in section 2791(e)(4)) in the State that applies for such coverage; and

(B) must accept for enrollment under such coverage every eligible individual (as defined in paragraph (2)) who applies for enrollment during the period in which the individual first becomes eligible to enroll under the terms of the group health plan and may not place any restriction which is inconsistent with section 2702 on an eligible individual being a participant or beneficiary.

(2) Eligible Individual Defined.—For purposes of this section, the term “eligible individual” means, with respect to a health insurance issuer that offers health insurance coverage to a small employer in connection with a group health plan in the small group market, such an individual in relation to the employer as shall be determined—

(A) in accordance with the terms of such plan,

(B) as provided by the issuer under rules of the issuer which are uniformly applicable in a State to small employers in the small group market, and

(C) in accordance with all applicable State laws governing such issuer and such market.

(b) Assuring Access in the Large Group Market.—

(1) Reports to HHS.—The Secretary shall request that the chief executive officer of each State submit to the Secretary, by not later December 31, 2000, and every 3 years thereafter a report on—

(A) the access of large employers to health insurance coverage in the State, and

(2) Triennial Reports to Congress.—The Secretary, based on the reports submitted under paragraph (1) and such other information as the Secretary may use, shall prepare and submit to Congress, every 3 years, a report describing the extent to which large employers (and classes of such employers) that seek health insurance coverage in the different States are able to obtain access to such coverage. Such report shall in-
clude such recommendations as the Secretary determines to be appropriate.

(3) GAO REPORT ON LARGE EMPLOYER ACCESS TO HEALTH INSURANCE COVERAGE.—The Comptroller General shall provide for a study of the extent to which classes of large employers in the different States are able to obtain access to health insurance coverage and the circumstances for lack of access (if any) to such coverage. (c) SPECIAL RULES FOR NETWORK PLANS.—

(1) IN GENERAL.—In the case of a health insurance issuer that offers health insurance coverage in the small group market through a network plan, the issuer may—

(A) limit the employers that may apply for such coverage to those with eligible individuals who live, work, or reside in the service area for such network plan; and

(B) within the service area of such plan, deny such coverage to such employers if the issuer has demonstrated, if required, to the applicable State authority that—

(i) it will not have the capacity to deliver services adequately to enrollees of any additional groups because of its obligations to existing group contract holders and enrollees, and

(ii) it is applying this paragraph uniformly to all employers without regard to the claims experience of those employers and their employees (and their dependents) or any health status-related factor relating to such employees and dependents.

(2) 180-DAY SUSPENSION UPON DENIAL OF COVERAGE.—An issuer, upon denying health insurance coverage in any service area in accordance with paragraph (1)(B), may not offer coverage in the small group market within such service area for a period of 180 days after the date such coverage is denied.

(A) it does not have the financial reserves necessary to underwrite additional coverage; and

(B) it is applying this paragraph uniformly to all employers in the small group market in the State consistent with applicable State law and without regard to the claims experience of those employers and their employees (and their dependents) or any health status-related factor relating to such employees and dependents.

(2) 180-DAY SUSPENSION UPON DENIAL OF COVERAGE.—A health insurance issuer upon denying health insurance coverage in connection with group health plans in accordance with paragraph (1) in a State may not offer coverage in connection with group health plans in the small group market in the State for a period of 180 days after the date such coverage is denied or until the issuer has demonstrated to the applicable State
authority, if required under applicable State law, that the issuer has sufficient financial reserves to underwrite additional coverage, whichever is later. An applicable State authority may provide for the application of this subsection on a service-area-specific basis.

(e) Exception to Requirement for Failure to Meet Certain Minimum Participation or Contribution Rules.—

(1) In General.—Subsection (a) shall not be construed to preclude a health insurance issuer from establishing employer contribution rules or group participation rules for the offering of health insurance coverage in connection with a group health plan in the small group market, as allowed under applicable State law.

(2) Rules Defined.—For purposes of paragraph (1)—

(A) the term “employer contribution rule” means a requirement relating to the minimum level or amount of employer contribution toward the premium for enrollment of participants and beneficiaries; and

(f) Exception for Coverage Offered Only to Bona Fide Association Members.—Subsection (a) shall not apply to health insurance coverage offered by a health insurance issuer if such coverage is made available in the small group market only through one or more bona fide associations (as defined in section 2791(d)(3)).

(a) In General.—Except as provided in this section, if a health insurance issuer offers health insurance coverage in the small or large group market in connection with a group health plan, the issuer must renew or continue in force such coverage at the option of the plan sponsor of the plan.

(b) General Exceptions.—A health insurance issuer may nonrenew or discontinue health insurance coverage offered in connection with a group health plan in the small or large group market based only on one or more of the following:

(1) Nonpayment of Premiums.—The plan sponsor has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.

(2) Fraud.—The plan sponsor has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

(3) Violation of Participation or Contribution Rules.—The plan sponsor has failed to comply with a material plan provision relating to employer contribution or group participation rules, as permitted under section 2711(e) in the case of the small group market or pursuant to applicable State law in the case of the large group market.
(4) **TERMINATION OF COVERAGE.**—The issuer is ceasing to offer coverage in such market in accordance with subsection (c) and applicable State law.

(5) **MOVEMENT OUTSIDE SERVICE AREA.**—In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, there is no longer any enrollee in connection with such plan who lives, resides, or works in the service area of the issuer (or in the area for which the issuer is authorized to do business) and, in the case of the small group market, the issuer would deny enrollment with respect to such plan under section 2711(c)(1)(A).

(6) **ASSOCIATION MEMBERSHIP CEASES.**—In the case of health insurance coverage that is made available in the small or large group market (as the case may be) only through one or more bona fide associations, the membership of an employer in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor relating to any covered individual.

(c) **REQUIREMENTS FOR UNIFORM TERMINATION OF COVERAGE.**—

(1) **PARTICULAR TYPE OF COVERAGE NOT OFFERED.**—In any case in which an issuer decides to discontinue offering a particular type of group health insurance coverage offered in the small or large group market, coverage of such type may be discontinued by the issuer in accordance with applicable State law in such market only if—

(A) the issuer provides notice to each plan sponsor provided coverage of this type in such market (and participants and beneficiaries covered under such coverage) of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the issuer offers to each plan sponsor provided coverage of this type in such market, the option to purchase all (or, in the case of the large group market, any) other health insurance coverage currently being offered by the issuer to a group health plan in such market; and

(C) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to the claims experience of those sponsors or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage.

(2) **DISCONTINUANCE OF ALL COVERAGE.**—

(A) **IN GENERAL.**—In any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the small group market or the large group market, or both markets, in a State, health insurance coverage may be discontinued by the issuer only in accordance with applicable State law and if—

(i) the issuer provides notice to the applicable State authority and to each plan sponsor (and participants and beneficiaries covered under such coverage)
of such discontinuation at least 180 days prior to the
date of the discontinuation of such coverage; and

(ii) all health insurance issued or delivered for
issuance in the State in such market (or markets) are
discontinued and coverage under such health insur-
ance coverage in such market (or markets) is not re-
newed.

(B) PROHIBITION ON MARKET REENTRY.—In the case of
a discontinuation under subparagraph (A) in a market, the
issuer may not provide for the issuance of any health
insurance coverage in the market and State involved dur-
during the 5-year period beginning on the date of the dis-
continuation of the last health insurance coverage not so
renewed.

d) EXCEPTION FOR UNIFORM MODIFICATION OF COVERAGE.—At
the time of coverage renewal, a health insurance issuer may modify
the health insurance coverage for a product offered to a group
health plan—

(1) in the large group market; or

(2) in the small group market if, for coverage that is avail-
able in such market other than only through one or more bona
fide associations, such modification is consistent with State law
and effective on a uniform basis among group health plans
with that product.

(e) APPLICATION TO COVERAGE OFFERED ONLY THROUGH ASSO-
CIATIONS.—In applying this section in the case of health insurance
coverage that is made available by a health insurance issuer in the
small or large group market to employers only through one or more
associations, a reference to “plan sponsor” is deemed, with respect
to coverage provided to an employer member of the association, to
include a reference to such employer.

(a) DISCLOSURE OF INFORMATION BY HEALTH PLAN ISSUERS.—
In connection with the offering of any health insurance coverage to

(3) Exception.—An issuer is not required under this section to disclose any information that is proprietary and trade secret information under applicable law.

(b) Limitation on Application of Provisions Relating to Group Health Plans.—

(B) with respect to health insurance coverage offered in connection with a group health plan (including such a plan that is a church plan or a governmental plan).

(2) Treatment of Nonfederal Governmental Plans.—

(A) Election to Be Excluded.—If the plan sponsor of a nonfederal governmental plan which is a group health plan to which the provisions of subparts 1 through 3 otherwise apply makes an election under this subparagraph (in such form and manner as the Secretary may by regulations prescribe), then the requirements of such subparts insofar as they apply directly to group health plans (and not merely to group health insurance coverage) shall not apply to such governmental plans for such period except as provided in this paragraph.

(B) Period of Election.—An election under subparagraph (A) shall apply—

(i) for a single specified plan year, or

(ii) in the case of a plan provided pursuant to a collective bargaining agreement, for the term of such agreement.

¹ Section 604(b) of Public Law 104–204 (110 Stat. 2940) provided that various provisions of section 2721 are amended by striking “subparts 1 and 2” and inserting “subparts 1 and 3.” Subsection (c) of such section provides as follows:

(c) Effective Date.—The amendments made by this section shall apply with respect to group health plans for plan years beginning on or after January 1, 1998.
An election under clause (i) may be extended through subsequent elections under this paragraph.

(C) NOTICE TO ENROLLEES.—Under such an election, the plan shall provide for—

(i) notice to enrollees (on an annual basis and at the time of enrollment under the plan) of the fact and consequences of such election, and

(ii) certification and disclosure of creditable coverage under the plan with respect to enrollees in accordance with section 2701(e).

(c) EXCEPTION FOR CERTAIN BENEFITS.—The requirements of subparts 1 through 3 shall not apply to any group health plan (or group health insurance coverage) in relation to its provision of excepted benefits described in section 2791(c)(1).

(d) EXCEPTION FOR CERTAIN BENEFITS IF CERTAIN CONDITIONS MET.—

(1) LIMITED, EXCEPTED BENEFITS.—The requirements of subparts 1 through 3 shall not apply to any group health plan (and group health insurance coverage offered in connection with a group health plan) in relation to its provision of excepted benefits described in section 2791(c)(2) if the benefits—

(A) are provided under a separate policy, certificate, or contract of insurance; or

(B) are otherwise not an integral part of the plan.

(2) NONCOORDINATED, EXCEPTED BENEFITS.—The requirements of subparts 1 through 3 shall not apply to any group health plan (and group health insurance coverage offered in connection with a group health plan) in relation to its provision of excepted benefits described in section 2791(c)(3) if all of the following conditions are met:

(A) The benefits are provided under a separate policy, certificate, or contract of insurance.

(B) There is no coordination between the provision of such benefits and any exclusion of benefits under any group health plan maintained by the same plan sponsor.

(C) Such benefits are paid with respect to an event without regard to whether benefits are provided with respect to such an event under any group health plan maintained by the same plan sponsor.

(3) SUPPLEMENTAL EXCEPTED BENEFITS.—The requirements of this part shall not apply to any group health plan (and group health insurance coverage) in relation to its provision of excepted benefits described in section 27971(c)(1) if the benefits are provided under a separate policy, certificate, or contract of insurance.

(e) TREATMENT OF PARTNERSHIPS.—For purposes of this part—

(1) TREATMENT AS A GROUP HEALTH PLAN.—Any plan, fund, or program which would not be (but for this subsection) an employee welfare benefit plan and which is established or maintained by a partnership, to the extent that such plan, fund, or program provides medical care (including items and services paid for as medical care) to present or former partners in the partnership or to their dependents (as defined under the terms of the plan, fund, or program), directly or through insurance,
reimbursement, or otherwise, shall be treated (subject to paragraph (2)) as an employee welfare benefit plan which is a group health plan.

(2) EMPLOYER.—In the case of a group health plan, the term “employer” also includes the partnership in relation to any partner.

(3) PARTICIPANTS OF GROUP HEALTH PLANS.—In the case of a group health plan, the term “participant” also includes—

(A) in connection with a group health plan maintained by a partnership, an individual who is a partner in relation to the partnership, or

(B) in connection with a group health plan maintained by a self-employed individual (under which one or more employees are participants), the self-employed individual, if such individual is, or may become, eligible to receive a benefit under the plan or such individual’s beneficiaries may be eligible to receive any such benefit.

SEC. 2722. ENFORCEMENT.

(a) STATE ENFORCEMENT.—

(1) STATE AUTHORITY.—Subject to section 2723, each State may require that health insurance issuers that issue, sell, renew, or offer health insurance coverage in the State in the small or large group markets meet the requirements of this part with respect to such issuers.

(2) FAILURE TO IMPLEMENT PROVISIONS.—In the case of a determination by the Secretary that a State has failed to substantially enforce a provision (or provisions) in this part with respect to health insurance issuers in the State, the Secretary shall enforce such provision (or provisions) under subsection (b) insofar as they relate to the issuance, sale, renewal, and offering of health insurance coverage in connection with group health plans in such State.

(b) SECRETARIAL ENFORCEMENT AUTHORITY.—

(1) LIMITATION.—The provisions of this subsection shall apply to enforcement of a provision (or provisions) of this part only—

(A) as provided under subsection (a)(2); and

(B) with respect to group health plans that are non-Federal governmental plans.

(2) IMPOSITION OF PENALTIES.—In the cases described in paragraph (1)—

(A) IN GENERAL.—Subject to the succeeding provisions of this subsection, any non-Federal governmental plan that is a group health plan and any health insurance issuer that fails to meet a provision of this part applicable to such plan or issuer is subject to a civil money penalty under this subsection.

(B) LIABILITY FOR PENALTY.—In the case of a failure by—

(i) a health insurance issuer, the issuer is liable for such penalty, or

(ii) a group health plan that is a non-Federal governmental plan which is—
(I) sponsored by 2 or more employers, the plan is liable for such penalty, or
(II) not so sponsored, the employer is liable for such penalty.

(C) AMOUNT OF PENALTY.—

(i) IN GENERAL.—The maximum amount of penalty imposed under this paragraph is $100 for each day for each individual with respect to which such a failure occurs.

(ii) CONSIDERATIONS IN IMPOSITION.—In determining the amount of any penalty to be assessed under this paragraph, the Secretary shall take into account the previous record of compliance of the entity being assessed with the applicable provisions of this part and the gravity of the violation.

(iii) LIMITATIONS.—

(I) PENALTY NOT TO APPLY WHERE FAILURE NOT DISCOVERED EXERCISING REASONABLE DILIGENCE.—No civil money penalty shall be imposed under this paragraph on any failure during any period for which it is established to the satisfaction of the Secretary that none of the entities against whom the penalty would be imposed knew, or exercising reasonable diligence would have known, that such failure existed.

(II) PENALTY NOT TO APPLY TO FAILURES CORRECTED WITHIN 30 DAYS.—No civil money penalty shall be imposed under this paragraph on any failure if such failure was due to reasonable cause and not to willful neglect, and such failure is corrected during the 30-day period beginning on the first day any of the entities against whom the penalty would be imposed knew, or exercising reasonable diligence would have known, that such failure existed.

(D) ADMINISTRATIVE REVIEW.—

(i) OPPORTUNITY FOR HEARING.—The entity assessed shall be afforded an opportunity for hearing by the Secretary upon request made within 30 days after the date of the issuance of a notice of assessment. In such hearing the decision shall be made on the record pursuant to section 554 of title 5, United States Code. If no hearing is requested, the assessment shall constitute a final and unappealable order.

(ii) HEARING PROCEDURE.—If a hearing is requested, the initial agency decision shall be made by an administrative law judge, and such decision shall become the final order unless the Secretary modifies or vacates the decision. Notice of intent to modify or vacate the decision of the administrative law judge shall be issued to the parties within 30 days after the date of the decision of the judge. A final order which takes effect under this paragraph shall be
subject to review only as provided under subparagraph (E).

(E) JUDICIAL REVIEW.—

(i) FILING OF ACTION FOR REVIEW.—Any entity against whom an order imposing a civil money penalty has been entered after an agency hearing under this paragraph may obtain review by the United States district court for any district in which such entity is located or the United States District Court for the District of Columbia by filing a notice of appeal in such court within 30 days from the date of such order, and simultaneously sending a copy of such notice by registered mail to the Secretary.

(ii) CERTIFICATION OF ADMINISTRATIVE RECORD.—The Secretary shall promptly certify and file in such court the record upon which the penalty was imposed.

(iii) STANDARD FOR REVIEW.—The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence as provided by section 706(2)(E) of title 5, United States Code.

(iv) APPEAL.—Any final decision, order, or judgment of the district court concerning such review shall be subject to appeal as provided in chapter 83 of title 28 of such Code.

(F) FAILURE TO PAY ASSESSMENT; MAINTENANCE OF ACTION.—

(i) FAILURE TO PAY ASSESSMENT.—If any entity fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General who shall recover the amount assessed by action in the appropriate United States district court.

(ii) NONREVIEWABILITY.—In such action the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

(G) PAYMENT OF PENALTIES.—Except as otherwise provided, penalties collected under this paragraph shall be paid to the Secretary (or other officer) imposing the penalty and shall be available without appropriation and until expended for the purpose of enforcing the provisions with respect to which the penalty was imposed.

SEC. 2723. [300gg-23] PREEMPTION; STATE FLEXIBILITY; CONSTRUCTION.

(a) CONTINUED APPLICABILITY OF STATE LAW WITH RESPECT TO HEALTH INSURANCE ISSUERS.—

(1) IN GENERAL.—Subject to paragraph (2) and except as provided in subsection (b), this part and part C insofar as it relates to this part shall not be construed to supersede any provision of State law which establishes, implements, or continues in effect any standard or requirement solely relating to health insurance issuers in connection with group health insurance coverage except to the extent that such standard or
requirement prevents the application of a requirement of this part.

(2) CONTINUED PREEMPTION WITH RESPECT TO GROUP HEALTH PLANS.—Nothing in this part shall be construed to affect or modify the provisions of section 514 of the Employee Retirement Income Security Act of 1974 with respect to group health plans.

(b) SPECIAL RULES IN CASE OF PORTABILITY REQUIREMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), the provisions of this part relating to health insurance coverage offered by a health insurance issuer supersede any provision of State law which establishes, implements, or continues in effect a standard or requirement applicable to imposition of a preexisting condition exclusion specifically governed by section 701 which differs from the standards or requirements specified in such section.

(2) EXCEPTIONS.—Only in relation to health insurance coverage offered by a health insurance issuer, the provisions of this part do not supersede any provision of State law to the extent that such provision—

(i) substitutes for the reference to “6-month period” in section 2701(a)(1) a reference to any shorter period of time;

(ii) substitutes for the reference to “12 months” and “18 months” in section 2701(a)(2) a reference to any shorter period of time;

(iii) substitutes for the references to “63” days in sections 2701(c)(2)(A) and 2701(d)(4)(A) a reference to any greater number of days;

(iv) substitutes for the reference to “30-day period” in sections 2701(b)(2) and 2701(d)(1) a reference to any greater period;

(v) prohibits the imposition of any preexisting condition exclusion in cases not described in section 2701(d) or expands the exceptions described in such section;

(vi) requires special enrollment periods in addition to those required under section 2701(f); or

(vii) reduces the maximum period permitted in an affiliation period under section 2701(g)(1)(B).

(c) RULES OF CONSTRUCTION.—Nothing in this part (other than section 2704) shall be construed as requiring a group health plan or health insurance coverage to provide specific benefits under the terms of such plan or coverage.

(d) DEFINITIONS.—For purposes of this section—

(1) STATE LAW.—The term “State law” includes all laws, decisions, rules, regulations, or other State action having the effect of law, of any State. A law of the United States applica-
Section 111(b) of Public Law 104–191 (110 Stat. 1987) provides as follows:

''(b) EFFECTIVE DATE.—
(1) IN GENERAL.—Except as provided in this subsection, part B of title XXVII of the Public Health Service Act (as inserted by subsection (a)) shall apply with respect to health insurance coverage offered, sold, issued, renewed, in effect, or operated in the individual market after June 30, 1997, regardless of when a period of creditable coverage occurs.

(2) APPLICATION OF CERTIFICATION RULES.—The provisions of section 102(d)(2) of this Act shall apply to section 2743 of the Public Health Service Act in the same manner as it applies to section 2701(e) of such Act.''

With respect to paragraph (2) of such section 111(b), subsection (d) of section 102 of Public Law 104–191 is not divided into paragraphs (1) and (2) (and the subsection relates to a technical correction). Subsection (c)(2) of such section 102 does relate to certifications.
(3) with respect to whom the most recent coverage within the coverage period described in paragraph (1)(A) was not terminated based on a factor described in paragraph (1) or (2) of section 2712(b) (relating to nonpayment of premiums or fraud); (4) if the individual had been offered the option of continuation coverage under a COBRA continuation provision or under a similar State program, who elected such coverage; and (5) who, if the individual elected such continuation coverage, has exhausted such continuation coverage under such provision or program.

(c) ALTERNATIVE COVERAGE PERMITTED WHERE NO STATE MECHANISM.—

(1) IN GENERAL.—In the case of health insurance coverage offered in the individual market in a State in which the State is not implementing an acceptable alternative mechanism under section 2744, the health insurance issuer may elect to limit the coverage offered under subsection (a) so long as it offers at least two different policy forms of health insurance coverage both of which—

(A) are designed for, made generally available to, and actively marketed to, and enroll both eligible and other individuals by the issuer; and

(B) meet the requirement of paragraph (2) or (3), as elected by the issuer.

For purposes of this subsection, policy forms which have different cost-sharing arrangements or different riders shall be considered to be different policy forms.

(2) CHOICE OF MOST POPULAR POLICY FORMS.—The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers the policy forms for individual health insurance coverage with the largest, and next to largest, premium volume of all such policy forms offered by the issuer in the State or applicable marketing or service area (as may be prescribed in regulation) by the issuer in the individual market in the period involved.

(3) CHOICE OF 2 POLICY FORMS WITH REPRESENTATIVE COVERAGE.—

(A) IN GENERAL.—The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers a lower-level coverage policy form (as defined in subparagraph (B)) and a higher-level coverage policy form (as defined in subparagraph (C)) each of which includes benefits substantially similar to other individual health insurance coverage offered by the issuer in that State and each of which is covered under a method described in section 2744(c)(3)(A) (relating to risk adjustment, risk spreading, or financial subsidization).

(B) LOWER-LEVEL OF COVERAGE DESCRIBED.—A policy form is described in this subparagraph if the actuarial value of the benefits under the coverage is at least 85 percent but not greater than 100 percent of a weighted average (described in subparagraph (D)).
(C) Higher-level of coverage described.—A policy form is described in this subparagraph if—

(i) the actuarial value of the benefits under the coverage is at least 15 percent greater than the actuarial value of the coverage described in subparagraph (B) offered by the issuer in the area involved; and

(ii) the actuarial value of the benefits under the coverage is at least 100 percent but not greater than 120 percent of a weighted average (described in subparagraph (D)).

(D) Weighted average.—For purposes of this paragraph, the weighted average described in this subparagraph is the average actuarial value of the benefits provided by all the health insurance coverage issued (as elected by the issuer) either by that issuer or by all issuers in the State in the individual market during the previous year (not including coverage issued under this section), weighted by enrollment for the different coverage.

(4) Election.—The issuer elections under this subsection shall apply uniformly to all eligible individuals in the State for that issuer. Such an election shall be effective for policies offered during a period of not shorter than 2 years.

(5) Assumptions.—For purposes of paragraph (3), the actuarial value of benefits provided under individual health insurance coverage shall be calculated based on a standardized population and a set of standardized utilization and cost factors.

d) Special Rules for Network Plans.—

(1) In general.—In the case of a health insurance issuer that offers health insurance coverage in the individual market through a network plan, the issuer may—

(A) limit the individuals who may be enrolled under such coverage to those who live, reside, or work within the service area for such network plan; and

(B) within the service area of such plan, deny such coverage to such individuals if the issuer has demonstrated, if required, to the applicable State authority that—

(i) it will not have the capacity to deliver services adequately to additional individual enrollees because of its obligations to existing group contract holders and enrollees and individual enrollees, and

(ii) it is applying this paragraph uniformly to individuals without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) 180-day suspension upon denial of coverage.—An issuer, upon denying health insurance coverage in any service area in accordance with paragraph (1)(B), may not offer coverage in the individual market within such service area for a period of 180 days after such coverage is denied.

e) Application of financial capacity limits.—

(1) In general.—A health insurance issuer may deny health insurance coverage in the individual market to an eligi-
ble individual if the issuer has demonstrated, if required, to the applicable State authority that—

(A) it does not have the financial reserves necessary to underwrite additional coverage; and

(B) it is applying this paragraph uniformly to all individuals in the individual market in the State consistent with applicable State law and without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) 180-DAY SUSPENSION UPON DENIAL OF COVERAGE.—An issuer upon denying individual health insurance coverage in any service area in accordance with paragraph (1) may not offer such coverage in the individual market within such service area for a period of 180 days after the date such coverage is denied or until the issuer has demonstrated, if required under applicable State law, to the applicable State authority that the issuer has sufficient financial reserves to underwrite additional coverage, whichever is later. A State may provide for the application of this paragraph on a service-area-specific basis.

(e) MARKET REQUIREMENTS.—

(1) IN GENERAL.—The provisions of subsection (a) shall not be construed to require that a health insurance issuer offering health insurance coverage only in connection with group health plans or through one or more bona fide associations, or both, offer such health insurance coverage in the individual market.

(2) CONVERSION POLICIES.—A health insurance issuer offering health insurance coverage in connection with group health plans under this title shall not be deemed to be a health insurance issuer offering individual health insurance coverage solely because such issuer offers a conversion policy.

(f) CONSTRUCTION.—Nothing in this section shall be construed—

(1) to restrict the amount of the premium rates that an issuer may charge an individual for health insurance coverage provided in the individual market under applicable State law; or

(2) to prevent a health insurance issuer offering health insurance coverage in the individual market from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

SEC. 2742. [300gg–42] GUARANTEED RENEWABILITY OF INDIVIDUAL HEALTH INSURANCE COVERAGE.

(a) IN GENERAL.—Except as provided in this section, a health insurance issuer that provides individual health insurance coverage to an individual shall renew or continue in force such coverage at the option of the individual.

(b) GENERAL EXCEPTIONS.—A health insurance issuer may nonrenew or discontinue health insurance coverage of an individual

1So in law. Probably should redesignate the second subsection (e) and subsection (f) as subsections (f) and (g), respectively. See section 111(a) of Pub. L. 104–191 (110 Stat. 1978).
in the individual market based only on one or more of the following:

(1) **Nonpayment of Premiums.**—The individual has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.

(2) **Fraud.**—The individual has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

(3) **Termination of Plan.**—The issuer is ceasing to offer coverage in the individual market in accordance with subsection (c) and applicable State law.

(4) **Movement Outside Service Area.**—In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, the individual no longer resides, lives, or works in the service area (or in an area for which the issuer is authorized to do business) but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

(5) **Association Membership Ceases.**—In the case of health insurance coverage that is made available in the individual market only through one or more bona fide associations, the membership of the individual in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

(c) **Requirements for Uniform Termination of Coverage.**—

(1) **Particular Type of Coverage Not Offered.**—In any case in which an issuer decides to discontinue offering a particular type of health insurance coverage offered in the individual market, coverage of such type may be discontinued by the issuer only if—

   (A) the issuer provides notice to each covered individual provided coverage of this type in such market of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

   (B) the issuer offers to each individual in the individual market provided coverage of this type, the option to purchase any other individual health insurance coverage currently being offered by the issuer for individuals in such market; and

   (C) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

(2) **Discontinuance of All Coverage.**—

   (A) **In General.**—Subject to subparagraph (C), in any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in a State, health insurance coverage may be discontinued by the issuer only if—
(i) the issuer provides notice to the applicable State authority and to each individual of such discontinuation at least 180 days prior to the date of the expiration of such coverage, and
(ii) all health insurance issued or delivered for issuance in the State in such market are discontinued and coverage under such health insurance coverage in such market is not renewed.

(B) PROHIBITION ON MARKET REENTRY.—In the case of a discontinuation under subparagraph (A) in the individual market, the issuer may not provide for the issuance of any health insurance coverage in the market and State involved during the 5-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

(d) EXCEPTION FOR UNIFORM MODIFICATION OF COVERAGE.—At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a policy form offered to individuals in the individual market so long as such modification is consistent with State law and effective on a uniform basis among all individuals with that policy form.

(e) APPLICATION TO COVERAGE OFFERED ONLY THROUGH ASSOCIATIONS.—In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an “individual” is deemed to include a reference to such an association (of which the individual is a member).

SEC. 2743. [300gg–43] CERTIFICATION OF COVERAGE.

The provisions of section 2701(e) shall apply to health insurance coverage offered by a health insurance issuer in the individual market in the same manner as it applies to health insurance coverage offered by a health insurance issuer in connection with a group health plan in the small or large group market.

SEC. 2744. [300gg–44] STATE FLEXIBILITY IN INDIVIDUAL MARKET REFORMS.

(a) WAIVER OF REQUIREMENTS WHERE IMPLEMENTATION OF ACCEPTABLE ALTERNATIVE MECHANISM.—

(1) IN GENERAL.—The requirements of section 2741 shall not apply with respect to health insurance coverage offered in the individual market in the State so long as a State is found to be implementing, in accordance with this section and consistent with section 2762(b), an alternative mechanism (in this section referred to as an “acceptable alternative mechanism”)—

(A) under which all eligible individuals are provided a choice of health insurance coverage;
(B) under which such coverage does not impose any preexisting condition exclusion with respect to such coverage;
(C) under which such choice of coverage includes at least one policy form of coverage that is comparable to comprehensive health insurance coverage offered in the individual market in such State or that is comparable to
a standard option of coverage available under the group or individual health insurance laws of such State; and

(D) in a State which is implementing—

(i) a model act described in subsection (c)(1),

(ii) a qualified high risk pool described in subsection (c)(2), or

(iii) a mechanism described in subsection (c)(3).

(2) PERMISSIBLE FORMS OF MECHANISMS.—A private or public individual health insurance mechanism (such as a health insurance coverage pool or programs, mandatory group conversion policies, guaranteed issue of one or more plans of individual health insurance coverage, or open enrollment by one or more health insurance issuers), or combination of such mechanisms, that is designed to provide access to health benefits for individuals in the individual market in the State in accordance with this section may constitute an acceptable alternative mechanism.

(b) APPLICATION OF ACCEPTABLE ALTERNATIVE MECHANISMS.—

(1) PRESUMPTION.—

(A) IN GENERAL.—Subject to the succeeding provisions of this subsection, a State is presumed to be implementing an acceptable alternative mechanism in accordance with this section as of July 1, 1997, if, by not later than April 1, 1997, the chief executive officer of a State—

(i) notifies the Secretary that the State has enacted or intends to enact (by not later than January 1, 1998, or July 1, 1998, in the case of a State described in subparagraph (B)(ii)) any necessary legislation to provide for the implementation of a mechanism reasonably designed to be an acceptable alternative mechanism as of January 1, 1998, (or, in the case of a State described in subparagraph (B)(ii), July 1, 1998); and

(ii) provides the Secretary with such information as the Secretary may require to review the mechanism and its implementation (or proposed implementation) under this subsection.

(B) DELAY PERMITTED FOR CERTAIN STATES.—

(i) EFFECT OF DELAY.—In the case of a State described in clause (ii) that provides notice under subparagraph (A)(i), for the presumption to continue on and after July 1, 1998, the chief executive officer of the State by April 1, 1998—

(I) must notify the Secretary that the State has enacted any necessary legislation to provide for the implementation of a mechanism reasonably designed to be an acceptable alternative mechanism as of July 1, 1998; and

(II) must provide the Secretary with such information as the Secretary may require to review the mechanism and its implementation (or proposed implementation) under this subsection.

(ii) STATES DESCRIBED.—A State described in this clause is a State that has a legislature that does not
meet within the 12-month period beginning on the
date of enactment of this Act.

(C) CONTINUED APPLICATION.—In order for a mecha-
nism to continue to be presumed to be an acceptable alter-
native mechanism, the State shall provide the Secretary
every 3 years with information described in subparagraph
(A)(ii) or (B)(i)(II) (as the case may be).

(2) NOTICE.—If the Secretary finds, after review of infor-
mation provided under paragraph (1) and in consultation with
the chief executive officer of the State and the insurance com-
missioner or chief insurance regulatory official of the State,
that such a mechanism is not an acceptable alternative mecha-
nism or is not (or no longer) being implemented, the Secretary—

(A) shall notify the State of—

(i) such preliminary determination, and

(ii) the consequences under paragraph (3) of a fail-
ure to implement such a mechanism; and

(B) shall permit the State a reasonable opportunity in
which to modify the mechanism (or to adopt another me-
chanism) in a manner so that may be an acceptable alter-
native mechanism or to provide for implementation of such
a mechanism.

(3) FINAL DETERMINATION.—If, after providing notice and
opportunity under paragraph (2), the Secretary finds that the
mechanism is not an acceptable alternative mechanism or the
State is not implementing such a mechanism, the Secretary
shall notify the State that the State is no longer considered to
be implementing an acceptable alternative mechanism and
that the requirements of section 2741 shall apply to health
insurance coverage offered in the individual market in the
State, effective as of a date specified in the notice.

(4) LIMITATION ON SECRETARIAL AUTHORITY.—The Sec-
retary shall not make a determination under paragraph (2) or
(3) on any basis other than the basis that a mechanism is not
an acceptable alternative mechanism or is not being imple-
mented.

(5) FUTURE ADOPTION OF MECHANISMS.—If a State, after
January 1, 1997, submits the notice and information described
in paragraph (1), unless the Secretary makes a finding de-
scribed in paragraph (3) within the 90-day period beginning on
the date of submission of the notice and information, the me-
chanism shall be considered to be an acceptable alternative
mechanism for purposes of this section, effective 90 days after
the end of such period, subject to the second sentence of para-
graph (1).

(c) PROVIDING RELATED TO RISK.—

(1) ADOPTION OF NAIC MODELS.—The model act referred to
in subsection (a)(1)(D)(ii) is the Small Employer and Individual
Health Insurance Availability Model Act (adopted by the Na-
tional Association of Insurance Commissioners on June 3,
1996) insofar as it applies to individual health insurance cov-
erage or the Individual Health Insurance Portability Model Act
(also adopted by such Association on such date).
(2) QUALIFIED HIGH RISK POOL.—For purposes of subsection (a)(1)(D)(ii), a “qualified high risk pool” described in this paragraph is a high risk pool that—

(A) provides to all eligible individuals health insurance coverage (or comparable coverage) that does not impose any preexisting condition exclusion with respect to such coverage for all eligible individuals, and

(B) provides for premium rates and covered benefits for such coverage consistent with standards included in the NAIC Model Health Plan for Uninsurable Individuals Act (as in effect as of the date of the enactment of this title).

(3) OTHER MECHANISMS.—For purposes of subsection (a)(1)(D)(iii), a mechanism described in this paragraph—

(A) provides for risk adjustment, risk spreading, or a risk spreading mechanism (among issuers or policies of an issuer) or otherwise provides for some financial subsidization for eligible individuals, including through assistance to participating issuers; or

(B) is a mechanism under which each eligible individual is provided a choice of all individual health insurance coverage otherwise available.

SEC. 2745. PROMOTION OF QUALIFIED HIGH RISK POOLS.

(a) SEED GRANTS TO STATES.—The Secretary shall provide from the funds appropriated under subsection (c)(1) a grant of up to $1,000,000 to each State that has not created a qualified high risk pool as of the date of the enactment of this section for the State’s costs of creation and initial operation of such a pool.

(b) MATCHING FUNDS FOR OPERATION OF POOLS.—

(1) IN GENERAL.—In the case of a State that has established a qualified high risk pool that—

(A) restricts premiums charged under the pool to no more than 150 percent of the premium for applicable standard risk rates;

(B) offers a choice of two or more coverage options through the pool; and

(C) has in effect a mechanism reasonably designed to ensure continued funding of losses incurred by the State after the end of fiscal year 2004 in connection with operation of the pool;

TITLE I—PROGRAMS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES

Subtitle A—General Provisions

SEC. 101. [15001] FINDINGS, PURPOSES, AND POLICY.

(a) FINDINGS.—Congress finds that—

(1) disability is a natural part of the human experience that does not diminish the right of individuals with developmental disabilities to live independently, to exert control and choice over their own lives, and to fully participate in and contribute to their communities through full integration and inclusion in the economic, political, social, cultural, and educational mainstream of United States society;

(2) in 1999, there were between 3,200,000 and 4,500,000 individuals with developmental disabilities in the United States, and recent studies indicate that individuals with developmental disabilities comprise between 1.2 and 1.65 percent of the United States population;

(3) individuals whose disabilities occur during their developmental period frequently have severe disabilities that are likely to continue indefinitely;

(4) individuals with developmental disabilities often encounter discrimination in the provision of critical services, such as services in the areas of emphasis (as defined in section 102);

(5) individuals with developmental disabilities are at greater risk than the general population of abuse, neglect,
financial and sexual exploitation, and the violation of their legal and human rights;

(6) a substantial portion of individuals with developmental disabilities and their families do not have access to appropriate support and services, including access to assistive technology, from generic and specialized service systems, and remain unserved or underserved;

(7) individuals with developmental disabilities often require lifelong community services, individualized supports, and other forms of assistance, that are most effective when provided in a coordinated manner;

(8) there is a need to ensure that services, supports, and other assistance are provided in a culturally competent manner, that ensures that individuals from racial and ethnic minority backgrounds are fully included in all activities provided under this title;

(9) family members, friends, and members of the community can play an important role in enhancing the lives of individuals with developmental disabilities, especially when the family members, friends, and community members are provided with the necessary community services, individualized supports, and other forms of assistance;

(10) current research indicates that 88 percent of individuals with developmental disabilities live with their families or in their own households;

(11) many service delivery systems and communities are not prepared to meet the impending needs of the 479,862 adults with developmental disabilities who are living at home with parents who are 60 years old or older and who serve as the primary caregivers of the adults;

(12) in almost every State, individuals with developmental disabilities are waiting for appropriate services in their communities, in the areas of emphasis;

(13) the public needs to be made more aware of the capabilities and competencies of individuals with developmental disabilities, particularly in cases in which the individuals are provided with necessary services, supports, and other assistance;

(14) as increasing numbers of individuals with developmental disabilities are living, learning, working, and participating in all aspects of community life, there is an increasing need for a well trained workforce that is able to provide the services, supports, and other forms of direct assistance required to enable the individuals to carry out those activities;

(15) there needs to be greater effort to recruit individuals from minority backgrounds into professions serving individuals with developmental disabilities and their families;

(16) the goals of the Nation properly include a goal of providing individuals with developmental disabilities with the information, skills, opportunities, and support to—

(A) make informed choices and decisions about their lives;
(B) live in homes and communities in which such individuals can exercise their full rights and responsibilities as citizens;
(C) pursue meaningful and productive lives;
(D) contribute to their families, communities, and States, and the Nation;
(E) have interdependent friendships and relationships with other persons;
(F) live free of abuse, neglect, financial and sexual exploitation, and violations of their legal and human rights; and
(G) achieve full integration and inclusion in society, in an individualized manner, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of each individual; and

(17) as the Nation, States, and communities maintain and expand community living options for individuals with developmental disabilities, there is a need to evaluate the access to those options by individuals with developmental disabilities and the effects of those options on individuals with developmental disabilities.

(b) PURPOSE.—The purpose of this title is to assure that individuals with developmental disabilities and their families participate in the design of and have access to needed community services, individualized supports, and other forms of assistance that promote self-determination, independence, productivity, and integration and inclusion in all facets of community life, through culturally competent programs authorized under this title, including specifically—

(1) State Councils on Developmental Disabilities in each State to engage in advocacy, capacity building, and systemic change activities that—
   (A) are consistent with the purpose described in this subsection and the policy described in subsection (c); and
   (B) contribute to a coordinated, consumer- and family-centered, consumer- and family-directed, comprehensive system that includes needed community services, individualized supports, and other forms of assistance that promote self-determination for individuals with developmental disabilities and their families;

(2) protection and advocacy systems in each State to protect the legal and human rights of individuals with developmental disabilities;

(3) University Centers for Excellence in Developmental Disabilities Education, Research, and Service—
   (A) to provide interdisciplinary pre-service preparation and continuing education of students and fellows, which may include the preparation and continuing education of leadership, direct service, clinical, or other personnel to strengthen and increase the capacity of States and communities to achieve the purpose of this title;
   (B) to provide community services—
      (i) that provide training and technical assistance for individuals with developmental disabilities, their
families, professionals, paraprofessionals, policy-makers, students, and other members of the community; and

(ii) that may provide services, supports, and assistance for the persons described in clause (i) through demonstration and model activities;

(C) to conduct research, which may include basic or applied research, evaluation, and the analysis of public policy in areas that affect or could affect, either positively or negatively, individuals with developmental disabilities and their families; and

(D) to disseminate information related to activities undertaken to address the purpose of this title, especially dissemination of information that demonstrates that the network authorized under this subtitle is a national and international resource that includes specific substantive areas of expertise that may be accessed and applied in diverse settings and circumstances; and

(4) funding for—

(A) national initiatives to collect necessary data on issues that are directly or indirectly relevant to the lives of individuals with developmental disabilities;

(B) technical assistance to entities who engage in or intend to engage in activities consistent with the purpose described in this subsection or the policy described in subsection (c); and

(C) other nationally significant activities.

(c) POLICY.—It is the policy of the United States that all programs, projects, and activities receiving assistance under this title shall be carried out in a manner consistent with the principles that—

(1) individuals with developmental disabilities, including those with the most severe developmental disabilities, are capable of self-determination, independence, productivity, and integration and inclusion in all facets of community life, but often require the provision of community services, individualized supports, and other forms of assistance;

(2) individuals with developmental disabilities and their families have competencies, capabilities, and personal goals that should be recognized, supported, and encouraged, and any assistance to such individuals should be provided in an individualized manner, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of such individuals;

(3) individuals with developmental disabilities and their families are the primary decisionmakers regarding the services and supports such individuals and their families receive, including regarding choosing where the individuals live from available options, and play decisionmaking roles in policies and programs that affect the lives of such individuals and their families;

(4) services, supports, and other assistance should be provided in a manner that demonstrates respect for individual dignity, personal preferences, and cultural differences;
(5) specific efforts must be made to ensure that individuals with developmental disabilities from racial and ethnic minority backgrounds and their families enjoy increased and meaningful opportunities to access and use community services, individualized supports, and other forms of assistance available to other individuals with developmental disabilities and their families;

(6) recruitment efforts in disciplines related to developmental disabilities relating to pre-service training, community training, practice, administration, and policymaking must focus on bringing larger numbers of racial and ethnic minorities into the disciplines in order to provide appropriate skills, knowledge, role models, and sufficient personnel to address the growing needs of an increasingly diverse population;

(7) with education and support, communities can be accessible to and responsive to the needs of individuals with developmental disabilities and their families and are enriched by full and active participation in community activities, and contributions, by individuals with developmental disabilities and their families;

(8) individuals with developmental disabilities have access to opportunities and the necessary support to be included in community life, have interdependent relationships, live in homes and communities, and make contributions to their families, communities, and States, and the Nation;

(9) efforts undertaken to maintain or expand community-based living options for individuals with disabilities should be monitored in order to determine and report to appropriate individuals and entities the extent of access by individuals with developmental disabilities to those options and the extent of compliance by entities providing those options with quality assurance standards;

(10) families of children with developmental disabilities need to have access to and use of safe and appropriate child care and before-school and after-school programs, in the most integrated settings, in order to enrich the participation of the children in community life;

(11) individuals with developmental disabilities need to have access to and use of public transportation, in order to be independent and directly contribute to and participate in all facets of community life; and

(12) individuals with developmental disabilities need to have access to and use of recreational, leisure, and social opportunities in the most integrated settings, in order to enrich their participation in community life.

As a condition of providing assistance under this title, the Secretary shall require that each recipient of such assistance take affirmative action to employ and advance in employment qualified individuals with disabilities on the same terms and conditions required with respect to the employment of such individuals under the provisions of title V of the Rehabilitation Act of 1973 (29 U.S.C. 791 et seq.) and the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), that govern employment.

SEC. 108. [15008] CONSTRUCTION.
Nothing in this title shall be construed to preclude an entity funded under this title from engaging in advocacy, capacity building, and systemic change activities for individuals with developmental disabilities that may also have a positive impact on individuals with other disabilities.

SEC. 109. [15009] RIGHTS OF INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES.
(a) In General.—Congress makes the following findings respecting the rights of individuals with developmental disabilities:
(1) Individuals with developmental disabilities have a right to appropriate treatment, services, and habilitation for such disabilities, consistent with section 101(c).

(2) The treatment, services, and habilitation for an individual with developmental disabilities should be designed to maximize the potential of the individual and should be provided in the setting that is least restrictive of the individual's personal liberty.

(3) The Federal Government and the States both have an obligation to ensure that public funds are provided only to institutional programs, residential programs, and other community programs, including educational programs in which individuals with developmental disabilities participate, that—

(A) provide treatment, services, and habilitation that are appropriate to the needs of such individuals; and

(B) meet minimum standards relating to—

(i) provision of care that is free of abuse, neglect, sexual and financial exploitation, and violations of legal and human rights and that subjects individuals with developmental disabilities to no greater risk of harm than others in the general population;

(ii) provision to such individuals of appropriate and sufficient medical and dental services;

(iii) prohibition of the use of physical restraint and seclusion for such an individual unless absolutely necessary to ensure the immediate physical safety of the individual or others, and prohibition of the use of such restraint and seclusion as a punishment or as a substitute for a habilitation program;

(iv) prohibition of the excessive use of chemical restraints on such individuals and the use of such restraints as punishment or as a substitute for a habilitation program or in quantities that interfere with services, treatment, or habilitation for such individuals; and

(v) provision for close relatives or guardians of such individuals to visit the individuals without prior notice.

(4) All programs for individuals with developmental disabilities should meet standards—

(A) that are designed to assure the most favorable possible outcome for those served; and

(B)(i) in the case of residential programs serving individuals in need of comprehensive health-related, habilitative, assistive technology or rehabilitative services, that are at least equivalent to those standards applicable to intermediate care facilities for the mentally retarded, promulgated in regulations of the Secretary on June 3, 1988, as appropriate, taking into account the size of the institutions and the service delivery arrangements of the facilities of the programs;

(ii) in the case of other residential programs for individuals with developmental disabilities, that assure that—
Sec. 121 DEVELOPMENTAL DISABILITIES

(I) care is appropriate to the needs of the individuals being served by such programs;

(II) the individuals admitted to facilities of such programs are individuals whose needs can be met through services provided by such facilities; and

(III) the facilities of such programs provide for the humane care of the residents of the facilities, are sanitary, and protect their rights; and

(iii) in the case of nonresidential programs, that assure that the care provided by such programs is appropriate to the individuals served by the programs.

(b) CLARIFICATION.—The rights of individuals with developmental disabilities described in findings made in this section shall be considered to be in addition to any constitutional or other rights otherwise afforded to all individuals.

SEC. 122. [15022] STATE ALLOTMENTS. (a) ALLOTMENTS.—

(1) IN GENERAL.—

(A) AUTHORITY.—For each fiscal year, the Secretary shall, in accordance with regulations and this paragraph, allot the sums appropriated for such year under section 129 among the States on the basis of—

(i) the population;

(ii) the extent of need for services for individuals with developmental disabilities; and

(iii) the financial need, of the respective States.

(B) USE OF FUNDS.—Sums allotted to the States under this section shall be used to pay for the Federal share of the cost of carrying out projects in accordance with State plans approved under section 124 for the provision under such plans of services for individuals with developmental disabilities.
(2) Adjustments.—The Secretary may make adjustments in the amounts of State allotments based on clauses (i), (ii), and (iii) of paragraph (1)(A) not more often than annually. The Secretary shall notify each State of any adjustment made under this paragraph and the percentage of the total sums appropriated under section 129 that the adjusted allotment represents not later than 6 months before the beginning of the fiscal year in which such adjustment is to take effect.

(3) Minimum allotment for appropriations less than or equal to $70,000,000.—
   (A) In general.—Except as provided in paragraph (4), for any fiscal year the allotment under this section—

(4) Minimum allotment for appropriations in excess of $70,000,000.—
   (A) In general.—In any case in which the total amount appropriated under section 129 for a fiscal year is more than $70,000,000, the allotment under this section for such fiscal year—

scribed, pursuant to section 124(c)(3)(A), in the State plan of the State.

(6) INCREASE IN ALLOTMENTS.—In any year in which the total amount appropriated under section 129 for a fiscal year exceeds the total amount appropriated under such section (or a corresponding provision) for the preceding fiscal year by a percentage greater than the most recent percentage change in the Consumer Price Index published by the Secretary of Labor under section 100(c)(1) of the Rehabilitation Act of 1973 (29 U.S.C. 720(c)(1)) (if the percentage change indicates an increase), the Secretary shall increase each of the minimum allotments described in paragraphs (3) and (4). The Secretary shall increase each minimum allotment by an amount that bears the same ratio to the amount of such minimum allotment (including any increases in such minimum allotment under this paragraph (or a corresponding provision) for prior fiscal years) as the amount that is equal to the difference between—

(A) the total amount appropriated under section 129 for the fiscal year for which the increase in the minimum allotment is being made; minus

(B) the total amount appropriated under section 129 (or a corresponding provision) for the immediately preceding fiscal year,

bears to the total amount appropriated under section 129 (or a corresponding provision) for such preceding fiscal year.

(d) COOPERATIVE EFFORTS BETWEEN STATES.—If a State plan approved in accordance with section 124 provides for cooperative or joint effort between or among States or agencies, public or private, in more than 1 State, portions of funds allotted to 1 or more States described in this subsection may be combined in accordance with the agreements between the States or agencies involved.

(e) REALLOTMENTS.—

(1) IN GENERAL.—If the Secretary determines that an amount of an allotment to a State for a period (of a fiscal year or longer) will not be required by the State during the period for the purpose for which the allotment was made, the Secretary may reallocate the amount.

(2) TIMING.—The Secretary may make such a reallocation from time to time, on such date as the Secretary may fix, but not earlier than 30 days after the Secretary has published notice of the intention of the Secretary to make the reallocation in the Federal Register.

(3) AMOUNTS.—The Secretary shall reallocate the amount to other States with respect to which the Secretary has not made that determination. The Secretary shall reallocate the amount in
proportion to the original allotments of the other States for such fiscal year, but shall reduce such proportionate amount for any of the other States to the extent the proportionate amount exceeds the sum that the Secretary estimates the State needs and will be able to use during such period.

(4) REALLOTTMENT OF REDUCTIONS.—The Secretary shall similarly reallocate the total of the reductions among the States whose proportionate amounts were not so reduced.

(5) TREATMENT.—Any amount reallocated to a State under this subsection for a fiscal year shall be deemed to be a part of the allotment of the State under subsection (a) for such fiscal year.

The Secretary shall make such payments from time to time in advance on the basis of estimates by the Secretary of the sums the State will expend for the cost under the State plan. TITLE II—FAMILY SUPPORT

SEC. 201. [15091 note] SHORT TITLE.
This title may be cited as the “Families of Children With Disabilities Support Act of 2000”.

SEC. 202. [15091] FINDINGS, PURPOSES, AND POLICY.
(a) FINDINGS.—Congress makes the following findings:

(1) It is in the best interest of our Nation to preserve, strengthen, and maintain the family.

(2) Families of children with disabilities provide support, care, and training to their children that can save States millions of dollars. Without the efforts of family caregivers, many persons with disabilities would receive care through State-supported out-of-home placements.

(3) Most families of children with disabilities, especially families in unserved and underserved populations, do not have access to family-centered and family-directed services to support such families in their efforts to care for such children at home.

(4) Medical advances and improved health care have increased the life span of many people with disabilities, and the combination of the longer life spans and the aging of family caregivers places a continually increasing demand on the finite service delivery systems of the States.

(5) In 1996, 49 States provided family support initiatives in response to the needs of families of children with disabilities. Such initiatives included the provision of cash subsidies, respite care, and other forms of support. There is a need in each State, however, to strengthen, expand, and coordinate the activities of a system of family support services for families of children with disabilities that is easily accessible, avoids duplication, uses resources efficiently, and prevents gaps in services to families in all areas of the State.

(6) The goals of the Nation properly include the goal of providing to families of children with disabilities the family support services necessary—

(A) to support the family;

(B) to enable families of children with disabilities to nurture and enjoy their children at home;
(C) to enable families of children with disabilities to make informed choices and decisions regarding the nature of supports, resources, services, and other assistance made available to such families; and

(D) to support family caregivers of adults with disabilities.

(b) PURPOSES.—The purposes of this title are—

(1) to promote and strengthen the implementation of comprehensive State systems of family support services, for families with children with disabilities, that are family-centered and family-directed, and that provide families with the greatest possible decisionmaking authority and control regarding the nature and use of services and support;

(2) to promote leadership by families in planning, policy development, implementation, and evaluation of family support services for families of children with disabilities;

(3) to promote and develop interagency coordination and collaboration between agencies responsible for providing the services; and

(4) to increase the availability of, funding for, access to, and provision of family support services for families of children with disabilities.

(c) POLICY.—It is the policy of the United States that all programs, projects, and activities funded under this title shall be family-centered and family-directed, and shall be provided in a manner consistent with the goal of providing families of children with disabilities with the support the families need to raise their children at home.

SEC. 203. [15092] DEFINITIONS AND SPECIAL RULE.

(a) DEFINITIONS.—In this title:

(1) CHILD WITH A DISABILITY.—The term “child with a disability” means an individual who—

(B) strengthen the role of the family as primary caregiver for such children;

(C) prevent involuntary out-of-the-home placement of such children and maintain family unity; and

(A) the amounts available for making grants under this section; and

(B) the child population of the State concerned.

(d) Priority for Previously Participating States.—For the second and third fiscal years for which amounts are appropriated to carry out this section, the Secretary, in providing payments under this section, shall give priority to States that received payments under this section during the preceding fiscal year.

(e) Priorities for Distribution.—To the extent practicable, the Secretary shall award grants to States under this section in a manner that—

(1) is geographically equitable;

(2) distributes the grants among States that have differing levels of development of statewide systems of family support services for families of children with disabilities; and

**TITLE III—PROGRAM FOR DIRECT SUPPORT WORKERS WHO ASSIST INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES**

**SEC. 301.** FINDINGS.

Congress finds that—
(1) direct support workers, especially young adults, have played essential roles in providing the support needed by individuals with developmental disabilities and expanding community options for those individuals;
(2) 4 factors have contributed to a decrease in the available pool of direct support workers, specifically—
(A) the small population of individuals who are age 18 through 25, an age group that has been attracted to direct support work in the past;
(B) the rapid expansion of the service sector, which attracts individuals who previously would have elected to pursue employment as direct support workers;
(C) the failure of wages in the human services sector to keep pace with wages in other service sectors; and
(D) the lack of quality training and career advancement opportunities available to direct support workers; and
(3) individuals with developmental disabilities benefit from assistance from direct support workers who are well trained, and benefit from receiving services from professionals who have spent time as direct support workers.

FINDINGS

SEC. 2. [9401] The Congress finds—

(1) despite the significant progress that has been made in making community mental health services available and in improving residential mental health facilities since the original community mental health centers legislation was enacted in 1963, unserved and underserved populations remain and there are certain groups in the population, such as chronically mentally ill individuals, children and youth, elderly individuals, racial and ethnic minorities, women, poor persons, and persons in rural areas, which often lack access to adequate private and public mental health services and support services;

(2) the process of transferring or diverting chronically mentally ill individuals from unwarranted or inappropriate institutionalized settings to their home communities has frequently not been accompanied by a process of providing those

²Section 87(d) of Public Law 99–646, and section 3(b) of Public Law 99–654, amended various provisions of this Act by striking “rape” and inserting “sex offense”, but failed to conform the table of contents in the item relating to section 601.
individuals with the mental health and support services they need in community-based settings;

(3) the shift in emphasis from institutional care to community-based care has not always been accompanied by a process of affording training, retraining, and job placement for employees affected by institutional closure and conversion;

(4) the delivery of mental health and support services is typically uncoordinated within and among local, State, and Federal entities;

(5) mentally ill persons are often inadequately served by (A) programs of the Department of Health and Human Services such as medicare, medicaid, supplemental security income, and social services, and (B) programs of the Department of Housing and Urban Development, the Department of Labor, and other Federal agencies;

(6) health care systems often lack general health care personnel with adequate mental health care training and often lack mental health care personnel and consequently many individuals with some level of mental disorder do not receive appropriate mental health care;

(7) present knowledge of methods to prevent mental illness through discovery and elimination of its causes and through early detection and treatment is too limited;

(8) a comprehensive and coordinated array of appropriate private and public mental health and support services for all people in need within specific geographic areas, based upon a cooperative local-State-Federal partnership, remains the most effective and humane way to provide a majority of mentally ill individuals with mental health care and needed support; and

(9) because of the rising demand for mental health services and the wide disparity in the distribution of psychiatrists, clinical psychologists, social workers, and psychiatric nurses, there is a shortage in the medical specialty of psychiatry and there are also shortages among the other health personnel who provide mental health services.

(1) A person admitted to a program or facility for the purpose of receiving mental health services should be accorded the following:

(A) The right to appropriate treatment and related services in a setting and under conditions that—

(v) the reasons why access to certain visitors may not be appropriate; and

(vi) any appropriate and available alternative treatments, services, and types of providers of mental health services.

(D) The right not to receive a mode or course of treatment, established pursuant to the treatment plan, in the
absence of such person’s informed, voluntary, written consent to such mode or course of treatment, except treatment—

(i) during an emergency situation if such treatment is pursuant to or documented contemporaneously by the written order of a responsible mental health professional; or

(ii) as permitted under applicable law in the case of a person committed by a court to a treatment program or facility.

(E) The right not to participate in experimentation in the absence of such person’s informed, voluntary, written consent, the right to appropriate protections in connection with such participation, including the right to a reasonable explanation of the procedure to be followed, the benefits to be expected, the relative advantages of alternative treatments, and the potential discomforts and risks, and the right and opportunity to revoke such consent.

(F) The right to freedom from restraint or seclusion, other than as a mode or course of treatment or restraint or seclusion during an emergency situation if such restraint or seclusion is pursuant to or documented contemporaneously by the written order of a responsible mental health professional.

(H) The right to confidentiality of such person’s records.

(I) The right to access, upon request, to such person’s mental health care records, except such person may be refused access to—

(i) information in such records provided by a third party under assurance that such information shall remain confidential; and

(ii) specific material in such records if the health professional responsible for the mental health services concerned has made a determination in writing that such access would be detrimental to such person’s health, except that such material may be made available to a similarly licensed health professional selected by such person and such health professional may, in the exercise of professional judgment, provide such person with access to any or all parts of such material or otherwise disclose the information contained in such material to such person.

(J) The right, in the case of a person admitted on a residential or inpatient care basis, to converse with others privately, to have convenient and reasonable access to the telephone and mails, and to see visitors during regularly scheduled hours, except that, if a mental health professional treating such person determines that denial of access to a particular visitor is necessary for treatment pur-
poses, such mental health professional may, for a specific, limited, and reasonable period of time, deny such access if such mental health professional has ordered such denial in writing and such order has been incorporated in the treatment plan for such person. An order denying such access should include the reasons for such denial.

(K) The right to be informed promptly at the time of admission and periodically thereafter, in language and terms appropriate to such person's condition and ability to understand, of the rights described in this section.

(L) The right to assert grievances with respect to infringement of the rights described in this section, including the right to have such grievances considered in a fair, timely, and impartial grievance procedure provided for or by the program or facility.

(i) rights protection service within the program or facility;

(iii) qualified advocate;

(3)(A) No otherwise eligible person should be denied admission to a program or facility for mental health services as a reprisal for the exercise of the rights described in this section.

(B) Nothing in this section should—

(i) obligate an individual mental health or health professional to administer treatment contrary to such professional's clinical judgment;

(ii) prevent any program or facility from discharging any person for whom the provision of appropriate treatment, consistent with the clinical judgment of the mental health professional primarily responsible for such person's treatment, is or has become impossible as a result of such person's refusal to consent to such treatment;

(iii) require a program or facility to admit any person who, while admitted on prior occasions to such program or facility,
has repeatedly frustrated the purposes of such admissions by withholding consent to proposed treatment; or

(iv) obligate a program or facility to provide treatment services to any person who is admitted to such program or facility solely for diagnostic or evaluative purposes.

(C) In order to assist a person admitted to a program or facility in the exercise or protection of such person’s rights, such person’s attorney or legal representatives should have reasonable access to—

(B) In the case of a person who lacks capacity to exercise the right to consent to treatment or experimentation under subparagraph (D) or (E) of paragraph (1), or the right to confidentiality of or access to records described in subparagraph (H) or (I) of such paragraph, or to provide authorization as described in paragraph (3)(C)(iii), because such person has not attained an age considered sufficiently advanced under State law to permit the exercise of such right or such authorization to be legally binding, such right may be exercised or such authorization may be provided on behalf of such person by a parent or legal guardian of such person.

(C) Notwithstanding subparagraphs (A) and (B), in the case of a person admitted to a program or facility for the purpose of receiving mental health services, no individual employed by or receiving any remuneration from such program or facility should act as such person’s guardian or representative.

(1) it is in the interest of public health and safety to minimize unnecessary exposure to potentially hazardous radiation due to medical and dental radiologic procedures;
(2) it is in the interest of public health and safety to have a continuing supply of adequately educated persons and appropriate accreditation and certification programs administered by State governments;
(3) the protection of the public health and safety from unnecessary exposure to potentially hazardous radiation due to medical and dental radiologic procedures and the assurance of efficacious procedures are the responsibility of State and Federal governments;
(4) persons who administer radiologic procedures, including procedures at Federal facilities, should be required to demonstrate competence by reason of education, training, and experience; and
(5) the administration of radiologic procedures and the effect on individuals of such procedures have a substantial and direct effect upon United States interstate commerce.

STATEMENT OF PURPOSE

SEC. 977. [10002] It is the purpose of this subtitle to—
(1) provide for the establishment of minimum standards by the Federal Government for the accreditation of education programs for persons who administer radiologic procedures and for the certification of such persons; and
(2) insure that medical and dental radiologic procedures are consistent with rigorous safety precautions and standards.

§ 101. [1101] Congressional findings.
The Congress makes the following findings:
(1) Drug abuse is rapidly increasing in the United States and now afflicts urban, suburban, and rural areas of the Nation.
(2) Drug abuse seriously impairs individual, as well as societal, health and well-being.
(3) Drug abuse, especially heroin addiction, substantially contributes to crime.
(4) The adverse impact of drug abuse inflicts increasing pain and hardship on individuals, families, and communities and undermines our institutions.
(5) Too little is known about drug abuse, especially the causes, and ways to treat and prevent drug abuse.
(6) The success of Federal drug abuse programs and activities requires a recognition that education, treatment, rehabilitation, research, training, and law enforcement efforts are interrelated.
(7) The effectiveness of efforts by State and local governments and by the Federal Government to control and treat drug abuse in the United States has been hampered by a lack of coordination among the States, between States and localities, among the Federal Government, States and localities, and throughout the Federal establishment.
(8) Control of drug abuse requires the development of a comprehensive, coordinated long-term Federal strategy that encompasses both effective law enforcement against illegal

\(^{2}\) Section 1007(c)(1) of Public Law 100–690 repealed section 103 without making a conforming amendment to the table of sections.
drug traffic and effective health programs to rehabilitate victims of drug abuse.

(9) The increasing rate of drug abuse constitutes a serious and continuing threat to national health and welfare, requiring an immediate and effective response on the part of the Federal Government.

(10) Although the Congress observed a significant apparent reduction in the rate of increase of drug abuse during the three-year period subsequent to the date of enactment of this Act, and in certain areas of the country apparent temporary reductions in its incidence, the increase and spread of heroin consumption since 1974, and the continuing abuse of other dangerous drugs, clearly indicate the need for effective, ongoing, and highly visible Federal leadership in the formation and execution of a comprehensive, coordinated drug abuse policy.

(11) Shifts in the usage of various drugs and in the Nation’s demographic composition require a Federal strategy to adjust the focus of drug abuse programs to meet new needs and priorities on a cost-effective basis.

(12) The growing extent of drug abuse indicates an urgent need for prevention and intervention programs designed to reach the general population and members of high risk populations such as youth, women, and the elderly.

(13) Effective control of drug abuse requires high-level coordination of Federal international and domestic activities relating to both supply of, and demand for, commonly abused drugs.

(14) Local governments with high concentrations of drug abuse should be actively involved in the planning and coordination of efforts to combat drug abuse.

§102. [1102] Declaration of national policy.

The Congress declares that it is the policy of the United States and the purpose of this Act to focus the comprehensive resources of the Federal Government and bring them to bear on drug abuse with the objective of significantly reducing the incidence, as well as the social and personal costs, of drug abuse in the United States, and to develop and assure the implementation of a comprehensive, coordinated, long-term Federal strategy to combat drug abuse. To reach these goals, the Congress further declares that it is the policy of the United States and the purpose of this Act to meet the problems of drug abuse through—

(1) comprehensive Federal, State, and local planning for, and effective use of, Federal assistance to States and to community-based programs to meet the urgent needs of special populations, in coordination with all other governmental and nongovernmental sources of assistance;

(2) the development and support of community-based prevention programs;

(3) the development and encouragement of effective occupational prevention and treatment programs within the Government and in cooperation with the private sector; and

(4) increased Federal commitment to research into the behavioral and biomedical etiology of, the treatment of, and the
mental and physical health and social and economic consequences of, drug abuse.

(1) to provide training seminars, educational programs, and technical assistance for the development, demonstration, and evaluation of drug abuse prevention, treatment, and rehabilitation programs; and

(2) to conduct demonstration and evaluation projects, with a high priority on prevention and early intervention projects and on identifying new and more effective drug abuse prevention, treatment, and rehabilitation programs.

In the implementation of his authority under this section, the Secretary shall accord a high priority to applications for grants or contracts for primary prevention programs. For purposes of the preceding sentence, primary prevention programs include programs designed to discourage persons from beginning drug abuse. To the extent that appropriations authorized under this section are used to fund treatment services, the Secretary shall not limit such funding to treatment for opiate abuse, but shall also provide support for treatment for nonopiate drug abuse including polydrug abuse. Furthermore, nothing shall prevent the use of funds provided under this section for programs and projects aimed at the prevention, treatment, and rehabilitation of alcohol abuse and alcoholism as well as drug abuse.

Such State agency shall be given not more than thirty days from the date of receipt of the application to submit to the Secretary, in writing, an evaluation of the project set forth in the application. Such evaluation shall include comments on the relationship of the project to other projects pending and approved and to any State comprehensive plan for treatment and prevention of drug abuse. The State shall furnish the applicant a copy of any such evaluation. A State if it so desires may, in writing, waive its rights under this paragraph.

TITLE I—PROTECTION AND ADVOCACY SYSTEMS

PART A—ESTABLISHMENT OF SYSTEMS

FINDINGS AND PURPOSE

Sec. 101. [10801] (a) The Congress finds that—
(1) individuals with mental illness are vulnerable to abuse and serious injury;
(2) family members of individuals with mental illness play a crucial role in being advocates for the rights of individuals with mental illness where the individuals are minors, the individuals are legally competent and choose to involve the family members, and the individuals are legally incompetent and the legal guardians, conservators, or other legal representatives are members of the family;
(3) individuals with mental illness are subject to neglect, including lack of treatment, adequate nutrition, clothing, health care, and adequate discharge planning; and
(4) State systems for monitoring compliance with respect to the rights of individuals with mental illness vary widely and are frequently inadequate.
(b) The purposes of this Act are—
(1) to ensure that the rights of individuals with mental illness are protected; and
(2) to assist States to establish and operate a protection and advocacy system for individuals with mental illness which will—
(A) protect and advocate the rights of such individuals through activities to ensure the enforcement of the Constitution and Federal and State statutes; and
(B) investigate incidents of abuse and neglect of individuals with mental illness if the incidents are reported to

(d) The definition of “individual with a mental illness” contained in section 102(4)(B)(iii) shall apply, and thus an eligible system may use its allotment under this title to provide representation to such individuals, only if the total allotment under this title for any fiscal year is $30,000,000 or more, and in such case, an eligible system must give priority to representing persons with mental illness as defined in subparagraphs (A) and (B)(i) of section 102(4).

¹So in law. Section 8(d) of Public Law 102–173 (105 Stat. 1218) amended subparagraph (B) by adding the above sentence at the end.
SEC. 106. [10806] (a) An eligible system which, pursuant to section 105(a)(4), has access to records which, under Federal or State law, are required to be maintained in a confidential manner by a provider of mental health services, shall, except as provided in subsection (b), maintain the confidentiality of such records to the same extent as is required of the provider of such services.

(b)(1) Except as provided in paragraph (2), an eligible system which has access to records pursuant to section 105(a)(4) may not disclose information from such records to the individual who is the subject of the information if the mental health professional responsible for supervising the provision of mental health services to such individual has provided the system with a written determination that disclosure of such information to such individual would be detrimental to such individual's health.

(2)(A) If disclosure of information has been denied under paragraph (1) to an individual—

(i) such individual;

(ii) the legal guardian, conservator, or other legal representative of such individual; or

(iii) an eligible system, acting on behalf of an individual described in subparagraph (B),

If such mental health professional determines, based on professional judgment, that disclosure of such information would not be detrimental to the health of such individual, the system may disclose such information to such individual.

(B) An eligible system may select a mental health professional under subparagraph (A)(iii) on behalf of—

(i) an individual whose legal guardian is the State; or

(ii) an individual who has a legal guardian, conservator, or other legal representative other than the State if such guardian, conservator, or representative does not, within a reasonable time after such individual is denied access to information under paragraph (1), select a mental health professional under subparagraph (A) to review such information.

(C) If the laws of a State prohibit an eligible system from obtaining access to the records of individuals with mental illness in accordance with section 105(a)(4) and this section, section 105(a)(4) and this section shall not apply to such system before—

(i) the date such system is no longer subject to such a prohibition; or

LEGAL ACTIONS

SEC. 107. [10807] (a) Prior to instituting any legal action in a Federal or State court on behalf of an individual with mental illness, an eligible system, or a State agency or nonprofit organization which entered into a contract with an eligible system under section 104(a), shall exhaust in a timely manner all administrative remedies where appropriate. If, in pursuing administrative remedies, the system, agency, or organization determines that any matter with respect to such individual will not be resolved within a reasonable time, the system, agency, or organization may pursue alternative remedies, including the initiation of a legal action.

(b) Subsection (a) does not apply to any legal action instituted to prevent or eliminate imminent serious harm to an individual with mental illness.

PART B—ADMINISTRATIVE PROVISIONS

APPLICATIONS

SEC. 111. [10821] (a) No allotment may be made under this title to an eligible system unless an application therefor is submitted to the Secretary. Each such application shall contain—

(1) assurances that amounts paid to such system from an allotment under this title will be used to supplement and not to supplant the level of non-Federal funds available in the State in which such system is established to protect and advocate the rights of individuals with mental illness;

(2) assurances that such system will have a staff which is trained or being trained to provide advocacy services to individuals with mental illness and to work with family members of clients served by the system where the individuals with mental illness are minors, legally competent and do not object, and legally incompetent and the legal guardians, conservators, or other legal representatives are family members;

(3) assurances that such system, and any State agency or nonprofit organization with which such system may enter into a contract under section 104(a), will not, in the case of any individual who has a legal guardian, conservator, or representative other than the State, take actions which are duplicative of actions taken on behalf of such individual by such guardian, conservator, or representative unless such guardian, conservator, or representative requests the assistance of such system; and

(4) such other information as the Secretary may by regulation prescribe.

(b) The assurance required under subsection (a)(2) regarding trained staff may be satisfied through the provision of training by individuals who have received or are receiving mental health services and family members of such individuals.
(c) Applications submitted under this section shall remain in effect for a 4-year period, and the assurances required under this section shall be for the same 4-year period.

ALLOTMENT FORMULA AND REALLOTMENTS

SEC. 112. [10822] (a)(1)(A) Except as provided in paragraph (2) and subject to the availability of appropriations under section 117, the Secretary shall make allotments under section 103 from amounts appropriated under section 117 for a fiscal year to eligible systems on the basis of a formula prescribed by the Secretary which is based equally—

(i) on the population of each State in which there is an eligible system; and

(ii) on the population of each such State weighted by its relative per capita income.

(B) For purposes of subparagraph (A)(ii), the term "relative per capita income" means the quotient of the per capita income of the United States and the per capita income of the State, except that if the State is Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Islands, the Federated States of Micronesia, the Republic of Palau, or the Virgin Islands, the quotient shall be considered to be one.

(2)(A) The minimum amount of the allotment of an eligible system shall be the product (rounded to the nearest $100) of the appropriate base amount determined under subparagraph (B) and the factor specified in subparagraph (C).

(B) For purposes of subparagraph (A), the appropriate base amount—

(i) for American Samoa, Guam, the Marshall Islands, the Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, the Republic of Palau, and the Virgin Islands, is $139,300; and

(ii) for any other State, is $260,000.

(C) The factor specified in this subparagraph is the ratio of the amount appropriated under section 117 for the fiscal year for which the allotment is being made to the amount appropriated under such section for fiscal year 1995.

(D) If the total amount appropriated for a fiscal year is at least $25,000,000, the Secretary shall make an allotment in accordance with subparagraph (A) to the eligible system serving the American Indian consortium.

(b)(1) To the extent that all the amounts appropriated under section 117 for a fiscal year are not allotted to eligible systems because—

(A) one or more eligible systems have not submitted an application for an allotment for such fiscal year; or

(B) one or more eligible systems have notified the Secretary that they do not intend to use the full amount of their allotment,

the amount which is not so allotted shall be reallocated among the remaining eligible systems.

(2) The amount of an allotment to an eligible system for a fiscal year which the Secretary determines will not be required by the system during the period for which it is available shall be available...
for reallocation by the Secretary to other eligible systems with respect to which such a determination has not been made.

(3) The Secretary shall make reallocations under paragraphs (1) and (2) on such date or dates as the Secretary may fix (but not earlier than 30 days after the Secretary has published notice of the intention of the Secretary to make such reallocation in the Federal Register). A reallocation to an eligible system shall be made in proportion to the original allotment of such system for such fiscal year, but with such proportionate amount for such system being reduced to the extent it exceeds the sum the Secretary estimates such system needs and will be able to use during such period. The total of such reductions shall be similarly reallocated among eligible systems whose proportionate amounts were not so reduced. Any amount so reallocated to an eligible system for a fiscal year shall be deemed to be a part of its allotment under subsection (a) for such fiscal year.

PAYMENTS UNDER ALLOTMENTS

SEC. 113. [10823] For each fiscal year, the Secretary shall make payments to each eligible system from its allotment under this title. Any amount paid to an eligible system for a fiscal year and remaining unobligated at the end of such year shall remain available to such system for the next fiscal year for the purposes for which it was made.

REPORTS BY THE SECRETARY

SEC. 114. [10824] (a) The Secretary shall include in each report required under section 105 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 a separate statement which contains—

(1) a description of the activities, accomplishments, and expenditures of systems to protect and advocate the rights of individuals with mental illness supported with payments from allotments under this title, including—

(A) a specification of the total number of individuals with mental illness served by such systems;

(B) a description of the types of activities undertaken by such systems;

(b) In preparing each statement required by subsection (a), the Secretary shall use and include information submitted to the Secretary in the reports required under section 105(a)(7).

Technical Assistance

Sec. 115. The Secretary shall use not more than 2 percent of the amounts appropriated under section 117 to provide technical assistance to eligible systems with respect to activities carried out under this title, consistent with requests by such systems for such assistance.

The amendment has been executed to reflect the probable intent of the Congress.

SEC. 401. [11101 note] SHORT TITLE.
This title may be cited as the “Health Care Quality Improvement Act of 1986”.

SEC. 402. [11101] FINDINGS.
The Congress finds the following:
(1) The increasing occurrence of medical malpractice and the need to improve the quality of medical care have become nationwide problems that warrant greater efforts than those that can be undertaken by any individual State.
(2) There is a national need to restrict the ability of incompetent physicians to move from State to State without disclosure or discovery of the physician’s previous damaging or incompetent performance.
(3) This nationwide problem can be remedied through effective professional peer review.
(4) The threat of private money damage liability under Federal laws, including treble damage liability under Federal antitrust law, unreasonably discourages physicians from participating in effective professional peer review.
(5) There is an overriding national need to provide incentive and protection for physicians engaging in effective professional peer review.

PART A—PROMOTION OF PROFESSIONAL REVIEW ACTIVITIES

SEC. 411. [11111] PROFESSIONAL REVIEW.
(a) IN GENERAL.—
(1) LIMITATION ON DAMAGES FOR PROFESSIONAL REVIEW ACTIONS.—If a professional review action (as defined in section 431(9)) of a professional review body meets all the standards specified in section 412(a), except as provided in subsection (b)—

(A) the professional review body,
(B) any person acting as a member or staff to the body,
(C) any person under a contract or other formal agreement with the body, and
(D) any person who participates with or assists the body with respect to the action,
shall not be liable in damages under any law of the United States or of any State (or political subdivision thereof) with re-
Sec. 411   HEALTH CARE QUALITY IMPROVEMENT

spect to the action. The preceding sentence shall not apply to
damages under any law of the United States or any State re-
lating to the civil rights of any person or persons, including the
Civil Rights Act of 1964, 42 U.S.C. 2000e, et seq. and the Civil
shall prevent the United States or any Attorney General of a
State from bringing an action, including an action under sec-
tion 4C of the Clayton Act, 15 U.S.C. 15C, where such an ac-
tion is otherwise authorized.

(2) PROTECTION FOR THOSE PROVIDING INFORMATION TO
PROFESSIONAL REVIEW BODIES.—Notwithstanding any other
provision of law, no person (whether as a witness or otherwise)
providing information to a professional review body regarding
the competence or professional conduct of a physician shall be
held, by reason of having provided such information, to be lia-
ble in damages under any law of the United States or of any
State (or political subdivision thereof) unless such information
is false and the person providing it knew that such information
was false.

(b) EXCEPTION.—If the Secretary has reason to believe that a
health care entity has failed to report information in accordance
with section 423(a), the Secretary shall conduct an investigation. If,
after providing notice of noncompliance, an opportunity to correct
the noncompliance, and an opportunity for a hearing, the Secretary
determines that a health care entity has failed substantially to re-
port information in accordance with section 423(a), the Secretary
shall publish the name of the entity in the Federal Register. The
protections of subsection (a)(1) shall not apply to an entity the
name of which is published in the Federal Register under the pre-
vious sentence with respect to professional review actions of the
entity commenced during the 3-year period beginning 30 days after
the date of publication of the name.

(A) STATE EARLY OPT-IN.—Subsection (a) shall apply to
State laws in a State for actions commenced before
October 14, 1989, if the State by legislation elects such

State law is not effective, for purposes of, 1 for actions com-
menced before the effective date of the State law, which
may not be earlier than the date of the enactment of that
law.

1So in law. Probably should be “for purposes of subparagraph (A).” The provision formerly
made a reference to “subparagraphs (A) and (B).” Section 6103(e)(6) of Public Law 101–239
struck out this reference, after having struck former subparagraph (B). (Former subparagraph
(C) was redesignated as subparagraph (B).)
SEC. 412. [11112] STANDARDS FOR PROFESSIONAL REVIEW ACTIONS.

(a) In General.—For purposes of the protection set forth in section 411(a), a professional review action must be taken—

(1) in the reasonable belief that the action was in the furtherance of quality health care,
(2) after a reasonable effort to obtain the facts of the matter,
(3) after adequate notice and hearing procedures are afforded to the physician involved or after such other procedures as are fair to the physician under the circumstances, and
(4) in the reasonable belief that the action was warranted by the facts known after such reasonable effort to obtain facts and after meeting the requirement of paragraph (3).

A professional review action shall be presumed to have met the preceding standards necessary for the protection set out in section 411(a) unless the presumption is rebutted by a preponderance of the evidence.

(b) Adequate Notice and Hearing.—A health care entity is deemed to have met the adequate notice and hearing requirement of subsection (a)(3) with respect to a physician if the following conditions are met (or are waived voluntarily by the physician):

(1) Notice of Proposed Action.—The physician has been given notice stating—

(A)(i) that a professional review action has been proposed to be taken against the physician,
(ii) reasons for the proposed action,
(B)(i) that the physician has the right to request a hearing on the proposed action,
(ii) any time limit (of not less than 30 days) within which to request such a hearing, and
(C) a summary of the rights in the hearing under paragraph (3).

(2) Notice of Hearing.—If a hearing is requested on a timely basis under paragraph (1)(B), the physician involved must be given notice stating—

(A) the place, time, and date, of the hearing, which date shall not be less than 30 days after the date of the notice, and
(B) a list of the witnesses (if any) expected to testify at the hearing on behalf of the professional review body.

(3) Conduct of Hearing and Notice.—If a hearing is requested on a timely basis under paragraph (1)(B)—

(A) subject to subparagraph (B), the hearing shall be held (as determined by the health care entity)—

(i) before an arbitrator mutually acceptable to the physician and the health care entity,
(ii) before a hearing officer who is appointed by the entity and who is not in direct economic competition with the physician involved, or
(iii) before a panel of individuals who are appointed by the entity and are not in direct economic competition with the physician involved;

(B) the right to the hearing may be forfeited if the physician fails, without good cause, to appear;
(C) in the hearing the physician involved has the right—

(i) to representation by an attorney or other person of the physician’s choice,

(ii) to have a record made of the proceedings, copies of which may be obtained by the physician upon payment of any reasonable charges associated with the preparation thereof,

(iii) to call, examine, and cross-examine witnesses,

(iv) to present evidence determined to be relevant by the hearing officer, regardless of its admissibility in a court of law, and

(v) to submit a written statement at the close of the hearing; and

(D) upon completion of the hearing, the physician involved has the right—

(i) to receive the written recommendation of the arbitrator, officer, or panel, including a statement of the basis for the recommendations, and

(ii) to receive a written decision of the health care entity, including a statement of the basis for the decision.

A professional review body’s failure to meet the conditions described in this subsection shall not, in itself, constitute failure to meet the standards of subsection (a)(3).

(c) ADEQUATE PROCEDURES IN INVESTIGATIONS OR HEALTH EMERGENCIES.—For purposes of section 411(a), nothing in this section shall be construed as—

(1) requiring the procedures referred to in subsection (a)(3)—

(A) where there is no adverse professional review action taken, or

(B) in the case of a suspension or restriction of clinical privileges, for a period of not longer than 14 days, during which an investigation is being conducted to determine the need for a professional review action; or

(2) precluding an immediate suspension or restriction of clinical privileges, subject to subsequent notice and hearing or other adequate procedures, where the failure to take such an action may result in an imminent danger to the health of any individual.

SEC. 413. [11113] PAYMENT OF REASONABLE ATTORNEYS’ FEES AND COSTS IN DEFENSE OF SUIT.

In any suit brought against a defendant, to the extent that a defendant has met the standards set forth under section 412(a) and the defendant substantially prevails, the court shall, at the conclusion of the action, award to a substantially prevailing party defending against any such claim the cost of the suit attributable to such claim, including a reasonable attorney’s fee, if the claim, or the claimant’s conduct during the litigation of the claim, was frivolous, unreasonable, without foundation, or in bad faith. For the purposes of this section, a defendant shall not be considered to have substantially prevailed when the plaintiff obtains an award for damages or permanent injunctive or declaratory relief.
SEC. 414. [11114] GUIDELINES OF THE SECRETARY.

The Secretary may establish, after notice and opportunity for comment, such voluntary guidelines as may assist the professional review bodies in meeting the standards described in section 412(a).

SEC. 415. [11115] CONSTRUCTION.

(a) IN GENERAL.—Except as specifically provided in this part, nothing in this part shall be construed as changing the liabilities or immunities under law or as preempts or overriding any State law which provides incentives, immunities, or protection for those engaged in a professional review action that is in addition to or greater than that provided by this part.

TITLE IX—ALZHEIMER’S DISEASE AND RELATED DEMENTIAS RESEARCH \(^1\)

PART A—GENERAL PROVISIONS

SHORT TITLE

SEC. 901. [11201 note] This title may be cited as the “Alzheimer’s Disease and Related Dementias Research Act of 1992”.

FINDINGS

SEC. 902. [11201] The Congress finds that—

(1) best estimates indicate that between 2,000,000 and 3,000,000 Americans presently have Alzheimer’s disease or related dementias;

(2) estimates of the number of individuals afflicted with Alzheimer’s disease and related dementias are unreliable because current diagnostic procedures lack accuracy and sensitivity and because there is a need for epidemiological data on incidence and prevalence of such disease and dementias;

(3) studies estimate that between one-half and two-thirds of patients in nursing homes meet the clinical and mental status criteria for dementia;

(4) the cost of caring for individuals with Alzheimer’s disease and related dementias is great, and conservative estimates range between $38,000,000,000 and $42,000,000,000 per year solely for direct costs;

(5) progress in the neurosciences and behavioral sciences has demonstrated the interdependence and mutual reinforcement of basic science, clinical research, and services research for Alzheimer’s disease and related dementias;

(6) programs initiated as part of the Decade of the Brain are likely to provide significant progress in understanding the fundamental mechanisms underlying the causes of, and treatments for, Alzheimer’s disease and related dementias;

(7) although substantial progress has been made in recent years in identifying possible leads to the causes of Alzheimer’s disease and related dementias, and more progress can be expected in the near future, there is little likelihood of a breakthrough in the immediate future that would eliminate or substantially reduce—

\(^1\)Title IX of Public Law 99–660.
(A) the number of individuals with the disease and dementias; or
(B) the difficulties of caring for the individuals;
(8) the responsibility for care of individuals with Alzheimer's disease and related dementias falls primarily on their families, and the care is financially and emotionally devastating;
(9) attempts to reduce the emotional and financial burden of caring for dementia patients is impeded by a lack of knowledge about such patients, how to care for such patients, the costs associated with such care, the effectiveness of various modes of care, the quality and type of care necessary at various stages of the disease, and other appropriate services that are needed to provide quality care;
(10) the results of the little research that has been undertaken concerning dementia has been inadequate or the results have not been widely disseminated;
(11) more knowledge is needed concerning—
(A) the epidemiology of, and the identification of risk factors for, Alzheimer's disease and related dementias;
(B) the development of methods for early diagnosis, functional assessment, and psychological evaluation of individuals with Alzheimer's disease for the purpose of monitoring the course of the disease and developing strategies for improving the quality of life for such individuals;
(C) the understanding of the optimal range and cost-effectiveness of community and institutional services for individuals with Alzheimer's disease and related dementias and their families, particularly with respect to the design, delivery, staffing, and mix of such services and the coordination of such services with other services, and with respect to the relationship of formal to informal support services;
(D) the understanding of optimal methods to combine formal support services provided by health care professionals with informal support services provided by family, friends, and neighbors of individuals with Alzheimer's disease, and the identification of ways family caregivers can be sustained through interventions to reduce psychological and social problems and physical problems induced by stress;
(E) existing data that are relevant to Alzheimer's disease and related dementias; and
(F) the costs incurred in caring for individuals with Alzheimer's disease and related dementias;
(12) it is imperative to provide appropriate coordination of the efforts of the Federal Government in the provision of services for individuals with Alzheimer's disease and related dementias;
(13) it is important to increase the understanding of Alzheimer's disease and related dementias by the diverse range of personnel involved in the care of individuals with such disease and dementias; and
(14) it is imperative that the Social Security Administration be provided information pertaining to Alzheimer's disease and related dementias, particularly for personnel in such Administration involved in the establishment and updating of criteria for determining whether an individual is under a disability for purposes of titles II and XVI of the Social Security Act.

ABANDONED INFANTS ASSISTANCE
ACT OF 1988
ABANDONED INFANTS ASSISTANCE ACT OF 1988

SECTION 1. SHORT TITLE.
This Act may be cited as the “Abandoned Infants Assistance Act of 1988”.

SEC. 2. FINDINGS.
The Congress finds that—
(1) throughout the Nation, the number of infants and young children who have been exposed to drugs taken by their mothers during pregnancy has increased dramatically;
(2) the inability of parents who abuse drugs to provide adequate care for such infants and young children and a lack of suitable shelter homes for such infants and young children have led to the abandonment of such infants and young children in hospitals for extended periods;
(3) an unacceptable number of these infants and young children will be medically cleared for discharge, yet remain in hospitals as boarder babies;
(4) hospital-based child care for these infants and young children is extremely costly and deprives them of an adequate nurturing environment;
(5) training is inadequate for foster care personnel working with medically fragile infants and young children and infants and young children exposed to drugs;
(6) a particularly devastating development is the increase in the number of infants and young children who are infected with the human immunodeficiency virus (which is believed to cause acquired immune deficiency syndrome and which is commonly known as HIV) or who have been perinatally exposed to the virus or to a dangerous drug;
(7) many such infants and young children have at least one parent who is an intravenous drug abuser;
(8) such infants and young children are particularly difficult to place in foster homes, and are being abandoned in hospitals in increasing numbers by mothers dying of acquired immune deficiency syndrome, or by parents incapable of providing adequate care;
(9) there is a need for comprehensive services for such infants and young children, including foster family care services, case management services, family support services, respite and crisis intervention services, counseling services, and group residential home services;
(10) there is a need to support the families of such infants and young children through the provision of services that will prevent the abandonment of the infants and children; and

---

1 42 U.S.C. 670 note.
(11) there is a need for the development of funding strategies that coordinate and make the optimal use of all private resources, and Federal, State, and local resources, to establish and maintain such services.

SEC. 101. ESTABLISHMENT OF PROGRAM OF DEMONSTRATION PROJECTS.

(2) to identify and address the needs of abandoned infants and young children;

(3) to assist abandoned infants and young children to reside with their natural families or in foster care, as appropriate;

(4) to recruit, train, and retain foster families for abandoned infants and young children;

(5) to carry out residential care programs for abandoned infants and young children who are unable to reside with their families or to be placed in foster care;

(b) PRIORITY IN PROVISION OF SERVICES.—The Secretary may not make a grant under subsection (a) unless the applicant for the grant agrees that, in carrying out the purpose described in subsection (a) (other than with respect to paragraph (6) of such subsection), the applicant will give priority to abandoned infants and young children—

(1) who are infected with the human immunodeficiency virus or who have been perinatally exposed to the virus; or
who have been perinatally exposed to a dangerous drug.

(c) Case Plan With Respect to Foster Care.—The Secretary may not make a grant under subsection (a) unless the applicant for the grant agrees that, if the applicant expends the grant to carry out any program of providing care to infants and young children in foster homes or in other nonmedical residential settings away from their parents, the applicant will ensure that—

(1) a case plan of the type described in paragraph (1) of section 475 of the Social Security Act is developed for each such infant and young child (to the extent that such infant and young child is not otherwise covered by such a plan); and

(2) the program includes a case review system of the type described in paragraph (5) of such section (covering each such infant and young child who is not otherwise subject to such a system).

(D) that if, during the majority of the 180-day period preceding the date of the enactment of this Act, the applicant has carried out any program with respect to the care of abandoned infants and young children, the applicant will expend the grant only for the purpose of significantly expanding, in accordance with subsection (a), activities under such program above the level provided under such program during the majority of such period.

(2) Subject to the availability of amounts made available in appropriations Acts for the fiscal year involved, the duration of a grant under subsection (a) shall be for a period of 3 years, except that the Secretary—

(A) may terminate the grant if the Secretary determines that the entity involved has substantially failed to comply with the agreements required as a condition of the provision of the grant; and

(B) shall continue the grant for one additional year if the Secretary determines that the entity has satisfactorily complied with such agreements.

(e) Requirement of Application.—The Secretary may not make a grant under subsection (a) unless—

(3) the application otherwise is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(f) TECHNICAL ASSISTANCE TO GRANTEES.—The Secretary may, without charge to any grantee under subsection (a), provide technical assistance (including training) with respect to the planning, development, and operation of projects described in such subsection. SEC. 102. EVALUATIONS, STUDIES, AND REPORTS BY SECRETARY.

(b) DISSEMINATION OF INFORMATION TO INDIVIDUALS WITH SPECIAL NEEDS.—

(1)(A) The Secretary may enter into contracts or cooperative agreements with public or nonprofit private entities for the development and operation of model projects to disseminate the information described in subparagraph (B) to individuals who are disproportionately at risk of dysfunctional behaviors that lead to the abandonment of infants or young children.

(B) The information referred to in subparagraph (A) is information on the availability to individuals described in such subparagraph, and the families of the individuals, of financial assistance and services under Federal, State, local, and private programs providing health services, mental health services, educational services, housing services, social services, or other appropriate services.

(3) In providing contracts and cooperative agreements under paragraph (1), the Secretary may not provide more than 1 such contract or agreement with respect to any geographic area.

(4) Subject to the availability of amounts made available in appropriations Acts for the fiscal year involved, the duration of a contract or cooperative agreement under paragraph (1) shall be for a period of 3 years, except that the Secretary may terminate such financial assistance if the Secretary determines that the entity involved has substantially failed to comply with the agreements required as a condition of the provision of the assistance.

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.
(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

1. contain a clearly defined purpose for the advisory committee;
2. require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;
3. contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;
4. contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and
5. contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

(c) The President shall, not later than December 31 of each year, make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding fiscal year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members,

(3) whether it should be merged with other advisory committees; or

(4) whether it should be abolished.

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director’s review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the required by this subsection.

(c) The Director shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. (d)(1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors.
